AUDIT AND GOVERNANCE COMMITTEE

18 July 2018

Dear Councillor

A meeting of the Audit and Governance Committee will be held in **Committee Room 1, Marmion House, Lichfield Street, Tamworth, B79 7BZ on Thursday, 26th July, 2018 at 6.00 pm.** Members of the Committee are requested to attend.

Yours faithfully

A handwritten signature in black ink, consisting of a stylized 'A' followed by a long horizontal line that tapers to a point on the right.

A G E N D A

NON CONFIDENTIAL

- 1 Apologies for Absence**
- 2 Minutes of the Previous Meeting (Pages 5 - 8)**
- 3 Declarations of Interest**

To receive any declarations of Members' interests (pecuniary and non-pecuniary) in any matters which are to be considered at this meeting.

When Members are declaring a pecuniary or non-pecuniary interest in respect of which they have dispensation, they should specify the nature of such interest. Members should leave the room if they have a pecuniary or non-pecuniary interest in respect of which they do not have a dispensation.

- 4 Update from External Auditors**

**MINUTES OF A MEETING OF THE
AUDIT AND GOVERNANCE COMMITTEE
HELD ON 7th JUNE 2018**

PRESENT: Councillor M Summers (Chair), Councillors R Kingstone (Vice-Chair), R Claymore, C Cooke, J Faulkner and M Greatorex (Vice Chair)

Officers Stefan Garner (Executive Director Finance), Jane Hackett (Solicitor to the Council and Monitoring Officer), Angela Struthers (Head of Audit & Governance) and Lynne Pugh (Assistant Director Finance)

Visitors John Gregory

1 APPOINTMENT OF VICE CHAIR

RESOLVED: That Councillor R Kingstone be appointed as Vice-Chair
(Moved by Councillor M Greatorex and seconded by Councillor R Claymore)

2 APOLOGIES FOR ABSENCE

Apologies for absence were received from Councillor M Gant

3 MINUTES OF THE PREVIOUS MEETING

The minutes of the meeting held on 28th March 2018 were approved and signed as a correct record.

(Moved by Councillor M Summers and seconded by Councillor J Faulkner)

4 DECLARATIONS OF INTEREST

There were no declarations of Interest.

5 UPDATE FROM EXTERNAL AUDITORS

The external auditor advised the Committee that he was confident that the 31 July 2018 deadline will be met for the accounts.

6 REGULATION OF INVESTIGATORY POWERS ACT 2000

RESOLVED The Committee endorsed the RIPA monitoring report for the quarter to 31 March 2018.

(Moved by Councillor M Summers and seconded by Councillor C Cooke)

7 CONSTITUTION & SCHEME OF DELEGATION

RESOLVED: That the Committee

Endorsed the Constitution and Scheme of Delegation as approved by Council on 6 June 2018.

(Moved by Councillor J Faulkner and second by Councillor C Cooke)

8 ANNUAL GOVERNANCE STATEMENT & CODE OF CORPORATE GOVERNANCE

RESOLVED The Committee agreed

- A) the Annual Governance Statement as appropriate for presentation to the External Auditor and for inclusion in the Annual Statement of Accounts; and
- B) the Code of Corporate Governance

Committee gave a vote of thanks for the hard work of J Wheatley and J Hackett

(Moved by Councillor M Greatorex and seconded by Councillor R Claymore)

9 AUDIT & GOVERNANCE COMMITTEE SELF-ASSESSMENT 2017/18

The report informed the Committee of the earlier completed assessment to which members had contributed.

10 INTERNAL AUDIT ANNUAL REPORT AND QUARTER 4 PERFORMANCE REPORT

RESOLVED: That the Committee considered the attached report and following some discussion was satisfied with the performance

(Moved by Councillor M Summers and seconded by Councillor C Cooke)

11 INTERNAL AUDIT CUSTOMER SATISFACTION SURVEY 2017/18

RESOLVED: The Committee considered the report and had no issues to raise.

(Moved by Councillor J Faulkner and seconded by Councillor R Kingstone)

12 PUBLIC SECTOR INTERNAL AUDIT STANDARDS & QUALITY ASSURANCE AND IMPROVEMENT PROGRAMME

RESOLVED That the Committee endorsed;
compliance with the Public Sector Internal Audit Standards;
and;
the Quality Assurance & Improvement Programme.

(Moved by Councillor C Cooke and seconded by Councillor R Claymore)

13 AUDIT AND GOVERNANCE COMMITTEE TIMETABLE

The Committee reviewed the timetable.

The contents of this report relate only to those matters which came to our attention during the conduct of our normal audit procedures which are designed for the purpose of expressing our opinion on the financial statements. Our audit is not designed to test all internal controls or identify all areas of control weakness. However, where, as part of our testing, we identify control weaknesses, we will report these to you. In consequence, our work cannot be relied upon to disclose all defalcations or other irregularities, or to include all possible improvements in internal control that a more extensive special examination might identify. This report has been prepared solely for your benefit and should not be quoted in whole or in part without our prior written consent. We do not accept any responsibility for any loss occasioned to any third party acting, or refraining from acting on the basis of the content of this report, as this report was not prepared for, nor intended for, any other purpose.

Grant Thornton UK LLP is a limited liability partnership registered in England and Wales: No.OC307742. Registered office: 30 Finsbury Square, London, EC2A 1AG. A list of members is available from our registered office. Grant Thornton UK LLP is authorised and regulated by the Financial Conduct Authority. Grant Thornton UK LLP is a member firm of Grant Thornton International Ltd (GTIL). GTIL and the member firms are not a worldwide partnership. Services are delivered by the member firms. GTIL and its member firms are not agents of, and do not obligate, one another and are not liable for one another's acts or omissions.

Headlines

This table summarises the key issues arising from the statutory audit of Tamworth Borough Council ('the Council') and the preparation of the Council's financial statements for the year ended 31 March 2018 for those charged with governance.

Financial Statements	<p>Under the International Standards of Auditing (UK) (ISAs), we are required to report whether, in our opinion:</p> <ul style="list-style-type: none">the Council's financial statements give a true and fair view of the Council's financial position and of the group and Council's expenditure and income for the year, andhave been properly prepared in accordance with the CIPFA/LASAAC code of practice on local authority accounting and prepared in accordance with the Local Audit and Accountability Act 2014. <p>We are also required to report whether other information published together with the audited financial statements (including the Statement of Accounts, Annual Governance Statement (AGS) and Narrative Report), is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.</p>	<p>Our audit work was predominantly completed on site during June. Our findings are summarised on pages 4 to 11. We have not identified any adjustments to the financial statements that have resulted in an adjustment to the Statement of Comprehensive Income and Expenditure. Audit adjustments are detailed in Appendix A. We have raised no recommendations as a result of this year's audit.</p> <p>Subject to outstanding queries being resolved, we anticipate issuing an unqualified audit opinion following the Audit Committee meeting on 26 July 2018, as detailed in Appendix C. These outstanding items are set out on the next page.</p> <p>We have concluded that the other information published with the financial statements, which includes the Statement of Accounts, Annual Governance Statement and Narrative Report, are consistent our knowledge of your organisation and with the financial statements we have audited.</p>
Value for Money arrangements	<p>Under the National Audit Office (NAO) Code of Audit Practice ('the Code'), we are required to report whether, in our opinion:</p> <ul style="list-style-type: none">the Council has made proper arrangements to secure economy, efficiency and effectiveness in its use of resources ('the value for money (VFM) conclusion')	<p>We have completed our risk based review of the Council's value for money arrangements. We have concluded that Tamworth Borough Council has proper arrangements to secure economy, efficiency and effectiveness in its use of resources.</p> <p>We therefore anticipate issuing an unqualified value for money conclusion, as detailed in Appendix C. Our findings are summarised on page 12.</p>
Statutory duties	<p>The Local Audit and Accountability Act 2014 ('the Act') also requires us to:</p> <ul style="list-style-type: none">report to you if we have applied any of the additional powers and duties ascribed to us under the Act; andcertify the closure of the audit	<p>We have not exercised any of our additional statutory powers or duties.</p> <p>We have completed the majority of work under the Code and expect to be able to certify the completion of the audit when we give our audit opinion.</p>

Page 11

Acknowledgements

We would like to take this opportunity to record our appreciation for the assistance provided by the finance team and other staff during our audit.

Summary

Overview of the scope of our audit

This Audit Findings presents the observations arising from the audit that are significant to the responsibility of those charged with governance to oversee the financial reporting process, as required by International Standard on Auditing (UK) 260 and the Code of Audit Practice ('the Code'). Its contents have been discussed with management.

As auditor we are responsible for performing the audit, in accordance with International Standards on Auditing (UK), which is directed towards forming and expressing an opinion on the financial statements that have been prepared by management with the oversight of those charged with governance. The audit of the financial statements does not relieve management or those charged with governance of their responsibilities for the preparation of the financial statements.

Audit approach

Our audit approach was based on a thorough understanding of the Council's business and is risk based, and in particular included:

- An evaluation of the Council's internal controls environment including its IT systems and controls; and
- Substantive testing on significant transactions and material account balances, including the procedures outlined in this report in relation to the key audit risks

Conclusion

We have substantially completed our audit of your financial statements and subject to outstanding queries being resolved, we anticipate issuing an unqualified audit opinion following the Audit Committee meeting on 26 July 2018, as detailed in Appendix C. These outstanding items include:

- review of the work performed by the Council's valuer compared to information provided by our expert;
- substantive testing of samples creditor and grant items;
- completion of testing of a sample of Housing Benefit payments;
- final quality assurance checks of the audit file;
- receipt of management representation letter; and
- review of the final set of financial statements.

Our approach to materiality

The concept of materiality is fundamental to the preparation of the financial statements and the audit process and applies not only to the monetary misstatements but also to disclosure requirements and adherence to acceptable accounting practice and applicable law.

We revised our materiality calculations upon receipt of the draft financial statements, as a result of the prior period adjustment to the accounts. We detail our assessment of materiality in the table to the right.

	Amount
Materiality for the financial statements	£1,129k
Performance materiality	£847k
Trivial matters	£56k
Materiality for specific transactions, balances or disclosures:	
• Senior Officers' Remuneration	£100k

Significant audit risks

Risks identified in our Audit Plan

Commentary

1

Improper revenue recognition

Under ISA (UK) 240 there is a rebuttable presumed risk that revenue may be misstated due to the improper recognition of revenue.

This presumption can be rebutted if the auditor concludes that there is no risk of material misstatement due to fraud relating to revenue recognition.

Having considered the risk factors set out in ISA240 and the nature of the revenue streams at the Council, we have determined that the risk of fraud arising from revenue recognition can be rebutted, because:

- there is little incentive to manipulate revenue recognition;
- opportunities to manipulate revenue recognition are very limited; and
- the culture and ethical frameworks of local authorities, including Tamworth Borough Council, mean that all forms of fraud are seen as unacceptable.

Therefore we do not consider this to be a significant risk for Tamworth Borough Council.

Work performed

We have:

- evaluated the Council's accounting policy for recognition of revenues for appropriateness;
- performed substantive testing on material revenue streams; and
- reviewed unusual significant transactions.

Key findings

Subject to the completion of the outstanding items in this area, our audit work has not identified any issues in respect of improper revenue recognition.

2

Management override of controls

Under ISA (UK) 240 there is a non-rebuttable presumed risk that the risk of management over-ride of controls is present in all entities.

The Council faces external scrutiny of its spending, and this could potentially place management under undue pressure in terms of how they report performance.

Management over-ride of controls is a risk requiring special audit consideration.

Work performed

We have undertaken the following work in relation to this risk:

- gained an understanding of the accounting estimates, judgements applied and decisions made by management and consider their reasonableness;
- obtained a full listing of journal entries, identified and tested unusual and significant journal entries for appropriateness; and
- evaluated the rationale for any changes in accounting policies or significant unusual transactions.

Key findings

Our audit work has not identified any issues in respect of management override of controls.

Significant audit risks

Risks identified in our Audit Plan

Commentary

3

Valuation of property, plant and equipment

The Council revalues its land and buildings on a 5 year basis to ensure that carrying value is not materially different from current value. This represents a significant estimate by management in the financial statements.

We identified land and building revaluations and impairments as a risk requiring special audit consideration.

Work performed

We have undertaken the following work in relation to this risk:

- reviewed management's processes and assumptions for the calculation of the estimate, the instructions issued to valuation experts and the scope of their work;
- considered the competence, expertise and objectivity of any management experts used;
- reviewed the basis on which the valuation is carried out and challenged the key assumptions;
- reviewed and challenged the information used by the valuer to ensure it is robust and consistent with our understanding;
- tested revaluations made during the year to ensure they are input correctly into the Council's asset register and financial statements; and
- evaluated the assumptions made by management for those assets not revalued during the year and how management has satisfied themselves that these are not materially different to current value.

Key findings

Subject to the completion of the outstanding items in this area, our audit work has not identified any issues in respect of the valuation of the Council's property, plant and equipment.

4

Valuation of pension fund net liability

The Council's pension fund asset and liability as reflected in its balance sheet represent a significant estimate in the financial statements.

We identified the valuation of the pension fund net liability as a risk requiring special audit consideration.

Work performed

We have undertaken the following work in relation to this risk:

- identified the controls put in place by management to ensure that the pension fund liability is not materially misstated. We assessed whether these controls were implemented as expected and whether they are sufficient to mitigate the risk of material misstatement;
- evaluated the competence, expertise and objectivity of the actuary who carried out your pension fund valuation;
- gained an understanding of the basis on which the valuation is carried out;
- undertaken procedures to confirm the reasonableness of the actuarial assumptions made; and
- checked the consistency of the pension fund asset and liability and disclosures in notes to the financial statements with the actuarial report from your actuary.

Key findings

Subject to the completion of the outstanding items in this area, our audit work has not identified any issues in respect of the valuation of the Council's pension fund net liability.

Reasonably possible audit risks

Risks identified in our Audit Plan

Commentary

6

Employee remuneration

Payroll expenditure represents a significant proportion (25%) of the Council's operating expenses.

As the payroll expenditure comes from a number of individual transactions and an interface with a sub-system there is a risk that payroll expenditure in the accounts could be understated. We therefore identified completeness of payroll expenses as a risk requiring particular audit attention.

Work performed

We have undertaken the following work in relation to this risk:

- evaluated the Council's accounting policy for recognition of payroll expenditure for appropriateness;
- gained an understanding of the Council's system for accounting for payroll expenditure and evaluate the design of the associated controls;
- agree that payroll costs are complete within the financial statements via review of the reconciliations between the payroll system and the General Ledger; and
- undertake a trend analysis and detailed analytics to ensure pay is materially complete.

Key findings

Our audit work has not identified any issues in respect of the completeness of the Council's employee remuneration costs.

7

Operating expenses

Non-pay expenses on other goods and services also represents a significant proportion (40%) of the Council's operating expenses. Management uses judgement to estimate accruals of un-invoiced costs.

We identified completeness of non- pay expenses as a risk requiring particular audit attention.

Work performed

We have undertaken the following work in relation to this risk:

- evaluated the Council's accounting policy for recognition of non-pay expenditure for appropriateness;
- gained an understanding of the Council's system for accounting for non-pay expenditure and evaluate the design of the associated controls;
- performed detailed substantive testing on operating expenditure recorded for the financial year; and
- tested operating expenditure to ensure cut-off has been correctly applied.

Key findings

Subject to the completion of the outstanding items in this area, our audit work has not identified any significant issues in respect of the completeness of the Council's operating expenditure costs.

Accounting policies

Accounting area	Summary of policy	Comments	Assessment
Revenue recognition	<p>The Council's revenue recognition policy is disclosed within Note 1 of the Accounts, within Accounting Policies, and covers each of the main areas of revenue received by the Council, including revenue received from the sale of goods, the provision of services along with how revenue is recognised for the non-exchange transactions such as Council Tax, Housing Rents and Business Rates.</p> <p>Activity is accounted for in the year that it takes place, not simply when cash payments are made or received. In particular, revenue from the sale of goods and the provision of services is recognised when the Council transfers goods or completes delivery of a service to the purchaser and it is probable that economic benefits or service potential associated with the transaction will flow to the Council.</p> <p>Revenue relating to Council Tax and Business Rates is measured at the full amount receivable (net of any impairment losses) as they are non-contractual, non-exchange transactions and there can be no difference between the delivery and payment dates.</p>	<p>The revenue recognition policy is consistent with the Code of Practice on Local Authority Accounting.</p> <p>Management have followed the policy in accounting for the Council's revenue streams.</p>	 (Green)
Judgements and estimates	<p>Key judgements and estimates include:</p> <ul style="list-style-type: none"> – Valuation and useful lives of operational property – Fair value measurement of investment property – Valuation of the pension fund net liability – Accruals of income and expenditure – Provision for NNDR appeals – Provision for bad debts 	<p>Disclosures of critical judgements and assumptions used in Notes 3 and 4 to the Financial Statements are considered to be clear.</p> <p>The policies adopted for material accounting estimates are consistent with the Code of Practice on Local Authority Accounting.</p> <p>We have reviewed your Business Rate Appeals provision and are satisfied with the approach taken.</p>	 (Green)
Other critical policies		<p>We have reviewed the Council's policies against the requirements of the CIPFA Code of Practice. The Council's accounting policies are appropriate and consistent with previous years.</p>	 (Green)

Assessment

-  Marginal accounting policy which could potentially be open to challenge by regulators
-  Accounting policy appropriate but scope for improved disclosure
-  Accounting policy appropriate and disclosures sufficient

Other communication requirements

We set out below details of other matters which we, as auditors, are required by auditing standards and the Code to communicate to those charged with governance.

Issue	Commentary
① Matters in relation to fraud	We have previously discussed the risk of fraud with the Audit Committee. We have not been made aware of any incidents in the period and no other issues have been identified during the course of our audit procedures.
② Matters in relation to related parties	We are not aware of any related parties or related party transactions which have not been disclosed.
③ Matters in relation to laws and regulations	You have not made us aware of any significant incidences of non-compliance with relevant laws and regulations and we have not identified any incidences from our audit work.
④ Written representations	A standard letter of representation has been requested from the Council, which is included in the Audit Committee papers
⑤ Confirmation requests from third parties	We requested from management permission to send confirmation requests to banks and investment and debt counterparties. This permission was granted and the requests were sent. At the time of writing this report, a small number of responses were outstanding, in relation to the Council's investments at 31 March 2018. Should these remain outstanding, we will perform alternative procedures to gain assurance over these balances.
⑥ Disclosures	Issues and omissions found during our review are summarised in Appendix A.
⑦ Significant difficulties	No significant difficulties were encountered during the completion of our work.

Other responsibilities under the Code

We set out below details of other matters which we, as auditors, are required by the Code to communicate to those charged with governance.

Issue	Commentary
<p>1 Other information</p>	<p>We are required to give an opinion on whether the other information published together with the audited financial statements (including the Statement of Accounts, Annual Governance Statement (AGS) and Narrative Report), is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.</p> <p>No inconsistencies have been identified. We plan to issue an unqualified opinion in this respect – refer to appendix C.</p>
<p>2 Matters on which we report by exception</p>	<p>We are required to report on a number of matters by exception in a numbers of areas:</p> <ul style="list-style-type: none"> • If the Annual Governance Statement does not meet the disclosure requirements set out in the CIPFA/SOLACE guidance or is misleading or inconsistent with the other information of which we are aware from our audit • If we have applied any of our statutory powers or duties <p>We have nothing to report on these matters.</p>
<p>3 Specified procedures for Whole of Government Accounts</p>	<p>We are required to carry out specified procedures (on behalf of the NAO) on the Whole of Government Accounts (WGA) consolidation pack under WGA group audit instructions.</p> <p>This work is not required for Tamworth Borough Council, as the Council does not exceed the threshold.</p>
<p>4 Certification of the closure of the audit</p>	<p>We intend to certify the closure of the 2017/18 audit of Tamworth Borough Council in the audit opinion, as detailed in Appendix C.</p>

Page 18

Value for Money

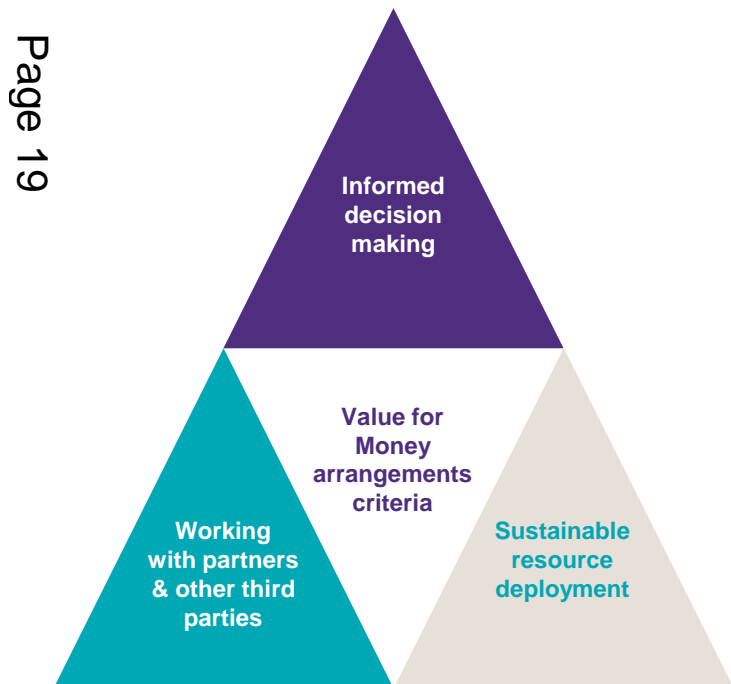

Background to our VFM approach

The NAO issued its guidance for auditors on Value for Money work for 2017/18 in November 2017. The guidance states that for local government bodies, auditors are required to give a conclusion on whether the Council has proper arrangements in place.

The guidance identifies one single criterion for auditors to evaluate:

“In all significant respects, the audited body takes properly informed decisions and deploys resources to achieve planned and sustainable outcomes for taxpayers and local people.”

This is supported by three sub-criteria, as set out below:

Risk assessment

We carried out an initial risk assessment in February 2018, and identified no significant risks in respect of specific areas of proper arrangements using the guidance contained in AGN03. We communicated this to you in our Audit Plan dated 25 April 2018.

We will continue our review of relevant documents up to the date of giving our audit report, and at the time of writing this document have not identified any further significant risks where we need to perform further work.

Overall conclusion

Based on the work we performed, we concluded that the Council had proper arrangements in all significant respects to ensure it delivered value for money in its use of resources. The text of our report, which confirms this can be found at Appendix C.

Significant difficulties in undertaking our work

We did not identify any significant difficulties in undertaking our work on your arrangements which we wish to draw to your attention.

Significant matters discussed with management

There were no matters where no other evidence was available or matters of such significance to our conclusion or that we required written representation from management or those charged with governance.

Independence and ethics

Independence and ethics

- We confirm that there are no significant facts or matters that impact on our independence as auditors that we are required or wish to draw to your attention. We have complied with the Financial Reporting Council's Ethical Standard and confirm that we, as a firm, and each covered person, are independent and are able to express an objective opinion on the financial statements

We confirm that we have implemented policies and procedures to meet the requirements of the Financial Reporting Council's Ethical Standard and we as a firm, and each covered person, confirm that we are independent and are able to express an objective opinion on the financial statements.

Further, we have complied with the requirements of the National Audit Office's Auditor Guidance Note 01 issued in December 2017 which sets out supplementary guidance on ethical requirements for auditors of local public bodies.

Details of fees charged are detailed in Appendix B.

Audit and Non-audit services

For the purposes of our audit we have made enquiries of all Grant Thornton UK LLP teams providing services to the Council. The following non-audit services were identified.

Service	£	Threats	Safeguards
Audit related			
Certification of Pooled Capital Receipts grant	2,500	Self-Interest (because this is a recurring fee)	The level of this recurring fee taken on its own is not considered a significant threat to independence as the fee for this work is £2,500 in comparison to the total fee for the audit of £49,838 and in particular relative to Grant Thornton UK LLP's turnover overall. Further, it is a fixed fee and there is no contingent element to it. These factors all mitigate the perceived self-interest threat to an acceptable level.
Non-audit related			
None			

The amounts detailed are fees agreed to-date for audit related and non-audit services to be undertaken by Grant Thornton UK LLP in the current financial year. These services are consistent with the Council's policy on the allotment of non-audit work to your auditors.

All services have been approved by the Audit Committee. Any changes and full details of all fees charged for audit related and non-audit related services by Grant Thornton UK LLP and by Grant Thornton International Limited network member Firms will be reported to you at the conclusion of the audit.

None of the services provided are subject to contingent fees.

Audit Adjustments

We are required to report all non trivial misstatements to those charged with governance, whether or not the accounts have been adjusted by management.

Impact of adjusted misstatements

All adjusted misstatements are set out in detail below along with the impact on the key statements and the reported net expenditure for the year.

Detail	Comprehensive Income and Expenditure Statement £'000	Balance Sheet £'000
1 During our review of the Council's provision for appeals relating to National Non-Domestic Rates (NNDR) revenues, we noted that the whole of the provision was included as 'current' in the Balance Sheet (ie expected to fall due before 31 March 2019). Using information provided by their expert advisors, the Council have adjusted the face of the balance sheet as follows:		
Dr Short Term Provisions		853
Cr Long Term Provisions		(853)
The prior year balances have also been amended for comparability.		
Overall impact	£nil	£nil

Page 21

Misclassification and disclosure changes

The table below provides details of misclassification and disclosure changes identified during the audit which have been made in the final set of financial statements.

Disclosure	Detail	Adjusted
Various	A small number of minor changes have been made to disclosure notes and accounting policies throughout the financial statements to improve accuracy, clarity and understandability.	✓

Fees

We confirm below our final fees charged for the audit and provision of non-audit services.

Audit Fees

	Proposed fee	Final fee
Council Audit	£49,838	£49,838
Grant Certification relating to the 2017/18 Housing Benefit subsidy claim	£11,074	TBC
Total audit fees (excluding VAT)	£60,912	TBC

The proposed fees for the year were in line with the scale fee set by Public Sector Audit Appointments Ltd (PSAA). Our fees for grant certification cover only housing benefit subsidy certification, which falls under the remit of Public Sector Audit Appointments Limited. Fees in respect of other grant work, such as reasonable assurance reports, are shown under 'Fees for other services'.

Non Audit Fees

Fees for other services	Fees
Audit related services:	
• Certification of Pooled Capital Receipts grant	£2,500
Non-audit services:	
None	-
	£2,500

Audit opinion

We anticipate we will provide the Council with an unmodified audit report.

Independent auditor's report to the members of Tamworth Borough Council

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Tamworth Borough Council (the 'Authority') for the year ended 31 March 2018 which comprise the Comprehensive Income and Expenditure Statement, the Movement in Reserves Statement, the Balance Sheet, the Cash Flow Statement, the Housing Revenue Account Income and Expenditure Statement, the Statement of Movement on Housing Revenue Account Balance, the Collection Fund Income and Expenditure Statement and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and the CIPFA/LASAAC code of practice on local authority accounting in the United Kingdom 2017/18.

In our opinion the financial statements:

- give a true and fair view of the financial position of the Authority as at 31 March 2018 and of its expenditure and income for the year then ended;
- have been prepared properly in accordance with the CIPFA/LASAAC code of practice on local authority accounting in the United Kingdom 2017/18; and
- have been prepared in accordance with the requirements of the Local Audit and Accountability Act 2014.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Authority in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Who we are reporting to

This report is made solely to the members of the Authority, as a body, in accordance with Part 5 of the Local Audit and Accountability Act 2014 and as set out in paragraph 43 of the Statement of Responsibilities of Auditors and Audited Bodies published by Public Sector Audit Appointments Limited. Our audit work has been undertaken so that we might state to the Authority's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Authority and the Authority's members as a body, for our audit work, for this report, or for the opinions we have formed.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the Executive Director Finance's use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the Executive Director Finance has not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the Authority's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The Executive Director Finance is responsible for the other information. The other information comprises the information included in the Statement of Accounts set out on pages 1 to 21 and 129 to 153, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge of the Authority obtained in the course of our work including that gained through work in relation to the Authority's arrangements for securing value for money through economy, efficiency and effectiveness in the use of its resources or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Other information we are required to report on by exception under the Code of Audit Practice

Under the Code of Audit Practice published by the National Audit Office on behalf of the Comptroller and Auditor General (the Code of Audit Practice) we are required to consider whether the Annual Governance Statement does not comply with the 'Delivering Good Governance in Local Government: Framework (2016)' published by CIPFA and SOLACE or is misleading or inconsistent with the information of which we are aware from our audit. We are not required to consider whether the Annual Governance Statement addresses all risks and controls or that risks are satisfactorily addressed by internal controls.

We have nothing to report in this regard.

Opinion on other matter required by the Code of Audit Practice

In our opinion, based on the work undertaken in the course of the audit of the financial statements and our knowledge of the Authority gained through our work in relation to the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources, the other information published together with the financial statements in the Statement of Accounts, the Narrative Report and the Annual Governance Statement for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

Under the Code of Audit Practice we are required to report to you if:

- we have reported a matter in the public interest under section 24 of the Local Audit and Accountability Act 2014 in the course of, or at the conclusion of the audit; or
- we have made a written recommendation to the Authority under section 24 of the Local Audit and Accountability Act 2014 in the course of, or at the conclusion of the audit; or
- we have exercised any other special powers of the auditor under the Local Audit and Accountability Act 2014.

We have nothing to report in respect of the above matters.

Responsibilities of the Authority, the Executive Director Finance and Those Charged with Governance for the financial statements

As explained more fully in the Responsibilities for the Statement of Accounts set out on page 21, the Authority is required to make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In this authority, that officer is the Executive Director Finance. The Executive Director Finance is responsible for the preparation of the Statement of Accounts, which includes the financial statements, in accordance with proper practices as set out in the CIPFA/LASAAC code of practice on local authority accounting in the United Kingdom 2017/18, which give a true and fair view, and for such internal control as the Executive Director Corporate Services determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Executive Director Finance is responsible for assessing the Authority's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Authority lacks funding for its continued existence or when policy decisions have been made that affect the services provided by the Authority.

The Audit and Governance Committee is Those Charged with Governance.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Report on other legal and regulatory requirements - Conclusion on the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources

Conclusion

On the basis of our work, having regard to the guidance on the specified criterion issued by the Comptroller and Auditor General in November 2017, we are satisfied that *the Authority* put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2018.

Responsibilities of the Authority

The Authority is responsible for putting in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources, to ensure proper stewardship and governance, and to review regularly the adequacy and effectiveness of these arrangements.

Auditor's responsibilities for the review of the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources

We are required under Section 20(1)(c) of the Local Audit and Accountability Act 2014 to be satisfied that the Authority has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. We are not required to consider, nor have we considered, whether all aspects of the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources are operating effectively.

