Christopher Pincher MP	TA, TB, TC, TD, TE	Spital	I believe that this ward should not have any changes made.
Christopher Pincher MP	TF, TG, TH, TI, TJ	Mercian	I believe that this ward should not have any changes made.
Jenny Atkins	TG	Mercian	No comment made
B E Howe and T Howe	TK	Castle	As a resident of the Oxbridge Estate, I request that the estate is served by a dedicated portable polling station situated on the estate, or that a more local venue is provided. The location of the current polling station is not convenient to our estate and is not within a suitable walking distance.
D Gregory	TK	Castle	As a resident of the Oxbridge Estate, I request that the estate is served by a dedicated portable polling station situated on the estate, or that a more local venue is provided. The location of the current polling station is not convenient to our estate and is not within a suitable walking distance.
Mr S Maher Ms A Fellows	TK	Castle	As a resident of the Oxbridge Estate, I request that the estate is served by a dedicated portable polling station situated on the estate, or that a more local venue is provided. The location of the current polling station is not convenient to our estate and is not within a suitable walking distance.
L Hullett	TK	Castle	As a resident of the Oxbridge Estate, I request that the estate is served by a dedicated portable polling station situated on the estate, or that a more local venue is provided. The location of the current polling station is not convenient to our estate and is not within a suitable walking distance.
Stanley Wager	TK	Castle	As a resident of the Oxbridge Estate, I request that the estate is served by a dedicated portable polling station situated on the estate, or that a more local venue is provided. The location of the current polling station is not convenient to our estate and is not within a suitable walking distance.
The Conservative Party x 2	TK	Castle	Oxbridge Estate: The Oxbridge Estate should be provided with a polling station on the estate. Sunset Close is not a suitable walking distance. If this requires the estate to become a separate polling district we would support this.
Christopher Pincher MP	TK	Castle	Oxbridge Estate: At present, voters from this estate have to use a polling station at Sunset close which I believe is too far away from their homes. Therefore, a polling station should be provided on the estate and if necessary create a separate polling district for the area.

The Conservative Party x 2	TL	Castle	Fazeley Road Estate & County Drive: This Polling District is served by two portable polling stations, both located on the same green. This is not logical and this location is not central to the polling district or local population. Could one of these stations be moved to County Drive, whilst the other remaining on Milo Green to serve that estate. If this requires the polling districts to be split into two polling districts, we would support this.
Christopher Pincher MP	TL	Castle	Fazeley Road Estate & County Drive: I believe that one of the two portable polling stations should be moved to County Drive as they are in close proximity to each other and not in a central location for all the homes in the area. If two polling districts area required, I would support this. Residents in both areas have raised these points with me during previous elections.
Maurice H Wilson Churchwarden, St Andrew's Kettlebrook	TN	Trinity	Of 9 Kettlebrook residents who attend St Andrew's four are postal votes, one doesn't vote and 4 prefer St Andrew's for access. St Andrew's is more central and easier to get to. It has toilets and kitchen facilities. Providing reasonable recompense for use, St Andrew's is available for voting.
Christopher Pincher MP	TO, TP, TQ, TP	Bolehall	I believe that this Ward should not have any changes made

Respondent	Polling District	Ward	Comments
Rev James Trood	TQ	Bolehall	Although both these venues are fine, should an alternative be needed/wanted, St George's Church (Banford Street) has parking, toilet facilities, a portable ramp and wide access double doors. Polling would not interfere with other activities (e.g. school closure)
Christopher Pincher MP	TS, TT, TU, TV	Amington	I believe that this Ward should not have any changes made
Diane Adcock	TW	Glascote	I would prefer Landau Forte Academy as it is more central and closer. If the Trust are not agreeable I would prefer to stay where we are than to go to the other suggestions.
Valerie Atterbury	TW	Glascote	As I have a disability – I always have a postal vote so feel this decision has nothing to do with me. If it did I would suggest Landau Fort would be the best option.
June Bailey	TW	Glascote	I have a postal vote due to being too far.
Peter Bowers	TW	Glascote	Living on Briar, it is easy for my wife and I to access the Polling Station via the pedestrian tunnels, therefore obviating having to cross the B5000. Glascote Heath is the most convenient.
Claire Elizabeth Bridgewater	TW	Glascote	This polling station is suitable and in my opinion there's no need to change.
Olive Ann Carter	TW	Glascote	No difficulty
Sheila Cavey	TW	Glascote	I would like to return to Amington Ward because what happens in the Glascote Ward does not seem to work advantageously for us.
Louise Tracey Chilton	TW	Glascote	N/A
Janet Clark	TW	Glascote	Continue to use Glascote Heath Primary School as it's easier for me.
David Coleman	TW	Glascote	N/A
Elizabeth Coombs	TW	Glascote	Polling districts should reflect localities that people can identify with. Polling stations should be central to the majority, although as I normally apply for a postal vote in order to be able to vote if I am away, this is not of key importance to me personally.
Richard Davies	TW	Glascote	It makes sense to use the nearest Polling site available so people can walk to it. Landau Forte is ideal.

