Access arrangements

If you have any particular access requirements when attending the meeting, please contact Democratic Services on 01827 709267 or e-mail democratic-services@tamworth.gov.uk. We can then endeavour to ensure that any particular requirements you may have are catered for.

Filming of Meetings

The public part of this meeting may be filmed and broadcast. Please refer to the Council's Protocol on Filming, Videoing, Photography and Audio Recording at Council meetings which can be found [here](#) for further information.

The Protocol requires that no members of the public are to be deliberately filmed. Where possible, an area in the meeting room will be set aside for videoing, this is normally from the front of the public gallery. This aims to allow filming to be carried out whilst minimising the risk of the public being accidentally filmed.

If a member of the public is particularly concerned about accidental filming, please consider the location of any cameras when selecting a seat.

42 DECLARATIONS OF INTEREST

There were no declarations of interest.

43 UPDATE FROM THE CHAIR

The Chair reported that he proposed to move forward the agenda items covering the Forward Plan and the Green Agenda ahead of the agenda item for the Young People Working Group, which was generally supported by the Committee.

44 UPDATE ON HEALTH RELATED MATTERS CONSIDERED BY STAFFORDSHIRE COUNTY COUNCIL

The Chair reported that there had been no Healthy Staffordshire Select Committee meeting held since this Committee had last met in December, however, there was a Healthy Staffordshire meeting scheduled for 1 February 2021, which had as one of its agenda items an update on vaccinations. The Chair invited members to contact himself or County Councillor T Clements if there were questions they wanted to be raised.

Councillor R Rogers joined the meeting at 6.15pm.

45 FORWARD PLAN

The Chair reported that the Forward Plan had a Climate Change Declaration Update due for consideration by Cabinet in February.

46 GREEN AGENDA

The Chair introduced this item and the Officers who were attending to provide an update on the Climate Change Declaration Update which was due to be considered by Cabinet in February.

The Assistant Director, Growth and Regeneration provided an overview of the Declaration adopted by Council in November 2019 which included a resolution to make the Council's activities net-zero carbon by 2050.

The Assistant Director reported that:

- The Council's declaration focussed on the Council's activities and the achievement of net zero carbon by 2050;
- Net zero carbon required the balancing of the amount of emissions against those offset or sequestered;
- Whilst there were already activities underway within the Council, such as work by the Assets Team as well as work on the ICT digital strategy and work from a HR perspective via incentivising low carbon vehicles, a clearer picture of the carbon footprint of the Council's activities was required;
- Assessment of the Council's carbon footprint would require specialist advice following which areas of focus would be identified to reduce and /or offset the footprint and a road map set with milestones.

The Committee discussed and sought clarification in the following areas:

- The differences between delivering carbon reduction related to the Council's own activities; and those of the wider borough's activities and the infrastructure supporting that, such as electric vehicle charging points. It was noted that Infrastructure Safety & Growth Scrutiny Committee were engaged on the wider electric vehicle charging point infrastructure;
- Assessment of the contribution of the Council's housing stock towards the Council's overall carbon footprint and the role of the recently appointed housing repairs contractors in reducing this;

- When the Council would have a clear picture of its carbon footprint, following receipt of specialist advice, which the Assistant Director, expected could be available at the end of the 2021/22 municipal year, provided the funding was available to start the required procurement process.
- The role of the Local Plan and planning policy. It was reported that it was expected that these would play a key role in moving this agenda forwards. It was noted that evidence gathering was a crucial part of any Local Plan review work and that this was now underway. Review of the work undertaken by the West Midlands Combined Authority had formed part of this process.
- The capacity of the electricity system infrastructure locally. It was reported that the Government agenda included a national infrastructure plan and that one of the 10 key areas covered was the upgrading of the energy infrastructure for energy saving solutions.

The Committee thanked the Officers for their input and attendance at the meeting.

The Committee made the following recommendations to Cabinet.

RESOLVED to recommend to Cabinet that:

1. A working group be set up comprising the responsible Portfolio Holder, Chair of the Health & Wellbeing Scrutiny Committee and a member of the Opposition to review the contents of any report produced to help understand the Council's baseline carbon footprint.
2. A commitment be made to engage with members of the public regarding the green agenda, seeking their views and input on the contents of any baseline report produced.

(Moved by Councillor R Ford and seconded by Councillor P Brindley)

The Officers left the meeting.

47 YOUNG PEOPLE WORKING GROUP

The Vice-Chair updated the Committee on the progress made by the Young People Working group. He reported that the impact of the further lockdown and the closure of schools had meant that some of the expected progress in this area had not been possible.

The Committee agreed that this item should be deferred until the March meeting of the Committee.

**Healthy Staffordshire Select Committee – Monday 1 February 2021
District/Borough Digest**

Under the Health Scrutiny Code of Joint Working with District and Borough Councils, Authorities have undertaken to keep relevant Partners informed of their consideration of health matters having regard to the general working principle of co-operation and the need to ensure a co-ordinated Staffordshire approach. Therefore, the following is a summary of the business transacted at the meeting of the Healthy Staffordshire Select Committee held on Monday 1 February 2021 - link to Agenda and reports pack:-

<http://moderngov.staffordshire.gov.uk/ieListDocuments.aspx?CId=871&MId=11773&Ver=4>

Agenda Item	District(s)/Borough(s)
<p>Integrated Care System Delivery Plan</p> <p>The Committee gave preliminary scrutiny to the development of an Integrated Care System (ICS) for Staffordshire. This followed publication of Together We're Better's (The Staffordshire Sustainability and Transformation Partnership) Staffordshire and Stoke-on-Trent ICS Designation and Development Plan in December 2020 which outlined how the health and care system was to collaborate and strengthen partnership working in order to tackle the various challenges set out in the NHS's Long Term Plan and their own Five Year Delivery Plan. Members learned of proposals to:- (i) reconfigure the County's existing five Clinical Commissioning Groups into a single strategic unit and; (ii) develop Integrated Care Partnerships and sustainable Primary Care Networks. They agreed to give further scrutiny to the ICS as the measures contained in the Plan were developed and undertook to participate in the revised governance arrangements to support effective system working, as necessary.</p>	<p>All Districts and Boroughs</p>
<p>Covid-19 Vaccination Programme</p> <p>The Committee received an update on the implementation of the Covid-19 Vaccination Programme in the County. They were encouraged to learn that as of 28 January 2021:- (i) 143,301 vaccine doses had been administered; (ii) 86% of over-80s had received their first vaccine dose and; (iii) 99.9% of care homes have been visited by vaccination teams. They noted guidance issued by the national Joint Committee on Vaccination and Immunisations which stated that those most at risk were to be prioritised for medication and the expectation that the four cohorts identified within this group in Staffordshire were to have received their first doses by Mid-February 2021. However, they agreed to keep progress made in the roll out of the Programme under close review and give assistance to Health in achieving its full implementation, as necessary.</p>	<p>All Districts and Boroughs</p>

Their next meeting will be held on Tuesday 16 March 2021 at 10.00 am, Virtual/on-line.