We have undertaken our review in accordance with the Code of Audit Practice, having regard to the guidance on the specified criterion issued by the Comptroller and Auditor General in November 2017, as to whether in all significant respects the Authority had proper arrangements to ensure it took properly informed decisions and deployed resources to achieve planned and sustainable outcomes for taxpayers and local people. The Comptroller and Auditor General determined this criterion as that necessary for us to consider under the Code of Audit Practice in satisfying ourselves whether the Authority put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2018.

We planned our work in accordance with the Code of Audit Practice. Based on our risk assessment, we undertook such work as we considered necessary to be satisfied that the Authority has put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources.

Report on other legal and regulatory requirements – Certificate

We certify that we have completed the audit of the financial statements of the Authority in accordance with the requirements of the Local Audit and Accountability Act 2014 and the Code of Audit Practice.

Dear Sirs

Tamworth Borough Council

Financial Statements for the year ended 31st March 2018

This representation letter is provided in connection with the audit of the financial statements of Tamworth Borough Council for the year ended 31 March 2018 for the purpose of expressing an opinion as to whether the Council financial statements are presented fairly, in all material respects in accordance with International Financial Reporting Standards and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2017/18 and applicable law.

We confirm that to the best of our knowledge and belief having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves:

Financial Statements

- i. We have fulfilled our responsibilities for the preparation of the Council's financial statements in accordance with International Financial Reporting Standards and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2017/18 ("the Code"); in particular the financial statements are fairly presented in accordance therewith.
- ii. We have complied with the requirements of all statutory directions affecting the Council and these matters have been appropriately reflected and disclosed in the financial statements.
- iii. The Council has complied with all aspects of contractual agreements that could have a material effect on the financial statements in the event of non-compliance. There has been no non-compliance with requirements of any regulatory authorities that could have a material effect on the financial statements in the event of non-compliance.

- iv. We acknowledge our responsibility for the design, implementation and maintenance of internal control to prevent and detect fraud.
- v. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable.
- vi. Except as disclosed in the financial statements:
 - a. there are no unrecorded liabilities, actual or contingent
 - b. none of the assets of the Council has been assigned, pledged or mortgaged
 - c. there are no material prior year charges or credits, nor exceptional or non-recurring items requiring separate disclosure.
- vii. We confirm that we are satisfied that the actuarial assumptions underlying the valuation of pension scheme assets and liabilities for IAS19 Employee Benefits disclosures are consistent with our knowledge. We confirm that all settlements and curtailments have been identified and properly accounted for. We also confirm that all significant post-employment benefits have been identified and properly accounted for.
- viii. Related party relationships and transactions have been appropriately accounted for and disclosed in accordance with the requirements of International Financial Reporting Standards and the Code.
- ix. All events subsequent to the date of the financial statements and for which International Financial Reporting Standards and the Code require adjustment or disclosure have been adjusted or disclosed.
- x. We have considered the adjusted misstatements, and misclassification and disclosures changes schedules included in your Audit Findings Report. The Council financial statements have been amended for these misstatements, misclassifications and disclosure changes and are free of material misstatements, including omissions.
- xi. Actual or possible litigation and claims have been accounted for and disclosed in accordance with the requirements of International Financial Reporting Standards.
- xii. We have no plans or intentions that may materially alter the carrying value or classification of assets and liabilities reflected in the financial statements.
- xiii. We believe that the Council's financial statements should be prepared on a going concern basis on the grounds that current and future sources of funding or support will be more than adequate for the Council's needs. We believe that no further disclosures relating to the Council's ability to continue as a going concern need to be made in the financial statements.

Information Provided

- xiv. We have provided you with:
 - a. access to all information of which we are aware that is relevant to the preparation of the Council financial statements such as records, documentation and other matters;
 - b. additional information that you have requested from us for the purpose of your audit; and
 - c. unrestricted access to persons within the Council from whom you determined it necessary to obtain audit evidence.
- xv. We have communicated to you all deficiencies in internal control of which management is aware.
- xvi. All transactions have been recorded in the accounting records and are reflected in the financial statements.
- xvii. We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.
- xviii. We have disclosed to you all information in relation to fraud or suspected fraud that we are aware of and that affects the Council and involves:
 - a. Management;
 - b. employees who have significant roles in internal control; or
 - c. others where the fraud could have a material effect on the financial statements.
- xix. We have disclosed to you all information in relation to allegations of fraud, or suspected fraud, affecting the financial statements communicated by employees, former employees, analysts, regulators or others.
- xx. We have disclosed to you all known instances of non-compliance or suspected non-compliance with laws and regulations whose effects should be considered when preparing financial statements.
- xxi. We have disclosed to you the identity of the Council's related parties and all the related party relationships and transactions of which we are aware.
- xxii. We have disclosed to you all known actual or possible litigation and claims whose effects should be considered when preparing the financial statements.

Annual Governance Statement

- xxiii. We are satisfied that the Annual Governance Statement (AGS) fairly reflects the Council's risk assurance and governance framework and we confirm that we are not aware of any significant risks that are not disclosed within the AGS.

Narrative Report

- xxiv. The disclosures within the Narrative Report fairly reflect our understanding of the Council's financial and operating performance over the period covered by the Council financial statements.

Approval

The approval of this letter of representation was minuted by the Council's Audit & Governance Committee at its meeting on 26th July 2018.

Signed on behalf of the Council

Stefan Garner

Executive Director Finance & Section 151 Officer

Councillor Martin Summers

Chair of the Audit & Governance Committee

AUDIT & GOVERNANCE COMMITTEE

26th July 2018

REPORT OF THE EXECUTIVE DIRECTOR FINANCE

ANNUAL STATEMENT OF ACCOUNTS & REPORT 2017/18

EXEMPT INFORMATION

None

PURPOSE

To approve the Statement of Accounts (the Statement) for the financial year ended 31st March 2018 following completion of the external audit.

RECOMMENDATION

That Members approve the Annual Statement of Accounts 2017/18

EXECUTIVE SUMMARY

Current legislation, detailed in Accounts and Audit (England) Regulations 2015, requires the Council to prepare a Draft Statement of Accounts by 31st May (approved by the Council's Chief Finance Officer - previously the Executive Director Corporate Services), a Committee of the Council to approve the Statement by 31st July and for the Council to publish the Statement together with the Auditors' opinion by 31st July.

The deadlines for the 2017/18 accounts are earlier than in previous years and as such the Finance team planned to bring forward the completion date for the Statutory Accounts – with a target completion date of 25th May. The final draft accounts as signed by the Executive Director Corporate Services, were issued to the External Auditor, the Members of this Committee and published on the Council's website on 30th May 2018 following a period of quality assurance and due diligence checks – ahead of the target deadline of 31st May.

As part of the annual audit process for 2017/18, the Council's external auditors, Grant Thornton, have prepared their Audit Findings Report (to be considered separately on this agenda) for consideration prior to issue of their opinion, conclusion & certificate.

It has previously been reported to Members that as a result of the need to close the accounts earlier (and sometimes rely on estimates in doing so) it is more likely that there will be changes required to the draft accounts before they are finalised.

Following identification as part of the audit, a number of amendments to the Draft (as published on the website and circulated to the Audit & Governance Committee on 30th May 2018) have been discussed & agreed with Grant Thornton.

The agreed changes have been actioned within the Final Statement of Accounts for 2017/18 as attached at **Appendix 1**. It is important to note that these adjustments relate mainly to presentational or disclosure issues and do not have any impact on the reported outturn position and net balances of the General Fund, Housing Revenue Account or Collection Fund.

Regulations require the Chair of the Audit & Governance Committee meeting to sign and date the Statement of Accounts with the intention that the Chair's signature formally represents the completion of the Council's approval process of the accounts.

RESOURCE IMPLICATIONS

For 2017/18, a revenue budget underspend for the General Fund of £1.8m is reported with an increase in General Fund closing balances of £0.3m. It should be noted that the Medium Term Financial Strategy, approved in February 2018, identified estimated budgeted General Fund balances of £6.6m (at 1st April 2018) compared to the actual closing balances of £6.9m - additional balances of £0.3m. There has been no change from the Provisional Outturn / Draft Statement of Accounts.

The main variances for the year include:

- Additional development control income of £102k;
- Joint Waste arrangement underspends of c.£157k;
- Increased levy payment of £324k – offset by returned levy income of £196k and increased section 31 grants of £399k;
- a return of £248k in unspent reserves and provisions to balances.

The Housing Revenue Account reports an underspend of £0.8m with an increase in Housing Revenue Account closing balances of £0.5m. For the HRA balances of £6.8m were forecast at 1st April 2018 at or around the actual closing balances of £6.8m. There has been no change from the Provisional Outturn / Draft Statement of Accounts.

The main variances for the year include higher rent levels (£104k) due to a robust collection performance by the income team (which also means the provision for bad debts arising from welfare benefit reform is forecast to be underspent by £64k - while awaiting the full impact of Universal Credit to be rolled out) together with an underspend on repairs of £1.1m (offset by creation of transformation and repairs reserves totalling £799k).

The outturn for the 2017/18 capital programme identifies an underspend of £28.5m against the approved budget of £37.7m (actual spend £9.2m - no change since Provisional Outturn / Draft Statement of Accounts).

However, it has been requested that £27.3m of scheme spend be re-profiled into 2018/19. This will result in an overall underspend of £1.2m for the 2018/19 capital programme.

LEGAL / RISK IMPLICATIONS

Current legislation, detailed in Accounts and Audit (England) Regulations 2015, requires a Committee of the Council to approve the Statement by 31st May 2018 and for the Council to publish the Statement together with the Auditors' opinion by 31st July 2018.

CONCLUSIONS

Following consideration of the External Auditors Audit Findings Report and the approval of the Annual Statement of Accounts, the Chair's signature formally represents the successful completion of the Council's approval process of the accounts for 2017/18.

THE NARRATIVE REPORT

The aim of this Narrative Report is to provide a context to the accounts by presenting a clear and simple summary of the Authority's financial position and performance for the year and its prospects for future years.

The statement of accounts presents the financial position and performance of the Authority for the year ended 31st March 2018. This narrative report describes the nature and purpose of each of the statements which follow and highlights the most significant matters which are contained within the accounts and the major influences affecting the Authority's income, expenditure and cash flows.

THE FINANCIAL STATEMENTS

The Annual Statement of Accounts for the year ended 31st March 2018 has been prepared in accordance with the guidelines contained within the latest Code of Practice on Local Authority Accounting in the United Kingdom for 2017/18.

The Code is based on International Financial Reporting Standards (IFRS), and has been developed by the CIPFA/Local Authority (Scotland) Accounts Advisory Committee (LASAAC) Code Board overseen by the Financial Reporting Advisory Board.

The Authority's accounts for 2017/18 are set out on pages 20 to 126 and consist of the following:

Core Financial Statements:

- **Comprehensive Income and Expenditure Account (CIES):** shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation. Authorities raise taxation to cover expenditure in accordance with regulations; this may be different from the accounting cost. The net effect to the Council taxpayer is shown in the Movement in Reserves Statement. There have been changes to the content of the CIES this year and a prior period adjustment has been applied in order to comply with the Code.

A surplus of £15.7m is reported for 2017/18 (£29.5m surplus 2016/17). This is mainly explained by a £13.5m gain (on Revaluation of Property, Plant and Equipment Assets).

It also included a re-measurement of the Net Defined Benefit Liability relating to the pension fund which resulted in a surplus of £2.1m (a deficit of £0.8m was reported in 2016/17) resulting mainly from financial assumption changes.

- **Movement in Reserves Statement:** shows the movement in the year on the different reserves held by the Authority, analysed into ‘usable reserves’ (i.e. those that can be applied to fund expenditure or reduce local taxation) and other reserves.

The Movement in Reserves Statement shows a net General Fund surplus of £0.3m for the year. This equates to a variance of £1.8m compared to the planned transfer from balances in the original budget at the start of the year of £1.5m and has resulted in General Fund Balances of £6.9m (£6.6m – 2016/17). Earmarked General Fund Reserves have increased by £0.2m to £5.9m resulting in total General Fund Reserves of £12.8m (£12.3m – 2016/17) and reflect the risks and uncertainties facing the Authority over the medium term.

- **Balance Sheet:** shows the value as at the Balance Sheet date of the assets and liabilities recognised by the Authority. The net assets of the Authority (assets less liabilities) are £184.4m (£168.7m 2016/17) which are matched by the reserves held by the Authority.

Key items are:

Long Term Assets

The Authority holds property, plant and equipment assets of £193.5m (£181.7m 2016/17) – mainly due to Council dwellings of £171.8m (£160.5m 2016/17).

Working Capital

Net working capital has increased to £57.8m (£47.8m 2016/17) mainly due to the receipt of £8.2m during 2017/18 under the deferred payment arrangement relating to the income from the sale of the former Golf Course.

Provisions, Usable Reserves and Balances

The working balances as at 31st March 2018 are £59.0m (£47.7m 2016/17) and comprise provisions, earmarked reserves, revenue balances and the unused element of capital receipts.

31st March 2017 £000	Provisions, Usable Reserves and Balances	31st March 2018 £000
1,905	Provisions	1,545
20,238	Earmarked Reserves	21,460
12,941	Revenue Balances	13,742
12,657	Unused Capital Receipts & Grants	22,301
47,741	Total Working Balances	59,048

Working balances of £37.8m (£27.6m 2016/17) relate to capital (including the Capital Reserve of £12.0m). Deferred capital expenditure of £27.3m from 2017/18 and previous years carried forward to 2018/19 will be financed from these balances (£12.3m 2016/17).

Borrowing Facilities

The Authority borrows funds where necessary to meet both long term capital expenditure commitments and short-term cash flow demands. Funds are borrowed from the Government (Public Works Loan Board - PWLB) and from the commercial money market (banks, building societies and other lenders). The Authority's debt at 31st March 2018 was £63.1m (£63.1m 2016/17) and was all borrowed from the PWLB.

Pensions

The pension fund deficit has reduced in the year to £41.9m (£43.5m 2016/17) and is required to be shown on the Balance Sheet of the Authority.

Overall, the financial assumptions are relatively similar to 31st March 2017 and fund returns over the year have been broadly in line with the 2017 accounting expected return assumption. As a result of these two factors, there has not been a large swing in the 2018 levels of assets and obligations. Obligations have increased by £1.3m since 2016/17 and assets levels have improved since 2016/17 by £2.9m – mainly as a result of an advance pension contribution of £1.8m.

It should be noted that there has been no impact on the net cost to the taxpayer arising from this - other than as part of the planned increase in annual contributions (an ongoing annual contribution of 16.5% p.a. plus an increasing lump sum element) arising from the formal valuation on 31st March 2016 (following the triennial review).

- **Cash Flow Statement:** shows the changes in cash and cash equivalents of the Authority during the reporting period. The statement shows how the Authority generates and uses cash and cash equivalents by classifying cash flows as operating, investing and financing activities.

▪ **Supplementary Statements:**

- **Housing Revenue Account:** reflects the statutory requirement to maintain a separate account for Council Housing.

The overall revenue financial position relating to Council Housing as given on page 115 shows an increase in HRA balances for the year of £0.5m (£1.6m – 2016/17).

This equates to an underspend of £0.8m when compared to the approved budget for the year. This has resulted in an increase in balances from £6.3m to £6.8m to be carried forward to 2018/19. Earmarked HRA Reserves have increased by £0.1m (£0.6m – 2016/17) to £12.1m resulting in total HRA Reserves of £18.9m (£18.3m – 2016/17).

- **The Collection Fund:** shows the Council Tax income collected on behalf of Staffordshire County Council, the Office of the Police and Crime Commissioner (OPCC), the Stoke on Trent and Staffordshire Fire and Rescue Authority and this Authority's General Fund.

The fund also includes Non Domestic rates income under the Business Rates Retention Scheme.

The Collection Fund, subject to collection of outstanding arrears, achieved the following:

- Council Tax – surplus of £1.5m (£1.4m – 2016/17, the Authority's share is 11%), of which £0.8m (£0.8m – 2016/17) will be distributed to preceptors during 2018/19;
- NNDR – surplus of £0.7m (£0.8m surplus in 2016/17) of which the Authority's share is 40% net of any applicable Levy of 50%.

The surplus relating to the NNDR collection fund includes a reduced provision of £3.8m (£4.7m - 2016/17) with £1.5m being the Authority's share (£1.9m - 2016/17) for appeals outstanding on the 31st March 2018 of £109.4m (£88.5m - 2016/17).

This will mean that the forecast surplus will be £0.3m (share for this Authority) for 2017/18 compared to a projected deficit of £0.2m included within the 2018/19 budget.

These accounting statements are supported by appropriate notes to the accounts and the General Accounting Policies. For 2017/18, the notes to support the primary statements include the relevant accounting policies as well as further detail regarding individual transactions.

CHANGES TO THE ACCOUNTS 2017/18

An updated Code of Practice, applicable for 2017/18 was issued by CIPFA in March 2017.

Changes reflected in the 2017/18 updated Code do, on the whole, have to be incorporated into the Authority's accounts but do not necessarily impact on the Authority's accounting policies. This is because the changes are principally around additional or changed disclosure notes, points of clarification and additional guidance etc.

The key accounting changes applicable to the Authority in the 2017/18 edition of the Code include:

- a) a restructure of chapter one (Introduction) to separately present the requirements of each of the administrations across the UK for that chapter;
- b) amendment to section 3.1 (Narrative Reporting) to introduce key reporting principles for the Narrative Report;
- c) updates to section 3.4 (Presentation of Financial Statements) to clarify the reporting requirements for accounting policies and going concern reporting;
- d) following the amendments in the Update to the 2016/17 Code, changes to section 3.5 (Housing Revenue Account) to reflect the Housing Revenue Account (Accounting Practices) Directions 2016 disclosure requirements for English authorities;
- e) following the amendments in the Update to the 2016/17 Code, changes to sections 4.2 (Lease and Lease Type Arrangements), 4.3 (Service Concession Arrangements: Local Authority as Grantor), 7.4 (Financial Instruments – Disclosure and Presentation Requirements);

There are other significant upcoming changes to the Code in future years which include the provision for IFRS 9 which replaces IAS 39 Financial Instruments: recognition and measurement and IFRS 15 Revenue from Contracts with Customers. These do not apply until 2018/19 nevertheless the changes will inevitably involve considerable advance planning and preparatory work in the lead up to implementation and the 2017/18 Code contains additional appendices containing the provisions for the introduction of these accounting standards.

FINANCIAL OUTLOOK

The budget setting process has faced significant constraints in Government funding in recent years - over 50% in real terms since 2010. The 4 year Local Government Finance Settlement confirmed that austerity measures are to continue with Revenue Support Grant (RSG) all but eradicated for most Authorities by 2020 – and suggests that the key challenges that the Authority is currently addressing are likely to become greater.

The Authority has adopted a route-map designed to position the Authority so it could be Perfectly Placed to take advantage of every opportunity it either created or identified.

“From Surviving To Thriving” set out a number of opportunities based upon the principle that by focusing upon the growth of the economy, both the “people” and the “place” would benefit. The Authority remains committed to promoting and stimulating economic growth and regeneration; meeting our housing needs; creating a vibrant town centre economy and protecting those most vulnerable in our communities. To this end, we pledge to explore and invest in viable and sustainable methods of generating income and moving towards financial independence.

The Authority also continues to be faced with significant financial demands from Central Government following new legislation in areas such as Homelessness, Data Protection (the new General Data Protection Regulations - GDPR), planning and transparency – as well as substantial reductions in Government grant support.

The key risks are:

- Impact of uncertain economic conditions, following the decision to leave the EU – there is a higher level of uncertainty than in previous years;
- Achievement of the anticipated growth in business rates income – in line with the assumed baseline and tariff levels set;
- Uncertainty remains over the work progressing with regard to business rates retention (and the associated impact on the Authority’s business rates income and associated baseline and tariff levels) – it has recently been announced that Authorities will be able to retain 75% of business rates collected from 2020/21 rather than 100% as previously planned. In addition, the Government are also consulting on a review of the distribution methodology, the ‘Fair Funding Review’ as well as the planned Business Rates Reset (when a proportion of the growth in business rates achieved since 2013/14 will be redistributed) - both of which will also take effect from 2020/21. There is a high risk that this will have a significant effect on the Authority’s funding level from 2020/21;

- Delivery of the planned Commercial Investment Strategy actions and associated improved investment returns of 4% p.a. arising from the investment of £24m from the capital receipt due to be received over the period 2016 – 2018 from the sale of the former golf course (to support the Medium Term Financial Strategy (MTFS) in the long term);
- Achievement of anticipated growth in new homes within the Borough and the associated dependency on the New Homes Bonus income to address / reduce the funding shortfall for the General Fund; and
- Challenge to continue to achieve high collection rates for council tax, business rates and housing rents – in light of further austerity, economic conditions and uncertainty.

Work is continuing on a number of actions to address the financial position in future years:

- Delivering Quality Services project – the demand management approach to shift demand to more efficient methods of service delivery – online and automation (Interactive Voice Response). A savings target of £100k p.a. has already been included within the MTFS together with reduced Customer Relationship Management (CRM) costs of £62k p.a. from 2019/20;
- Recruitment freeze – where possible, temporary 12 month appointments are now only being made; there is a robust challenge / re-justification process in place for all vacant posts with a requirement to investigate alternative options including restructuring to fill vacancies / looking at what we can stop doing;
- Spend freeze – Managers have previously been required to restrict / limit spending to essential spend only (there was a £1.6m underspend in 2016/17 – although the majority was windfall income, c. £0.57m was lower level underspend). Savings of over £150k p.a. have been identified;
- Alternative investment options arising from the Commercial Investment Strategy (as well as the Treasury Management Investment Strategy, including any prudential borrowing opportunities) to generate improved returns of c. 5% p.a. (plus asset growth) including:
 - Set up of trading company to develop new income streams;
 - Local investment options – Lower Gungate / Solway Close development including the potential to drawdown funding from the Local Growth Fund / Local Enterprise Partnerships (GBS and Staffordshire); and
 - Investments in a Diversified Property Fund.

- Review of reserves / creation of fund for transformation costs (if needed); and
- Targeted Savings – to identify potential areas for review in future years.

Council, on 27th February 2018, approved a 3 year MTFS for the General Fund with a Council Tax increase within the Government referendum limits – in order to continue to deliver those services essential to the Local Community. Challenging savings targets have been included which need to be achieved over the next 3 years. However, in the longer term, the Authority faces on-going grant reductions and income uncertainties which mean that substantial additional savings and additional income will need to be made into the future to deliver a balanced budget in the longer term.

With regard to the Housing Revenue Account, a 5 year MTFS was approved by Council, despite significant funding reductions over the 4 years from 2016/17, given the Government requirement for Authorities to reduce social housing rents by 1% per annum, including significant investment in Regeneration projects to meet future housing needs and sustain the HRA in the longer term. Following HRA self financing, the majority of the capital funding is made through revenue contributions.

The accomplishment of a balanced 3 Year MTFS for the General Fund is a major achievement as the Authority, like others, has planned to deliver its budget process in light of unprecedented adverse economic conditions with a great deal of uncertainty over future investment and income levels such as car parking, land charges and corporate property rents.

Interim Management Arrangements

During the year, the post of Chief Executive became vacant and interim management arrangements were put in place with the separate appointment of a Chief Operating Officer and Head of Paid Service.

The Authority has commenced the first phase of the Senior Management Review. This has meant that the most senior managers in the organisation have been offered the option to explore voluntary redundancy in order to reduce the number of senior managers in order to meet planned budget savings and contribute towards meeting the future budget deficit.

FINANCIAL PERFORMANCE

General Fund

The main components of the General Fund approved budget and how these compare with actual income and expenditure are set out below.

General Fund	Actual £000	Approved Budget £000	Variance £000
(Surplus) or Deficit for the Year	7,839	9,623	(1,784)

The net expenditure of the Authority was £7.8m, representing an underspend of £1.8m. Major differences between the budget and the outturn are as follows:-

Variance between Budget & Actual Outturn	£000	£000
Increased / Non-Budgeted Income*		
Development Control - Planning Applications Fee income	(102)	
Corporate Finance - unspent reserves and provisions	(248)	
Business Rates - Returned Levy income	(196)	
Business Rates - Section 31 grant income	(399)	
Corporate Finance - unspent contingencies	(50)	
External Interest receivable	(71)	(1,066)
Non-Budgeted Expenditure / Overspends		
Contribution to Transformation Reserve	226	
Business Rates Levy	324	550
Savings / Underspends		
External Interest Payable (net of HRA item 8 DR)	(60)	
Joint Waste Arrangement	(157)	(217)
Other Variances - Net (Underspends) / Overspends		(1,051)
Total (Favourable) / Unfavourable Variance		(1,784)

It should be noted that the significant underspends were outside of the Authority's control and could not have been projected when the 2017/18 budgets were set in February 2017. The outturn figures include significant windfall items highlighted in the table above (*).

Council Housing

A summary of the Housing Revenue Account for 2017/18, compared with the approved budget (including decisions made by Members during the financial year) is shown below:-

Housing Revenue Account	Actual £000	Approved Budget £000	Variance £000
(Surplus) or Deficit for the Year	(471)	360	(831)

The net income of the HRA was £0.5m, representing an underspend of £0.8m. Major differences between the budget and the outturn are as follows:-

Variance between Budget & Actual Outturn	£000	£000
Increased / Non-Budgeted Income		
Council House Rent income		(104)
Non-Budgeted Expenditure / Overspends		
Council Tax payments relating to Regeneration projects	46	
Transfers to Earmarked Reserves (Transformation / Repairs)	799	845
Savings / Underspends		
Housing Repairs	(1,068)	
Unspent Contingency Budget	(100)	
Unspent reserves and provisions	(84)	
Provision for Bad Debts (budget reflects welfare reforms still being rolled out)	(64)	
External Interest Payable (item 8 DR)	(99)	(1,415)
Other Variances - Net (Underspends) / Overspends		(157)
Total (Favourable) / Unfavourable Variance		(831)

Capital Expenditure

During 2017/18 the Authority spent £9.3m on capital expenditure (£8.9m in 2016/17). A breakdown by category and sources of finance is shown as Note 34 to the Core Financial Statements on page 89.

The majority of expenditure is related to improvement, enhancement or ongoing construction works. Fixed asset acquisitions in the year include construction of 19 dwellings as part of the Housing Regeneration Project, 5 other acquisitions and the purchase of IT Equipment (software and hardware).

A total of £27.3m spending originally planned for 2017/18, or earlier, has been deferred to 2018/19 (£12.3m in the previous year). Included within this deferred expenditure:

Deferred Capital Expenditure	£000	£000
Housing Capital Programme		
Regeneration of Housing Estates	12,966	
Acquisitions of dwellings	1,461	
Enhancement works on HRA dwellings	3,771	18,198
General Fund Services		
Investment in Property Funds	6,000	
Assembly Rooms Development	1,140	
Mercian Trail	748	
Agile Working Phase 2	124	
Various works to public open spaces	67	
Disabled Facilities Grants	31	
Contingency - Return on Investments	160	
Contingency - Private Sector Improvement Grants	130	
Contingency - Refurbishment of Marmion House reception	100	
Contingency – Plant and Equipment	100	
Other Capital Schemes	506	9,106
Total		27,304

During the year, the Authority disposed of land and property with capital receipts totalling £10.6m, of which:

- £2.6m related to the disposal of 45 Council Dwellings through Right to Buy sales; and
- the third instalment of £8.2m (including £0.2m interest due to the deferred payment arrangement) relating to the sale of the Golf Course was also received.

NON-FINANCIAL PERFORMANCE

The Authority's Corporate Plan for the years 2017 to 2020 was approved by Cabinet on 16th March 2017.

The plan set our direction and priorities for the next 3 years. While progress against the thematic priorities adopted by the Authority has been considerable, the outcome from the review of evidence clearly indicated that these priorities are still at the forefront of our plans and ambitions for 'people', 'place' and 'organisation'. As a result, the three thematic priorities again formed the basis of the Authority's strategic framework and specific ambitions. It is these specific ambitions that serve to place the thematic priorities into context by setting out the Authority's expectations for the plan period.

Living a quality life in Tamworth

and

Growing stronger together in Tamworth

by

Delivering quality services in Tamworth

'From Surviving To Thriving' set out a number of opportunities based upon the principle that by focusing upon the growth of the economy, both the 'people' and the 'place' would benefit. The Authority remains committed to promoting and stimulating economic growth and regeneration; meeting our housing needs; creating a vibrant town centre economy and protecting those most vulnerable in our communities. To this end, we pledge to explore and invest in viable and sustainable methods of generating income and moving towards financial independence.

Furthermore, we pride ourselves in the award-winning services provided by the Authority and we will continue to maintain and support the provision of a safe, attractive and welcoming environment for everyone.

To this end, this plan seeks to set out the route by which we intend to achieve these ambitious outcomes for no other reason than it is what our 'people' and our 'place' expects of our organisation.

Further details on the Authority's Key Performance Indicators for 2017/18 (and previous years) together with our vision and priorities for Tamworth, our values along with our performance are set out in **our Corporate Plan** which sets out our plans and priorities for the coming year, and is available from the Authority's website:

<http://www.tamworth.gov.uk/performance>

Shown below, against our objectives, are some of our achievements in 2017/18. All that has been achieved is not included but we have identified those achievements which we feel will be of most community interest due to their impact and benefits.

Email: <mailto:stefan-garner@tamworth.gov.uk>

This is part of the Authority's policy of providing full information about the Authority's affairs. In addition, interested members of the public have a statutory right to inspect the accounts before the audit is completed. The availability of the accounts for inspection is advertised in the local press and on the Authority's website at www.tamworth.gov.uk

The information in this document may be made available in other selected languages. Copies may be made available on tape, in Braille or large print.

Statement of Responsibilities

The Authority's Responsibilities

The Authority is required to:

- Make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In this Authority, that officer is the Executive Director Finance;
- Manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets; and
- Approve the Statement of Accounts.

The Executive Director Finances' Responsibilities

The Executive Director Finance is responsible for the preparation of the Authority's Statement of Accounts in accordance with proper practices as set out in the CIPFA/LASAAC *Code of Practice on Local Authority Accounting in the United Kingdom* (the Code).

In preparing this Statement of Accounts, the Executive Director Finance has:

- selected suitable accounting policies and then applied them consistently;
- made judgements and estimates that were reasonable and prudent;
- complied with the Local Authority Code.

The Executive Director Finance has also:

- kept proper accounting records which were up to date; and
- taken reasonable steps for the prevention and detection of fraud and other irregularities.

This Statement of Accounts gives a true and fair view of the financial position of Tamworth Borough Council and its expenditure and income for the year ended 31st March 2018.

Stefan Garner CPFA
Executive Director Finance

Dated: 26th July 2018

This is an electronic copy without an electronic signature. The original was signed as dated above and a copy can be obtained from the Executive Director Finance.

Comprehensive Income and Expenditure Statement (CIES)

This statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation. Authorities raise taxation to cover expenditure in accordance with regulations; this may be different from the accounting cost. The taxation position is shown in the Movement in Reserves Statement.

A breakdown of the individual services contained within the CIES headings are detailed within the Appendix to the CIES on page 150.

