They learned that Health and Care’s focus would be to restore services previously stood down or curtailed whilst ensuring patients/service users remained safe. In addition, measures were being implemented to maintain capacity in primary and secondary care whilst endeavouring to manage demand by keeping people well through eg implementation of the extended national flu vaccination programme and preparing for a Covid-19 vaccine to become available. However, the Committee noted the various challenges which were likely to continue over the winter period, including recruitment of Doctors to General Practice, waiting times for certain elective procedures and the adverse effects of the outbreak on mental health in the general population. In response to requests for assistance, the Committee stated their willingness to work jointly with system Partners, particularly in area of communication and engagement, as necessary, for the benefit of residents in the County.</p>	<p>All Districts and Boroughs</p>

NHS Hearing Aid Provision In Staffordshire

The Committee received an update report from Staffordshire Clinical Commissioning Group's (CCGs) Accountable Officer regarding NHS hearing aid provision in Staffordshire. This followed reconfiguration of the existing service for people with mild age-related hearing loss by North Staffordshire CCG and subsequent County-wide review by all CCGs following publication of the findings of a Cochran review in 2017 and change in guidance from The National Institute for Health and Care Excellence. Initial consultation and engagement with stakeholders regarding future hearing aid provision had taken place between January and March 2020 as part of the Difficult Decisions programme's Listening Exercise. However, formal consultation had been postponed owing to the Covid-19 Pandemic and the need to support frontline services and adhere to social distancing requirements. Whilst the CCGs could not give an indication, at this stage, when the work would resume, they undertook to recommence it as soon as it was safe to do so.

In response to a request, the CCGs Accountable Officer undertook to share the information received during the above-mentioned listening exercise, together with details of cost savings achieved from the revised policy, with the Committee, in the interim.

Their next meeting will be held on Monday 26 October 2020 at 10.00 am Virtual/on-line.
