- Corporate risks: **Appendix B**

2. Impact of Welfare Benefit Reform on Council services

Quarterly updates are presented to monitor the impact of welfare benefit reform changes on Council services including customer demand via monitoring of calls/contacts together with the financial impact of collection and demand for benefits and effect on income streams such as rent, council tax and business rates.

Benefits

An increase in DHP claims is reported - DHP claims paid total £46k (£6k higher than at June 2017 - £40k) with 113 successful claims from 158 applications (compared to 90 successful claims from 139 applications at June 2017). There is a 2.5 day backlog (2 weeks as at 30 June 2017) with claims still to be processed which may increase this figure.

Live caseload figures are 414 lower than 2017/18 – currently 5,652 (6,066 at June 2017). The average time taken to process new Housing Benefit/Council Tax Benefit claims and change events was 12.8 days to June 2018 (11.8 days to June 2017).

NNDR

Reminders (305 at June 2018) are lower than 2017/18 levels (482 at June 2017) with summons, liability orders and enforcement agent referrals also at slightly lower levels to 2017/18.

Strong collection performance is reported - current year collection levels are at 29.3%, ahead of target by 0.9% at 30 June. Court costs of £1k are lower than the target of £3k.

Arrears for 2017/18 are ahead of target at 10.1% compared to target of 4.8%.

Council Tax

Reminders are 137 lower than 2017/18 levels (5944 at 30 June 2018 compared to 6081 at 30 June 2017), with summonses, liability orders and enforcement agent referrals also lower.

Current year collection levels at 29.9% are behind the target of 30.3% at June 2018 (with a target of 98% for the 2018/19 financial year) due to higher levels of re-profiling of payment instalments over 12 months. Court cost income is lower than profiled by £3k at £43k.

Arrears for 2017/18 are slightly behind of target at 22.0% compared to target of 22.2% - work on further approaches to realise more Council Tax revenue is in place.

Collection Fund – the estimated surplus is £4k for the year with a LCTS projected underspend of £21k (total £25k).

Housing

Total Rent arrears (excluding former tenants) at 30 June 2018 were £641k compared to £379k (as adjusted) at 31 March 2018 – an increase of £262k (compared to a £211k increase as at 30 June 2017).

Total arrears (including garages etc.) are £1.93m at 30 June 2018, compared to £1.68m at 31 March 2018, an increase of £244k (compared to a £191k increase between 31 March 2017 and 30 June 2017).

Total arrears (including garages etc.) were £1.68m at 31 March 2018 compared to 31 March 2017 - £1.6m (£81k higher).

There were 3 evictions during Quarter 1 2018/19 compared to 3 during Quarter 1 of 2017/18.

There was 1 court case where bedroom subsidy, cap or other is primary reason for possession proceedings (nil to June 2017).

3. Medium Term Financial Strategy 2017 to 2022 monitoring

The budget setting process has faced significant constraints in Government funding in recent years - over 50% in real terms since 2010. The 4 year Local Government Finance Settlement confirmed in February 2016 that austerity measures are to continue with Revenue Support Grant (RSG) all but eradicated for most Councils by 2020 – and suggests that the key challenges that the Authority is currently addressing are likely to become greater.

The Authority has been proactive in the design and implementation of innovative and effective measures for driving efficiency and reducing cost within the Medium Term Financial Strategy (MTFS).

The Council remains committed to promoting and stimulating economic growth and regeneration, meeting our housing needs, creating a vibrant town centre economy and protecting those most vulnerable in our communities. To this end, we pledge to explore and invest in viable and sustainable methods of generating income and moving towards financial independence.

In addition, through the adoption of a 'Demand Management' operating model, the Council will have far greater control upon the alignment of services or 'supply' to the increased needs and expectations of the public or 'demand'. Key to this will be the application of existing and new technology to capture, collate and analyse customer insight, intelligence and data so as to understand not just the 'need' but the cause, behaviours or decisions creating the need.

This approach will change the organisation and how it works; will require Members to put evidence and insight at the heart of our decision making to ensure that we are transparent about the rationale for our decisions and plans; will involve managed risks; and will sustain essential services critical in supporting the most vulnerable in our communities at a time when demand is increasing and resources reducing.