Movement in Reserves Statement

This statement shows the movement in the year on the different reserves held by the Authority, analysed into 'usable reserves' (i.e. those that can be applied to fund expenditure or reduce local taxation) and other reserves. The (Surplus) or Deficit on the Provision of Services line shows the true economic cost of providing the Authority's services, more details of which are shown in the Comprehensive Income and Expenditure Statement. These are different from the statutory amounts required to be charged to the General Fund Balance and the Housing Revenue Account for Council Tax setting and dwellings rent setting purposes. The Net (Increase) / Decrease before Transfers to earmarked reserves line shows the statutory General Fund Balance and Housing Revenue Account Balance before any discretionary transfers to or from earmarked reserves undertaken by the Authority.

The reserve movements for 2016/17 and 2017/18 are shown on the following pages.

Balance Sheet

The Balance Sheet shows the value as at the Balance Sheet date of the assets and liabilities recognised by the Authority. The Net Assets of the Authority (assets less liabilities) are matched by the Reserves held by the Authority. Reserves are reported in two categories. The first category of reserves are usable reserves, i.e. those reserves that the authority may use to provide services, subject to the need to maintain a prudent level of reserves and any statutory limitations on their use (for example the Capital Receipts Reserve that may only be used to fund capital expenditure or repay debt). The second category of reserves is those that the Authority is not able to use to provide services. This category of reserves includes reserves that hold unrealised gains and losses (for example the Revaluation Reserve), where amounts would only become available to provide services if the assets are sold; and reserves that hold timing differences shown in the Movement in Reserves Statement line 'Adjustments between accounting basis and funding basis under regulations'.

Cash Flow Statement

The Cash Flow Statement shows the changes in cash and cash equivalents of the Authority during the reporting period. The statement shows how the Authority generates and uses cash and cash equivalents by classifying cash flows as operating, investing and financing activities. The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the Authority are funded by way of taxation and grant income or from the recipients of services provided by the Authority. Investing activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the Authority's future service delivery. Cash flows arising from financing activities are useful in predicting claims on future cash flows by providers of capital (i.e. borrowing) to the Authority.

2016/17 £000	Cashflow Statement	Notes	2017/18 £000
(14,744)	Net (Surplus) or Deficit on the Provision of Services		(152)
2,367	Adjustments to Net (Surplus) or Deficit on the Provision of Services for non-cash movements		(9,298)
2,995	Adjustments for items included in the Net (Surplus) or Deficit on the Provision of Services that are Investing and Financing Activities		3,953

NOTES TO THE ACCOUNTS

1. Accounting Policies

BASIS FOR PREPARATION

The notes relating to specific financial statement lines include the corresponding accounting policy. As a result, there is not an overall principal accounting policies note. However, the general accounting policies where there are not any accompanying notes are detailed within this note.

i. GENERAL PRINCIPLES

The Statement of Accounts summarises the Authority's transactions for the 2017/18 financial year and its position at the year end of 31st March 2018. The Accounts and Audit Regulations (England) 2015 require the Authority to prepare an Annual Statement of Accounts in accordance with proper accounting practices. These practices primarily comprise the Code of Practice on Local Authority Accounting in the United Kingdom 2017/18 and the CIPFA Service Reporting Code of Practice 2017/18 (SeRCOP), supported by International Financial Reporting Standards (IFRS).

The accounting convention adopted in the Statement of Accounts is principally historical cost, modified by the revaluation of certain categories of Non Current Assets and Financial Instruments.

ii. ACCRUALS OF INCOME AND EXPENDITURE

Activity is accounted for in the year that it takes place, not simply when cash payments are made or received, other than prepayments which are accounted for on a cash basis. In particular:

- a) Revenue from the sale of goods is recognised when the Authority transfers the significant risks and rewards of ownership to the purchaser and it is probable that economic benefits or service potential associated with the transaction will flow to the Authority;
- b) Revenue from the provision of services is recognised when the Authority can measure reliably the percentage of completion of the transaction and it is probable that economic benefits or service potential associated with the transaction will flow to the Authority;
- c) Supplies are recorded as expenditure when they are consumed – where considered material, where there is a gap between the date supplies are received and their consumption, they are carried as Inventories on the Balance Sheet;
- d) Expenses in relation to services received (including services provided by employees) are recorded as expenditure when the services are received rather than when payments are made;
- e) Interest receivable on investments and payable on borrowings is accounted for respectively as income and expenditure on the basis of the effective interest rate for the relevant financial instrument rather than the cash flows fixed or determined by the contract;

- f) Where revenue and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the Balance Sheet. Where debts may not be settled, the balance of debtors is written down and a charge made to revenue for the income that might not be collected.

The Authority's policy is to review all accruals over £1k together with payments over £5k made in February, March and April to ensure that they are appropriate. Any accruals below this amount are not considered to be material.

iii. PRIOR PERIOD ADJUSTMENTS, CHANGES IN ACCOUNTING POLICIES AND ESTIMATES AND ERRORS

Prior period adjustments may arise as a result of a change in accounting policies or to correct a material error. Changes in accounting estimates are accounted for prospectively, i.e. in the current and future years affected by the change and do not give rise to a prior period adjustment.

Changes in accounting policies are only made when required by proper accounting practices or the change provides more reliable or relevant information about the effect of transactions, other events and conditions on the Authority's financial position or financial performance.

Where a change is made, it is applied retrospectively (unless stated otherwise) by adjusting opening balances and comparative amounts for the prior period as if the new policy had always been applied.

iv. CHARGES TO REVENUE FOR NON CURRENT ASSETS

Services, support services and trading accounts are debited with the following amounts to record the cost of holding fixed assets during the year:

- a) depreciation attributable to the assets used by the relevant service;
- b) revaluation and impairment losses on assets used by the service where there are no accumulated gains in the Revaluation Reserve against which the losses can be written off; and
- c) amortisation of intangible fixed assets attributable to the service.

The Authority is not required to raise Council Tax to fund depreciation, revaluation and impairment losses or amortisations. However, it is required to make an annual contribution from revenue towards the reduction in its overall borrowing requirement, equal to an amount calculated on a prudent basis determined by the Authority in accordance with statutory guidance.

Depreciation, revaluation and impairment losses and amortisations are therefore replaced in the General Fund Balance, by way of an adjusting transaction with the Capital Adjustment Account in the Movement in Reserves Statement.

v. FOREIGN CURRENCY TRANSLATION

Where the Authority has entered into a transaction denominated in a foreign currency, the transaction is converted into sterling at the exchange rate applicable on the date the transaction was effective. Where amounts in foreign currency are outstanding at the year end, they are reconverted at the spot exchange rate at 31st March 2018. Resulting gains or losses are recognised in the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. Within the accounts, this relates only to deposits from Glitnir Bank held in escrow in Iceland on our behalf.

vi. INTANGIBLE ASSETS

Expenditure on non monetary assets that do not have physical substance but are controlled by the Authority as a result of past events (e.g. software licences) is capitalised when it is expected that future economic benefits or service potential will flow from the Intangible Asset to the Authority.

vii. JOINTLY CONTROLLED OPERATIONS AND ASSETS

A joint arrangement is an arrangement of which two or more parties have joint control where the parties are bound by an arrangement and the arrangement gives two or more of those parties joint control of the arrangement.

A joint arrangement is either:

- A joint venture; or
- A joint operation.

Joint operations are activities undertaken by the Authority in conjunction with other venturers that involve the use of the assets and resources of the venturers rather than the establishment of a separate entity. The Authority recognises on its Balance Sheet the assets that it controls and the liabilities that it incurs and debits and credits the Comprehensive Income and Expenditure Statement with the expenditure its incurs and the share of income it earns from the activity of the operation.

Jointly controlled assets are items of Property, Plant and Equipment that are jointly controlled by the Authority and other venturers, with the assets being used to obtain benefits for the venturers. The joint venture does not involve the establishment of a separate entity.

The Authority accounts for only its share of the jointly controlled assets, the liabilities and expenses that it incurs on its own behalf or jointly with others in respect of its interest in the joint venture and income that it earns from the venture.

The Authority has a Joint Waste Management arrangement with Lichfield District Council which does not fulfil the definition of a joint venture or a joint operation – detailed at Note 33f).

viii. VAT

VAT payable is included as an expense only to the extent that it is not recoverable from Her Majesty's Revenue and Customs. VAT receivable is excluded from income.

ix. ACCOUNTING FOR COUNCIL TAX AND NATIONAL NON DOMESTIC RATES

The Authority, as a billing authority, acts as the agent of its major preceptors (Staffordshire County Council, Office of the Police and Crime Commissioner (OPCC) Staffordshire and the Stoke on Trent and Staffordshire Fire and Rescue Authority).

The collection of National Non Domestic Rates (NNDR) is carried out by the Authority as an agent activity on behalf of its major preceptors (the Ministry for Housing, Communities and Local Government (MHCLG), Staffordshire County Council and Stoke on Trent and Staffordshire Fire and Rescue Authority) and should be accounted for accordingly. It means that the Authority does not recognise NNDR debtors in its' Balance Sheet but instead recognises a creditor or debtor for the net balance due to or from the preceptors.

Under the accounting requirements, for both the billing authority and major preceptors, the difference between the income included in the Comprehensive Income and Expenditure Statement and the amount required by regulation to be credited to the General Fund shall be taken to the Collection Fund Adjustment Account and included as a reconciling item in the Movement in Reserves Statement.

For the majority of transactions the Authority undertakes, it is acting entirely on its own behalf and completely owns any risks and rewards of the transaction. This is known as the Authority acting as a Principal.

However there are some situations whereby the Authority is acting as an Agent, where the Authority is acting as an intermediary for all or part of a transaction or service. The two main instances where this occurs are in relation to Council Tax and Business Rates.

The implication of this is that any Balance Sheet transactions at the year end, in relation to these Agent relationships, are split between the principal parties and, therefore, the balances contained on the Balance Sheet for a particular debt are the Authority's own proportion of the debt and associated balances. The proportions of transactions that relate to the other parties to the relationship are shown as debtors or creditors due from / to these parties.

x. FAIR VALUE MEASUREMENT

The Authority measures some of its assets and liabilities at fair value at the end of the reporting period. Fair value is the price that would be received to sell an asset or paid to transfer a liability at the measurement date. The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either:

- a) in the principal market for the asset or liability, or
- b) in the absence of a principal market, in the most advantageous market for the asset or liability.

The Authority uses internal and external valuers to provide a valuation of its assets and liabilities in line with the highest and best use definition within the accounting standard. The highest and best use of the asset or liability being valued is considered from the perspective of a market participant.

Inputs to the valuation techniques in respect of the Authority's fair value measurement of its assets and liabilities are categorised within the fair value hierarchy as follows:

Level 1 – quoted prices (unadjusted) in active markets for identical assets or liabilities that the authority can access at the measurement date.

Level 2 – inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 – unobservable inputs for the asset or liability.

2. Accounting Standards That Have Been Issued but Have Not Yet Been Adopted

The Code of Practice on Local Authority Accounting in the UK (the Code) requires an authority to disclose information relating to the impact of an accounting change that will be required by a new standard that has been issued but not yet adopted by the Code for the relevant financial year.

At the balance sheet date the following new standards and amendments to existing standards have been published but not yet adopted by the Code of Practice of Local Authority Accounting in the United Kingdom:

- IFRS 9 Financial Instruments, which introduces extensive changes to the classification and measurement of financial assets, and a new “expected credit loss” model for impairing financial assets. The impact will be to reclassify assets currently classified as loans and receivables, and available for sale to amortised cost and fair value through other comprehensive income respectively based on the contractual cashflows and business model for holding the assets. There are not expected to be any changes in the measurement of financial assets.

The changes introduced by the standard will have a timing and budgetary impact on local authorities, depending on the individual circumstances of each authority – for this Authority a material impact is not expected.

- IFRS 15 Revenue from Contracts with Customers presents new requirements for the recognition of revenue, based on a control-based revenue recognition model. The Council does not have any material revenue streams within the scope of the new standard.

- IAS 7 Statement of Cash Flows (Disclosure Initiative) will potentially require some additional analysis of Cash Flows from Financing Activities (disclosed at Note 26) in future years. If the standard had applied in 2017/18 there would be no additional disclosure because the Council does not have activities which would require additional disclosure.

- IAS 12 Income Taxes (Recognition of Deferred tax Assets for Unrealised Losses) applies to deferred tax assets related to debt instruments measured at fair value.

- IFRS 16 Leases will require local authorities that are lessees to recognise most leases on their balance sheets as right-of-use assets with corresponding lease liabilities (there is recognition for low-value and short-term leases).

3. Critical Judgements in Applying Accounting Policies

In applying the accounting policies set out in the notes to the accounts, the Authority has had to make certain judgements about complex transactions or those involving uncertainty about future events. The critical judgements made in the Statement of Accounts are:

- There is a high degree of uncertainty about future levels of funding for local government and the impact of the decision to leave the European Union remains unclear. However, the Authority has determined that this uncertainty is not yet sufficient to provide an indication that the assets of the Authority might be impaired as a result of a need to close facilities and reduce levels of service provision;
- The level and timing of recovery of Icelandic Deposits – as detailed in Note 40e) on page 110.
- The Authority has a Joint Waste Management arrangement with Lichfield District Council (LDC) as the host Authority responsible for management of the arrangement including the refuse fleet.

In February 2016 the LDC procured a new waste fleet using a contract hire arrangement that has been evaluated under IAS 17 as a finance lease. The value of assets procured and the finance lease obligation was **£2,240,000**.

We have applied the tests contained within the Code and IFRS 11 and it is our conclusion that the arrangement does not meet the definition of a joint venture or joint operation as:

- a) IFRS 11 requires a legally binding contract to be in place and the joint waste service does not contain a formal, legally binding arrangement;
- b) the decision-making arrangements do not, in our view, meet the requirement for joint control;
- c) LDC, as the host Authority, hold a number of key responsibilities and elements of decision-making, including legal liability in respect of the lease of the waste fleet and other assets.

The Authority therefore only includes within its accounts the payments it makes to LDC in respect of the service and its own assets which are used for the provision of the service. Payments to LDC are based on an agreed percentage of the total net cost of providing the service, based on the number of properties in each area, currently 42.2% for the Authority.

4. Assumptions Made About the Future & Other Major Sources of Estimation Uncertainty

The Statement of Accounts contains estimated figures that are based on assumptions made by the Authority about the future or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because balances cannot be determined with certainty, actual results could be materially different from the assumptions and estimates.

The items in the Authority's Balance Sheet at 31st March 2018 for which there is a significant risk of material adjustment in the forthcoming financial year are as follows:

Item	Uncertainties	Effect if Actual Results Differ from Assumptions
Pensions	<p>Estimation of the net liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on pension fund assets.</p> <p>A firm of consulting actuaries is engaged to provide the Authority with expert advice about the assumptions to be applied.</p>	<p>Adjustment to the level of liability on the Balance Sheet. During the year the overall liability reduced from £43.5m to £41.9m (following an increase from £40.6m to £43.5m in 2016/17) – see Note 38 on page 95.</p> <p>Variations in the key assumptions will have the following impact on the net liability:</p> <p>A 0.5% decrease in the real discount rate will increase the net pension liability by £12.1m (10%);</p> <p>A 0.5% increase in the assumed level of salary increases will increase the net pension liability by £1.6m (1%); and</p> <p>A 0.5% increase in the assumed level of pension increases will increase the net pension liability by £10.3m (8%).</p>
Business Rates Retention	<p>The Local Government Finance Act 2012 introduced a Business Rates Retention Scheme that enabled local authorities to retain a proportion of the Business Rates generated in their area. The new arrangements for the Business Rates came into effect on 1st April 2013. Billing authorities acting as agents on behalf of the major preceptors (10%), Central Government (50%) and themselves (40%) are required to make provisions for refunding ratepayers who have successfully appealed against the rateable value of their properties on the rating List.</p>	<p>The Authority has included a provision of £1.5m (the overall provision in the Business Rates Collection Fund is £3.8m and the Authority's share of the Local Business Rates Retention scheme is 40%) for appeals outstanding on the 31st March 2018 of £109.4m. Local businesses can appeal against the Rateable Value on the 2010 Rating list under limited circumstances and can also appeal against the Rateable Value on the 2017 Rating List.</p>

Item	Uncertainties	Effect if Actual Results Differ from Assumptions
		<p>The 2017 Rating List is subject to a fresh approach to appeals known as "Check, Challenge & Appeal" (CCA) which means that before an appeal is made the Rateable Value may be amended upon negotiation between the Valuation Office and the ratepayer (or their agents). This process will inevitably lead to a delay in appeals being made.</p> <p>It is difficult to estimate the likelihood of businesses both submitting and being successful with an appeal in the future and the Authority has therefore made no provision in the accounts.</p>
Property, Plant and Equipment	Assets are depreciated over useful lives that are dependent on assumptions about the level of repairs and maintenance that will be incurred in relation to individual assets. The current economic climate makes it uncertain that the Authority will be able to sustain its current spending on repairs and maintenance, bringing into doubt the useful lives assigned to assets.	If the useful life of assets is reduced, depreciation increases and the carrying amount of the assets falls. It is estimated that the annual depreciation charge for Council dwellings would increase by c.£55k for every year that useful lives had to be reduced.

This list does not include assets and liabilities that are carried at fair value based on a recently observed market price.

5. Material Items of Income and Expense

When items of income and expense are material, their nature and amount is disclosed separately, either on the face of the Comprehensive Income and Expenditure Statement or in the notes to the accounts, depending on how significant the items are to an understanding of the Authority's financial performance.

This note identifies material items of income and expense. For the purposes of this note the Authority considers material items to be those greater than £1.3m.

During 2015/16 the former Golf Course at Eagle drive was sold to Redrow Homes. The income from the sale will be received over 3 years and generate a Capital receipt of £24.6m and interest of £0.6m. The deferred payment arrangement, generated a receipt of £8.2m in 2017/18 (£1.0m in 2015/16 and £8.0m in 2016/17), leaving the remaining £8.0m due in 2018/19.

6. Events after the Balance Sheet Date

Events after the Balance Sheet date are those events, both favourable and unfavourable, that occur between the end of the reporting period (30th May 2018) and the date when the Statement of Accounts is authorised for issue (26th July 2018). Two types of events can be identified:

- a) those that provide evidence of conditions that existed at the end of the reporting period – the Statement of Accounts is adjusted to reflect such events;
- b) those that are indicative of conditions that arose after the reporting period – the Statement of Accounts is not adjusted to reflect such events, but where a category of events would have a material effect, disclosure is made in the notes of the nature of the events and their estimated financial effect.

Events taking place after the date of authorisation for issue are not reflected in the Statement of Accounts.

The Statement of Accounts was authorised for issue by the Executive Director Corporate Services on 30th May 2018. Events taking place after this date are not reflected in the financial statements or notes. Where events taking place before this date provided information about conditions existing at 31st March 2018, the figures in the financial statements and notes have been adjusted in all material respects to reflect the impact of this information.

7. Expenditure and Funding Analysis and Adjustment Detail

This statement shows how annual expenditure is used and funded from resources (government grants, rents, council tax and business rates) by local authorities in comparison with those resources consumed or earned by authorities in accordance with generally accepted accounting practices. It also shows how this expenditure is allocated for decision making purposes between the council's directorates. Income and expenditure accounted for under generally accepted accounting practices is presented more fully in the Comprehensive Income and Expenditure Statement.

7a) Adjustments for Capital Purposes

Adjustments for capital purposes – this column adds in depreciation and impairment and revaluation gains and losses in the services line, and for:

- **Other operating expenditure** – adjusts for capital disposals with a transfer of income on disposal of assets and the amounts written off for those assets.
- **Financing and investment income and expenditure** – the statutory charges for capital financing i.e. Minimum Revenue Provision and other revenue contributions are deducted from other income and expenditure as these are not chargeable under generally accepted accounting practices.
- **Taxation and non-specific grant income and expenditure** – capital grants are adjusted for income not chargeable under generally accepted accounting practices. Revenue grants are adjusted from those receivable in the year to those receivable without conditions or for which conditions were satisfied throughout the year. The Taxation and Non Specific Grant Income and Expenditure line is credited with capital grants receivable in the year without conditions or for which conditions were satisfied in the year.

7b) Net Change for the Pensions Adjustments

Net change for the removal of pension contributions and the addition of IAS 19 *Employee Benefits* pension related expenditure and income:

- **For services** this represents the removal of the employer pension contributions made by the Authority as allowed by statute and the replacement with current service costs and past service costs.
- **Financing and investment income and expenditure** -- the net interest on the defined benefit liability is charged to the CIES.

7c) Other Differences

Other differences between amounts debited/credited to the Comprehensive Income and Expenditure Statement and amounts payable/receivable to be recognised under statute:

- **Financing and investment income and expenditure** the other differences column recognises adjustments to the General Fund for the timing differences for premiums and discounts.
- **Taxation and non-specific grant income and expenditure** represents the difference between what is chargeable under statutory regulations for council tax and NDR that was projected to be received at the start of the year and the income recognised under generally accepted accounting practices in the Code. This is a timing difference as any difference will be brought forward in future Surpluses or Deficits on the Collection Fund.

8. Expenditure and Income Analysed by Nature

9. Adjustments between Accounting Basis & Funding Basis under Regulations

This note details the adjustments that are made to the total comprehensive income and expenditure recognised by the Authority in the year in accordance with proper accounting practice to the resources that are specified by statutory provisions as being available to the Authority to meet future capital and revenue expenditure.

Adjustments between Accounting Basis and Funding Basis under Regulations

2017/18

Adjustments primarily involving the Capital Adjustment Account:

Reversal of items debited or credited to the Comprehensive Income and Expenditure Statement:

Charges for depreciation and impairment of Non-Current Assets;

General Fund Balance	Housing Revenue Account	Capital Receipts Reserve	Major Repairs Reserve	Unusable Reserves

Adjustments primarily involving the Capital Receipts Reserve:

Transfer of cash sale proceeds credited as part of the gain/ loss on disposal to the Comprehensive Income and Expenditure Statement;

Use of the Capital Receipts Reserve to finance new capital expenditure;

Contribution from the Capital Receipts Reserve towards administrative costs of Non-Current Asset disposals;

Contribution from the Capital Receipts Reserve to finance the payments to the Government Capital Receipts Pool;

Transfer from Deferred Capital Receipts Reserve upon receipt of cash.

Adjustments primarily involving the Major Repairs Reserve:

Reversal of Major Repairs Allowance credited to the HRA;

Use of the Major Repairs Reserve to finance new capital expenditure.

Adjustments between Accounting Basis and Funding Basis under Regulations

Adjustments primarily involving the Pensions Reserve:

Reversal of items relating to retirement benefits debited or credited to the Comprehensive Income & Expenditure Statement (see Note 38);

Employer's pensions contribution and direct payments to pensioners payable in the year.

Adjustment primarily involving the Collection Fund Adjustment Account:

Amount by which Council Tax and Non Domestic Rating Income credited to the Comprehensive Income and Expenditure Statement is different from Council Tax and Non Domestic Rating Income calculated for the year in accordance with statutory requirements.

Adjustment primarily involving the Accumulated Absences Account:

Amount by which officer remuneration charged to the Comprehensive Income and Expenditure Statement on an accruals basis is different from remuneration chargeable in the year in accordance with statutory requirements.

Total Adjustments 2017/18

10. Transfers to / (from) Earmarked Reserves

The Authority sets aside specific amounts as reserves for future policy purposes or to cover contingencies. Reserves are created by appropriating amounts out of the General Fund or Housing Revenue Account in the Movement in Reserves Statement.

When expenditure to be financed from a reserve is incurred, it is charged to the appropriate service in that year to score against the (Surplus) or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement. The reserve is then appropriated back into the General Fund or Housing Revenue Account in the Movement in Reserves Statement so that there is no net charge against Council Tax or housing rent for the expenditure.

Certain reserves are kept to manage the accounting processes for Non Current Assets, financial instruments, retirement and employee benefits and do not represent usable resources for the Authority.

This note sets out the amounts set aside from the General Fund and HRA Balances in Earmarked Reserves to provide financing for future expenditure plans and the amounts posted back from Earmarked Reserves to meet General Fund and HRA Expenditure in 2017/18.

Transfers to / (from) Earmarked Reserves	Balance at 1st April 2016 £000	Transfers Out 2016/17 £000	Transfers In 2016/17 £000	Balance at 31st March 2017 £000	Transfers Out 2017/18 £000	Transfers In 2017/18 £000	Balance at 31st March 2018 £000
General Fund:							
Future Capital Expenditure	1,201	(274)	27	954	(530)	708	1,132
Temporary Reserves	363	(370)	146	139	(155)	166	150
Retained Funds	2,429	(982)	1,035	2,482	(878)	689	2,293
Commuted Sums	1,119	(5)	219	1,333	(225)	110	1,218
Other Reserves	848	(1,172)	1,141	817	(298)	576	1,095
Total	5,960	(2,803)	2,568	5,725	(2,086)	2,249	5,888
HRA:							
Future Capital Expenditure	11,000	(2,207)	2,704	11,497	(3,561)	2,924	10,860
Temporary Reserves	-	-	84	84	(84)	586	586
Retained Funds	363	(23)	71	411	-	16	427
Other Reserves	-	-	-	-	-	222	222
Total	11,363	(2,230)	2,859	11,992	(3,645)	3,748	12,095

Future Capital Expenditure: The Authority maintains a Capital Reserve under the provisions of the Local Government (Miscellaneous Provisions) Act 1976. It is Authority policy to make advances from this fund to various services.

Temporary Reserves: These have been established by the transfer of funds from revenue in order to finance specific identified schemes or potential needs.

Retained Funds: These have been established in order to finance recurring irregular expenditure for a specific purpose.

Commuted Sums: These are monies deposited by contractors to finance future maintenance expenditure incurred as a result of the various developments.

Other Reserves: The largest of these is the Building Repairs Fund that is held for the maintenance of Municipal buildings, including commercial properties.

11. Other Operating Expenditure

2016/17 £000	Other Operating Expenditure	2017/18 £000
597	Payments to the Government Housing Capital Receipts Pool	422
(532)	(Gains) / losses on the disposal of Non Current Assets	(688)

(842)	Finance Lease Income	(842)
(2,137)	(Income) and expenditure in relation to investment properties and changes in their fair value	(1,665)
(260)	Investment impairment	136
380	Total	806

13. Taxation & Non Specific Grant Income

2016/17 Restated £000	Taxation and Non Specific Grant Incomes	2017/18 £000
(3,456)	Council Tax income	(3,604)
(13,736)	Non Domestic Rates	(13,543)
10,640	Non Domestic Rates - Tariff	9,718
612	Non Domestic Rates - Levy to GBSLEP	1,168
(2,234)	Non ringfenced government grants	(2,202)
(874)	Capital grants and contributions	(1,273)
(9,048)	Total	(9,736)

A detailed breakdown of the grants, contributions and donations credited to the Comprehensive Income and Expenditure Statement in 2017/18 is shown in Note 32 on page 84.

14. Property, Plant & Equipment

Assets that have physical substance and are held for use in the production or supply of goods or services, for rental to others, or for administrative purposes and that are expected to be used during more than one financial year are classified as Property, Plant and Equipment.

a) Recognition

Expenditure on the acquisition, creation or enhancement of Property, Plant and Equipment is capitalised on an accruals basis, subject to a de minimus level of £10k, provided that it is probable that the future economic benefits or service potential associated with the item will flow to the Authority and the cost of the item can be measured reliably. Expenditure that maintains but does not add to an asset's potential to deliver future economic benefits or service potential (i.e. repairs and maintenance) is charged as an expense when it is incurred.

b) Measurement

Assets are initially measured at cost, comprising:

- i. the purchase price;
- ii. any costs attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management; and
- iii. the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located.

The Authority does not capitalise borrowing costs incurred whilst assets are under construction.

The cost of assets acquired other than by purchase is deemed to be its current value, unless the acquisition does not have commercial substance (i.e. it will not lead to a variation in the cash flows of the Authority). In the latter case, where an asset is acquired via an exchange, the cost of the acquisition is the carrying amount of the asset given up by the Authority.

Assets are then carried in the Balance Sheet using the following measurement bases:

- i. Infrastructure, Community Assets and Assets Under Construction – historical cost;
- ii. Dwellings – current value, determined using the basis of existing use value for social housing (EUV-SH); and
- iii. all other assets – current value, determined as the amount that would be paid for the asset in its existing use (Existing Use Value – EUV).

Where there is no market-based evidence of current value because of the specialised nature of an asset, Depreciated Replacement Cost (DRC) is used as an estimate of current value. Where non property assets that have short useful lives or low values (or both), depreciated historical cost basis is used as a proxy for current value. In the case of the Assembly Rooms and Cemeteries valuations, there is no active market and so DRC is used.

Assets included in the Balance Sheet at current value are revalued sufficiently regularly to ensure that their carrying amount is not materially different from their current value at the year end, but as a minimum every five years. The Authority carries out a rolling programme that ensures that all Property, Plant and Equipment required to be measured at current value is revalued at least every five years – including a desktop review of all Council Dwellings where they have not been subject to a formal revaluation in the year. A review of the valuation of all significant assets is undertaken annually.

Increases in valuations are matched by credits to the Revaluation Reserve to recognise unrealised gains. Exceptionally, gains might be credited to the Comprehensive Income and Expenditure Statement where they arise from the reversal of a loss previously charged to a service.

Where decreases in value are identified, they are accounted for by:

- i. where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down firstly against that balance (up to the amount of the accumulated gains); and then
- ii. where there is no balance in the Revaluation Reserve or an insufficient balance, the carrying amount of the asset is written down against the relevant service lines in the Comprehensive Income and Expenditure Statement.

The Revaluation Reserve contains revaluation gains recognised since 1st April 2007 only, the date of its formal implementation. Gains arising before that date have been consolidated into the Capital Adjustment Account.

c) Impairment

Assets are assessed at each year end as to whether there is any indication that an asset may be impaired. Where indications exist and any possible differences are estimated to be material, the recoverable amount of the asset is estimated and, where this is less than the carrying amount of the asset, an impairment loss is recognised for the shortfall.

Where the Authority has incurred capital expenditure on Council dwellings this is included within the Gross Book Value (GBV) and where it is not considered to add value it is included as impairment. These impairments are subject to write out annually.

The Authority has an ongoing programme of regeneration including disposal and redevelopment of garage sites and the redevelopment of housing at Tinkers Green and Kerria Centre. Where the decision had been made to dispose of a garage site, the value of the buildings element has been impaired to zero leaving only a residual land value. Similarly, the value of the dwellings in the housing redevelopment areas that are no longer available to let have been impaired to zero leaving only a residual land value.

Where impairment losses are identified, they are accounted for by:

- i. where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down firstly against that balance (up to the amount of the accumulated gains); and then
- ii. where there is no balance in the Revaluation Reserve or an insufficient balance, the carrying amount of the asset is written down against the relevant service lines in the Comprehensive Income and Expenditure Statement.