Respondent	Polling District	Ward	Comments
Mr Colin Fanner	TW	Glascote	N/A
Jennifer and David Farnworth	TW	Glascote	I think it should be central to where we live.
Patricia Felton	TW	Glascote	Only one way in and out, causing traffic holdups
Mr & Mrs M Fisher	TW	Glascote	All should be in <u>near</u> locations (walking). Every person does not drive to get to outlying places.
Kenneth William Forest	TW	Glascote	The existing polling station is not within the polling area and involves crossing the busy B5000 road. The majority of voters drive to vote rather than use environment friendly sustainable modes of transport such as walking or cycling. As a result of distance and safety aspects and convenience
Martin Forest	TW	Glascote	I have no issue with voting at Glascote Heath Primary. However voting at Landau Forte is much closer and has a bigger car park.
Mark K Forest	TW	Glascote	Fine with Glascote Heath Primary School. It is on the way to/from work. Easy to drive to.
Mr K Gibbs	TW	Glascote	In my view the present location is more than adequate, this may not suit everyone, but we cannot please "All people at all times".
Evelyn Harris	TW	Glascote	Continue to use Glascote Heath Primary School
David Robert Hodgkinson	TW	Glascote	Our address is Amington and we used to use Florendine School so why it was changed we don't know.
Wendy Jean Ingram	TW	Glascote	N/A
Gillian Frances Lilley	TW	Glascote	As I live in Briar, Glascote Heath School is convenient for me, but I appreciate it is not so for those who live further away.
Karen Mather	TW	Glascote	Myself and my partner have no issues with our polling place.
Mr and Mrs Moreton	TW	Glascote	I prefer going to a polling station on my side of the B5000. Parking is a problem and I do not like walking under the subway.
Kenneth Murphy	TW	Glascote	Should be left as it is.
Ian Kenneth Osborn	TW	Glascote	Existing polling station ok for Briar. Landau Forte building would be better for ward.
Josephine Anne Raymond	TW	Glascote	N/A
Maureen Denise Robinson	TW	Glascote	Would like polling place to be nearer to my address, do not have own transport.
Evelyn Marlow Rothwell	TW	Glascote	I have a postal vote.
Olive Scott	TW	Glascote	Polling places should be as central as possible, with large parking areas available and causing no disruption to the daily routines.

Respondent	Polling District	Ward	Comments
Alan Arthur Selway	TW	Glascote	I find the present polling station to be perfectly suitable. None of the suggested alternatives are better placed.
Vivien Shaw	TW	Glascote	N/A
Beth Smith	TW	Glascote	Obviously a central location is best for all concerned but for those who find a physical presence difficult there is the option of a postal vote. Perhaps it is better not to use schools – less disruption for pupils and parents.
William Stevenson	TW	Glascote	Car parking can be a problem at Glascote Heath.
Philip and Hazel Thomas	TW	Glascote	Continue to use Glascote Heath Primary School.
Pearl Thompson	TW	Glascote	N/A
Peter John Turfrey	TW	Glascote	My wife and I are content that our polling station stay where it is at present, Glascote Heath. Options 1 and 2 (over) are further to travel and we see no benefit in moving.
Wendy Turner	TW	Glascote	Originally Greenheart was in the Amington District never really understood the need for changing to Glascote. For me it means a walk down the Woodland Road which has no continuous footpath, then trying to cross a busy B5000 unless you want to test your luck on the underpass, then a walk down to the school. I do accept that no polling station is convenient for all but shouldn't it be within easy reach?
Allan Edward Wathen	TW	Glascote	Excellent, Please keep things as they are if possible, Thank you.
Andrew Webb	TW	Glascote	What a complete waste of money and time this leaflet is! Try sorting other stuff out first.
Stephanie Wills	TW	Glascote	My postal address is Amington, yet we're in Glascote Ward. Woodhouse/Landau Forte School is yards from my house and walkable.
Jean McInnes Wright	TW	Glascote	N/A
The Conservative Party x 2	TW	Glascote	This estate should be served by a dedicated portable polling station on the green. This is a central location for the estate. The current location is not central to the population of the polling district.
Christopher Pincher MP	TW	Glascote	As the current location of the polling station is not central I would suggest that this area should have a portable polling station located on the green. Crossing the dual carriageway to the current polling station I believe acts as a deterrent to vote to many residents.
The Conservative Party x 2	TZ & TAA	Glascote	These polling districts should be merged into one polling district for simplicity. They are both in the same geographical location.
Christopher Pincher MP	TZ & TAA	Glascote	As both are close together I would suggest that these are combined.

