

TAMWORTH BOROUGH COUNCIL

CODE OF CORPORATE GOVERNANCE 2016/17

Introduction

Good Governance is about how the Authority ensures that it is doing the right things, in the right way, for the right people, in a timely, inclusive, open, honest and accountable manner.

It comprises the systems and processes, and culture and values, by which local government bodies are directed and controlled and through which they account to, engage with and, where appropriate, lead their communities.

Our Commitment

The Authority is committed to upholding the highest possible standards of good corporate governance, as good governance leads to high standards of management, strong performance, effective use of resources, increased public involvement and trust in the Council and ultimately good results.

Good governance flows from shared values, culture and behaviour and from sound systems and structures. This Code of Corporate Governance is a public statement which sets out the framework through which the Council meets its commitment to good corporate governance and is based on the following principles which build on the Seven Principles of Public Life (see **Annex 1**).

- Focusing on the purpose of the Authority and on outcomes for the community and creating and implementing a vision for the local area;
- Members and Officers working together to achieve a common purpose with clearly defined functions and roles;
- Promoting values for the Authority and demonstrating the values of good governance through upholding high standards of conduct and behaviour;
- Taking informed and transparent decisions which are subject to effective scrutiny and managing risk;
- Developing the capacity and capability of Members and Officers to be effective;
- Engaging with local people and other stakeholders to ensure robust public accountability, and
- Compliance and continuous improvement with the relevant regulatory codes such as the landlord co-regulatory framework for the Council's own housing stock.

This Code describes how the Council demonstrates its commitment to these **six principles** and indicates what the Council has completed to achieve the commitment.

Core Principle 1: Focusing on the purpose of the Authority and on outcomes for the community and creating and implementing a vision for the local area.

<p>1.1 Exercising strategic leadership by developing and clearly communicating the Authority’s purpose and vision and its intended outcome for citizens and service users.</p>	<p>Develop and promote the Authority’s purpose and vision</p> <p>Review on a regular basis the Authority’s vision for the local area and its implications for the Authority’s governance arrangements.</p> <p>Ensure that partnerships are underpinned by a common vision of their work that is understood and agreed by all partners.</p> <p>Publish an annual report on a timely basis to communicate the Authority’s activities and achievements, its financial position and performance.</p>	<p>The revised strategic framework is designed to ensure that the Authority is an “outcome focused”, efficient corporate identity where customers are key. It sets out our vision “One Tamworth, Perfectly Placed” – Open for business since 7th Century A.D. and three strategic priorities aligned under “Living, Growing and Delivering in Tamworth”</p> <ul style="list-style-type: none"> • Living a quality life in Tamworth; • Growing strong together in Tamworth, and • Delivering quality services in Tamworth. <p>These priorities are underpinned by specific objectives, our core purpose, customer service standards and corporate values details which can be found in the Annual Review & Corporate Plan.</p> <p>As detailed above, one of the three revised Corporate Priorities that will enable us to deliver the vision is ‘Delivering Quality Services in Tamworth’. This priority will be delivered primarily through a project that will bring about the biggest change in the delivery of customer services that the authority has seen. Running alongside the changes in customer services, work will also begin on Tranche II of Agile working. These two projects</p>

		<p>will be delivered as part of a corporate Continual Improvement Programme (previously the Corporate Change Programme).</p> <p>From talking and listening to our customers, and from capturing the demand placed on our services we know that:</p> <ul style="list-style-type: none"> • we need to change the way we deliver customer services; • customers want to access our services in a variety of ways and at a time and place that suits them; • we have inconsistencies in the levels and types of service we provide to our customers; • some of our high demand services are costly to deliver and we need to make them more efficient, and • we do not have a clear picture of the demand our customers place on us – what we do know is that customers rarely come in with one single request, invariably they have multiple requests for service in their ‘shopping basket’. <p>We will work with our partners through facilitation and challenge, to improve the customer experience especially where the Authority is not the direct provider.</p> <p>The Authority has seen an incremental shift away from the “command and control” top down management style and culture to one of a fully empowered organisation with clear lines of responsibility and accountability leading to a more outcome</p>