Where an impairment loss is reversed subsequently, the reversal is credited to the relevant service lines in the Comprehensive Income and Expenditure Statement, up to the amount of the original loss, adjusted for depreciation that would have been charged if the loss had not been recognised.

d) Depreciation

Depreciation is provided for on all Property, Plant and Equipment assets by the systematic allocation of their depreciable amounts over their useful lives. An exception is made for assets without a determinable finite useful life (i.e. freehold land and certain Community Assets) and assets that are not yet available for use (i.e. Assets Under Construction).

Depreciation is calculated on the following bases:

- i. **Council Housing Stock:** on a straight line basis to an appropriate residual value over the expected useful life of the asset of 50 years.

- ii. **Other Land and Buildings:** on a straight line basis to a nil residual value over the expected useful life of the asset being a range of 5 years to 70 years.

Historical properties: on a straight line basis to a nil residual value over the expected useful life of the asset being over 100 years

- iii. **Vehicles, Plant and Equipment:** on a straight line basis to a nil residual value over the expected useful life of the asset, being between 1 and 20 years.
- iv. **Infrastructure:** on a straight line basis to a nil residual value over the expected useful life of the asset of 30 years.
- v. **Community Assets:** on a straight line basis to a nil residual value over the expected useful life of the asset of 100 years.
- vi. **Heritage Assets:** the Authority considers that the Heritage Assets held will have indeterminate lives and a high residual value; hence the Authority does not consider it appropriate to charge depreciation for the assets.
- vii. **Computer Hardware:** is depreciated over a period of 3 years on a straight line basis to a nil residual value.
- viii. **Investment Properties and Surplus Assets:** no depreciation has been applied to either the land or building value of Investment Properties or Surplus Assets.
- ix. **Intangible Fixed Assets:** computer software licences are amortised to revenue over a period of 3 years.
- x. **Furniture and equipment** – minor purchases by the Authority are charged to revenue in the year of acquisition and are not capitalised in the accounts.
- xi. **De minimus items** of expenditure on computer equipment and software are capitalised under the concept of ‘Grouped Assets’ where the value of such items is material. A charge is made for these assets (depreciation for equipment and amortisation for software), calculated using the straight line method over a period of three years.

Depreciation, in the form of the capital element of finance leases is charged to the Comprehensive Income and Expenditure Statement in cases where the asset was acquired by way of a finance lease.

Where an item of Property, Plant and Equipment has major components whose cost is significant in relation to the total cost of the item, the components are depreciated separately – as detailed within the Component Accounting Policy for Property, Plant and Equipment.

Revaluation gains are also depreciated, with an amount equal to the difference between current value depreciation charged on assets and the depreciation that would have been chargeable based on their historical cost being transferred each year from the Revaluation Reserve to the Capital Adjustment Account.

e) Disposals and Non Current Assets Held for Sale

When it becomes probable that the carrying amount of an asset will be recovered principally through a sale transaction rather than through its continuing use, it is reclassified as an Asset Held for Sale. The asset is revalued immediately before reclassification and then carried at the lower of this amount and current value less costs to sell. Where there is a subsequent decrease to current value less costs to sell, the loss is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Gains in current value are recognised only up to the amount of any previous losses recognised in the (Surplus) or Deficit on Provision of Services. Depreciation is not charged on Assets Held for Sale.

If assets no longer meet the criteria to be classified as Assets Held for Sale, they are reclassified back to Non Current Assets and valued at the lower of their carrying amount before they were classified as Held for Sale; adjusted for depreciation, amortisation or revaluations that would have been recognised had they not been classified as Held for Sale, and their recoverable amount at the date of the decision not to sell.

f) Component Accounting Policy for Property, Plant and Equipment

i. De Minimus Level

The de minimus threshold for the Authority is a current net book value of £250k. Individual assets with a value less than £250k will be disregarded for componentisation. This level will be reviewed annually.

ii. Policy for Componentisation

The code requires that each part of an asset should be separately identified and depreciated where the cost is significant in relation to the overall cost of the asset.

To be separately identified as a component, an element of an asset must meet the following criteria:

- have a cost of at least 20% of the cost of the overall asset and
- have a materially different useful life (at least 20% different) and/or
- have a different depreciation method that materially affects the amount charged

The componentisation policy will be applied to new capital spend and new assets with a total cost of over £250k will be considered under the componentisation policy as follows:

- when an asset is enhanced, the cost of the replacement component is compared with the cost of the total asset and the result is measured against the agreed de minimus threshold;
- When an asset is acquired: the cost of any component parts are compared with the overall cost of the new asset and the results assessed against the agreed de minimus threshold;

iii. Valuation

The 5 year valuation cycle remains and therefore componentisation needs to be considered for each asset in the portfolio.

In addition in each financial year, a list of assets that have had capital expenditure incurred will be passed to the finance team and/or valuers who can consider componentisation for any properties not already reviewed.

iv. Impairment

We will continue to complete a desktop Impairment review on an annual basis.

a) Capital Commitments

At 31st March 2018, the Authority has entered into a number of contracts for the construction or enhancement of Property, Plant and Equipment in 2017/18 and future years. The major commitments for schemes valued in excess of £1m are:

2016/17 £000	Capital Contract	2017/18 £000
2,504.3	Housing Repairs & Investment	2,458.1
1,002.9	Redevelopment of Garage Sites	-
-	Assembly Rooms Development	3,212.1
-	Improvements to High Rise Blocks*	2,054.7
-	Regeneration of Tinkers Green & Kerria	14,849.2
3,507.2	Total	22,574.1

*Excludes Fire Upgrades to flats

b) Revaluations

The Authority carries out a rolling programme that ensures that all Property, Plant and Equipment required to be measured at current value is revalued at least every five years. The effective date of revaluation is 31st March 2018. The valuations are carried out by Authority's Property Surveyor, Mr P Evans MRICS, IRRV with the valuation of Council Dwellings being undertaken by Specialist Valuation Services an external valuer. Valuations of land and buildings were carried out in accordance with the methodologies and bases for estimation set out in the professional standards of the Royal Institution of Chartered Surveyors. Valuations of vehicles, plant, furniture and equipment are carried at historical cost as a proxy for current value.

The Authority carries out a rolling programme that ensures that all Property, Plant and Equipment required to be measured at current value is revalued at least every five years – including a desktop review of all Council Dwellings where they have not been subject to a formal revaluation in the year. A review of the valuation of all significant assets is undertaken annually.

The following statement shows the progress of the Authority's rolling programme for revaluation of Non Current Assets:

Valuations (Cost or Valuation)	Council Dwellings	Other Land and Buildings	Vehicles, Plant, Furniture and Equipment	Infrastructure Assets	Community Assets	Assets Under Construction	Total Property, Plant & Equipment
	£000	£000	£000	£000	£000	£000	£000
Valued at Historical Cost	-	-	4,136	378	1,078	1,111	6,703
Valued at Current Value in:							
2017/18	171,621	18,244	-	-	-	-	189,865
2016/17	771	-	-	-	-	-	771
2014/15*	-	45	-	-	-	-	45
Total	172,392	18,289	4,136	378	1,078	1,111	197,384

* Relates to Kerria Community Centre (impaired to land value as part of the Regeneration Scheme).

15. Heritage Assets

Heritage Assets are assets that are held by the Authority because of their cultural, environmental or historical value. Tangible Heritage Assets include historical buildings, paintings, sculptures / statues, archives and other works of art.

The Authority's Museum, Art and Civic Heritage Assets are held in various sites. The Museum Collection has four main collections, General Collection, Art, Furniture and Archaeological Collection and Ephemera.

The collections are used for education, learning, research, enjoyment and are preserved for the use of future generations.

Valuation of Heritage Assets

The Code requires that Heritage Assets are measured at valuation in the 2017/18 financial statements (including the 2016/17 comparative information). The Authority will recognise in the Balance Sheet each asset shown in the table which has an identified value.

Heritage Assets are recognised and measured (including the treatment of revaluation gains and losses) in accordance with the Authority's accounting policies on Property, Plant and Equipment. However, some of the measurement rules are relaxed in relation to Heritage Assets as detailed below.

The accounting policies in relation to Heritage Assets that are deemed to include elements of intangible Heritage Assets are also presented below.

- **General Collection:** Tamworth Castle has held collections and maintained a museum since it was purchased for the Borough in 1897. The collections are crucial for maximising access to and understanding of Tamworth's heritage. These items are reported in the Balance Sheet at insurance valuation which is based on Market values. Acquisitions, although rare, are initially recognised at cost.
- **Art Collection:** The collection consists principally of views of Tamworth by local artists although some are nationally recognised. The mediums covered include oil, watercolour, lithographs, mezzotints and prints. These too are reported in the Balance Sheet at insurance valuation based on Market values.
- **Archaeological Collection and Ephemera:** The archaeological collection consists mainly of finds from various excavations local to Tamworth, usually as a result of building development around Tamworth Castle site but also in the town and further afield. These are not recognised on the Balance Sheet as cost or valuation information is not reliable for items of this type due to the diverse nature, and lack of comparable market values for the assets held.

- **Civic Collection and Statues:** The Authority's Civic Collection and Statues were valued in April 2012 by external valuers. These assets are deemed to have an indeterminate life with high residual values; hence the Authority does not consider it appropriate to charge depreciation.
- **Tamworth Castle:** The castle dates from c1070 but has been updated and modernised during the interim period. The current value is based on historic cost but there are regular works to maintain the property.

Movement in 2017/18	Art Collection	Civic Regalia	Museum Exhibits	Statues	Castle	Total Heritage Assets

Total Cost of Purchases	172	54	-	39	18

16. Investment Properties

Investment Properties are those that are used solely to earn rentals and/or for capital appreciation. The definition is not met if the property is used in any way to facilitate the delivery of services or production of goods or is held for sale.

Investment Properties are measured initially at cost and subsequently at fair value, based on the amount at which the asset could be exchanged between knowledgeable parties at arm's length. Properties are not depreciated but are revalued annually according to market conditions at the year end. Gains and losses on revaluation are posted to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. The same treatment is applied to gains and losses on disposal.

Rentals received in relation to Investment Properties are credited to the Financing and Investment Income line and result in a gain for the General Fund Balance. However, revaluation and disposal gains and losses are not permitted by statutory arrangements to have an impact on the General Fund Balance. The gains and losses are therefore reversed out of the General Fund Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and (for any sale proceeds greater than £10k) the Capital Receipts Reserve.

The following items of income and expense have been accounted for in the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement:

2016/17 Restated £000	Investment Properties	2017/18 £000
(1,498)	Rental income from Investment Property	(1,551)
254	Direct operating expenses arising from Investment Property	277
(1,244)	Net (Gain) / Loss	(1,274)

There are no restrictions on the Authority's ability to realise the value inherent in its Investment Properties or on the Authority's right to the remittance of income and the proceeds of disposal. The Authority has no contractual obligations to purchase, construct or develop investment property or repairs, maintenance or enhancement.

The following table summarises the movement in the fair value of Investment Properties over the year:

2016/17 £000	Fair Value of Investment Properties	2017/18 £000
21,130	Balance at 1st April 2017	22,023
-	Transfers: to / from Property, Plant and Equipment	(29)
893	Valuations: Changes in market valuation	396
-	Disposals	(7)
-	Other changes	2
22,023	Balance at 31st March 2018	22,385

Fair Value Hierarchy - All the Authority's investment properties have been value assessed as Level 2 on the fair value hierarchy for valuation purposes (see Note 1 for an explanation of the fair value levels).

Valuation Techniques Used to Determine Level 2 Fair Values for Investment Property - The fair value of investment property has been measured using an income approach, by means of discounted cashflow method, where the expected cash flows from the properties are discounted (using a market – derived discount rate) to establish the present value of the net income stream. The approach has been developed using the Authority's own data requiring it to factor in assumptions such as the duration and timing of cash inflows and outflows, rent growth, occupancy levels, bad debt levels, maintenance costs, etc.

There has been no change in the valuation techniques used during the year for investment properties.

Highest and Best Use - In estimating the fair value of the Authority's investment properties, the highest and best use is their current use.

Valuation Process for Investment Properties - The Authority's investment property has been valued as at 31st March 2018 by Paul Evans, Internal Valuer, in accordance with the methodologies and bases for estimation set out in the professional standards of the Royal Institution of Chartered Surveyors.

17. Financial Instruments

Financial Liabilities

Financial liabilities are recognised on the Balance Sheet when the Authority becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value and are carried at their amortised cost. Financial liabilities within the accounts consist of long term debt (PWLB) and bank overdraft carried at amortised cost. Other financial liabilities quoted are contractual creditors (less than 1 year) carried at contract amount. Annual charges to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest payable are based on the carrying amount of the liability, multiplied by the effective rate of interest for the instrument. The effective interest rate is the rate that exactly discounts estimated future cash payments over the life of the instrument to the amount at which it was originally recognised.

For most of the borrowings that the Authority has, this means that the amount presented in the Balance Sheet is the outstanding principal repayable (plus accrued interest); and interest charged to the Comprehensive Income and Expenditure Statement is the amount payable for the year according to the loan agreement.

Gains and losses on the repurchase or early settlement of borrowing are credited and debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement in the year of repurchase/ settlement.

However, where any repurchase takes place as part of a restructuring of the loan portfolio that involves the modification or exchange of existing instruments, the premium or discount is respectively deducted from or added to the amortised cost of the new or modified loan and the write down to the Comprehensive Income and Expenditure Statement is spread over the life of the loan by an adjustment to the effective interest rate.

Where premiums and discounts have been charged to the Comprehensive Income and Expenditure Statement, regulations allow the impact on the General Fund Balance to be spread over future years. The Authority has a policy of spreading the gain or loss over the term that was remaining on the loan against which the premium was payable or discount receivable when it was repaid (up to a maximum of 10 years for the Housing Revenue Account).

The reconciliation of amounts charged to the Comprehensive Income and Expenditure Statement to the net charge required against the General Fund or Housing Revenue Account is managed by a transfer to or from the Financial Instruments Adjustment Account in the Movement in Reserves Statement.

Financial Assets

Financial assets are classified into two types:

- Loans and Receivables – assets that have fixed or determinable payments but are not quoted in an active market, these are included within the accounts at contractual amounts;
- Available for Sale Assets – assets that have a quoted market price and/or do not have fixed or determinable payments.

Loans and Receivables

Loans and receivables are recognised on the Balance Sheet when the Authority becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value. They are subsequently measured at their amortised cost. Annual credits to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest receivable are based on the carrying amount of the asset multiplied by the effective rate of interest for the instrument. For most of the loans that the Authority has made, this means that the amount presented in the Balance Sheet is the outstanding principal receivable (plus accrued interest) and interest credited to the Comprehensive Income and Expenditure Statement is the amount receivable for the year in the loan agreement.

Where assets are identified as impaired because of a likelihood arising from a past event that payments due under the contract will not be made, the asset is written down and a charge made to the relevant service (for receivables specific to that service) or the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

The impairment loss is measured as the difference between the carrying amount and the present value of the revised future cash flows discounted at the asset's original effective interest rate. Any gains and losses that arise on the derecognition of an asset are credited or debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

The accounting requirements for impairing investments (such as investments placed with Icelandic Banks) have been made in line with CIPFA guidance with the loss included in the (Surplus) or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement in line with advice and information from the administrators.

a) Categories of Financial Instruments

The following categories of financial instrument are carried in the Balance Sheet:

Financial Instruments	Long Term		Current	
	31st March 2017 £000	31st March 2018 £000	31st March 2017 £000	31st March 2018 £000
Investments				
Loans and receivables (Principal amount)	-	-	43,092	51,035
Plus Accrued Interest	-	-	59	93
Total Investments	-	-	43,151	51,128
Debtors				
Loans and receivables	-	-	8,119	9,770
Plus Accrued Interest	-	-	2	3
Financial assets carried at contract amounts	20,785	12,787	9,426	9,284
Total Debtors	20,785	12,787	17,547	19,057
Borrowings				
Financial liabilities at amortised cost	63,060	63,060	-	-
Plus Accrued Interest	-	-	311	311
Total Borrowings	63,060	63,060	311	311
Creditors				
Financial liabilities at amortised cost	-	-	923	1,357
Financial liabilities carried at contract amount	-	-	4,278	5,044
Total Creditors	-	-	5,201	6,401

The value of debtors and creditors reported in the table are solely those amounts meeting the definition of a financial instrument. The balances of debtors and creditors reported in the balance sheet and Notes 18 and 21 also include balances which do not meet the definition of a financial instrument, such as tax-based debtors and creditors.

b) Gains and Losses

The gains and losses recognised in the Comprehensive Income and Expenditure Statement and Movement in Reserves Statements in relation to financial instruments are made up as follows.

Financial Instruments	2016/17				2017/18			
	Financial liabilities measured at amortised cost	Financial Assets: Loans and receivables	Assets and Liabilities at Fair Value through Profit and Loss	Total	Financial liabilities measured at amortised cost	Financial Assets: Loans and receivables	Assets and Liabilities at Fair Value through Profit and Loss	Total
	£000	£000	£000	£000	£000	£000	£000	£000
Interest expense	2,877	-	-	2,877	2,677	-	-	2,677
Impairment (Gains) / losses	-	(260)	-	(260)	-	136	-	136
Total expense in (Surplus) or Deficit on the Provision of Services	2,877	(260)	-	2,617	2,677	136	-	2,813
Interest income	-	(690)	(842)	(1,532)	-	(621)	(842)	(1,463)
Total income in (Surplus) or Deficit on the Provision of Services	-	(690)	(842)	(1,532)	-	(621)	(842)	(1,463)
Net Gain / (Loss) for the Year	2,877	(950)	(842)	1,085	2,677	(485)	(842)	1,350

c) Fair Values of Assets and Liabilities

Financial liabilities, financial assets represented by loans and receivables and long term debtors and creditors are carried in the Balance Sheet at amortised cost. Their fair value can be assessed by calculating the present value of the cash flows that will take place over the remaining term of the instruments (Level 2 of the fair value hierarchy), using the following assumptions:

- For loans from the PWLB and other loans payable, premature repayment rates from the PWLB have been applied to provide the fair value under PWLB debt redemption procedures;
- For loans receivable prevailing benchmark market rates have been used to provide the fair value;
- No early repayment or impairment is recognised;

- Where an instrument has a maturity of less than 12 months or is a trade or other receivable the fair value is taken to be the principal outstanding or the billed amount;
- The fair value of trade and other receivables is taken to be the invoiced or billed amount.

The fair values calculated are as follows:

Financial Liabilities	31st March 2017		31st March 2018	
	Carrying Amount £000	Fair Value £000	Carrying Amount £000	Fair Value £000
PWLB Debt	63,371	89,239	63,371	89,113
Creditors	4,278	4,278	5,044	5,044
Total Financial Liabilities	67,649	93,517	68,415	94,157

The fair value is greater than the carrying amount because the Authority's portfolio of loans includes a number of fixed rate loans where the interest rate payable is higher than the rates available for similar loans in the market at the Balance Sheet date. This shows a notional future loss (based on economic conditions at 31st March 2018) arising from a commitment to pay interest to lenders above current market rates.

The fair value of Public Works Loan Board (PWLB) loans of £89.1m measures the economic effect of the terms agreed with the PWLB compared with estimates of the terms that would be offered for market transactions undertaken at the Balance Sheet date, which has been assumed as the PWLB certainty interest rates – as the Authority has a continuing ability to borrow at concessionary rates from the PWLB rather than from the markets. The difference between the carrying amount and the fair value measures the additional interest that the Authority will pay over the remaining terms of the loans under the agreements with the PWLB, against what would be paid if the loans were at prevailing market rates.

. But, as a supplementary measure of the fair value as a result of its PWLB commitments, if the Authority were to seek to avoid the projected loss by repaying the loans to the PWLB, the PWLB would raise a penalty charge, based on the redemption interest rates, for early redemption for the additional interest that will not now be paid. The exit price for the PWLB loans including the penalty charge would be £110.4m.

Loans and Receivables	31st March 2017		31st March 2018	
	Carrying Amount £000	Fair Value £000	Carrying Amount £000	Fair Value £000
Money Market Loans <1 year	43,151	43,163	51,128	51,120
Debtors	9,426	9,426	9,284	9,284
Long Term Debtors	20,785	20,785	12,787	12,787
Total Financial Liabilities	73,362	73,374	73,199	73,191

Where the fair value of the assets is lower than the carrying amount this is because the Authority's portfolio of investments includes a number of fixed rate loans where the interest rate receivable is lower than the rates available for similar loans at the Balance Sheet date and vice versa. For 2017/18, a notional future gain (based on economic conditions at 31st March 2018) attributable to the commitment to receive interest above current market rates.

For loans receivable prevailing benchmark market rates have been used to provide the fair value.

The differences are attributable to fixed interest instruments payable being held by the Authority whose interest rate is higher than the prevailing rate estimated to be available at 31st March 2018. This increases the fair value of financial liabilities and the value of loans and receivables.

Available for sale assets and assets and liabilities at fair value through profit or loss are carried in the Balance Sheet at their fair value. These fair values are based on public price quotations where there is an active market for the instrument.

Short term debtors and creditors are carried at cost as this is a fair approximation of their value.

18. Debtors

2016/17 £000	Debtors	2017/18 £000
602	Central Government bodies	1,832
375	Other Local Authorities	348
81	Council Taxpayers	76
2,073	Housing Rents	2,210
2,176	Other entities and individuals	2,193
8,200	Redrow Homes (from sale of former Golf Course)	8,000
39	Business Rates	45
(252)	Payment in advance	(267)
(3,146)	Provision for bad debts	(3,200)
10,148	Total	11,237

19. Cash & Cash Equivalents

Cash is represented by Cash in Hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are investments that mature in 3 months or less from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

In the Cash Flow Statement, Cash and Cash Equivalents are shown net of Bank Overdrafts that are repayable on demand and form an integral part of the Authority's cash management.

The balance of Cash and Cash Equivalents is made up of the following elements:

2016/17 £000	Cash and Cash Equivalents	2017/18 £000
2	Cash held by the Authority	2
(923)	Bank current accounts	(1,357)
8,121	Short term deposits with Banks and Building Societies	9,773
7,200	Total Cash and Cash Equivalents	8,418

20. Assets Held for Sale

When it becomes probable that the carrying amount of an asset will be recovered principally through a sale transaction rather than through its continuing use, it is reclassified as an Asset Held for Sale. The asset is revalued immediately before reclassification and then carried at the lower of this amount and fair value less costs to sell. Where there is a subsequent decrease to fair value less costs to sell, the loss is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Gains in fair value are recognised only up to the amount of any previous losses recognised in the (Surplus) or Deficit on Provision of Services. Depreciation is not charged on Assets Held for Sale.

If assets no longer meet the criteria to be classified as Assets Held for Sale, they are reclassified back to Non Current Assets and valued at the lower of their carrying amount before they were classified as Held for Sale; adjusted for depreciation, amortisation or revaluations that would have been recognised had they not been classified as Held for Sale, and their recoverable amount at the date of the decision not to sell.

There were no assets held for sale at 31st March 2018.

21. Creditors

2016/17 £000	Creditors	2017/18 £000
439	Central Government bodies	425
1,881	Other Local Authorities	1,711
101	Council Taxpayers	90
488	Housing Rents	513
3,884	Precepting Authorities (Business Rates)	3,565
1,393	Precepting Authorities (Council Tax)	1,418
1,909	Other entities and individuals	2,820
406	Business Rates	608
10,501	Total	11,150

22. Provisions

Provisions	Municipal Mutual Insurance £000	Land Charges Legal Liability £000	Restated Short Term Non Domestic Rates Appeals £000	Restated Short Term Provisions Total £000	Restated Long Term Non Domestic Rates Appeals £000
2016/17					
Balance at 1st April 2016	33	51	393	477	1,335
Additional provisions made in year	-	-	313	313	169
Amount used in year	(25)	(16)	(313)	(354)	-
Unused amounts reversed in year	-	(35)	-	(35)	-
Balance at 31st March 2017	8	-	393	401	1,504
2017/18					
Additional provisions made in year	-	-	651	651	-
Amount used in year	-	-	(350)	(350)	-
Unused amounts reversed in year	-	-	(10)	(360)	(651)
Balance at 31st March 2018	8	-	684	692	853

Provisions are made where an event has taken place that gives the Authority a legal or constructive obligation that probably requires settlement by a transfer of economic benefits or service potential, and a reliable estimate can be made of the amount of the obligation. For instance, the Authority may be involved in a court case that could eventually result in the making of a settlement or the payment of compensation.

Provisions are charged as an expense to the appropriate service line in the Comprehensive Income and Expenditure Statement in the year that the authority becomes aware of the obligation, and are measured at the best estimate at the Balance Sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

When payments are eventually made, they are charged to the provision carried in the Balance Sheet. Estimated settlements are reviewed at the end of each financial year – where it becomes less than probable that a transfer of economic benefits will now be required (or a lower settlement than anticipated is made), the provision is reversed and credited back to the relevant service.

Where some or all of the payment required to settle a provision is expected to be recovered from another party (e.g. from an insurance claim), this is only recognised as income for the relevant service if it is virtually certain that reimbursement will be received if the Authority settles the obligation.

a) Municipal Mutual Insurance (MMI)

This provision has been established as a result of the decision to trigger the 'Scheme of Arrangement' (SOA) with regard to Municipal Mutual Insurance (MMI), at a meeting of the Board of Directors on 13th November 2012. Under this SOA, the Authority is liable to pay a levy up to the value of claims paid since 1993 (£252k) and a provision of £33k was established to cover the potential additional levy of up to 28%. There is currently a remaining provision of £8k.

b) Business Rates Appeals

Under Business Rates Retention arrangements, Billing authorities acting as agents on behalf of the major preceptors (10%), Central Government (50%) and themselves (40%) are required to make provisions for refunding ratepayers who have successfully appealed against the rateable value of their properties on the Rating List. The Authority has included a provision of £1.5m (£1.9m – 2016/17) (the overall provision in the Business Rates Collection Fund is £3.8m (£4.7m – 2016/17) and the Authority's share of the Local Business Rates Retention scheme is 40%) for appeals outstanding on the 31st March 2018 of £109.4m (£88.5m 2016/17).

Further details regarding the approach to determining the NNDR provision can be found in Note 39 - Contingent Liabilities as local businesses could still appeal against the Rateable Value on the 2010 Rating List under limited circumstances and can also appeal against the Rateable Value on the 2017 Rating List.

23. Unusable Reserves

31st March 2017 £000	Unusable Reserves	31st March 2018 £000
33,951	Revaluation Reserve	47,059
103,782	Capital Adjustment Account	102,952
(43,479)	Pensions Reserve	(43,692)
28,420	Deferred Capital Receipts Reserve	20,403
472	Collection Fund Adjustment Account	429
(257)	Accumulated Absences Account	(240)
122,889	Total Unusable Reserves	126,911

a) Revaluation Reserve

The Revaluation Reserve contains the gains made by the Authority arising from increases in the value of its Property, Plant and Equipment. The balance is reduced when assets with accumulated gains are:

- revalued downwards or impaired and the gains are lost;
- used in the provision of services and the gains are consumed through depreciation; or
- disposed of and the gains are realised.

The Reserve contains only revaluation gains accumulated since 1st April 2007, the date that the Reserve was created. Accumulated gains arising before that date are consolidated into the balance on the Capital Adjustment Account.

2016/17 £000	Revaluation Reserve	2017/18 £000
18,067	Balance at 1st April 2017	33,951
15,573	Surplus or deficit on the revaluation of non-current assets not posted to the (Surplus) or Deficit on the Provision of Services	13,467
311	Amount written off to the Capital Adjustment Account	(359)
33,951	Balance at 31st March 2018	47,059

b) Capital Adjustment Account

The Capital Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for the consumption of Non Current Assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The Account is debited with the cost of acquisition, construction or enhancement as depreciation, impairment losses and amortisations are charged to the Comprehensive Income and Expenditure Statement (with reconciling postings from the Revaluation Reserve to convert fair value figures to a historical cost basis). The Account is credited with the amounts set aside by the Authority as finance for the costs of acquisition, construction and enhancement.

The Account contains accumulated gains and losses on Investment Properties and gains recognised on donated assets that have yet to be consumed by the Authority.

The Account also contains revaluation gains accumulated on Property, Plant and Equipment before 1st April 2007, the date that the Revaluation Reserve was created to hold such gains.

Note 9 provides details of the source of all the transactions posted to the Account, apart from those involving the Revaluation Reserve.

2016/17 £000	Capital Adjustment Account	2017/18 £000
91,201	Balance at 1st April 2017	103,782
	Reversal of items relating to capital expenditure debited or credited to the Comprehensive Income and Expenditure Statement:	
(10,577)	Charges for depreciation and impairment of Non Current Assets;	(7,659)
15,914	Revaluation losses on Property, Plant and Equipment;	(594)
(99)	Amortisation of Intangible Assets;	(76)
(695)	Revenue Expenditure Funded from Capital Under Statute;	(641)
(1,537)	Amounts of Non Current Assets written off on disposal or sale as part of the gains / loss on disposal to the Comprehensive Income and Expenditure Statement;	(1,933)
3,006		(10,903)
(311)	Adjusting amounts written out of the Revaluation Reserve;	359
2,695	Net written out amount of the cost of Non Current Assets consumed in the year;	(10,544)
	Capital financing applied in the year:	
2,032	Use of Capital Receipts Reserve to finance new capital expenditure;	562
3,373	Use of Major Repairs Reserve to finance new capital expenditure;	3,554
874	Capital grants and contributions credited to the Comprehensive Income and Expenditure Statement that have been applied to capital financing;	1,273
58	Statutory provision for the financing of capital investment charged against the General Fund and HRA balances - Minimum Revenue Provision;	58
2,656	Capital expenditure charged against the General Fund and HRA Balances.	3,871
8,993		9,318
893	Movements in the market value of Investment Properties debited or credited to the Comprehensive Income and Expenditure Statement.	396
103,782	Balance at 31st March 2018	102,952

c) Pension Reserve

The Pensions Reserve absorbs the timing differences arising from the different arrangements for accounting for post employment benefits and for funding benefits in accordance with statutory provisions. The Authority accounts for post employment benefits in the Comprehensive Income and Expenditure Statement as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs. However, statutory arrangements require benefits earned to be financed as the Authority makes employer's contributions to pension funds or eventually pays any pensions for which it is directly responsible.

The debit balance on the Pensions Reserve therefore shows a substantial shortfall in the benefits earned by past and current employees and the resources the Authority has set aside to meet them. The statutory arrangements will ensure that funding will have been set aside by the time the benefits come to be paid.

2016/17 £000	Pensions Reserve	2017/18 £000
(41,044)	Balance at 1st April 2017	(43,479)
(790)	Remeasurement of the Net Defined Benefit Liability / (Asset)	2,070
(3,461)	Reversal of items relating to retirement benefits debited or credited to the (Surplus) or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement	(4,329)
1,816	Employer's contributions and direct payments to pensioners payable in the year	2,046
(43,479)	Balance at 31st March 2018	(43,692)

The accounts include £1.8m relating to the advance payment of the pension lump sum for 2018/19 and 2019/20 – following the triennial review in March 2016. This has been accounted for, following technical advice, by reducing the charge to the Comprehensive Income and Expenditure Account offset in the Pensions Reserve.

d) Deferred Capital Receipts Reserve

The Deferred Capital Receipts Reserve holds the gains recognised on the disposal of Non Current Assets but for which cash settlement has yet to take place. Under statutory arrangements, the Authority does not treat these gains as usable for financing new capital expenditure until they are backed by cash receipts. When the deferred cash settlement eventually takes place, amounts are transferred to the Capital Receipts Reserve. The majority of the current balance relates to the accounting arrangements for finance leases under IFRS.