Respondent	Polling District	Ward	Comments
Theresa Miller	TBB	Belgrave	N/A
The Conservative Party x 2	TGG	Trinity	<p>The old Probus estate should be provided with a polling station on the estate or the estate should be voting at Two Gates Primary School. The Dorcas Centre is not a suitable walking distance and is at the extreme end of the polling district. If this requires the estate to become a separate polling district or is transferred into TFF, we would support this. The current location of the Dorcas centre is suitable for the remaining parts of the polling district.</p> <p>TBC Proposal over TII Polling Station – We do not approve of the proposal to move from Dosthill School to the Boys Club, however we would be prepared to support a move to Dosthill Cosmopolitan Club next door.</p>
Christopher Pincher MP	TGG	Trinity	<p>Probus Estate: The Dorcas Centre is not situated centrally in the polling district and is some walk from the estate. I would support the area becoming a separate polling district.</p> <p>TBC Proposal over TII Polling Station: I believe that Dosthill Cosmopolitan Club is more suitable as a polling station than Dosthill Boys Club. This would remove the need to use Dosthill School completely.</p>
Robert Prichard	TII	Trinity	<p>Would not be able to support a move from Dosthill Primary School to Dosthill Boys Club as it is not centrally situated. However, would support a move to Dosthill Cosmopolitan Club as this is more central to the polling district.</p>
Christopher Pincher MP	TII	Trinity	<p>Would not be able to support a move from Dosthill Primary School to Dosthill Boys Club as it is not centrally situated. However, would support a move to Dosthill Cosmopolitan Club as this is more central to the polling district.</p>
Conservative Party x 2	TII	Trinity	<p>We do not approve of the proposal to move from Dosthill Primary School to Dosthill Boys Club. However, we would be prepared to support a move to Dosthill Cosmopolitan Club next door.</p>
Miss J R Crumpton	TLL	Wilnecote	<p>We are quite happy to walk up to the polling station at Wilnecote Primary School, it's not that far. We don't think an extra polling station is needed. Money could be better spent on vital services. Anybody who can't reach the polling station can register for a postal vote. It can also be reached by bus or car.</p>
Samuel Begley	TLL	Wilnecote	<ul style="list-style-type: none"> • As a resident of Peel Heights and Tame Alloy Estate in Wilnecote, I request that the estates are served by a dedicated portable polling station • The location of the current polling station is not central to the local population and therefore is not a suitable location for our estate.

Respondent	Polling District	Ward	Comments
Mrs P J Fleet	TLL	Wilnecote	<ul style="list-style-type: none"> As a resident of Peel Heights and Tame Alloy Estate in Wilnecote, I request that the estates are served by a dedicated portable polling station The location of the current polling station is not central to the local population and therefore is not a suitable location for our estate.
The Conservative Party x 2	TLL	Wilnecote	The ward has grown substantially in the last few years. The newest estates represent a significant population that is without direct polling provision. In order to assist the people to vote, a portable polling station should be located in the immediate area. If this requires the two estates become a separate polling district we would support this.
Christopher Pincher MP	TLL	Wilnecote	I would suggest that a portable polling station is the best course of action for this ward. Following expansion of the area in recent years, the number of residents has increased substantially. I would support two estates becoming a separate polling district if necessary. I live at Peel Height and have spoken to several of my neighbours who agree that the two new estates off Hedging Lane would benefit from a polling station nearer their homes.
The Conservative Party	TPP	Wilnecote	Can this polling district be abolished and the electorate included in another Wilnecote Ward polling district. The area is not geographically isolated from the neighbouring polling districts.
The Conservative Party	TPP	Wilnecote	This polling district be removed and the voters included in another Wilnecote Ward polling district. The area is not geographically isolated from the neighbouring polling districts so the polling district should be abolished.
Christopher Pincher MP	TPP		I Believe that this polling district should be abolished. The voters in this Ward should be included in another Wilnecote Ward.
E Yewdale	TRR	Stonydelph	I am not aware of anyone being inconvenienced by the location of the present polling station but I am not familiar with distances some residents may travel. I have never heard of the "Chilterns Estate". I am eighty three years and always vote and walk to the polling station. I have lived here 23 years.
A M Falshaw	TRR	Stonydelph	I do not think travelling to St Martins-in-the-Delph on Polling Day is a problem – it is quite adequate for the purpose in question and if I walk it takes about 20 minutes. I do not think it is worth spending money on portable polling stations for the inconvenienced few.