		<p>focused, customer driven and efficient way of working. The use of efficiency models and demand management techniques has resulted in the Authority becoming a multi-economy or hybrid organisation.</p> <p>The Authority continues to work with others by using alternative delivery models for service provision. A Memorandum of Understanding has been adopted with Lichfield District Council to replace an existing informal arrangement for options of pursuing shared service arrangement with each other.</p> <p>Every year, the Authority undertakes consultation with local people on a wide range of issues. During 2015/16, consultation was completed on the budget, Homelessness Prevention Strategy 2016 – 2020, Local Council Tax Reduction Scheme and the Indoor & Outdoor Sports Facility Strategy.</p> <p>“Tamworth Listens” is another consultation exercise of which the results feed into the “State of Tamworth Debate”. The consultation exercise for the 2016/17 budget process was completed to gauge residents’, business and other core stakeholders’ views on the Council’s priorities to achieve the “Vision” considering areas of spending or where savings could potentially be made. As part of this consultation exercise, a question time event was held for residents to attend and ask questions.</p> <p>There is a dedicated Economic Development website for business advice.</p>

		<p>In terms of the Council's own housing stock and in compliance with the regulatory framework members have approved a regulatory framework ensuring tenants are plugged into the democratic process and have the opportunity to inform, share and influence key strategic decisions</p> <p>There is a Tenant Involvement and Consultation Strategy in place. A Tenants Conference also took place in March 2014 and will take place bi-annually. As part of the Tenant participation, there are formal groups for Tenant Consultation and Tenant Involvement and several informal groups in place. Open House is now communicated by way of an e-newsletter on a bi-monthly basis. It is still advertised on our website and will be available on request as a hard copy. A small number of hard copies will be made available in prominent places i.e. reception/TIC etc and a small number delivered to the 11 Housing Sheltered schemes around the Borough.</p> <p>The Vision is used as a basis for the Corporate Plan and service delivery plans which are reviewed on an annual basis.</p> <p>There is a Communication Strategy which details the way that the Authority communicates with the local community to be better informed regarding their needs and aspirations.</p> <p>The Tamworth Strategic Partnership (TSP) is an umbrella</p>

The TSP has terms of reference, vision and priorities, workstreams, and a commissioning framework. Agenda and minutes are made available on the Authority's website.</p> <p>The Authority produces an Annual Review and Corporate Plan. Performance against the Corporate Plan is reported on a quarterly basis. During 2015/16, this included reporting upon the Sustainability Strategy. The Statement of Accounts and the Annual Audit Report are made available on the website.</p> <p>The Medium Term Financial Strategy (MTFS) outlines how finances will be used over the coming three years detailing how Capital and Revenue expenditure will be used to support the delivery of the Corporate Priorities and ensure that appropriate resources are focused on the Vision Statement, Priority Themes, Corporate Priorities and Outcomes. The Authority has been proactive in the design and implementation of innovative and effective measures for driving efficiency and reducing cost within the MTFS. In August 2013, Cabinet endorsed "Planning for a Sustainable Future" as the overarching strategy for meeting the challenges forecast for the Council's Medium Term Financial Strategy and a series of workstreams designed to deliver savings & efficiencies to mitigate grant & income reductions in the coming years. This includes exploring new and innovative ideas and to be more commercial in our approach to business.</p>

Complaints against members of the Council are dealt with by the Monitoring Officer in the first instance and ultimately reported to the Audit & Governance Committee.</p> <p>One of the three revised Corporate Priorities that will enable us to deliver the vision is 'Delivering Quality Services in Tamworth'. This priority will be delivered primarily through a project that will bring about the biggest change in the delivery of customer services that the Authority has seen.