2016/17 £000	Deferred Capital Receipts Reserve	2017/18 £000
36,366	Balance at 1st April 2017	28,420
(7,922)	Transfer of deferred sale proceeds credited as part of the gain/loss on disposal to the Comprehensive Income and Expenditure Statement	-
(24)	Transfer to Capital Receipts Reserve upon receipt of cash	(8,017)
28,420	Balance at 31st March 2018	20,403

e) Accumulated Absences Account

The Accumulated Absences Account absorbs the differences that would otherwise arise on the General Fund Balance from accruing for compensated absences earned but not taken in the year, e.g. annual leave entitlement carried forward at 31st March 2018. Statutory arrangements require that the impact on the General Fund Balance is neutralised by transfers to or from the Account.

2016/17 £000	Accumulated Absences Account	2017/18 £000
(227)	Balance at 1st April 2017	(257)
227	Settlement or cancellation of accrual made at the end of the preceding year	257
(257)	Amounts accrued at the end of the current year	(240)
(30)	Amount by which officer remuneration charged to the Comprehensive Income and Expenditure Statement on an accruals basis is different from remuneration chargeable in the year in accordance with statutory requirements	17
(257)	Balance at 31st March 2018	(240)

24. Cash Flow Statement – Operating Activities

The cash flows for the operating activities include the following items:

2016/17 £000	Cash Flow Statement - Operating Activities	2017/18 £000
	The cash flows for operating activities include the following items	
(1,544)	Interest received	(1,429)
2,907	Interest paid	2,677
1,363		1,248
14,744	Net Surplus or (Deficit) on the Provision of Services	152
	Adjusted for non cash movements	
10,577	Depreciation	7,659
(15,914)	Impairment and Downward Valuations	594
99	Amortisation	76
1,075	Increase / Decrease in Creditors	(124)
(1,055)	Increase / Decrease in Debtors	(542)
-	Increase / Decrease in Inventories	(4)
2,114	Movement in Pension Liability	464
1,537	Carrying amount of Non Current Assets and Non Current Assets Held for Sale, sold or de-recognised	1,932
(800)	Other non cash items charged to the Net (Surplus) or Deficit on the Provision of Services	(757)
(2,367)		9,298
	Adjusted for items that are Investing or Financing Activities	
(2,121)	Proceeds from the sale of Property, Plant and Equipment, Investment Property and Intangible Assets	(2,680)
(874)	Any other items for which the cash effects are Investing or Financing Activities cash flows	(1,273)
(2,995)		(3,953)
9,382	Net Cash Flows from Operating Activities Surplus/(Deficit)	5,497

25. Cash Flow Statement – Investing Activities

2016/17 £000	Cash Flow Statement - Investing Activities	2017/18 £000
8,445	Purchase of Property, Plant and Equipment; Investment Property and Intangible Assets	7,995
19,242	Purchase of Short Term and Long Term Investments	7,942
(9,900)	Proceeds from the sale of Property, Plant and Equipment; Investment Property and Intangible Assets	(10,824)
(606)	Other receipts from Investing Activities	(734)
17,181	Net Cash Flows from Investing Activities	4,379

26. Cash Flow Statement – Financing Activities

2016/17 £000	Cash Flow Statement - Financing Activities	2017/18 £000
(1,431)	Other payments for Financing Activities	(6)
(56)	Other receipts from Financing Activities	(94)
2,000	Repayments of Short Term and Long Term Borrowing	-
513	Net Cash Flows from Financing Activities	(100)

27. Acquired & Discontinued Operations

Acquired operations

There were no acquired operations during 2017/18.

Discontinued Operations

The results of discontinued operations are shown as a single amount on the face of the Comprehensive Income and Expenditure Statement comprising the profit or loss of discontinued operations and the gain or loss recognised either on measurement to fair value less costs to sell or on the disposal of the discontinued operation. A discontinued operation is a unit that has been disposed of, or is classified as an Asset Held for Sale.

There were no discontinued operations during 2017/18.

28. Trading Operations

The Authority has a number of trading operations required to operate in a commercial environment as follows:

2016/17 Expenditure Restated £000	2016/17 Income £000	2016/17 (Surplus)/ Deficit Restated £000	Trading Operations	2017/18 Expenditure £000	2017/18 Income £000	2017/18 (Surplus)/ Deficit £000
5 (698)	(11) (789)	(6) (1,487)	Markets	6 (35)	(10) (831)	(4) (866)
59	(709)	(650)	Industrial Estates Other Land and Property	(77)	(722)	(799)
(634)	(1,509)	(2,143)	Total	(106)	(1,563)	(1,669)

Trading Operations are incorporated into the Comprehensive Income and Expenditure Statement.

29. Members' Allowances

The Authority paid the following amounts to members of the Authority during the year.

2016/17 £000	Members Allowances	2017/18 £000
158	Basic Allowance	160
86	Special Responsibility	92
4	Other Allowances/Expenses	4
1	Travel/Mileage	1
249	Total	257

30. Officers' Remuneration

Benefits Payable During Employment

Short term employee benefits are those due to be settled within 12 months of the year end. They include such benefits as wages and salaries, paid annual leave and paid sick leave and non-monetary benefits (e.g. Healthshield cover) for current employees and are recognised as an expense for services in the year in which employees render service to the Authority. An accrual is made for the cost of holiday entitlements (or any form of leave, e.g. time off in lieu) earned by employees but not taken before the year end which employees can carry forward into the next financial year. The accrual is made at the wage and salary rates applicable in the following accounting year, being the period in which the employee takes the benefit. The accrual is charged to (Surplus) or Deficit on the Provision of Services, but then reversed out through the Movement in Reserves Statement so that holiday benefits are charged to revenue in the financial year in which the holiday absence occurs.

The remuneration paid to the Authority's Senior Employees is as follows:

Officers Remuneration	Year	Salary, Fees and Allowances	Expenses Allowances	Sub-Total	Pension Contribution	Total
		£	£	£	£	£
Chief Executive*1,*2	2017/18	67,943	736	68,679	10,160	78,839

*1 Includes Local Returning Officer and Deputy Returning Officer Fees under Legislation

*2 This post was vacated during the year

*3 Temporary appointment as Head of Paid Service to cover part of the vacant Chief Executive post

*4 Temporary appointment as Chief Operating Officer to cover part of the vacant Chief Executive post

With regard to the reduction in pension contribution levels - following the triennial review carried out by the Actuary employed by the Pension Fund in March 2017 - indicative *ongoing* annual increases in Employer's contributions for the 3 years commencing 1st April 2017 have been indicated. This now includes an ongoing lump sum (with an annual increase) relating to past liabilities and a set rate for future employer contributions of 16.5% p.a. (This rate has not changed since 2014/15).

The Authority's employees receiving more than £50k remuneration for the year (excluding employer's pension contributions) were paid the following amounts:

2016/17 Total Number of Employees	Remuneration Band	2017/18 Number of Employees Left During Year	2017/18 Number Employed at 31st March 2018	2017/18 Total Number of Employees
1	£50,000 - £54,999	-	2	2
1	£55,000 - £59,999	-	-	-
-	£60,000 - £64,999	-	1	1
2	£65,000 - £69,999	1	1	2
-	£70,000 - £74,999	-	1	1
2	£75,000 - £79,999	-	1	1
1	£80,000 - £84,999	-	2	2
2	£85,000 - £89,999	-	-	-
-	£90,000 - £94,999	-	1	1
-	£95,000 - £99,999	-	1	1
1	£115,000 - £119,999	-	-	-
10	Total	1	10	11

The number of exit packages with total cost per band and total cost of redundancies are set out below:

Exit Package Cost Band	Number of Departures Agreed		Total Cost of Exit Packages	
	2016/17	2017/18	2016/17 £'000	2017/18 £'000
£0 - £20,000	1	-	13	-
Total	1	-	13	-

31. External Audit Costs

The agreed audit fees paid for 2017/18 were £56k (£66k 2016/17) net of a refund of £7.4k.

2016/17 £000	External Audit Costs	2017/18 £000
50	Fees payable to Grant Thornton with regard to the external audit services carried out by the appointed auditor for the year;	42
14	Fees payable to Grant Thornton for the certification of grants and returns for the year;	14
2	Fees payable in respect of other services provided by Cabinet Office during the year - National Fraud Initiative.	-
66	Total	56

The indicative fee for certification of grants and returns for 2017/18 is £14k.

32. Grant Income

Whether paid on account, by instalments or in arrears, government grants and third party contributions and donations are recognised as due to the Authority when there is reasonable assurance that:

- the Authority will comply with the conditions attached to the payments, and
- the grants or contributions will be received.

Amounts recognised as due to the Authority are not credited to the Comprehensive Income and Expenditure Statement until conditions attached to the grant or contribution have been satisfied. Conditions are stipulations that specify that the future economic benefits or service potential embodied in the asset acquired using the grant or contribution are required to be consumed by the recipient as specified, or future economic benefits or service potential must be returned to the transferor.

Monies advanced as grants and contributions for which conditions have not been satisfied are carried in the Balance Sheet as creditors. When conditions are satisfied, the grant or contribution is credited to the relevant service line (attributable revenue grants and contributions) or Taxation and Non Specific Grant Income (non ringfenced revenue grants and all capital grants) in the Comprehensive Income and Expenditure Statement.

Where capital grants are credited to the Comprehensive Income and Expenditure Statement, they are reversed out of the General Fund Balance in the Movement in Reserves Statement. Where the grant has yet to be used to finance capital expenditure, it is posted to the Capital Grants Unapplied Reserve. Where it has been applied, it is posted to the Capital Adjustment Account. Amounts in the Capital Grants Unapplied Reserve are transferred to the Capital Adjustment Account once they have been applied to fund capital expenditure.

The Authority credited the following grants, contributions and donations to the Comprehensive Income and Expenditure Statement in 2017/18:

2016/17 £000	Grant Income	2017/18 £000
	Credited to Taxation and Non Specific Grant Income	
1,210	Revenue Support Grant	771
13,736	NNDR	13,543
(10,640)	Non Domestic Rates - Tariff	(9,718)
(612)	Non Domestic Rates - Levy to GBSLEP	(1,168)
657	New Homes Bonus	382
-	Discretionary Business Rates Relief	107
316	S31 Grant - Small Business Rate Relief	656
51	Other Grants	286
874	Capital Grants and Contributions	1,273
5,592	Total	6,132

The Authority credited the following grants, contributions and donations to Cost of Services within the Comprehensive Income and Expenditure Statement in 2017/18:

2016/17 £000	Credited to Services Government Grant	2017/18 £000
362	DWP Admin Grant	330
93	NNDR Cost of Collection	91
19,792	Benefits	18,459
120	Discretionary Housing Payment	159
9	Nature Reserve	4
101	Safer Stronger Communities/Domestic Abuse	102
50	Electoral Process	38
-	Homelessness Reduction Act	29
-	Domestic Abuse Services	106
4	Arts Council	33
4	HLF - Assembly Rooms	-
53	Welfare Benefit Reform Changes	113
-	Flexible Homelessness Support	59
20,588	Total	19,523

The Authority has received a number of grants, contributions and donations that have yet to be recognised as income as they have conditions attached to them that will require the monies or property to be returned to the giver. The balances at the year end are as follows:

31st March 2017 £000	Capital Grants Receipts in Advance	31st March 2018 £000
1	DCMS Free Swimming Grant	1
3	Lottery BMX Track	3
2	Elections	2
-	HLF Mercian Trail	10
-	Arts Council	91
-	Other	27
6	Total	134

33. Related Parties

The Authority is required to disclose material transactions with related parties – bodies or individuals that have control or joint control, or significant influence over the Authority, or are a member of the key management personnel of the Authority. Disclosure of these transactions allows readers to assess the extent to which the Authority might have been constrained in its ability to operate independently or might have secured the ability to limit another party’s ability to bargain freely with the Authority.

a) Central Government

Central Government has effective control over the general operations of the Authority – it is responsible for providing the statutory framework within which the Authority operates, provides the majority of its funding in the form of grants and prescribes the terms of many of the transactions that the Authority has with other parties (e.g. Council Tax bills, housing benefits). Grants received from government departments are set out in the subjective analysis in Note 8. Grant receipts outstanding at 31st March 2018 are shown in Note 32.

b) Members

Members of the Authority have direct control over the Authority’s financial and operating policies. The total of Members’ Allowances paid in 2017/18 is shown in Note 29. During the financial year ended 31st March 2018, there were no material transactions between the Authority and its Members, other than the payment of Member Allowances. Details of all transactions are recorded in the Register of Members’ Interest, open to public inspection at the Town Hall during office hours.

Members are required to disclose information regarding any material transactions between them and any other organisation in which they could exert control. During the financial year ended 31st March 2018, there were no such transactions.

c) Officers

During the financial year ended 31st March 2018, there were no material transactions between the Authority and its Chief Officers, other than the payment of officer salaries. The total of Senior Officers' Remuneration is shown in Note 0.

Senior Officers are required to disclose information regarding any material transactions between them and any other organisation in which they could exert control. During the financial year ended 31st March 2018, there were no such transactions.

d) Staffordshire County Council, OPCC and Fire Authority Precepts.

Staffordshire County Council and OPCC Staffordshire, and Stoke on Trent and Staffordshire Fire and Rescue Authority, issue precepts on the Authority, as follows:

31st March 2017 £000	Precepts	31st March 2018 £000
22,757	Staffordshire County Council	24,100
3,713	Staffordshire Police Authority	3,821
1,470	Stoke on Trent and Staffordshire Fire and Rescue Authority	1,509
27,940	Total	29,430

During the year, there were 3 Councillors who were both a Member of the Council and Staffordshire County Council.

e) Staffordshire County Council

Under the Recycling Credit Scheme, the Authority also receives recycling credits from Staffordshire County Council. These are then paid over to the Joint Waste Unit under arrangements with Lichfield District Council.

31st March 2017 £000	Recycling Credit Scheme	31st March 2018 £000
(766)	Recycling Credits	(693)
(766)	Total	(693)

f) Joint Waste Management Services

The Authority's Joint Waste Service with Lichfield District Council was launched in July 2010, and a joint committee - 'Lichfield and Tamworth Waste Collection Services' - was established. The organisation provides waste and recycling services to approximately 73,000 properties across the two Authorities. Lichfield District Council is responsible for hosting the service including employment of staff.

The parties have an agreement in place for funding this operation with contributions to the agreed budget of **57.8%** from the Lichfield District Council and **42.2%** from Tamworth Borough Council. The same proportions are used to meet any deficit or share any surplus arising on the operation's budget at the end of each financial year.

The revenue outturn of the Joint Waste Service for the year ended 31st March 2018 is as follows:

2016/17 £000	Joint Waste Arrangement Income / Expenditure	2017/18 £000
	Funding Provided to the Operation	
(1,292)	Contribution from Tamworth Borough Council	(1,275)
(1,748)	Contribution from Lichfield District Council	(1,750)
(3,040)	Total Funding Provided to the Operation	(3,025)
	Expenditure	
2,471	Employee Costs	2,577
4	Premises Related Expenses	4
1,217	Transport Costs	1,229
1,389	Supplies and Services	1,345
318	Central Support Costs	369
5,399	Total Expenditure	5,524
	Income	
(1,872)	Recycling Credits	(1,812)
-	Green Waste Service	(231)
(553)	Other Income	(562)
(2,425)	Total Income Received	(2,605)
2,974	Total Net Expenditure	2,919
	Net (Surplus)/Deficit arising on the pooled budget during the year	
(66)		(106)
42.50%	Tamworth Borough Council's share of Service	42.16%
	Tamworth Borough Council's share of Net (Surplus)/Deficit	
(28)		(45)

Lichfield District Council are the lead Authority for this arrangement, with the Authority reimbursing Lichfield for services on the basis of a proportion of actual spend. For 2017/18, the cost of the arrangement to the Authority was £1.28m.

34. Capital Expenditure & Financing

Expenditure incurred during the year that may be capitalised under statutory provisions but that does not result in the creation of a Non Current Asset has been charged as expenditure to the relevant service in the Comprehensive Income and Expenditure Statement in the year. Where the Authority has determined to meet the cost of this expenditure from existing capital resources or by borrowing, a transfer in the Movement in Reserves Statement from the General Fund or Housing Revenue Account to the Capital Adjustment Account then reverses out the amounts charged so that there is no impact on the level of Council Tax or housing rent.

The total amount of capital expenditure incurred in the year is shown in the table below, together with the resources that have been used to finance it. Where capital expenditure is to be financed in future years by charges to revenue as assets are used by the Authority, the expenditure results in an increase in the Capital Financing Requirement (CFR), a measure of the capital expenditure incurred historically by the Authority that has yet to be financed. The CFR is analysed in the second part of this note.

2016/17 £000	Capital Expenditure and Financing	2017/18 £000
69,041	Opening Capital Financing Requirement	68,983
	Capital Investment	
8,111	Property, Plant and Equipment	8,487
39	Heritage Assets	18
88	Intangible Assets	114
695	Revenue Expenditure Funded from Capital under Statute	641
	Sources of Finance	
(2,032)	Capital receipts	(562)
(521)	Government grants and other contributions	(809)
(6,027)	Sums set aside from revenue - Direct Revenue Contributions	(7,425)
(58)	Sums set aside from revenue - Minimum Revenue Provision	(58)
(353)	Grants - Revenue Expenditure Funded from Capital Under Statute	(464)
68,983	Closing Capital Financing Requirement	68,925
	Explanation of movements in year:	
(58)	Increase in underlying need to borrow: Sums set aside from revenue - Minimum Revenue Provision	(58)
(58)	Increase/(Decrease) in Capital Financing Requirement	(58)

35. Leases

Leases are classified as finance leases where the terms of the lease transfer substantially all the risks and rewards incidental to ownership of the property, plant or equipment from the lessor to the lessee. All other leases are classified as operating leases.

Where a lease covers both land and buildings, the land and buildings elements are considered separately for classification.

Arrangements that do not have the legal status of a lease but convey a right to use an asset in return for payment are accounted for under this policy where fulfilment of the arrangement is dependent on the use of specific assets.

a) Authority as Lessee

Operating Leases

Rentals paid under operating leases are charged to the Comprehensive Income and Expenditure Statement as an expense of the services benefiting from use of the leased Property, Plant and Equipment. Charges are made on a straight line basis over the life of the lease, even if this does not match the pattern of payments (e.g. there is a rent free period at the commencement of the lease).

The Authority currently uses vehicles, plant and equipment financed under terms of an operating lease. The amount paid under these arrangements in 2017/18 was £329k (£328k - 2016/17). These leases have options for annual extensions beyond the original lease term, a number of these options are currently being taken up.

2016/17 £000	Minimum Lease Payments	2017/18 £000
328	Minimum lease payments	329
328	Total Minimum Lease Payments	329

The Authority was committed at 31st March 2018 to making payments of £811k under operating leases, comprising the following elements:

31st March 2017 £000	Operating Leases	31st March 2018 £000
208	Not later than one year	256
462	Later than one year not later than five years	555
670	Total Operating Leases	811

It should be noted that in addition new leasing arrangements are being prepared in relation to our commercial fleet.

b) Authority as Lessor

i. Finance Leases

Where the Authority grants a finance lease over a property or an item of plant or equipment, the relevant asset is written out of the Balance Sheet as a disposal.

At the commencement of the lease, the carrying amount of the asset in the Balance Sheet (whether Property, Plant and Equipment or Assets Held for Sale) is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal.

A gain, representing the Authority's net investment in the lease, is credited to the same line in the Comprehensive Income and Expenditure Statement also as part of the gain or loss on disposal (i.e. netted off against the carrying value of the asset at the time of disposal), matched by a lease (Long Term Debtor) asset in the Balance Sheet.

Lease rentals receivable are apportioned between:

- a charge for the acquisition of the interest in the property – applied to write down the lease debtor (together with any premiums received), and
- finance income (credited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement).

The gain credited to the Comprehensive Income and Expenditure Statement on disposal is not permitted by statute to increase the General Fund Balance and is required to be treated as a capital receipt. Where a premium has been received, this is posted out of the General Fund Balance to the Capital Receipts Reserve in the Movement in Reserves Statement.

Where the amount due in relation to the lease asset is to be settled by the payment of rentals in future financial years, this is posted out of the General Fund Balance to the Deferred Capital Receipts Reserve in the Movement in Reserves Statement. When the future rentals are received, the element for the capital receipt for the disposal of the asset is used to write down the lease debtor. At this point, the deferred capital receipts are transferred to the Capital Receipts Reserve.

The written off value of disposals is not a charge against Council Tax, as the cost of fixed assets is fully provided for under separate arrangements for capital financing. Amounts are therefore appropriated to the Capital Adjustment Account from the General Fund Balance in the Movement in Reserves Statement.

The Authority has leased out property at the Ankerside Shopping Centre including car park, on a finance lease with a remaining term of 71 years.

The Authority has a gross investment in the lease, made up of the minimum lease payments expected to be received over the remaining term and the residual value anticipated for the property when the lease comes to an end. The minimum lease payments comprise settlement of the Long Term Debtor for the interest in the property acquired by the lessee and finance income that will be earned by the Authority in future years whilst the debtor remains outstanding.

The gross investment is made up of the following amounts:

31st March 2017 £000	Assets Held for Leases (Lessor)	31st March 2018 £000
	Finance lease debtor (NPV of minimum lease payments)	
12,612	Non current	12,603
47,800	Unearned finance income	46,959
12	Unguaranteed residual value of property	12
60,424	Gross Investment in the Lease	59,574

The gross investment in the lease and the minimum lease payments will be received over the following periods:

Minimum Lease Payments 31st March 2017 £000	Gross Investment in the Lease 31st March 2017 £000	Minimum Lease Payments	Minimum Lease Payments 31st March 2018 £000	Gross Investment in the Lease 31st March 2018 £000
851	851	Not later than one year	851	851
3,403	3,403	Later than one year not later than five years	3,404	3,404
56,158	56,170	Later than five years	55,307	55,319
60,412	60,424	Total	59,562	59,574

The Authority does not set aside any amount for future uncollectable amounts. The minimum lease payments do not include rents that are contingent on events taking place after the lease was entered into, such as adjustments following rent reviews.

ii. Operating Leases

Where the Authority grants an operating lease over a property or an item of plant or equipment, the asset is retained in the Balance Sheet. Rental income is credited to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Credits are made on a straight line basis over the life of the lease, even if this does not match the pattern of payments (e.g. there is a premium paid at the commencement of the lease). Initial direct costs incurred in negotiating and arranging the lease are added to the carrying amount of the relevant asset and charged as an expense over the lease term on the same basis as rental income.

The Authority leases out property and equipment under operating leases for the following purposes:

- for the provision of community services, such as community centres; and
- for investment purposes to provide suitable affordable accommodation for local businesses.

The future minimum lease payments receivable under non cancellable leases in future years are:

31st March 2017 £000	Future Minimum Lease Payments	31st March 2018 £000
	Operating Leases	
1,024	Not later than one year	1,096
3,740	Later than one year not later than five years	4,120
50,428	Later than five years	54,609
55,192	Total	59,825

The minimum lease payments receivable do not include rents that are contingent on events taking place after the lease was entered into, such as adjustments following rent reviews.

The minimum lease payments do not include cancellable rents received during the period, these amounted to £441k in 2017/18 (£425k - 2016/17). There were 22 void units at the 31st March 2018 (21 voids at the 31st March 2017).

36. Impairment Losses

Charges for impairment of £4.4m have been made during 2017/18. This included an amount of £4.3m where the expenditure on Council Dwellings has not produced a similar increase in the value and £0.1m for HRA dwellings no longer available to let as part of the Regeneration Project. This amount was charged direct to the Comprehensive Income and Expenditure Statement for the Housing Revenue Account.

The HRA Capital Expenditure of £7.7m mainly related to improvements to bathrooms, kitchens, central heating, electrical upgrades and disabled adaptations however, £0.7m related to the acquisition of 5 new properties to be used within the general need stock; £2.07m related to the construction of 19 new dwellings on redeveloped garage sites. The impairment has been recognised as the advice of the Authority's internal valuer is that such improvements have not increased the overall value of the asset.

37. Termination Benefits

Termination benefits are amounts payable as a result of a decision by the Authority to terminate an officer's employment before the normal retirement date or an officer's decision to accept voluntary redundancy and are charged on an accruals basis to the relevant service line in the Comprehensive Income and Expenditure Statement when the Authority is demonstrably committed to the termination of the employment of an officer or group of officers or making an offer to encourage voluntary redundancy.

Where termination benefits involve the enhancement of pensions, statutory provisions require the General Fund or Housing Revenue Account to be charged with the amount payable by the Authority to the pension fund or pensioner in the year, not the amount calculated according to the relevant accounting standards.

In the Movement in Reserves Statement, appropriations are required to and from the Pensions Reserve to remove the notional debits and credits for pension enhancement termination benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year end.

There were no terminations of employee contracts during 2017/18.

38. Defined Benefit Pension Schemes

The pension costs included in these accounts have been determined in accordance with government regulations and IAS 19. The standard requires the full recognition of the pensions liability (and the movement of its constituent parts) in the Comprehensive Income and Expenditure Statement. These requirements are included within the accounts in accordance with CIPFA recommended practice.

The Local Government Pension Scheme (LGPS) is a defined benefit statutory scheme, administered in accordance with the Local Government Pension Scheme Regulations 2013:

- i. The liabilities of the Staffordshire Local Government Pension Fund attributable to the Authority are included in the Balance Sheet on an actuarial basis using the projected unit credit method – i.e. an assessment of the future payments that will be made in relation to retirement benefits earned to date by employees, based on assumptions about mortality rates, employee turnover rates, etc., and projections of projected earnings for current employees.
- ii. Liabilities are discounted to their value at current prices, using a discount rate of 2.7%.

This is based on an approach whereby a Corporate Bond yield curve is constructed based on the constituents of the iBoxx AA Corporate Bond Index.

Separate discount rates are then set (and corresponding RPI/CPI inflation assumptions) for individual employers, dependent on their own weighted average duration.

- iii. The assets of Staffordshire Local Government Pension Fund attributable to the Authority are included in the Balance Sheet at their fair value:
 - quoted securities – current bid price;
 - unquoted securities – professional estimate;
 - unitised securities – current bid price;
 - property – market value.
- iv. The change in the net pensions liability is analysed into the following components:
 - **Current Service Cost:** The increase in liabilities as a result of years of service earned this year – allocated in the Comprehensive Income and Expenditure Statement to the services for which the employees worked;
 - **Past Service Cost:** The increase in liabilities arising from current year decisions whose effect relates to years of service earned in earlier years – debited to the (Surplus) or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement as part of Non Distributed Costs;

- **Interest Cost:** The expected increase in the present value of liabilities during the year as they move one year closer to being paid – debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement;
- **Expected Return on Assets:** The annual investment return on the fund assets attributable to the Authority, based on an average of the expected long-term return – credited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement;
- **Gains or Losses on Settlements and Curtailments:** The result of actions to relieve the Authority of liabilities or events that reduce the expected future service or accrual of benefits of employees – debited or credited to the (Surplus) or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement as part of Non Distributed Costs;
- **Re-measurement of the Net Defined Benefit Liability / (Asset):** Changes in the net pensions liability that arise because events have not coincided with assumptions made at the last actuarial valuation or because the actuaries have updated their assumptions – debited to the Pensions Reserve; and
- **Contributions paid to the Staffordshire Local Government Pension Fund:** Cash paid as employer’s contributions to the pension fund in settlement of liabilities; not accounted for as an expense.

In relation to retirement benefits, statutory provisions require the General Fund and the Housing Revenue Account to be charged with the amount payable by the Authority to the pension fund or directly to pensioners in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, this means that there are appropriations to and from the Pensions Reserve to remove the notional debits and credits for retirement benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year end.

The negative balance that arises on the Pensions Reserve thereby measures the beneficial impact to the General Fund and Housing Revenue Account of being required to account for retirement benefits on the basis of cash flows rather than as benefits are earned by employees.

Discretionary Benefits

The Authority has restricted powers to make discretionary awards of retirement benefits in the event of early retirements. Any liabilities estimated to arise as a result of an award to any member of staff are accrued in the year of the decision to make the award and accounted for using the same policies as are applied to the Local Government Pension Scheme.

a) Participation in Pension Schemes

As part of the terms and conditions of employment of its officers, the Authority makes contributions towards the cost of post employment benefits. Although these benefits will not actually be payable until employees retire, the Authority has a commitment to make the payments that needs to be disclosed at the time that employees earn their future entitlement.

The authority participates in two post employment schemes:

- The Local Government Pension Scheme, administered locally by Staffordshire County Council – this is a funded defined benefit final salary scheme, meaning that the Authority and employees pay contributions into a fund, calculated at a level intended to balance the pensions liabilities with investment assets.
- Arrangements for the award of discretionary post retirement benefits upon early retirement – this is an unfunded defined benefit arrangement, under which liabilities are recognised when awards are made. However, there are no investment assets built up to meet these pensions liabilities, and cash has to be generated to meet actual pensions payments as they eventually fall due.

b) Transactions Relating to Post-employment Benefits

We recognise the cost of retirement benefits in the reported Cost of Services when they are earned by employees, rather than when the benefits are eventually paid as pensions. However, the charge we are required to make against Council Tax is based on the cash payable in the year, so the real cost of post employment / retirement benefits is reversed out of the General Fund (and HRA) via the Movement in Reserves Statement. The following transactions have been made in the Comprehensive Income and Expenditure Statement and the General Fund Balance via the Movement in Reserves Statement during the year:

Comprehensive Income and Expenditure Statement

Local Government Pension Scheme 2016/17 £000	Discretionary Benefit Arrangements 2016/17 £000	Defined Benefit Pension Schemes	Local Government Pension Scheme 2017/18 £000	Discretionary Benefit Arrangements 2017/18 £000
		Comprehensive Income and Expenditure Statement:		
2,030	67	Current service costs	3,191	66

g) Basis for Estimating Assets and Liabilities

Liabilities have been assessed on an actuarial basis using the projected unit credit method, an estimate of the pensions that will be payable in future years dependent on assumptions about mortality rates, salary levels, etc. Both the Local Government Pension Scheme and Discretionary Benefits liabilities have been assessed by Hymans Robertson, an independent firm of actuaries, estimates for the County Council Fund being based on the latest full valuation of the scheme as at 31st March 2018. The significant assumptions used by the actuary have been:

Local Government Pension Scheme 2016/17	Discretionary Benefit Arrangements 2016/17	Assumptions	Local Government Pension Scheme 2017/18	Discretionary Benefit Arrangements 2017/18
2.60%	-	Long-term expected rate of return on assets in the scheme:		
2.60%	-	Equity Investments	2.70%	-
2.60%	-	Bonds	2.70%	-
2.60%	-	Property Managed Funds	2.70%	-
2.60%	-	Cash	2.70%	-
2.60%	-	Other	2.70%	-
		Mortality assumptions (in years):		
		Longevity at 65 for current pensioners:		
22.1	22.1	Men	22.1	22.1
24.4	24.4	Women	24.4	24.4
		Longevity at 65 for future pensioners:		
24.1	24.1	Men	24.1	24.1
26.4	26.4	Women	26.4	26.4
2.40%	2.40%	CPI Rate	2.40%	2.40%
2.80%	2.80%	Rate of increase in salaries	2.80%	2.80%
2.40%	2.40%	Rate of increase in pensions	2.40%	2.40%
2.60%	2.60%	Rate for discounting scheme liabilities	2.70%	2.70%
50%/75%	-	Take-up of option to convert annual pension into retirement lump sum	50%/75%	-

The estimation of the defined benefit obligations is sensitive to the actuarial assumptions set out in the table above. The sensitivity analysis below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period and assumes for each change that the assumption analysed changes while all the other assumptions remain constant. The assumptions in longevity, for example, assume that life expectancy increases or decreases for men and women. In practice, this is unlikely to occur, and changes in some of the assumptions may be inter related. The estimations in the sensitivity analysis have followed the accounting policies for the scheme, i.e. on an actuarial basis using the projected unit credit method. The methods and types of assumptions used in preparing the sensitivity analysis below did not change from that used in the previous period.