However, there remains a high degree of uncertainty arising from the most significant changes in Local Government funding for a generation in 2020/21 arising from:

- The Government's Fair Funding Review (FFR) of the distribution methodology including:
 - changes to the needs assessment (which will determine each Council's share of the national funding for Local Government – it is likely that this will reflect the impact of Social Care demands and that funding will be redistributed to Unitary and County Councils to the detriment of District Councils);
 - treatment of relative resources (to determine how much each Council can fund locally through income from fees and charges and council tax); and
 - any transitional arrangements to protect Councils from significant reductions in funding – and the impact from their unwinding from 2021/22.
- Spending Review 2019 (SR19) – where the total spending allocation for Government Departments will be set – including national control totals for Local Government spending. It has already been announced that significant additional funding will be

diverted to the NHS which could mean further reductions for other Departments including Local Government;

- The ongoing review of the Business Rates Retention (BRR) scheme – the Government announced that Councils will be able to retain 75% of business rates collected from 2020/21 rather than 100% as previously planned with work progressing on the design of the new system including the impact of ‘rolling in’ grants such as Housing Benefit administration and New Homes Bonus;
- The planned reset of the Business Rates baseline for each Council from 2020/21 and redistribution of the growth achieved since 2013 (of over £1m p.a.);
- Uncertainty over the ongoing funding for the *New Homes Bonus scheme*, local growth in housing numbers and share of the national pool (including potential increases to the ‘deadweight’ for which Councils no longer receive grant).

In addition, the next planned national Business Rates Revaluation will take effect from 2021/22 – with latest indications that the Government will also aim to introduce a centralised system for business rate appeals at the same time to cover future changes arising from the 2021 valuation list.

While we are aware of these forthcoming changes, little to no information is available on the potential impact for individual Councils’ finances.

A summary of the indicative Government timetable for the reviews is shown below:

Date	Issues
May 2018	Risk and gearing; appeals and loss payments; updates on Pool prospectus; update on FFR consultation.
July 2018	Resets and measuring growth; Revaluation; BRR transitional arrangements; Pooling; FFR – structure of needs assessment, treatment of relative resources, principles for transitional arrangements.
Oct 2018	Overall short term package and future reform; update on SR 2019; Potential consultation on BRR Baseline reset.
Early 2019	Technical BRR consultation and links to FFR; SR 2019 emerging issues; Potential consultation on BRR Baseline reset.
Mid 2019	Results of consultations (hopefully); SR 2019 emerging issues.
Later 2019	Indicative impact of systemic changes potentially this late
Late 2019 / Early 2020	Provisional Local Government Finance Settlement detailing impact for Councils

Corporate Management Team (CMT) review the most up-to-date budget forecasts on a quarterly basis, and discuss the delivery of the planned savings to support our Medium Term Financial Strategy (MTFS) – as outlined below.

Work is continuing to mitigate the financial position in future years through:

- Delivering Quality Services project – the demand management approach to shift demand to more efficient methods of service delivery – online and automation (Interactive Voice Response).
A savings target of £100k p.a. has already been included within the MTFS together with reduced CRM costs of £62k p.a. from 2019/20.

- Recruitment re-justification process – where possible, temporary 12 month appointments are now only being made; there is a robust challenge / re-justification process in place for all vacant posts with a requirement to investigate alternative options including restructuring to fill vacancies / looking at what we can stop doing.

We took the opportunity to increase the vacancy allowance from 5% to 7.5% by 2021/22 c. £45k p.a. year on year for the General Fund, c.£14k p.a. for the HRA (It should be noted that staffing in some services e.g. planning, are key to the delivery of the Council's economic growth agenda and have significant demand from the public and local businesses but can also experience severe recruitment difficulties – which may lead to the use of market supplements to attract staff).

- Spend freeze – Managers have previously been required to restrict / limit spending to essential spend only (there was a £1.8m underspend in 2017/18 – although much of this arose from windfall income, c. £1m was lower level underspends). A review of the underspend position is planned with a view to driving out as many savings as possible.
- Alternative investment options arising from the Commercial Investment Strategy (as well as the Treasury Management Investment Strategy, including any prudential borrowing opportunities) to generate improved returns of c. 4 to 5% p.a. (plus asset growth) including:
 - Set up of trading company to develop new income streams;
 - Local investment options – Lower Gungate / Solway Close development including the potential to drawdown funding from the Local Growth Fund / Local Enterprise Partnerships (GBS and Staffordshire);
 - Investments in Diversified Property Funds – a savings target to return c.4% p.a. from £12m invested has already been included from 2019/20.

Note: these would represent long term investments of between 5 – 10 years (minimum) in order to make the necessary returns (after set up costs).

- Review of reserves (including ensuring adequate provision for the funding uncertainties) / creation of a fund for transformation (if needed).
- Targeted Savings – to identify potential areas for review in future years.
- Review and rationalisation of IT systems.

General Fund

The updated forecast as at June 2018 is detailed below:

MTFS Projections 2017/18 - 2023/24	General Fund						
	2017/18	2018/19	2019/20	2020/21	2021/22	2022/23	2023/24
	£'000	£'000	£'000	£'000	£'000	£'000	£'000
Projected Balances per MTFS Council February 2018	(6,631)	(3,553)	(1,846)	(551)	428	1,429	-
Revised Stress Tested Forecasts:							
Best Case Revised Forecast Balances - June 2018	(6,918)	(4,488)	(3,817)	(2,236)	(904)	534	1,962
Central Case Revised Forecast Balances - June 2018	(6,918)	(4,066)	(3,098)	(1,127)	669	2,571	4,462
Worse Case Revised Forecast Balances - June 2018	(6,918)	(4,066)	(2,710)	78	2,764	5,624	8,473

Detailed information is shown at **Appendix C** for the Central Case.

