EXECUTIVE SUMMARY

The Accounts and Audit Regulations 2015 require councils to undertake an effective internal audit to evaluate the effectiveness of their risk management, control and governance processes, taking into account Public Sector Internal Auditing Standards or guidance.

This opinion forms part of the framework of assurances that is received by the council and should be used to help inform the annual governance statement. Internal audit also has an independent and objective consultancy role to help managers improve risk management, governance and control.

In giving the annual audit opinion 2019/20, it should be noted that assurance can never be absolute. The most that the internal audit service can provide the council is a reasonable assurance that there are no major weaknesses in risk management, governance and control processes.

Annual Internal Audit Opinion

On the basis of audit work completed, the Head of Audit & Governance's opinion on the council's framework of governance, risk management and internal control is reasonable in its overall design and effectiveness. Certain weaknesses and exceptions were highlighted by audit work. These matters have been discussed with management, to whom recommendations have been made. All of these have been, or are in the process of being addressed.