Impact on the Defined Benefit Obligation in the Scheme		Change in Assumptions at 31st March 2018	Impact on the Defined Benefit Obligation in the Scheme	
Approx. % Increase to Liability 2016/17 %	Approx. Monetary Value 2016/17 £000		Approx. % Increase to Liability 2017/18 %	Approx. Monetary Value 2017/18 £000
9.00%	11,697	0.5% Decrease in Real Discount Rate	10.00%	12,071
3.00% to 5.00%	4,986 to 8,310	1 Year in Member Life Expectancy	3.00% to 5.00%	4,947 to 8,245
1.00%	1,662	0.5% Increase in the Salary Increase Rate	1.00%	1,649
8.00%	9,875	0.5% Increase in the Pension Increase Rate	8.00%	10,275

The total contributions expected to be made to the Local Government Pension Scheme by the Authority in the year to 31st March 2018 is £3.8m (£2.0m - 2017/18), which includes an advance deficit repair pension payment of £2.5m made in April 2017 (in return for a discount) in respect of the lump sum payments due for financial years 2017/18 to 2019/20.

39. Contingent Liabilities

A Contingent Liability arises where an event has taken place that gives the Authority a possible obligation, the existence of which will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Authority. Contingent Liabilities also arise in circumstances where a provision would otherwise be made but either it is not probable that an outflow of resources will be required or the amount of the obligation cannot be measured reliably.

Contingent Liabilities are not recognised in the Balance Sheet but disclosed in a note to the accounts.

The Authority has included a provision – detailed in Note 22 – relating to Business Rate appeals outstanding as at 31st March 2018.

Local businesses can appeal against the Rateable Value on the 2010 Rating list under limited circumstances and can also appeal against the Rateable Value on the 2017 Rating List. The 2017 Rating List is subject to a fresh approach to appeals known as "Check, Challenge & Appeal" (CCA) which means that before an appeal is made the Rateable Value may be amended upon negotiation between the Valuation Office and the ratepayer (or their agents). This process will inevitably lead to a delay in appeals being made.

It is difficult to estimate the likelihood of businesses both submitting and being successful with an appeal and the Authority has therefore made provision in the accounts based on professional advice from independent valuers. However, the level of historic appeals together with the average level of success and savings in Rateable Value is shown for both the 2005 and 2010 lists below:

Indicator	2005 List	2010 List	2017 List	Total
A Total of original Rateable Values resolved	£115.89m	£126.27m	£-	£242.16m
B Total original Rateable Value of successful appeals	£51.84m	£34.77m	£-	£86.61m
Average success rate (% of RV) (B/A)	44.73%	27.54%	n/a	35.77%
C Total revised Rateable Value of successful appeals	£47.55m	£30.07m	£-	£77.62m
D Total reduction in Rateable Value (C-B)	£4.29m	£4.70m	£-	£8.99m
Average % reduction in Rateable Value (D/B)	8.28%	13.53%	n/a	10.39%
E Years the List has been active	5	7	1	-
F Average annual reduction in Rateable Value (D/E)	£0.86m	£0.67m	n/a	-
G Standard Business Rate Multiplier in 2018/19	49.3p	49.3p	49.3p	49.3p
H Average annual cost of reduction based on 2018/19 Multiplier (FxG)	£0.423m	£0.331m	n/a	£0.754m
District Council Share at 40% (Hx0.4)	£0.169m	£0.132m	n/a	£0.302m
I Appeals outstanding 31/03/18	£0.17m	£109.20m	£-	£109.37m
J Provision included	£0.01m	£2.40m	£1.43m	£3.84m
Provision as a % of Appeals outstanding (J/I)	5.78%	2.19%	n/a	3.51%

40. Nature & Extent of Risks Arising from Financial Instruments

Key Risks

The Authority's activities expose it to a variety of financial risks:

- Credit risk – the possibility that other parties might fail to pay amounts due to the Authority;
- Liquidity risk – the possibility that the Authority might not have funds available to meet its commitments to make payments; and
- Market risk – the possibility that financial loss might arise for the Authority as a result of changes in such measures as interest rates and stock market movements.

a) Credit Risk

Credit risk arises from deposits with banks and financial institutions, as well as credit exposures to the Authority's customers.

This risk is minimised through the Annual Investment Strategy, which requires that deposits are not made with financial institutions unless they meet identified minimum credit criteria, in accordance with the Fitch, Moody's and Standard and Poors Credit Ratings Services. The Annual Investment Strategy also considers maximum amounts and time limits in respect of each financial institution. Deposits are not made with banks and financial institutions unless they meet the minimum requirements of the investment criteria outlined above. Additional selection criteria are also applied after this initial criteria is applied. Details of the Investment Strategy can be found on the Authority's website. The key areas of the Investment Strategy are that the minimum criteria for investment counterparties include:

This Authority uses the creditworthiness service provided by Link Asset Services. This service uses a sophisticated modelling approach with credit ratings from all three rating agencies - Fitch, Moodys and Standard and Poors, forming the core element.

However, it does not rely solely on the current credit ratings of counterparties but also uses the following as overlays:

- credit watches and credit outlooks from credit rating agencies;
- CDS spreads to give early warning of likely changes in credit ratings;
- Sovereign ratings to select counterparties from only the most creditworthy countries.

The full Investment Strategy for 2017/18 was approved by Full Council on 21st February 2017 and is available on the Authority's website.

Customers for goods and services are assessed, taking into account their financial position, past experience and other factors, with individual credit limits being set in accordance with internal ratings in accordance with parameters set by the Authority.

The Authority's maximum exposure to credit risk in relation to its investments in banks and building societies of £51m cannot be assessed generally as the risk of any institution failing to make interest payments or repay the principal sum will be specific to each individual institution. Recent experience has shown that it is rare for such entities to be unable to meet their commitments. A risk of irrecoverability applies to all of the Authority's deposits, but there was no evidence at the 31st March 2018 that this was likely to crystallise.

The following analysis summarises the Authority's maximum exposure to credit risk on other financial assets, based on experience of default, adjusted to reflect current market conditions.

Whilst the current credit crisis in international markets has raised the overall possibility of default, the Authority maintains strict credit criteria for investment counterparties.

Credit Risk	Amount at 31st March 2018 £000 A	Historical Experience of Default % B	Historical Experience Adjusted for Market Conditions at 31st March 2018 % C	Estimated Maximum Exposure to Default and Uncollectability at 31st March 2018 £000 (A x C)	Estimated Maximum Exposure at 31st March 2017 £000
A rated counterparties	43,000	0.05%	0.05%	23	328
BBB rated counterparties	8,003	0.16%	0.16%	13	-
Caa rated counterparties	32	18.74%	18.74%	6	29
Trade Debtors	2,017	89.37%	89.37%	1,802	1,794
Total	53,052	-	-	1,844	2,151

The Authority does not generally allow credit for customers, such that £2.0m is past its due date for payment. The past due amount as at 31st March 2018 but not impaired amount can be analysed by age as follows:

31st March 2017 £000	Arrears	31st March 2018 £000
329	Less than six months	288
186	Six months to one year	207
375	More than one year	265
1,217	More than two years	1,257
2,107	Total	2,017

The Authority initiates a legal charge on property where, for instance, works have to be carried out in default but those responsible cannot afford to pay immediately. The total collateral at 31st March 2018 was £47.2k (£28.4k - 2016/17).

b) Liquidity Risk

The Authority manages its liquidity position through the risk management procedures above (the setting and approval of prudential indicators and the approval of the treasury and investment strategy reports), as well as through a comprehensive cash flow management system, as required by the CIPFA Code of Practice. This seeks to ensure that cash is available when needed.

The Authority has ready access to borrowings from the money markets to cover any day to day cash flow need, and the PWLB and money markets for access to longer term funds. The Authority is also required to provide a balanced budget through the Local Government Finance Act 1992, which ensures sufficient monies are raised to cover annual expenditure. There is therefore no significant risk that it will be unable to raise finance to meet its commitments under financial instruments. The maturity analysis of financial liabilities is as follows:

31st March 2017 Average		Financial Liabilities	31st March 2018 Average	
Rate %	Amount £000		Rate %	Amount £000
4.05%	63,371	PWLB	4.05%	63,371
4.05%	63,371	Total	4.05%	63,371
-	311	Less than one year (Interest Due)	-	311
4.25%	1,000	Maturing in 10 - 15 years	4.25%	1,000
4.05%	62,060	Maturing in over 15 years	4.05%	62,060
4.05%	63,371	Total	4.05%	63,371

c) Refinancing and Maturity Risk

The Authority maintains a significant debt and investment portfolio. Whilst the cash flow procedures above are considered against the refinancing risk procedures, longer term risk to the Authority relates to managing the exposure to replacing financial instruments as they mature. This risk relates to both the maturing of longer term financial liabilities and longer term financial assets.

The approved treasury indicator limits for the maturity structure of debt and the limits placed on investments placed for greater than one year in duration are the key parameters used to address this risk. The Authority approved treasury and investment strategies address the main risks and the central treasury team address the operational risks within the approved parameters. This includes:

- monitoring the maturity profile of financial liabilities and amending the profile through either new borrowing or the rescheduling of the existing debt; and
- monitoring the maturity profile of investments to ensure sufficient liquidity is available for the Authority's day to day cash flow needs, and the spread of longer term investments provide stability of maturities and returns in relation to the longer term cash flow needs.

The maturity analysis of financial assets is as follows:

31st March 2017		Financial Assets	31st March 2018	
Average Rate %	Amount £000		Average Rate %	Amount £000
0.56%	43,151	Less than one year	0.63%	51,128
0.56%	43,151	Total	0.63%-	51,128

All trade and other payables are due to be paid in less than one year – debtors of £2.0m are not included in the table above.

d) Market Risk

i) Interest Rate Risk

The Authority is exposed to interest rate movements on its borrowings and investments. Movements in interest rates have a complex impact on the Authority, depending on how variable and fixed interest rates move across differing financial instrument periods.

For instance, a rise in variable and fixed interest rates would have the following effects:

- **Borrowings at variable rates:** The interest expense charged to the Comprehensive Income and Expenditure Statement will rise;
- **Borrowings at fixed rates:** The fair value of the borrowing will fall (no impact on revenue balances);

- **Investments at variable rates:** The interest income credited to the Comprehensive Income and Expenditure Statement will rise; and
- **Investments at fixed rates:** The fair value of the assets will fall (no impact on revenue balances).

Borrowings are not carried at fair value on the Balance Sheet, so nominal gains and losses on fixed rate borrowings would not impact on the (Surplus) or Deficit on the Provision of Services or Other Comprehensive Income and Expenditure. However, changes in Interest Payable and Receivable on variable rate borrowings and investments will be posted to the (Surplus) or Deficit on the Provision of Services and affect the General Fund Balance, subject to influences from Government grants (i.e. HRA). Movements in the fair value of fixed rate investments that have a quoted market price will be reflected in the Other Comprehensive Income and Expenditure Statement.

The Authority has a number of strategies for managing interest rate risk. The Annual Treasury Management Strategy draws together Authority's prudential and treasury indicators and its expected treasury operations, including an expectation of interest rate movements. From this Strategy a treasury indicator is set which provides maximum limits for fixed and variable interest rate exposure. The central treasury team will monitor market and forecast interest rates within the year to adjust exposures appropriately. For instance during periods of falling interest rates, and where economic circumstances make it favourable, fixed rate investments may be taken for longer periods to secure better long term returns, similarly the drawing of longer term fixed rates borrowing would be postponed.

The risk of interest rate loss is partially mitigated by Government grant payable on financing costs. As at 31st March 2018, the Authority had no variable rate debt or investments. There would therefore be no material impact if all interest rates had been higher or lower during the year.

ii) Price Risk

The Authority, excluding the pension fund, does not generally invest in instruments with this type of risk.

e) Impairment of Financial Assets – Deposits with Icelandic Banks

Early in October 2008, the Icelandic banks Landsbanki, Kaupthing and Glitnir collapsed and the UK subsidiaries of the banks, Heritable and Kaupthing Singer and Friedlander (KSF) went into administration.

The Authority had £7.5m deposited across 3 of these institutions, with varying maturity dates and interest rates as follows:

Bank	Date Invested	Maturity Date	Amount Invested £	Interest Rate %	Carrying Amount £	Principal Default %
Glitnir	10/10/2007	09/10/2008	1,000,000	6.28	-	-
Glitnir	31/08/2007	28/08/2009	1,000,000	6.55	-	-
Glitnir	14/12/2007	12/12/2008	1,000,000	6.16	-	-
KSF	31/08/2008	09/08/2010	1,000,000	6.69	10,740	13.5%
KSF	31/10/2007	29/10/2008	1,000,000	6.16	10,579	13.5%
KSF	14/01/2008	14/10/2010	1,000,000	5.90	10,433	13.5%
Heritable	12/09/2008	13/10/2008	500,000	5.38	-	2%
Heritable	15/09/2008	22/10/2008	1,000,000	5.45	-	2%
Total			7,500,000	-	31,753	-

All monies within these institutions are currently subject to the respective administration and receivership processes. The amounts and timing of payments to depositors such as the Authority will be determined by the administrators / receivers.

The current situation with regards to recovery of the sums deposited varies between each institution. Based on the latest information available the Authority considers that it is appropriate to consider an impairment adjustment for the deposits, and has taken the action outlined below. As the available information is not definitive as to the amounts and timings of payments to be made by the administrators / receivers, it is likely that further adjustments will be made to the accounts in future years.

Glitnir Bank hf

Glitnir Bank hf is an Icelandic entity. The Icelandic Supreme Court decision to grant UK local authorities priority status, enabled the winding up board to make a distribution to creditors in a basket of currencies in March 2012.

An element of the distribution was in Icelandic Krona which was placed in an ESCROW account in Iceland. This element of the distribution was retained in Iceland due to currency controls currently operating there and as a result was subject to exchange rate risk, over which the Authority had no control.

On 27th June 2017, the Authority received €1,017,109.80 (£885,212.28) in respect of the repayment of the Icelandic Bank Glitnir deposit held in escrow. This was £135,539 lower than the figure contained within the 2016/17 accounts, due to the discounted offer from the Central Bank of Iceland to release the funds. This was an opportunity for those Authorities with balances, to use this as an exit route, in liaison with the LGA – and also to realise the significant exchange rate gains made during the previous 2 years. The escrow funds were also no longer receiving interest credits.

The accounts contained a balance of £1,020,751 which included an exchange rate gain of £243,673.

Kaupthing Singer and Friedlander Ltd (KSF)

The current position is as shown in the table above. The Authority has decided to recognise an impairment based on it recovering 86.50p in the £.

Recoveries are expressed as a percentage of the Authority's claim in the administration, which includes interest accrued up to 7th October 2008.

Heritable Bank

Heritable bank is a UK registered bank under Scottish law. The company was placed in administration on 7th October 2008. The Authority has used this final figure to calculate the impairment based on recovering 98p in the £.

Recoveries are expressed as a percentage of the Authority's claim in the administration, which includes interest accrued up to 6th October 2008.

41. Prior Period Restatement of Service Expenditure and Income

The following table shows how the net expenditure and income for 2016/17 has been restated (within the CIES on page 20) following identification of a change in the presentation of internal recharges from 2017/18. From 2017/18 internal support services recharge costs have to be removed and can no longer be shown within the cost of other services.

Comprehensive Income & Expenditure Statement	Restated			Restated			Restated		
	Gross Expenditure 2016/17	Removal of Recharges 2016/17	Gross Expenditure 2016/17	Gross Income 2016/17	Removal of Recharges 2016/17	Gross Income 2016/17	Net Expenditure 2016/17	Removal of Recharges 2016/17	Net Expenditure 2016/17

Approval of Accounts

I confirm that these accounts were approved by the Audit and Governance Committee at the meeting held on 26th July 2018

Signed on behalf of Tamworth Borough Council

Councillor M Summers, Chair of the Audit and Governance Committee

Dated 26th July 2018

This is an electronic copy without an electronic signature. The original was signed as dated above and a copy can be obtained from the Executive Director Finance.

Housing Revenue Account

The HRA Income and Expenditure Statement shows the economic cost in the year of providing housing services in accordance with generally accepted accounting practices, rather than the amount to be funded from rents and government grants. The Authority charges rents to cover expenditure in accordance with legislative framework; this may be different from accounting cost. The increase or decrease in the year, on the basis which rents are raised, is shown in the Movement on the Housing Revenue Account Statement.

2016/17 £000	HRA Comprehensive Income and Expenditure Statement	2017/18	
		£000	£000
	Expenditure:		
2,929	Repairs and Maintenance	3,079	
6,082	Supervision and Management	6,311

NOTES TO THE HRA

HRA1. Number & Type of Dwelling

The Authority is responsible for managing a housing stock, made up as follows:

	Houses and Bungalows	High and Medium Rise Flats	Low Rise Flats	Total
Housing Stock as at 1st April 2017	2,744	750	882	4,376
Demolitions	-	(82)	(4)	(86)
Sales	(35)	(4)	(6)	(45)
Purchases	23	-	1	24
Housing Stock as at 31st March 2018	2,732	664	873	4,269

In order to comply with the requirements of Resource Accounting, garages are now identified within other property. Non operational assets are those held by an authority but not directly occupied or used in the delivery of its services.

HRA2. Vacant possession value of dwellings

The Vacant Possession Valuation as at 31st March 2018 is £428.2m (31st March 2017 Vacant Possession Value was £404.6m).

However, assets are valued on the Balance Sheet at their existing use reflecting the valuation of a property if it were to be disposed with sitting tenants benefiting from sub-market rents. This reflects the economic cost to the Government of providing council housing at less than open market value.

Council dwellings are held on the Balance Sheet at Existing Use Value Social Housing (EUV-SH) which for 2017/18, a nationally set adjustment factor for the West Midlands of 40% of vacant possession value has been used (40% - 2016/17).

Existing Use Social Housing Value of Dwellings

HRA3. Movement on the Major Repairs Reserve (MRR)

The Major Repairs Reserve represents the long term average amount of capital spending required to maintain the stock in its current condition.

The Capital Expenditure shown was spent on maintaining council dwellings.

2016/17 £000	Major Repairs Reserve	2017/18 £000
1,383	Balance at 1st April 2017	2,521
4,511	Contributions to the Major Repairs Reserve	4,510
(3,373)	Capital Spending on Dwellings	(3,554)
2,521	Balance at 31st March 2018	3,477

The contribution in 2017/18 includes depreciation of £2.7m and a further revenue contribution to capital outlay of £1.8m.

HRA4. Capital Expenditure Summary

The following table details how £7.7m Capital Expenditure was financed during the year.

2016/17 £000	Capital Expenditure	2017/18 £000
	Capital Expenditure Type:	
6,428	Dwellings	5,528
325	Land	-
10	Plant, Vehicles and Equipment (PVE)	7
598	Assets Under Construction	2,128
7,361	Total Capital Expenditure	7,663
	Funded by:	
1,524	Usable capital receipts	294
2,218	Revenue contributions	3,569
246	External grants and contributions	246
3,373	Major Repairs Reserve	3,554
7,361	Total Funding	7,663

HRA5. Capital Receipts

During the year capital receipts totalling £2.6m were received in respect of dwellings sold, of which £0.4m was repaid to DCLG under the pooling regime. The un-pooled element of capital receipts are retained for financing housing capital investment and regeneration works

2016/17 £000	Capital Receipts	2017/18 £000
2,065 (597)	Sale of dwellings under Right to Buy Amounts pooled to Central Government	2,624 (422)
1,468	Net Capital Receipts	2,202

HRA6. Depreciation & Impairment Charges

Council Dwellings are depreciated on a straight line basis over the period of their useful economic life. The charge for the year was £2.7m.

The charge for depreciation of £0.1m on non council dwellings has been calculated on a straight line basis over the period of their useful economic life.

Charges for impairment of £4.4m have been made during 2017/18. This included an amount of £4.3m where the expenditure on capital assets has not produced a similar increase in the value of the asset and £0.1m in respect of dwellings, part of the Regeneration Scheme at Tinkers Green, no longer available for letting.

HRA7. HRA Pensions Reserve

2016/17 £000	Pensions	2017/18 £000
293	Difference between current service cost of pensions and past service cost in accordance with IAS 19 and actual employers' contributions	667
877	Interest on share of pensions liability	727
(544)	Expected return on share of assets	(474)
626	Total	920

HRA8. Rent Arrears

2016/17 £000	Rent Arrears	2017/18 £000
1,601	Gross arrears	1,180
8.9%	Gross arrears as percentage of gross rent income	6.7%

Of the rent arrears, 51.6% (37.5% - 2016/17) refer to former tenants.

2016/17 £000	Provision for Bad Debts	2017/18 £000
1,208	Rent Arrears	
	Balance at 1st April 2017	1,324
143	Contribution from / (to) HRA in year	152
(27)	Written off in year	(106)

4,742	As at 31st March 2018	3,843

Annual Governance Statement 2017/18

What is Governance?

Governance comprises the arrangements put in place to ensure that the intended outcomes for stakeholders are defined and achieved.

To deliver good governance in the Authority, both governing bodies (Members) and individuals working for the Authority must try to achieve the Authority's objectives whilst acting in the public interest at all times.

Acting in the public interest implies primary consideration of the benefits for society, which should result in positive outcomes for service users and other stakeholders.

The Core Principles of Good Governance

The diagram below, taken from the International Framework: Good Governance in the Public Sector (CIPFA/IFAC. 2014) (the "International Framework"), illustrates the various principles of good governance in the public sector and how they relate to each other.

Responsibility

The Authority is responsible for ensuring that its business is completed in line with the law and statutory legislation, and that public money is spent wisely and properly accounted for. We will ensure that we continually improve the way we provide our services whilst taking into account value for money.

We will ensure that we put in place proper arrangements to ensure our risks are managed, and that controls and the governance process are in place.

We have approved and adopted a Code of Corporate Governance which is consistent with principles of the CIPFA/SOLACE Framework *Delivering Good Governance in Local Government*. The Code demonstrates the supporting principles which underpin the core principles and identifies the assurance as outlined in the Framework. It also demonstrates what level of assurance we get and thus, identifies any areas for improvement. This forms the assurance framework for good governance and demonstrates that we know our governance arrangements are working. Links to all supporting evidence identified in the assurance framework are contained within the Code of Corporate Governance and are not repeated in this statement. The Code of Corporate Governance document is available on the Council's website.

Our Outcomes

Our desired outcomes for 2017-20 are detailed in the **Corporate Plan**. The Corporate Plan details our Vision and sets out our Thematic Priorities.

Our Vision is:

“One Tamworth, Perfectly Placed – Open for business since the 7th century AD”

Our thematic priorities are:

Living a Quality Life in Tamworth
Growing Stronger Together in Tamworth
Delivering Quality Services in Tamworth.

Under each thematic priority, we detail our ambitions and how we are going to realise these. All outcomes we aim to achieve, along with changes we want to see and supporting information are detailed in the Corporate Plan.

For each activity or process we complete, we ensure that the appropriate governance arrangements are in place.

The Assurance Framework

The diagram below shows how the Assurance Framework is made up

What have we done to monitor and evaluate the effectiveness of our governance arrangements during 2017/18 **and in 2018/19 to date.**

The Authority has the responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control.

The review of the effectiveness of the system of internal control is informed by:

- The work of Internal Audit which is detailed in the Head of Audit & Governance Annual Report;
- Responsibility of Corporate Management Team for the development and maintenance of the internal control environment; and
- Reports received from our External Auditors and any other review agencies or inspectorates.

During 2017/18, the following actions have contributed to the evaluation of the effectiveness of the governance arrangements;

- The Governance Group has reviewed and updated against the Code of Corporate Governance in line with the principles of the CIPFA/SOLACE Framework *Delivering Good Governance in Local Government*;
- Both the CIPFA Statement on the Role of the Chief Finance Officer and the CIPFA Statement on the Role of the Head of Internal Audit were reviewed and updated. Both officers comply with expected roles;
- The Head of Audit & Governance reports to the Audit & Governance Committee on a quarterly basis and provides an opinion on the overall effectiveness of the system of internal control based upon the work completed. The statement for the 2017/18 financial year is as follows:

“I am satisfied that sufficient internal audit work has been undertaken to allow us to draw a reasonable conclusion as to the adequacy and effectiveness of the organisation’s risk management, control and governance processes. Overall in my opinion, based upon the reviews performed during the year, the Authority has:

- adequate and effective risk management arrangements;
- adequate and effective governance; and
- has adequate and effective control processes.

- From the 1st April 2013, Internal Audit is required to comply with the Public Sector Internal Audit Standards. As part of this requirement, Internal Audit are required to complete an annual self-assessment against the Standards and produce a Quality Assurance & Improvement Programme(QAIP) which identifies areas for improvement both to ensure compliance with the Standards and other quality areas. The self-assessment against the standards and the QAIP are reported to the Audit & Governance Committee;

- Our External Auditors report to each Audit & Governance Committee. In their Annual Audit Letter (2016/17), they gave an unqualified opinion on the Statement of Accounts, an unqualified conclusion in respect of the Authority securing economy, efficiency and effectiveness, and an unqualified opinion on the production of the Whole of Government Accounts;
- The Ombudsman report on the enquiries and complaints they received in 2016/17 was reported to the Audit & Governance Committee in October 2017;
- Managers Assurance Statements have been completed by Directors and Heads of Service (as was) and have not identified any significant control issues;
- The Corporate Risk Register is owned and reviewed on a quarterly basis by the Corporate Management Team and reported in the Quarterly Healthcheck to Cabinet and also reported in the risk management update to the Audit & Governance Committee. There are no significant risks on the Corporate Risk Register;
- The Performance Management Framework ensures that the Financial Healthcheck is reported to Cabinet on a quarterly basis and made readily available on the Authority's website;
- The Authority retained The Code of Connection Certificate after completing an annual assessment against the Code which included assessments against governance, service management and information assurance conditions. Compliance with the Code of Connection ensures access to the Public Services Network;
- In July 2017, the Office of the Surveillance Commissioner completed an assessment of the Authority's RIPA policy and procedures, the results of which were reported to the Audit & Governance Committee in October 2017. The Policy was reviewed and updated and approved by the Audit & Governance Committee in February 2018. A quarterly update report is presented to the Audit & Governance Committee on the use of RIPA powers. During 2017/18, no RIPA authorisations were made;
- Financial Regulations, Contract Standing Orders and Financial Guidance are reviewed on a regular basis with the last review being approved by the Audit & Governance Committee in March 2018 and made available to staff;
- No issues were raised through the Counter Fraud and Corruption and Whistleblowing Policies;
- There were no data security breaches/lapses during the financial year;
- To assist in a more co-ordinated approach to managing projects, a Corporate Project Management template and process has been devised and made available to Officers;

- The governance framework for Information Services has been reviewed and updated;
- We have put in place an action plan for the introduction of the General Data Protection Rules which come into force in May 2018;
- A self-assessment of the Audit & Governance Committee's effectiveness was completed on the 28th March 2018;
- The Chairs of the Audit & Governance and Scrutiny Committees submitted their Annual Reports to Full Council;
- The Authority complies with the Transparency Code;
- Counter fraud work continues to be completed with the retained expertise of in-house staff to investigate corporate fraud;
- Internal Audit completes an annual assessment of the risk of fraud which is reported to the Audit & Governance Committee. Assessments against the CIPFA Code of Practice on Managing the Risk of Fraud and Corruption, the Fighting Fraud & Corruption Strategy & Checklist have been completed. Having considered all of the principles, we are satisfied that the Authority has adopted a response that is appropriate for its fraud and corruption risks and commits to maintain its vigilance to tackle fraud;
- The Leader of the Council reported to Full Council on the 22nd May 2018, in compliance with the Local Authorities Executive Arrangements (Meetings & Access to Information) Regulations 2012, that one urgent executive decisions has been made for the period to 30 April 2018;.
- In compliance with the Localism Act 2011, a report was presented to Full Council in May 2018 advising them of the number of complaints received regarding Members Conduct;
- The appointments of the Chief Executive and the Head of Paid Service and appointments of Statutory positions including the senior management review were approved by Council in June 2018;
- The review of the Constitution and Scheme of Delegation was approved by Council in June 2018;
- The Anti-Money Laundering Policy was reviewed and approved by the Audit & Governance Committee in February 2018;
- The Diversity & Equalities Scheme 2015-19 was approved by Cabinet in July 2017; The Pay Policy 2018 was approved by Council in May 2018;

- In the last eighteen months, activity has progressed around the implementation of the organisation's response to the General Data Protection Regulations (GDPR). This has seen a project group formed to manage the implementation and a Corporate Information Governance Group representing all services within the organisation. Awareness has been raised through corporate communications, distribution of merchandise such as stationery and desk calendars and delivery of information through InfoZone. Specialist staff have been trained to practitioner level to ensure local knowledge for the implementation and subsequent maintenance. These officers have also been formally nominated as Data Protection Officer and Deputy Data Protection Officer. An Information Asset Register has been developed internally which holds details of approximately 500 datasets held by the organisation. This register will produce information such as retention schedules and disposal logs. Mandatory training has been developed for all staff and delivered through a combination of e-learning, classroom sessions and information dissemination through InfoZone. A notification process has been developed to ensure that staff can recognise potential and actual security breaches and ensure that notifiable incidents are handled appropriately. Web pages are being redesigned based on feedback from the organisation that the original pages weren't appropriate. An Information Security Policy is being developed which will be disseminated through NetConsent in 2018;
- Partnership working arrangements continue to strengthen and further develop with both our statutory and community and voluntary sector partners. A number of projects and new ways of working have been developed in 2017/18. The Place Based Approach continues to grow and further develop; this is a collaborative partnership approach that uses multi skilled teams, universal services, voluntary sector organisations, and communities at the right time to improve outcomes for children, young people, vulnerable people and our community. As part of this Place Based Approach we have been working in partnership to identify community and voluntary sector organisations that can offer children, families and vulnerable people help and support at the earliest opportunity. We are currently exploring the most effective ways to share this information with our partners and communities. We value our community and voluntary sector and the work they do within our community. We contribute to the sector through funding projects that support the vision and corporate priorities of the Council. In 2017/18 we awarded a total of 34 grants through our Community and Voluntary Sector Grant Programme and our Arts Grant Programme; the total value of this funding was £17,766.02;
- Work is continuing on a number of actions to address the financial position in future years:

 - Delivering Quality Services project – the demand management approach to shift demand to more efficient methods of service delivery – online and automation (Interactive Voice Response). A savings target of £100k p.a. has already been included within the MTFS together with reduced CRM costs of £62k p.a. from 2019/20;

- Recruitment freeze – where possible, temporary 12 month appointments are now only being made; there is a robust challenge / re-justification process in place for all vacant posts with a requirement to investigate alternative options including restructuring to fill vacancies / looking at what we can stop doing;
- The Senior Management Review saw the restructuring of the senior management roles and responsibilities to meet future needs whilst delivering savings;
- Spend freeze – Managers have previously been required to restrict / limit spending to essential spend only (there was a £1.6m underspend in 2016/17 – although the majority was windfall income, c. £0.57m was lower level underspend). Savings of over £150k p.a. have been included within the MTFS;
- Alternative investment options arising from the Commercial Investment Strategy (as well as the Treasury Management Investment Strategy, including any prudential borrowing opportunities) to generate improved returns of c. 5% p.a. (plus asset growth) including:
 - Set up of trading company to develop new income streams;
 - Local investment options – Lower Gungate / Solway Close development including the potential to drawdown funding from the Local Growth Fund / Local Enterprise Partnerships (GBS and Staffordshire);
 - Investments in a Diversified Property Fund;
- Review of reserves / creation of fund for transformation costs (if needed), and
- Targeted Savings – to identify potential areas for review in future years.
- The Authority has both a moral and legal obligation to ensure a duty of care for children and adults with care and support needs across its services. We are committed to ensuring that all children and adults with care and support needs are protected and kept safe from harm whilst engaged in services organised and/or provided by the Council. We do this by:
 - Having a Safeguarding Children & Adults at Risk of Abuse & Neglect Policy and procedures in place;
 - Having Safeguarding Children & Adults Processes which give clear, step-by-step guidance if abuse is identified;
 - Safeguarding training programme in place for staff and members;
 - Carrying out of the appropriate level of Disclosure and Barring Service (DBS) checks on staff and volunteers;
 - Working closely with Staffordshire Safeguarding Children’s Board & Staffordshire & Stoke-on-Trent Adult Safeguarding Partnership.