Currently, the central case projections identify a shortfall in General Fund balances of £1.2m over 3 years (compared with a forecast shortfall in the February 2018 MTFS projections of £0.9m) – with a shortfall of £3.1m to 2022/23 increasing to £5m over 5 years (the shortfall was previously forecast at £1.9m in 2022/23), including the minimum approved level of £0.5m;

Further savings of around £0.4m p.a. will be required over the next 3 years (based on annual £5 increases in Council Tax). On an annualised basis this would equate to a year on year ongoing saving of £0.2m over 3 years.

The forecast has been updated to include:

- The final outturn for 2017/18 – additional balances of £0.3m from a higher than forecast underspend position of £1.8m. No variance for 2018/19 has been included (including potential returned business rates levy from GBSLEP of £0.4m);
- Potential impact from the Business Rates Baseline reset – c. £1.2m p.a. reduced income / increased tariff from 2020/21 from a reset to the Council's baseline need level. No further changes to the level of Government support / grants arising from the Fair Funding Review / SR 2019 have been included given the uncertainty;
- Revised new homes bonus levels through the redistribution process - a 50% reduction in New Homes Bonus funding has been assumed, £0.5m over 3 years;
- Additional income from the Commercial Investment Strategy acquisitions – c.£0.25m to 2020/21;

- e) Additional savings arising from phases 1 and 2 of the Senior Management Review – c.£0.5m over 3 years;
- f) Lower than expected reductions in recycling credits following the review by Staffordshire County Council, c.£100k p.a. ongoing. No further savings arising from Joint Waste arrangements have been assumed;
- g) Potential savings in CIS revenue budgets – to be capitalised in future c.£0.2m over 3 years, £50k ongoing;
- h) Potential savings in contingency budgets - General Contingency £100k p.a. (no change in Waste Management, NNDR reserve and Assembly Rooms contingencies);
- i) Potential savings of £0.3m p.a. arising from a review of the 2017/18 outturn underspend of £1.8m;
- j) any known uncertainties / changes to the savings targets included within the current MTFs (Marmion House accommodation £92k p.a.);
- k) Work is progressing to understand the impact of the recent pay award and associated changes to pay scales arising from implementation of the national living wage – at this stage no additional costs have been included.

Detailed information is shown at **Appendix C** for the Central Case.

Currently projections identify HRA balances of £1.4m over 3 years (compared with a forecast in February of £1m) with balances of £1.2m over 4 years to 2022/23 reducing to £1m over 5 years (balances were previously forecast at £0.7m in 2022/23), including the minimum recommended balances of £0.5m.

The forecast has been updated to include:

- a) The final outturn for 2017/18 - No variance for 2018/19 has been included;
- b) Savings arising from phases 1 and 2 of the Senior Management Review – c.£0.1m p.a.;
- c) Potential savings of £40k p.a. arising from a review of the 2017/18 outturn underspend of £0.8m;
- d) No changes have been assumed regarding from the ongoing reviews of the HRA Business plan and repairs contract arrangements.

------------------------	---

Latest Update	<p>The Tamworth Commercial Investment Strategy to promote growth and regeneration was approved by Cabinet on 16th June 2016.</p> <p>Key outcomes such as the revitalisation of the Town Centre; the regeneration of the Gungate site; the development of an Inward Investment Strategy that will seek to provide the basis for ongoing managed growth, future funding bids and more.</p>
----------------------	--

Work has progressed on the development (and set up) of a trading company (including the potential for development of private sector housing for market rental), the regeneration of the Gungate site and the development of an Place Investment Strategy. A Business Case investment model was finalised during the first quarter of 2018, including advice on the treatment of taxation.

Council on 17th July 2018 will consider approval for establishing a Local Authority Trading Company which will provide the means and structure from which we can generate sustainable income streams on behalf of the Council. Initially this will be by acting as Private Sector Landlord; but could lead to, subject to viability and a robust business plan, operating services on a commercial footing. The establishment of the Trading Company is very much seen as the precursor to us building new houses for market rent in the very near future.

Further work has centred on the regeneration of the former Gungate Precinct site, including the acquisition of the site by the Council in June 2018, and the potential to increase the size of the site to include other land in order to encourage a more ambitious development scheme.

Progress has been made on the third work stream with proposals designed to encourage both Inward Investment and the continued Growth of Existing Business with the consequence that we now have an outline specification/brief to support the commissioning of the strategy.