Respondent	Polling District	Ward	Comments
Taylor	TRR	Stonydelph	<ul style="list-style-type: none"> • I request that the estate is served by a local polling station to be more convenient and eliminate the need for local residents to travel to St Martin's –in-the-Delph Church. • The location of the current polling station is not central to the local population and therefore is not suitable for our estate.
Mr & Mrs Franks	TRR	Stonydelph	<ul style="list-style-type: none"> • I request that the estate is served by a local polling station to be more convenient and eliminate the need for local residents to travel to St Martin's –in-the-Delph Church. • The location of the current polling station is not central to the local population and therefore is not suitable for our estate. • There is a lot of elderly folk who would be hard pushed to get to a distant polling station.
Christopher Pincher MP	TRR	Stonydelph	<p>Chiltern Estate: I would support this Estate becoming a separate polling district as I believe that a portable polling station is required at this location.</p> <p>St Martin's-in-the-Delph: I believe that this polling station should be moved to the polling station for TAA and would support the area becoming a separate polling district.</p>
Anita Rodgers	TRR	Stonydelph	<ul style="list-style-type: none"> • I request that the estate is served by a local polling station to be more convenient and eliminate the need for local residents to travel to St Martin's –in-the-Delph Church. • The location of the current polling station is not central to the local population and therefore is not suitable for our estate.

Mrs C Fisher	TRR	Stonydelph	<ul style="list-style-type: none"> • I request that the estate is served by a local polling station to be more convenient and eliminate the need for local residents to travel to St Martin's –in-the-Delph Church. • The location of the current polling station is not central to the local population and therefore is not suitable for our estate.

Respondent	Polling District	Ward	Comments
Susan and Edward Hemmings	TRR	Stonydelph	<ul style="list-style-type: none"> I request that the estate is served by a local polling station to be more convenient and eliminate the need for local residents to travel to St Martin's –in-the-Delph Church. The location of the current polling station is not central to the local population and therefore is not suitable for our estate.
Audrey Kups	TRR	Stonydelph	<ul style="list-style-type: none"> I request that the estate is served by a local polling station to be more convenient and eliminate the need for local residents to travel to St Martin's –in-the-Delph Church. The location of the current polling station is not central to the local population and therefore is not suitable for our estate.
Mrs P Wilson	TRR	Stonydelph	RE: the provision of a portable polling station to cover the Broadlee/Chiltern Roads – My view is that this would be an unnecessary waste of money. There is adequate polling and parking space at our St Martins in the Delph polling station. I have never in 25 years experienced any problems.
The Conservative Party x 2	TRR	Stonydelph	<p>Chiltern Estate: This estate would be better served having a portable polling station located on the estate. The current location is not suitable or central to the population. If the estate is to become a separate polling district to achieve this, then we would support it.</p> <p>St Martin's in the Delph: This polling station should be closed and the location moved to the polling station for TAA. This would mean minimal change. It would also mean the net change to staffing levels is nil when combined with the above proposal.</p> <p>St Martin's in the Delph: This polling station should be closed and the location moved to the polling station for TAA. This represents minimal change to the area as the polling station is only 140m away. This would mean the net change to staffing levels is nil. If this requires the area to become a separate polling district we would support this.</p>
Christopher Pincher MP	TUU		This polling district is not required I believe as voters could be included in Polling District TTT (Stonydelph)
The Conservative Party	TUU	Stonydelph	This polling district should be abolished and the electorate included in the neighbouring Stonydelph polling district (TTT). This polling district is simply made up of sections of houses from streets, the remainder of which are in TTT.
The Conservative Party	TUU	Stonydelph	TUU should be removed and the voters included in the connected Stonydelph polling district (TTT). The area is not geographically isolated from the neighbouring

			polling district, indeed is it simply made up of sections of streets, the remainder of which are in TTT, so the polling district should be abolished.