- The Authority recognises that it has a responsibility to take a robust approach to slavery and human trafficking. In addition to the Authority's responsibility as an employer, it also acknowledges its duty as a Borough Council to notify the Secretary of State of suspected victims of slavery or human trafficking as introduced by section 52 of the Modern Slavery Act 2015. The Authority is committed to preventing slavery and human trafficking in its corporate activities and to ensuring that its supply chains are free from slavery and human trafficking. The Authority has included modern slavery and human trafficking information within the corporate safeguarding policy and training. The Council will continue to develop and strengthen its approach to modern slavery and trafficking in 2018/19. The Tamworth Vulnerability Partnership continues to meet each morning to ensure that partner organisations are working together to coordinate efforts to support children, young people, families and vulnerable people across Tamworth.

Declaration

We have been advised on the implications of the result of the review of the effectiveness of the Governance Framework by the Audit & Governance Committee and that the arrangements continue to be regarded as fit for purpose. The significant governance issues highlighted in the 2016/17 Annual Governance Statement still remain significant issues during 2017/18 with additional governance issues highlighted during 2017/18 and are detailed at **Annex 1** with actions completed to date to address the issues. Other minor issues highlighted through the assurance gathering process have been noted with planned actions to address these issues. Monitoring of the completion of all these issues will be completed through reporting to the Audit & Governance Committee.

We propose over the coming year to take steps to address those matters raised to further enhance our governance arrangements. We are satisfied that these steps will address the need for improvements that were identified in our review of effectiveness and will monitor their implementation and operations as part of our next review.

Significant Governance Issues 2017/18

The significant governance issues identified in relation to the Authority achieving its vision in 2016/17 remain significant issues for 2017/18 and are detailed below:

No	Issue	Action 2016/17	Update 2017/18
1	<p>Medium Term Financial Strategy (MTFS)</p> <p>Whilst actions have been taken to ensure that the MTFS remains balanced, this is still a significant risk to the Authority. Revenue Support grant will be removed around 2020. Opportunities and risks associated with the 100% Business Rates Retention will need to be identified. The increasing demands of our customers also need to be considered.</p>	<p>Sustainability Strategy savings targets approved as part of the Policy Changes on an annual basis are reviewed as part of the MTFS and Budget setting process each year.</p> <p>Quarterly updates are also provided to Cabinet as part of the Performance Management Framework and include the delivery of planned savings, additional National Non Domestic Rates (NNDR) income and government grants.</p> <p>We await an update from the Government on the revised timetable on the 100% Business Rate Retention.</p>	<p>Work is continuing on a number of actions to address the financial position in future years:</p> <ul style="list-style-type: none"> • Delivering Quality Services Project – the demand management approach to shift demand to more efficient methods of service delivery – online and automation (Interactive Voice Response). A savings target of £100k p.a. has already been included within the MTFS together with reduced CRM costs of £62k p.a. from 2019/20; • Recruitment freeze – where possible, temporary 12 month appointments are now only being made; there is a robust challenge / re-justification process in place for all vacant posts with a requirement to investigate alternative options including restructuring to fill vacancies / looking at what we can stop doing. This means we have the opportunity to increase the vacancy allowance from 5% to 7.5% c. £45k p.a. year on year for the General Fund (£14k p.a. – HRA); It should be noted that staffing in some services e.g. planning, are key to the delivery of the Council's economic

No	Issue	Action 2016/17	Update 2017/18
			<p>growth agenda and have significant demand from the public and local businesses but can also experience severe recruitment difficulties – which may lead to the use of market supplements to attract staff.</p> <ul style="list-style-type: none"> • Spend freeze – Managers have previously been required to restrict / limit spending to essential spend only (there was a £1.6m underspend in 2016/17 – although the majority was windfall income, c. £0.57m was lower level underspend). Savings of over £150k p.a. have been included within the MTF5; • Alternative investment options arising from the Commercial Investment Strategy (as well as the Treasury Management Investment Strategy, including any prudential borrowing opportunities) to generate improved returns of c. 5% p.a. (plus asset growth) including: <ul style="list-style-type: none"> ○ Set up of trading company to develop new income streams; ○ Local investment options – Lower Gungate / Solway Close development including the potential to drawdown funding from the Local Growth Fund / Local Enterprise Partnerships (GBS and Staffordshire); ○ Investments in a Diversified Property Fund; <p>Note: these would represent long term</p>

No	Issue	Action 2016/17	Update 2017/18
			<p>investments of between 5 – 10 years (minimum) in order to make the necessary returns (after set up costs).</p> <ul style="list-style-type: none"> • Review of reserves / creation of fund for transformation costs (if needed), and • Targeted Savings – to identify potential areas for review in future years. <p>Uncertainty remains over the work progressing with regard to business rates retention (and the associated impact on the Council’s business rates income and associated baseline and tariff levels) – it has recently been announced that Councils will be able to retain 75% of business rates collected from 2020/21 rather than 100% as previously planned. In addition, the Government are also consulting on a review of the distribution methodology, the ‘Fair Funding Review’ as well as the planned Business Rates Reset (when a proportion of the growth in business rates achieved since 2013/14 will be redistributed) - both of which will also take effect from 2020/21. There is a high risk that this will have a significant effect on the Council’s funding level from 2020/21;</p>
2	<p>Regeneration/Capital Projects</p> <p>The Authority needs to ensure that capital projects are managed effectively to ensure that they are delivered and</p>	<p>Cabinet have received updates on the Commercial Investment Strategy (CIS), and have approved a steering group be formed comprising Members</p>	<p>Significant re-profiling of capital scheme spend is forecast for 2017/18 into 2018/19 – c.£20m relating mainly to Housing Regeneration Schemes, works to High Rise flats and the works at the Assembly Rooms.</p>

No	Issue	Action 2016/17	Update 2017/18						
	<p>grant monies are spent appropriately and timely.</p> <p>There is a risk that developers will not develop timely in accordance with the Local Plan need.</p>	<p>and Officers to oversee the implementation of projects delivered within the CIS. The last meeting of this group was May 2017.</p> <p>Cabinet have also received regular updates on projects that sit outside of the CIS such as the Tinkers/Kerria regeneration and the Enterprise Quarter project.</p> <p>Work has commenced on an inward investment strategy which will assist in encouraging growth and development within the Borough.</p>	<p>The majority of this is beyond the control of the Council and has been forecast with the reasons understood.</p> <p>It is anticipated that this spend will now occur during 2018/19 with firm plans in place for such but the situation will be closely monitored and any potential issues will be highlighted at the earliest opportunity.</p> <p>Review of Asset Holdings and Asset Management Plan</p> <p>The Council's Asset Management Plan will be reviewed on an ongoing basis. This will identify any assets held by the Council that are no longer either required or fit for purpose and appropriate recommendations made regarding retention for alternative use or disposal.</p> <p>The Corporate Asset Management Strategy was last updated in 2015 relating to the following assets:</p> <table border="1" data-bbox="1279 1209 2040 1364"> <thead> <tr> <th data-bbox="1279 1209 1789 1286">Asset Description</th> <th data-bbox="1789 1209 2040 1286">Value (31/03/15)</th> </tr> </thead> <tbody> <tr> <td data-bbox="1279 1286 1789 1326">Investment Properties</td> <td data-bbox="1789 1286 2040 1326">£14,588,052</td> </tr> <tr> <td data-bbox="1279 1326 1789 1364">Land and Buildings</td> <td data-bbox="1789 1326 2040 1364">£6,537,500</td> </tr> </tbody> </table>	Asset Description	Value (31/03/15)	Investment Properties	£14,588,052	Land and Buildings	£6,537,500
Asset Description	Value (31/03/15)								
Investment Properties	£14,588,052								
Land and Buildings	£6,537,500

			<table border="1"> <tr> <td data-bbox="1272 172 1789 210">Total</td> <td data-bbox="1789 172 2033 210">£21,125,552</td> </tr> </table>		Total	£21,125,552
Total	£21,125,552					
			<p data-bbox="1272 252 2011 360">It details an estimated 10 year maintenance cost for each asset (totalling c.£8m) based on the inspections that had been undertaken.</p> <p data-bbox="1272 402 1662 434">Long Term Strategic Plan</p> <p data-bbox="1272 475 2020 801">It has been identified that the Council, through the Corporate Capital strategy and through the development of a long term strategic plan, needs to take a longer-term view of the assets required to deliver its Corporate Plan priorities and to support its Medium Term Financial Strategy (MTFS), including spend required (and associated potential funding streams) to address the identified maintenance and repairs backlog for corporate assets.</p>			
3	<p data-bbox="232 1072 631 1104">Disabled Facilities Grants</p> <p data-bbox="232 1114 654 1254">There is a risk that the Authority will not be fully funded to deliver the need for Disabled Facilities Grants.</p>	<p data-bbox="689 1104 1240 1359">The pan-Staffordshire position in respect of the transfer of DFG Funding from the Better Care Fund (BCF) held by the County Council has not been fully resolved and is currently being reviewed through the Chief Executive Group.</p>	<p data-bbox="1272 1104 2033 1248">The contract for delivery of the pan-Staffordshire delivery of DFG's has now been tendered, evaluated and the contract awarded for delivery commencing 1st April 2018.</p> <p data-bbox="1272 1289 1993 1359">The pan Staffordshire Partnership Board has been set up which meets quarterly.</p>			

No	Issue	Action 2016/17	Update 2017/18
		<p>Progress has been made on the 'whole systems' review of the DFG processes. We are currently working in a Partnership Board with Districts and County to progress the equitable distribution.</p> <p>For 2017/2018 allocation, we are currently working with the County Council on a 'Pass Through Agreement' for the forthcoming year. We have a statement from the County Council identifying the current years distribution, but there are a number of deductions – Minor Works and the pro-rata contribution towards the Project Management costs of the 'whole systems review'. At the Chief Executive Officer Group meeting on 13th July, 2017 the CEO of Staffordshire County Council undertook to take back these issues and to press for a resolution ASAP.</p>	<p>The allocation of funding for 2018/19 will follow the same principles as for the previous year while the new contract beds in, and will be reviewed in time for 2019/20.</p>

Significant Governance Issues 2017/18

No	Issue	Action 2017/18
1	<p>Senior Management Review</p> <p>The Authority has commenced the first phase of the Senior Management Review. This has meant that the most senior managers in the organisation have been offered the option to explore voluntary redundancy. This is because we need to reduce the number of senior managers in order to meet budget deficits. All applications for voluntary redundancy together with the supporting business cases will be considered to see what impact they will have on the organisation which will help to shape a potential new leaner senior management structure. However, we have recognised there is a risk in the capacity to deliver services with a reduction in staffing numbers.</p>	<p>The Authority will continue to monitor and assess the capacity to deliver services taking into account Delivering Quality Services.</p>

No	Issue	Action 2017/18
2	<p>GDPR</p> <p>Whilst activity has progressed around the implementation of the organisation's response to the General Data Protection Regulations (GDPR), there are still significant risks around potential data loss resulting in a significant fine and reputational damage.</p>	<p>A Project Group has been formed to manage the implementation of GDPR. Awareness has been raised through corporate communications, specialist staff have been trained to practitioner level to ensure local knowledge for the implementation and subsequent maintenance. Mandatory training is being developed for all staff.</p>
3	<p>Welfare & Benefit Reform</p> <p>There is a risk of reduced income corporately due to welfare reform changes (including council tax support scheme and Universal Credit with further austerity measures from the Welfare reform Act 2015). As well as the potential for reduced income and an increase in bad debts, there are additional impacts arising from increased needs in services – eg homelessness, requirement for additional support to vulnerable people, increased issues of ASB etc meaning an increase in demand on 3rd sector and statutory agency services.</p>	<p>The Authority will continue to proactively manage and monitor corporate income levels on a monthly basis and report this to CMT. Staff will be trained to deal with the impact and we will be commissioning 3rd sector support as well as providing additional resources in key service areas. In addition, we will provide financial advice and support for vulnerable clients.</p>

GLOSSARY

Accrual

A sum included in the final accounts to cover income or expenditure attributable to the financial year for goods or work done, but for which payment has not been received / made by the end of that financial year.

Amortisation

A measure of the cost of economic benefits derived from intangible fixed assets that are consumed during the period.

Balances

The total sum available to the Authority, including the accumulated surplus of income over expenditure. Balances form part of the Authority's reserves.

Balance Sheet

This shows the value as at the Balance Sheet date of the assets and liabilities recognised by the Authority.

Business Rates Retention Scheme

This was introduced with effect from 1 April 2013, and requires the Authority to operate a Collection Fund to account for Business Rates in a similar way to Council Tax. Rather than collecting Business Rates on behalf of the Government, the Authority can now retain a share of the Business Rates it collects, and pays out a share to Government, Staffs County Council and the Stoke on Trent and Staffordshire Fire and Rescue Authority.

Capital Adjustment Account

This reserve reflects the difference between the cost of fixed assets consumed and the capital financing set aside to pay for them.

Capital Expenditure

Expenditure on the acquisition and enhancement of significant fixed assets that will be of use or benefit to the Authority in providing its services beyond the year of account e.g. land and buildings.

Capital Financing Requirement

This represents the Authority's underlying need to borrow for capital purposes.

Capital Grants Unapplied

The Capital Grants Unapplied Account (Reserve) holds the grants and contributions received towards capital projects for which the Council has met the conditions that would otherwise require repayment of the monies but which have yet to be applied to meet expenditure. The balance is restricted by grant terms as to the capital expenditure against which it can be applied and/or the financial year in which this can take place.

Capital Receipts

Proceeds from the sale of assets e.g. land or buildings, which may be used to finance new capital expenditure or are payable to the Central Government Housing Capital Receipts Pool.

Capital Receipts Reserve

The Capital Receipts Reserve holds the proceeds from the disposal of land or other assets, which are restricted by statute from being used other than to fund new capital expenditure or to be set aside to finance historical capital expenditure. The balance on the reserve shows the resources that have yet to be applied for these purposes at the year-end.

Cash and Cash Equivalents

Cash includes bank balances and on demand deposits. Cash Equivalents are short term, highly liquid investments where the date of maturity is three months or less from the date of acquisition that are readily convertible to cash with an insignificant risk of change in value.

Cash Flow Statement

This shows the changes in cash and cash equivalents of the Authority during the reporting period.

CIPFA

The Chartered Institute of Public Finance and Accountancy (CIPFA) is the professional body for accountants working in the public sector.

Code of Practice

The Code of Practice on Local Authority Accounting in the United Kingdom is produced by CIPFA and complied with by local authorities in the production of the financial statements.

Collection Fund

A fund administered by the Borough Council into which Business Rates and Council Tax monies are received and paid out to Government and precepting authorities.

Collection Fund Adjustment Account

The Collection Fund Adjustment Account manages the differences arising from the recognition of Council Tax and Business Rates income in the Comprehensive Income and Expenditure Statement as it falls due compared with the statutory arrangements for paying across amounts to the General Fund from the Collection Fund.

Community Assets

The class of fixed assets held by the Authority in perpetuity that have no determinable useful life and may have restrictions on their disposal, such as parks, historical buildings, works of art, etc.

Component Accounting

Where a Property, Plant or Equipment asset has major components, with a cost significant in relation to the overall cost of the asset; materially different useful lives; and/or different methods of depreciation, the components are separately identified and depreciated.

Comprehensive Income and Expenditure Statement

This statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation.

Contingency

The sum of money set aside to meet unforeseen expenditure.

Contingent Assets

A contingent asset arises where an event has taken place that gives the Authority a possible asset which will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the Authority's control. Contingent Assets are not recognised in the Balance Sheet but disclosed in a note to the accounts where it is probable that there will be an inflow of economic benefits or service potential.

Contingent Liabilities

A contingent liability arises where an event has taken place that gives the Authority a possible obligation, subject to uncertain future events not wholly within the Authority's control. Contingent liabilities are not recognised in the Balance Sheet but disclosed in a note to the accounts.

Creditors

Amounts owed by the Authority for work done, goods received or services rendered which have not been paid for by the end of the financial year.

Current Service Cost

An estimate of the true economic cost of employing people in a financial year.

Debtors

Amounts due to the Authority for work done or services supplied, for which income has not been received by the end of the financial year.

Deferred Capital Receipts Reserve

The Deferred Capital Receipts Reserve holds the gains recognised on the disposal of Non Current Assets but for which cash settlement has yet to take place.

Depreciation

The measure of the wearing out, consumption, or other reduction in the useful economic life of a fixed asset, whether arising from use, passage of time or obsolescence through technical or other changes.

Exceptional Items

A material item of income or expenditure, significant to an understanding of the Authority's financial performance, disclosed separately within the CIES or in a note to the accounts.

Financial Instruments Adjustment Account

An account which allows the adjustments relating to the accounting for Financial Instruments to be managed in line with statute. It records the timing differences between the rate at which gains and losses are recognised under the Code of Practice and the rate at which debits and credits are required to be posted to the General Fund.

Fixed Assets

Tangible assets that yield benefits to the Authority for a period of more than one year.

General Fund Balance

The General Fund is the statutory fund into which all the receipts of an authority are required to be paid and out of which all liabilities of the authority are to be met, except to the extent that statutory rules might provide otherwise. These rules can also specify the financial year in which liabilities and payments should impact on the General Fund Balance, which is not necessarily in accordance with proper accounting practice. The General Fund Balance therefore summarises the resources that the Council is statutorily empowered to spend on its services or on capital investment (or the deficit of resources that the Council is required to recover) at the end of the financial year (however, the balance is not available to be applied to funding HRA services).

Housing Revenue Account Balance

The Housing Revenue Account Balance reflects the statutory obligation to maintain a revenue account for local authority council housing provision in accordance with Part VI of the Local Government and Housing Act 1989. It contains the balance of income and expenditure as defined by the 1989 Act that is available to fund future expenditure in connection with the Council's landlord function or (where in deficit) that is required to be recovered from tenants in future years.

IFRS

International Financial Reporting Standards (IFRS) are used for the production of accounts from 2010/11 onwards. The introduction of IFRS is intended to make the Statement of Accounts more robust and comparable with other local authorities and the wider public sector.

Intangible Assets

Non-monetary assets that do not have physical substance but are controlled by the Authority as a result of past events (e.g. software licences).

Investment Property

Under IFRS, investment property is defined as a property which is held exclusively for revenue generation or for the capital gains that the asset is expected to generate - not used directly to deliver the Authority's services.

Joint Operations

These are activities undertaken by the Authority in conjunction with other venturers that involve the use of the assets and resources of the venturers rather than the establishment of a separate entity.

Leasing

A method of financing capital expenditure where rental charges are paid over a specified period of time. There are two main types of leasing arrangements:

- (a) finance leases which transfer all the risks and rewards of ownership of a fixed asset to the lessee and such assets are included within the fixed assets in the Balance Sheet;
- (b) operating leases where the ownership of the asset remains with the lessor and annual rental is charged direct to the revenue account.

Liabilities

Amounts due to individuals or organisations which will have to be paid some time in the future. Current liabilities are usually payable within one year of the Balance Sheet date.

Major Repairs Reserve

The Major Repairs Reserve represents the long term average amount of capital spending required to maintain the HRA Council housing stock in its current condition.

Materiality

An item is material if its omission, non disclosure or misstatement could be expected to lead to a distortion of the view given by the financial statements.

Minimum Revenue Provision

The minimum amount which must be charged to a revenue account each year and set aside to repay debt, presently 4% of the General Fund Capital Financing Requirement. No MRP is required for the Housing Revenue Account.

Movement in Reserves Statement

This statement shows the movement in the year on the different reserves held by the Authority, analysed into 'usable reserves' (i.e. those that can be applied to fund expenditure or reduce local taxation) and other reserves.

National Non Domestic Rates (NNDR)

The tax paid on non domestic properties, set annually by government. In previous years, this tax was collected by billing authorities and paid over to the Government, with the Authority receiving a share of the national pool as part of its resources used to meet total net expenditure. Under the new scheme introduced with effect from 1st April 2013, local authorities now retain a proportion of the Business Rates generated in their area.

Non Current Assets Held For Sale

Non Current Assets held for sale are those where the value of the asset will be recovered mainly by selling the asset rather than through its continuing use.

Pension Reserve

This absorbs the timing differences arising from the different arrangements for accounting for post employment benefits and for funding benefits in accordance with statutory provisions.

Post Balance Sheet Events

Those events, both favourable and unfavourable, that occur between the Balance Sheet date and the date on which the Statement of Accounts is signed by the responsible financial officer.

Prior Period Adjustments

Those material adjustments applicable to prior years, arising from changes in accounting policies or from the correction of material errors. They do not include normal recurring corrections or adjustments of accounting estimates made in prior years.

Precept

This is a demand for payment made by Staffordshire County Council, OPCC Staffordshire and the Stoke-on-Trent and Staffordshire Fire and Rescue Authority as a means of obtaining income. The payment is met from the Authority's collection fund and is based on the Council Tax base.

Provision

An amount set aside to meet a liability that is likely to be incurred, and a reasonable estimate can be made, charged as an expense to the appropriate service line in the CIES.

Public Works Loans Board (PWLB)

A government agency that provides longer-term loans to local authorities, at interest rates below market rate. It also acts as a lender of last resort (at a higher rate of interest).

Related Party

A related party is a body or individual that has control or joint control, or significant influence over the Authority, or is a member of the key management personnel of the Authority.

Remuneration

All sums paid to or receivable by an employee and sums due by way of expenses allowances (as far as those sums are chargeable to UK income tax) and the money value of any other benefits received other than in cash.

Revenue Expenditure Funded from Capital Under Statute (REFCUS)

This is expenditure that is defined as Capital but where there is no matching asset in the accounts - legislation allows the treatment of some expenditure as capital where it does not result in the creation of a fixed asset. An example of this is where grants are awarded to third parties for capital expenditure.

Revaluation Reserve

This reserve records the net gain from revaluations of the Authority's plant, property and equipment, and Intangible Assets, made after 1st April 2007.

Revenue Expenditure

The day-to-day expenditure incurred by the Authority in providing services. It is financed by government grants, non-domestic rates, Council Tax and fees and charges.

Revenue Support Grant (RSG)

A general government grant in support of local authority expenditure.

Specific Grants

Government Grants to local authorities in aid of particular projects or services.

Usable Reserves

The purpose of each usable reserve is detailed below:

General Fund Balance

These funds are available to meet the future running costs for the Authority for non-housing services.

Housing Revenue Account

This reserve holds funds that are available to meet future running costs relating to the Authority's housing stock.

Capital Receipts Reserve

This reserve holds all of the Authority's receipts generated from the disposal of Non Current Assets and although this is in the usable reserves section, this reserve can only be used to finance new capital investment or to repay debt.

Major Repairs Reserve

This reserve is to meet the capital investment requirements of the Authority's housing programme.

Capital Grants Unapplied

This reserve is used to hold capital grants without conditions or where conditions have been satisfied, but the grant has yet to be used to finance capital expenditure.

Earmarked Reserves – General Fund / Housing Revenue Account

Earmarked Reserves are amounts set aside for a specific purpose in one financial year and carried forward to meet expenditure in future years. Further details of the significant reserves within this heading are shown in Note 10.

Independent Auditor's Report to the Members of Tamworth Borough Council

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Tamworth Borough Council (the 'Authority') for the year ended 31 March 2018 which comprise the Comprehensive Income and Expenditure Statement, the Movement in Reserves Statement, the Balance Sheet, the Cash Flow Statement, the Housing Revenue Account Income and Expenditure Statement, the Statement of Movement on the Housing Revenue Account Balance, the Collection Fund Income and Expenditure Statement and the notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2017/18.

In our opinion the financial statements:

- give a true and fair view of the financial position of the Authority as at 31 March 2018 and of its expenditure and income for the year then ended;
- have been prepared properly in accordance with the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2017/18; and
- have been prepared in accordance with the requirements of the Local Audit and Accountability Act 2014.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Authority in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Who we are reporting to

This report is made solely to the members of the Authority, as a body, in accordance with Part 5 of the Local Audit and Accountability Act 2014 and as set out in paragraph 43 of the Statement of Responsibilities of Auditors and Audited Bodies published by Public Sector Audit Appointments Limited. Our audit work has been undertaken so that we might state to the Authority's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Authority and the Authority's members as a body, for our audit work, for this report, or for the opinions we have formed.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the Executive Director Finance's use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the Executive Director Finance has not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the Authority's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The Executive Director Finance is responsible for the other information. The other information comprises the information included in the Statement of Accounts set out on pages 1 to 19 and 127 to 151, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge of the Authority obtained in the course of our work including that gained through work in relation to the Authority's arrangements for securing value for money through economy, efficiency and effectiveness in the use of its resources or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Other information we are required to report on by exception under the Code of Audit Practice

Under the Code of Audit Practice published by the National Audit Office on behalf of the Comptroller and Auditor General (the Code of Audit Practice) we are required to consider whether the Annual Governance Statement does not comply with the 'Delivering Good Governance in Local Government: Framework (2016)' published by CIPFA and SOLACE or is misleading or inconsistent with the information of which we are aware from our audit. We are not required to consider whether the Annual Governance Statement addresses all risks and controls or that risks are satisfactorily addressed by internal controls.

We have nothing to report in this regard.

Opinion on other matter required by the Code of Audit Practice

In our opinion, based on the work undertaken in the course of the audit of the financial statements and our knowledge of the Authority gained through our work in relation to the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources, the other information published together with the financial statements in the Statement of Accounts, the Narrative Report and the Annual Governance Statement for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

Under the Code of Audit Practice we are required to report to you if:

- we have reported a matter in the public interest under section 24 of the Local Audit and Accountability Act 2014 in the course of, or at the conclusion of the audit; or
- we have made a written recommendation to the Authority under section 24 of the Local Audit and Accountability Act 2014 in the course of, or at the conclusion of the audit; or
- we have exercised any other special powers of the auditor under the Local Audit and Accountability Act 2014.

We have nothing to report in respect of the above matters.

Responsibilities of the Authority, the Executive Director Finance and Those Charged with Governance for the financial statements

As explained more fully in the Responsibilities for the Statement of Accounts set out on page 19, the Authority is required to make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In this authority, that officer is the Executive Director Finance. The Executive Director Finance is responsible for the preparation of the Statement of Accounts, which includes the financial statements, in accordance with proper practices as set out in the CIPFA/LASAAC code of practice on local authority accounting in the United Kingdom 2017/18, which give a true and fair view, and for such internal control as the Executive Director Finance determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Executive Director Finance is responsible for assessing the Authority's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Authority lacks funding for its continued existence or when policy decisions have been made that affect the services provided by the Authority.

The Audit Committee is Those Charged with Governance.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Report on other legal and regulatory requirements - Conclusion on the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources

Conclusion

On the basis of our work, having regard to the guidance on the specified criterion issued by the Comptroller and Auditor General in November 2017, we are satisfied that the Authority put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2018.

Responsibilities of the Authority

The Authority is responsible for putting in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources, to ensure proper stewardship and governance, and to review regularly the adequacy and effectiveness of these arrangements.

Auditor's responsibilities for the review of the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources

We are required under Section 20(1)(c) of the Local Audit and Accountability Act 2014 to be satisfied that the Authority has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. We are not required to consider, nor have we considered, whether all aspects of the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources are operating effectively.

We have undertaken our review in accordance with the Code of Audit Practice, having regard to the guidance on the specified criterion issued by the Comptroller and Auditor General in November 2017, as to whether in all significant respects the Authority had proper arrangements to ensure it took properly informed decisions and deployed resources to achieve planned and sustainable outcomes for taxpayers and local people. The Comptroller and Auditor General determined this criterion as that necessary for us to consider under the Code of Audit Practice in satisfying ourselves whether the Authority put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2018.

We planned our work in accordance with the Code of Audit Practice. Based on our risk assessment, we undertook such work as we considered necessary to be satisfied that the Authority has put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources.

Report on other legal and regulatory requirements - Certificate

We certify that we have completed the audit of the financial statements of the Authority in accordance with the requirements of the Local Audit and Accountability Act 2014 and the Code of Audit Practice.

AUDIT & GOVERNANCE COMMITTEE
26 JULY 2018
REPORT OF THE ASSISTANT DIRECTOR - PARTNERSHIPS
REGULATION OF INVESTIGATORY POWERS ACT 2000

Purpose

The Council's Code of Practice for carrying out surveillance under the Regulation of Investigatory Powers Act 2000 (RIPA) specifies that quarterly reports will be taken to Audit & Governance Committee to demonstrate to elected members that the Council is complying with its own Code of Practice when using RIPA.

Recommendation

That Audit and Governance Committee endorse the RIPA monitoring report for the quarter to 30 June 2018.

Executive Summary

The Council has a number of statutory functions that involve officers investigating the conduct of others with a view to bringing legal action against them. The Council has also been given powers under the Regulation of Investigatory Powers Act 2000 (RIPA) which enable it to carry out Directed Surveillance in certain strict circumstances. RIPA provides a legal framework for the control and regulation of surveillance and information gathering techniques which public bodies such as Tamworth Borough Council have to comply with. These powers have been amended and changed in accordance with various pieces of legislation. The last change resulted in a revised RIPA Policy being approved by the Council on 12 December 2017.

The Protection of Freedoms Act 2012 now requires that local authority authorisations under RIPA for Directed Surveillance or CHIS can only become effective on the granting of an order approving the authorisation by a Justice of the Peace. Further a local authority can now only have an authorisation under RIPA for the use of Directed Surveillance where the local authority is investigating criminal offences which attract a maximum custodial sentence of six months or more or criminal offences relating to the underage sale of alcohol or tobacco under the Licensing Act 2003 or the Children and Families Act 2014.

No Directed Surveillance has been carried out by the Council since 2011 and it is not envisaged that there will be any appreciable change in the foreseeable future. By adhering to Policy the Council ensure that the acquisition and disclosure of data is lawful, necessary and proportionate so that the Council will not be held to be in breach of Article 8 (the right to respect for private family life, home and correspondence) of the European Convention on Human Rights.

In July 2017 the Office of the Surveillance Commissioner (OSC) conducted an inspection into the RIPA policy, procedures, documentation and training utilised at the Council. Arising from the inspection it has been recommended that guidance

regarding use of internet and SNS for research of persons and how this might meet the requirement as directed surveillance or CHIS should be drawn up, inserted into our policy and procedures and actively disseminated to staff.

Training took place in October 2017 for officers who previously had no RIPA training and for members with refresher training being delivered for those officers previously trained. Further training will be arranged through Netconsent. The feedback from the training has been positive and going forward training for RIPA has been added to the Corporate Training Programme.

The practice that quarterly reports on the use of RIPA powers be submitted to Audit & Governance Committee will continue.

Options Considered

Obligations arising under RIPA for the authority are statutory therefore there the only option is compliance.

Resource Implications

Support for the RIPA obligations and functions are met from existing budget and existing staff resources.

Legal/Statutory and Risk Implications

The recording of applications, authorisations, renewals and cancellations of investigations using covert surveillance techniques or involving the acquisition of communications data is covered by the Regulation of Investigatory Powers Act 2000.

The Regulation of Investigatory Powers Act was introduced to regulate existing surveillance and investigation in order to meet the requirements of Article 8 of the Human Rights Act. Article 8 states: Everyone has the right to his private and family life, home and correspondence. There shall be no interference by a public authority with the exercise of this right except such as in accordance with the law and is necessary in a democratic society in the interests of national security, public safety or the economic well-being of the Country, for the prevention of disorder or crime, for the protection of health or morals, or for the protection of the rights and freedoms of others.

RIPA investigations can only be authorised by a local authority where it is investigating criminal offences which

- (1) attract a maximum custodial sentence of six months or more or
- (2) relate to the sale of alcohol or tobacco products to children.

There are no risk management or Health and Safety implications.

Sustainability Implications

The legislation requires the Authority to record and monitor all RIPA applications, keep the records up to date and report quarterly to a relevant Committee.

Background Information

The RIPA Code of Practice produced by the Home Office in April 2010 and updated in January 2016 introduced the requirement to produce quarterly reports to elected members to demonstrate that the Council is using its RIPA powers appropriately and complying with its own Code of Practice when carrying out covert surveillance. This requirement relates to the use of directed surveillance and covert human intelligence sources (CHIS).

The table below shows the Council's use of directed surveillance in the current financial year to provide an indication of the level of use of covert surveillance at the Council. There have been no applications under RIPA in the period from 1 April 2018 to 30 June 2018.

The table outlines the number of times RIPA has been used for directed surveillance, the month of use, the service authorising the surveillance and a general description of the reasons for the surveillance. Where an investigation is ongoing at the end of a quarterly period it will not be reported until the authorisation has been cancelled. At the end of the current quarterly period there were no outstanding authorisations.

There have been no authorisations for the use of CHIS.

AUDIT AND GOVERNANCE COMMITTEE

THURSDAY, 26 JULY 2018

REPORT OF THE ASSISTANT DIRECTOR FINANCE

RISK MANAGEMENT UPDATE

EXEMPT INFORMATION

None

PURPOSE

To report on the Risk Management process and progress to date for the current financial year.

RECOMMENDATIONS

That the Committee endorses the Corporate Risk Register.

EXECUTIVE SUMMARY

One of the functions of the Audit & Governance Committee is to monitor the effectiveness of the authority's risk management arrangements, including the actions taken to manage risks and to receive regular reports on risk management. Corporate risks are identified and will be managed and monitored by the Corporate Management Team (CMT) on a quarterly basis and reported to this Committee.

As reported to Audit and Governance Committee on 28th March 2018, CMT have fundamentally reviewed the Corporate Risk Register. Corporate risks have been assigned to relevant members of the Corporate Management Team. Through regular review, risks may be added or removed from the Corporate Risk Register. The Summary Corporate Risk Register is attached as **Appendix 1** and the detailed **register** for information is attached as **Appendix 2**.

Gross Risk Score	12	Medium term financial strategy Quarterly healthcheck Business Rates Collection Reserve - provision of reserve funding to mitigate impact of any changes in business rate income levels		Current Risk Score	9
Gross Severity	4			Current Severity	3
Gross Likelihood	3			Current Likelihood	3
Gross Risk Review Date	16-Mar-2018	Monitoring of the situation / regular reporting A robust & critical review of savings proposals is required / undertaken before inclusion within the forecast Robust management of DFG referrals / funding levels		Last Risk Review Date	16-Mar-2018
Consequences	Inability to plan long term due to MTFS There is a high risk that this will have a significant effect on the Council's funding level from 2020/21. The main issue seems to be the increased risks associated with those Councils who are borrowing large sums to invest in commercial property activities.				

	Shortfall in grant funding / impact on General Fund revenue
Vulnerabilities/causes	<p>Austerity cuts/Major variances to the level of grant/subsidy</p> <p>Business rates retention – 75% retention of business rates collected from 2020/21 rather than 100% as previously planned. Review of the distribution methodology, the 'Fair Funding Review' as well as the planned Business Rates Reset (when a proportion of the growth in business rates achieved since 2013/14 will be redistributed) - both of which will also take effect from 2020/21.</p> <p>Non achievement/delivery of substantial savings Review of the Treasury Management Investment Guidance / Minimum Revenue Provision Guidance being carried out by DCLG - with a potential restriction of investments by Councils given increased risk exposure.</p> <p>Disabled Facilities Grants - increased demand / costs not in line with grant levels impacting on other funding sources, uncertainty over funding.</p>

AUDIT & GOVERNANCE COMMITTEE

26th July 2018

Report of the Head of Audit & Governance

INTERNAL AUDIT UPDATE REPORT 2018/19 QUARTER 1

EXEMPT INFORMATION

None

PURPOSE

To report on the outcome of Internal Audit's review of the internal control, risk management and governance framework in the 1st quarter of 2018/19 – to provide members with assurance of the ongoing effective operation of an internal audit function and enable any particularly significant issues to be brought to the Committee's attention.

RECOMMENDATION

That the Committee considers the attached report and raises any issue it deems appropriate.

EXECUTIVE SUMMARY

The Accounts and Audit Regulations 2015 require each local authority to publish an Annual Governance Statement (AGS) with its Annual Statement of Accounts. The AGS is required to reflect the various arrangements within the Authority for providing assurance on the Internal Control, Risk Management and Governance Framework within the organisation, and their outcomes.

One of the sources of assurance featured in the AGS is the professional opinion of the Head of Audit & Governance on the outcome of service reviews. Professional good practice recommends that this opinion be given periodically throughout the year to inform the Annual Governance Statement. This opinion is given on a quarterly basis to the Audit & Governance Committee.

The Head of Audit & Governance's quarterly opinion statement for Apr - Jun 2018 is set out in the attached document, and the opinion is summarised below.

Audit Opinion.

I am satisfied that sufficient internal audit work has been undertaken to allow us to draw a reasonable conclusion as to the adequacy and effectiveness of the organisation's Risk Management, Control and Governance processes.

Overall in my opinion, based upon the reviews performed during the first quarter of the 2018/19 financial year, the Authority has:

- Adequate and effective risk management arrangements;
- Adequate and effective governance; and
- Adequate and effective control processes.

Specific Issues

No specific issues have been highlighted through the work undertaken by Internal Audit during the first quarter of 2018/19.

RESOURCE IMPLICATIONS

None

LEGAL/RISK IMPLICATIONS

Failure to report would lead to non-compliance with the requirements of the Annual Governance Statement and the Public Sector Internal Audit Standards.

SUSTAINABILITY IMPLICATIONS

None

BACKGROUND INFORMATION

None

REPORT AUTHOR

Angela Struthers, Head of Audit & Governance

LIST OF BACKGROUND PAPERS

- Appendix 2 Percentage of Management Actions Agreed 2018/19
- Appendix 3 Implementation of Agreed Management Actions 2018/19

INTERNAL AUDIT REPORT – 1st Quarter - 2018/19

1. INTRODUCTION

Internal Audit is an independent, objective assurance and consulting activity designed to add value and improve an organisation's operations. It helps an organisation accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control and governance processes. (Public Sector Internal Audit Standards)

Internal Audit's role is to provide independent assurance to the Council that systems are in place and are operating effectively.

Every local authority is statutorily required to provide for an adequate and effective internal audit function. The Internal Audit service provides this function at this Authority.

This brief report aims to ensure that Committee members are kept aware of the arrangements operated by the Internal Audit service to monitor the control environment within the services and functions of the authority, and the outcome of that monitoring. This is to contribute to corporate governance and assurance arrangements and ensure compliance with statutory and professional duties, as Internal Audit is required to provide periodic reports to "those charged with governance".

2. PERFORMANCE AND PROGRESSION AGAINST AUDIT PLAN

The Internal Audit service aims as one of its main Performance Indicators (PI's) to complete work on at least 90% of applicable planned audits by the end of the financial year, producing draft reports on these where possible/necessary. **Appendix 1** shows the progress at the end of 1st quarter of the year of the work completed against the plan and highlights the work completed. The original audit plan identified 55 audits to be completed in the 2018/19 financial year. At the end of the 1st quarter of the year, internal audit have commenced/completed 17 audits. This equates to 31% of the annual audit plan (specific reviews). In addition to the specific reviews, 4 implementation reviews and 5 further implementation reviews have been completed.

The service also reports quarterly on the percentage of draft reports issued within 15 working days of the completion of fieldwork. All (100%) of the draft reports issued in this quarter of the year were issued within this deadline.

3. AUDIT REVIEWS COMPLETED 2018/19

Appendix 2 details the number of recommendations made. A total of 61 recommendations were made in the first quarter with 60 (98%) of the recommendations being accepted by management.

The service revisits areas it has audited around 6 months after agreeing a final report on the audit, to test and report to management on the extent to which agreed actions have been taken. Four first implementation reviews were completed and five second

implementation reviews were completed during the first quarter of 2018/19. **Appendix 3** details the implementation progress to date for the first quarter of the financial year with 22% (9/40) implemented/partially implemented at 1st implementation review and 51% (16/31) implemented/partially implemented at 2nd implementation review. Eight recommendations not implemented at 2nd implementation review were high priority and management have agreed revised implementation dates for all outstanding recommendations. Internal Audit is fairly satisfied with the progress made by management to reduce the level of risk and its commitment to progress the outstanding issues.

4. INDEPENDENCE OF THE INTERNAL AUDIT ACTIVITY

Attribute Standards 1110 to 1130 in the Public Sector Internal Audit Standards require that Internal Audit have organisational and individual independence and specifically states that the Head of Audit & Governance must confirm this to the Audit & Governance Committee at least annually. As performance is reported quarterly, this confirmation will be provided quarterly.

The Head of Audit & Governance confirms that Internal Audit is operating independently of management and is objective in the performance of internal audit work.

OVERALL CURRENT INTERNAL AUDIT OPINION

I am satisfied that sufficient internal audit work has been undertaken to allow us to draw a reasonable conclusion as to the adequacy and effectiveness of the organisation's Risk Management, Control and Governance processes.

Overall in my opinion, based upon the reviews performed during the first quarter of the 2018/19 financial year, the Authority has:

- Adequate and effective risk management arrangements;
- Adequate and effective governance; and
- Adequate and effective control processes.

Specific issues:

There were no specific issues highlighted through the work of Internal Audit in the first quarter of the 2018/19 financial year that would need to be highlighted as a corporate risk.

Angela Struthers,
Head of Audit & Governance

THURSDAY, 26 JULY 2018

REPORT OF THE HEAD OF AUDIT & GOVERNANCE

INTERNAL AUDIT CHARTER

EXEMPT INFORMATION

None

PURPOSE

To seek member endorsement of the revised Internal Audit Charter following the recent management restructure and changes to the role of the Head of Audit & Governance.

RECOMMENDATIONS

That the Committee endorses the attached Internal Audit Charter.

EXECUTIVE SUMMARY

Internal auditing is an independent, objective assurance and consulting activity designed to add value and improve an organisation's operations. It helps an organisation accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control and governance processes (IIA – UK & Ireland).

The consideration and approval of an appropriate Internal Audit Charter by Members is an important element in providing assurance to the organisation that adequate arrangements are in place to provide the expected independent, objective opinion. The Charter complies with the Public Sector Internal Audit Standards (effective 1st April 2013). The Internal Audit Charter is approved by Members on an annual basis.

Following the recent management restructure, the Internal Audit Charter has been amended to take into account the additional operational areas now under the remit of the head of Audit & Governance and to ensure that her independence and objectivity is not compromised. The revised Charter is attached as **Appendix A**.

The Charter has been amended so that all other operational areas are detailed under **Independence & Objectivity** and now includes that all pre audit briefs and draft reports are issued to the Chief Executive at the same time as the Head of Audit & Governance.

Other minor changes have been made to show current posts within the Authority and not referencing to the posts stipulated in the PSIAS to avoid confusion.

RESOURCE IMPLICATIONS

None

LEGAL/RISK IMPLICATIONS BACKGROUND

An up to date Internal Audit Charter is a requirement of the Public Sector Internal Audit Standards (PSIAS), failure to have a Charter in place will constitute non-compliance with the PSIAS.

SUSTAINABILITY IMPLICATIONS

1 Definition of Internal Auditing

Internal auditing is an independent, objective assurance and consulting activity designed to add value and improve an organisation's operations. It helps an organisation accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control and governance processes. (IIA – UK & Ireland)

The internal audit service will comply with the Public Sector Internal Auditing Standards (PSIAS) as adopted by the Chartered Institute of Public Finance and Accountancy (CIPFA). The PSIAS encompass the mandatory elements of the Institute of Internal Auditors (IIA) International Professional Practices Framework (IPPF) as follows:

- Definition of Internal Auditing;
- Code of Ethics; and
- International Standards for the Professional Practice of Internal Auditing (including interpretations and glossary).

The mandatory core principles for the Professional Practice of Internal Auditing are:

- Demonstrate integrity
- Demonstrate competence and due professional care
- Is objective and free from undue influence (independent)
- Aligns with the strategies, objectives, and risks of the organisation
- Is appropriately positioned and adequately resourced
- Demonstrates quality and continuous improvement
- Communicates effectively
- Provides risk based assurance
- Is insightful, proactive, and future-focused
- Promotes organisational improvement

This Charter will be periodically reviewed in consultation with Corporate Management Team and the Audit & Governance Committee. Changes to the International Professional Practice Framework will be incorporated as and when they occur.

The Head of Audit & Governance will report conformance to the PSIAS in the annual report to the Audit & Governance Committee.

2 Mission Statement of Internal Audit

To enhance and protect the authority's values by providing risk-based and objective assurance, advice and insight.

3 Purpose and Statutory Requirements

The internal audit activity will evaluate and contribute to the improvement of governance, risk management and control processes using a systematic and disciplined approach.

The internal audit activity must assess and make appropriate recommendations for improving the governance process in its accomplishment of the following objectives:

- Promoting appropriate ethics and values within the organisation;
- Ensuring effective organisational performance management and accountability;
- Communicating risk and control information to appropriate areas of the organisation; and
- Coordinating the activities of and communicating information amongst the Audit & Governance Committee, external and internal auditors and management.

In addition, the other objectives of the function are to:

- Support the Executive Director Finance to discharge their s151 duties of the Local Government Finance Act 1972 by maintaining an adequate and effective Internal Audit service;
- Contribute to and support the Authority's objectives of ensuring the provision of and promoting the need for, sound financial systems; and
- Investigate allegations of fraud or irregularity to help safeguard public funds.

Internal Audit is a statutory service in the context of the Accounts and Audit Regulations 2015 which state in respect of Internal Audit that:

“A relevant authority must undertake an effective internal audit to evaluate the effectiveness of its risk management, control and governance processes, taking into account public sector internal auditing standards or guidance.”

The work of Internal Audit forms part of the assurance framework, however, the existence of Internal Audit does not diminish the responsibility of management to establish systems of internal control to ensure that activities are conducted in a secure, efficient and well-ordered manner.

4 Objectives

The Head of Audit & Governance's responsibility is to report to the Audit & Governance Committee on its assessment of the adequacy of the entire control environment.

It does this by:

- Providing assurance, which is risk based and objective and relevant (Internal Audit's primary role) to the Council and its management on the quality of the Council's operations, whether delivered internally or externally, with particular emphasis on systems of risk management, control and governance. Assurance to third parties will be provided where specific internal audit resources are allocated to the area under review (e.g. pension contributions).
- Providing consultancy services to internal and external delivered services. Consultancy services are advisory and insightful in nature and will be performed at the specific request of the organisation with the aim to improve governance, risk management and control.

5 Role and Scope of Work

The scope on internal auditing encompasses, but is not limited to, the examination and evaluation of the adequacy and effectiveness of the organisation's risk management, control and governance processes as well as the quality of performance in carrying out assigned responsibilities to achieve the organisation's stated goals and objectives. This includes:

- Evaluating the reliability and integrity of management and financial information processes and the means used to identify, measure, classify, and report such information;
- Evaluating the systems established to ensure compliance with those policies, plans, procedures, laws, and regulations which could have a significant impact on the organisation;
- Evaluating the means of safeguarding assets and, as appropriate, verifying the existence of such assets;
- Evaluating the effectiveness and efficiency with which resources are employed;
- Evaluating operations or programs to ascertain whether results are consistent with established objectives and goals and whether the operations or programs are being carried out as planned;
- Evaluating the potential occurrence for fraud as part of the audit engagements;
- Monitoring and evaluating governance processes;
- Monitoring and evaluating the effectiveness of the organisation's risk management processes;
- Monitoring the degree of coordination of internal audit and external audit;
- Performing consulting and advisory services related to governance, risk management and control as appropriate for the organisation;
- Reporting periodically on the internal audit activity's purpose, authority, responsibility, and performance relative to its plan;
- Reporting significant risk exposures and control issues, including fraud risks, governance issues, and other matters to the Board;

- Evaluating specific operations at the request of management, as appropriate;
- Support management upon the design of controls at appropriate points in the development of major change programmes.

6 Proficiency and Due Professional Care

The internal audit activity will govern itself by adherence to The Institute of Internal Auditors mandatory guidance including the Definition of Internal Auditing, the Code of Ethics, and the Core Principles of the Internal Standards for the Professional Practice of Internal Auditing. This mandatory guidance constitutes principles of the fundamental requirements for the professional practice of internal auditing and for evaluating the effectiveness of the internal audit activity's performance.

The Institute of Internal Auditors' Practice Advisories, Practice Guides, and Position Papers will also be adhered to as applicable to guide operations. In addition, the internal audit activity will adhere to Tamworth Borough Council's relevant policies and procedures and the internal audit activity's standard operating procedures manual.

Job descriptions and person specifications for each post within Internal Audit Services define the appropriate knowledge, skills and experience and are reviewed periodically.

Personal Development Reviews will be completed in accordance with the Council's policy. Staff will be supported to fulfil training and development needs identified in order to support their continuous professional development programme.

Internal Auditors will exercise due professional care by considering the:

- Extent of work needed to achieve the engagement's objectives with detailed Terms of Reference (including consultancy engagements);
- Relative complexity, materiality or significance of matters to which assurance procedures are applied;
- Adequacy and effectiveness of governance, risk management and control processes;
- Probability of significant errors, fraud, or non-compliance; and
- Cost of assurance in relation to potential benefits.

Where gaps exist in knowledge and skills in the formation of internal audit plans, the CAE can engage specialist providers of Internal Audit Services.

Internal Audit staff will be suitably supervised and work will be reviewed by a senior member of staff.

7 Authority

The Internal Audit service, with strict accountability for confidentiality and safeguarding records and information, is authorised full, free, and unrestricted access to any and all of Tamworth Borough Council's records, physical properties, and personnel pertinent to carrying out any engagement. All employees are requested to assist the internal audit service in fulfilling its roles and responsibilities.

8 Organisation

The Head of Audit & Governance will report functionally to the Audit & Governance Committee and administratively (i.e. day to day operations) to the Chief Executive.

The Board will receive performance reports on the internal audit function on a quarterly basis.

9 Independence and Objectivity

The service is managed by the Head of Audit & Governance who is professionally qualified as required by the PSIAS. The Head of Audit & Governance has a direct reporting line to the Chief Executive and also provides regular reports to the Audit & Governance Committee which has responsibility for overseeing audit arrangements.

The Head of Audit & Governance is also the Authority's Monitoring Officer and Deputy Returning Officer. She also manages the Elections and Counter Fraud functions. For any audits of these functions, the pre audit brief and the draft report will be issued to the Chief Executive at the same time as the Head of Audit & Governance to ensure independence and objectivity is maintained.

The internal audit service will remain free from interference by any element in the organisation, including matters of audit selection, scope, procedures, frequency, timing, or reporting content to permit maintenance of a necessary independent and objective mental attitude.

Internal auditors must exhibit the highest level of professional objectivity in gathering, evaluating, and communicating information about the activity or process being examined. Internal auditors must make a balanced assessment of all the relevant circumstances and not be unduly influenced by their own interests or by others in forming judgements.

Regular review of the placement/location of IA team members will be completed to ensure independence, taking into account the consultancy work individual internal auditors have performed when completing assurance engagements. Internal auditors will not provide assurance in areas where they have been involved in advising management.

The internal audit service will also have free and unrestricted access to the Chief Executive and the Audit & Governance Committee.

The Head of Audit & Governance will confirm to the Audit & Governance Committee, at least annually, the organisational independence of the internal audit activity.

10 Internal Audit Plan

At least annually, the Head of Audit & Governance will submit to Corporate Management Team and the Audit & Governance Committee an internal audit plan for review and approval.

The internal audit plan will be developed based on prioritisation of the audit universe using a risk-based methodology, which takes into account, results from previous audits, stakeholders expectations, feed back from Senior Managers, objectives in strategic plans and business plans, the risk maturity of the organisation (including managements response to risk), and legal & regulatory requirements. The use of other sources of assurance and the work required to place reliance on them will be highlighted in the audit plan.

Contingency time will be built in to the annual audit plan to allow for any unplanned work. This will be reported on in accordance with the internal reporting process to the Audit & Governance Committee.

Approval will be sought from the Audit & Governance Committee for any significant additional consulting services not already included in the audit plan, prior to accepting the engagement. The Audit Plan balances the following requirements:

- the need to ensure the Audit Plan is completed to a good practice level (currently at least 90% of planned audits required are deliverable in the year);
- the need to ensure core financial systems are adequately reviewed to provide assurance that management has in place proper arrangements for financial control;
- the need to appropriately review other strategic and operational arrangements, taking account of changes in the authority and its services and the risks requiring audit review;
- the need to have uncommitted time available to deal with unplanned issues which may need to be investigated eg allegations of financial or other relevant irregularities, or indeed specific consultancy. (NB there are separate guidelines over circumstances in which Internal Audit may and may not get involved in such investigations or consultancy, and further reference to this is made within the corporate Counter Fraud and Corruption Strategy and guidance);
- to enable positive timely input to assist corporate and service developments.

A joint working arrangement with External Audit will be sought such that Internal Audit resources are used as effectively as possible.

11 Reporting and Monitoring

A written report will be prepared and issued by the Head of Audit & Governance following the conclusion of each internal audit engagement and will be distributed as appropriate with executive briefing reports issued to the Chief Executive, Chief Finance Officer, and Executive Director Organisation(for her areas of responsibility). . A summary of the internal audit results will be communicated to the Audit & Governance Committee.

The final internal audit report will include management's response and corrective actions in regard to the specific findings and recommendations. It will also include a timetable for anticipated completion of action to be taken.

The Internal Audit service will be responsible for following up the recommendations made to ensure that management have implemented them in the agreed timescales. This will be completed within six months from the finalisation of the audit. An additional implementation review will be carried out where high priority recommendations remain outstanding or a significant number of recommendations remain outstanding. Internal Audit will not complete any additional implementation reviews on recommendations that remain outstanding at this stage. It is management's responsibility to ensure that the agreed actions are implemented. All outstanding recommendations will remain open on the Pentana system for management to complete.

Results of implementation reviews will be communicated as appropriate with copies to the Chief Executive, and the Chief Finance Officer. A summary of the results will be reported to the Audit & Governance Committee.

Where significant risk exposures and control issues, including fraud and governance issues, are identified, they will be reported to the Audit & Governance Committee.

12 Quality Assurance and Improvement Programme

The Internal Audit activity will maintain a quality assurance and improvement programme that covers all aspects on the Internal Audit activity. The programme will include an evaluation of the internal audit activity's conformance with the Definition of Internal Auditing and the International Standards and an evaluation of whether internal auditors apply the Code of Ethics. The programme also assesses the efficiency and effectiveness of the internal audit activity and identifies opportunities for improvement.

The Head of Audit & Governance will periodically report to the Audit & Governance Committee on the internal audit service purpose, authority, and responsibility, as well as performance relative to its plan. Reporting will also include significant risk exposures and control issues, including fraud risks,

governance issues, and other matters needed or requested by Corporate Management Team and the Audit & Governance Committee.

In addition, the Head of Audit & Governance will communicate to Corporate Management Team and the Audit & Governance Committee on the internal audit service's quality assurance and improvement programme, including results of ongoing internal assessments and improvement plans and external assessments. External assessments will be conducted at least every five years by a professionally qualified and experienced assessor.

The improvement plan resulting from the internal and external assessments will be reported to and monitored by the Audit & Governance Committee.

REPORT OF THE HEAD OF AUDIT & GOVERNANCE

COUNTER FRAUD UPDATE

EXEMPT INFORMATION

None

PURPOSE

To provide Members with an update of Counter Fraud work completed during the financial year 2017/18.

RECOMMENDATIONS

That the Committee:

- 1 Considers this report and raises any issue it deems appropriate; and**
- 2 Endorses the Fraud Risk Register Summary (Appendix 1)**

EXECUTIVE SUMMARY

In line with good practice, a Fraud Risk Register is maintained and reviewed on a quarterly basis. The latest Fraud Risk Register Summary is attached as **Appendix 1**.

Work has progressed on the data matches identified through the National Fraud Initiative (NFI) in the 2016/17 run which was released in February 2016. In total, 1113 matches were processed with 7 errors identified with a total error cost of £4,337. In addition to the main NFI data match, additional matches are highlighted through the year for Council Tax Single Persons Discount. 1393 matches were investigated which identified 1 error of £427. The next NFI run is due Autumn 2018.

Following the move of the Housing Benefits Fraud Investigations to the Single Fraud Investigation Service at the Department of Work and Pensions, the Authority has a dedicated Corporate Anti-Fraud Investigations Officer who has been in post since September 2015. This ensures that the Authority is taking a more proactive approach to fraud rather than a reactive approach previously adopted. As well as continuing with the work on the NFI matches previously identified and new matches as they are identified, the Corporate Anti-Fraud Investigations Officer's current case load includes ongoing investigations into potential fraud in these areas – NNDR, Council Tax Reduction, Single Persons Discount, illegal subletting of council housing and non-residence of council housing. Investigations concluded have identified 23 cases of fraud (the housing benefit

frauds identified through the NFI are not included in this figure). Details of the types of fraud, number investigated, proven and the monetary value is detailed below.

Type of Fraud Case	Number of cases investigated	Number of cases proven	Value £
Council Tax Single Persons Discount	4	2	313
Council Tax - other	1	1	757
Housing Benefits	7	0	
Council tenancy Subletting	4	1	18000
Council Tenancy – non residence	4	0	
Council Tenancy - Other	1	1	18000
Housing Waiting List	8	2	6560
Right to Buy	13	0	
Refund fraud	1	1	16036
Total	43	8	59666

The figure of £18,000 for removing someone from their tenancy is the amount the Audit Commission estimated in their publication “Protecting the Public Purse 2010” This is derived by estimating the need to house homeless families in temporary accommodation; annual safety repair, adaption and maintenance costs; social housing administration and housing management costs; and any long-term borrowing costs incurred to provide social housing.

The Cabinet Office has estimated that the cost saving for the removal from someone from the housing waiting list is £3,260, we have also applied this to the re-banding of someone on the waiting list.

REPORT OF THE HEAD OF AUDIT & GOVERNANCE

CHANGES TO POLICIES

EXEMPT INFORMATION

None

PURPOSE

To seek Member approval to revise Policies under the remit of the Head of Audit & Governance to take into account changes to job titles following the recent management restructure.

RECOMMENDATIONS

That the Committee gives approval to the Head of Audit & Governance to amend policies within her remit to show current post titles.

EXECUTIVE SUMMARY

This Committee approves a number of policies within their remit. Following the management restructure, policies are now out of date as they refer to posts within the old management structure.

To ensure good governance is maintained, it is proposed that this Committee authorises the Head of Audit & Governance to amend post titles only in the following Policies:

- Counter Fraud & Corruption Statement, Strategy & Guidance Notes
- Whistleblowing Policy
- Financial Guidance
- Anti Money Laundering Policy Statement, Strategy & Guidance Notes
- Code of Corporate Governance

RESOURCE IMPLICATIONS

None

LEGAL/RISK IMPLICATIONS BACKGROUND

The Governance framework could be compromised if Policies are out of date and incorrect

SUSTAINABILITY IMPLICATIONS

None

BACKGROUND INFORMATION

None

REPORT AUTHOR

Angela Struthers, Head of Audit & Governance ex 234

LIST OF BACKGROUND PAPERS
