

TAMWORTH BOROUGH COUNCIL

CODE OF CORPORATE GOVERNANCE 2019/2020

Introduction

Good Governance comprises the arrangements put in place to ensure that the intended outcomes for stakeholders are defined and achieved.

The International Framework: Good Governance in the Public Sector (CIPFA/IFAC, 2014) (the “International Framework”), states that:

To deliver good governance in the public sector, both governing bodies and individuals working for public sector entities must try to achieve their entity’s objectives while acting in the public interest at all times.

Acting in the public interest implies primary consideration of the benefits for society, which should result in positive outcomes for service users and other stakeholders.

Our Commitment

The Authority is committed to upholding the highest possible standards of good corporate governance, as good governance leads to high standards of management, strong performance, effective use of resources, increased public involvement and trust in the Council and ultimately good results.

Good governance flows from shared values, culture and behaviour and from sound systems and structures. This Code of Corporate Governance is a public statement which sets out the framework through which the Council meets its commitment to good corporate governance and is based on the following principles;

- Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of the law.
- Ensuring openness and comprehensive stakeholder engagement.
- Defining outcomes in terms of sustainable economic, social, and environmental benefits.
- Determining the interventions necessary to optimise the achievement of the intended outcomes.
- Developing the entity’s capacity of its leadership and the individuals within it.
- Managing risks and performance through robust internal control and strong public financial management.
- Implementing good practices in transparency, reporting, and audit, to deliver effective accountability.

This Code describes how the Council demonstrates its commitment to these seven principles and indicates what the Council has completed to achieve the commitment. It shows our own governance structure underpinned by the principles and demonstrated how we operate effectively.

Core Principle A: Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law

Supporting Principle	Ensuring members and officers behave with integrity and lead culture where acting in the public interest is visibly and consistently demonstrated thereby protecting the reputation of the organisation.
What Assurance Do We Want	Codes of Conduct Individual sign off with regard to compliance with code Induction for new members and staff on standard of behaviours expected Performance appraisals
What Assurance Do We Get	<p>There is a Members' Code of Conduct which forms part of the Constitution and is approved on an annual basis. Each member is required to sign two copies of the Code, retain one for themselves and one is held by Democratic Services. The Code of Conduct for employees is also in the Constitution. Members' are required to sign up to the Code of Conduct at the time they are elected to office. The Code of Conduct for officers is issued to employees on an annual basis.</p> <p>There is a protocol for Member/Officer relations detailed in the Constitution.</p> <p>The Constitution details Rules of Procedures for Committee meetings. Codes and protocols are also included in the Gifts & Hospitality Policy and Register of Interests.</p> <p>Key Officers and Members are required to complete an annual disclosure regarding any related party interests as part of the annual statement of accounts process.</p> <p>There are a set of mandatory training requirements for all officers, which are delivered by either e-learning or face to face sessions.</p> <p>Members have at least one training event each year which relates to Conduct. They have access to the Monitoring Officer at all times.</p> <p>Other protocols included in the Constitution relate to Pre-Election, Member involvement in Commercial Transactions, use of Council facilities, printing and postage, Dealing with Planning Matters and Monitoring Officer Protocol.</p> <p>The Audit and Governance Committee remit includes review of Standards of Conduct for Members as required by the Localism Act 2011 – reports are produced to the Audit and Governance Committee.</p> <p>There is a Chief Officer conduct committee and a Statutory Officer conduct committee.</p> <p>There is an E-induction programme in place which was launched in May 2019.</p> <p>A members' induction programme took place in May 2019 for the intake of newly elected members and for the new member elected following a by-election in December 2019. Due to the Covid-19 restrictions, no elections took place in May 2020. The members' induction process will commence following the restoration of local elections anticipated for May 2021.</p>

	A new personal development review process was rolled out during 2019, which incorporates Corporate Values and Behaviours. This is being reviewed again in 2020.

Supporting Principle	Ensuring members take the lead in establishing specific standard operating principles or values for the organisation and its staff and that they are communicated and understood. These should build on the Seven Principles of Public Life (the Nolan Principles).
What Assurance Do We Want	Communicating shared values with members, staff, the community and partners.
What Assurance Do We Get	<p>The Members Code of Conduct is built upon the Seven Principles of Public Life. The Code of Conduct is included in the Constitution.</p> <p>The Vision for Tamworth is underpinned by high level, evidence based priorities that focus upon both Tamworth (the place), the communities served (the people) as well as the Council (the organisation). It is through the Corporate Plan that these aspirations and expectations will be achieved. The scale, scope and timescale relating to these outcomes presents the Council with a challenging yet achievable task over the forthcoming years, particularly now in light of the challenges posed by Covid-19.</p> <p>It is important to note that whilst the plan focuses upon delivering against the 3 Thematic Priorities, the Council must also ensure that the wide range of day-to-day operational and support services continue to be delivered to a consistent and efficient standard. In doing so, it demonstrates how “Delivering Quality Services” both connects and underpins our Thematic Priorities.</p> <p>The Corporate Plan identifies that we will prioritise the development of clear standards of service across the organisation and will further develop our approaches to measure and respond quickly to customer intelligence and levels of satisfaction together with the revision of the Organisational and People Strategy that ensures the organisation is focused on the future.</p> <p>In addition to the activity planned for the Tamworth Listens process / State of Tamworth debate, consultation is planned to gauge residents’, business and other core stakeholders’ views on the Council’s priorities to achieve the ‘Vision’ considering areas of spending or where savings could potentially be made.</p> <p>The consultation is carried out through a range of activities, including online surveys, workshops etc. A survey that is tailored for businesses, a full survey aimed at residents and a survey that is tailored for the voluntary and community sector. The online residents survey is promoted using social networking/media sites and through email contact databases. The business survey is promoted through business social networking sites and business email contact databases. The voluntary and community sector survey is promoted through email contact databases. Implementation of an updated Customer Service strategy has been delayed as it is being further developed to support the move to more efficient ways of working and a more accelerated move to digitalisation.</p>

Core Principle C: Defining outcomes in terms of sustainable economic, social and environmental benefits

Supporting Principle	Having a clear vision which is an agreed formal statement of the organisation's purpose and intended outcomes containing appropriate performance indicators which provides the basis for the organisation's overall strategy, planning and other decisions
What Assurance Do We Want	Vision used as a basis for corporate and service planning
What Assurance Do We Get	<p>The Vision for Tamworth is underpinned by high level, evidence based priorities that focus upon both Tamworth (the place), the communities served (the people) as well as the Council (the organisation).</p> <p>It is through the Corporate Plan 2019-2022 that these aspirations and expectations are being achieved. The scale, scope and timescale relating to these outcomes presents the Council with a challenging yet achievable task over the forthcoming years, particularly now in light of the challenges posed by Covid-19.</p>

It is important to note that whilst the plan focuses upon delivering against the 3 Thematic Priorities, the Council must also ensure that the wide range of day-to-day operational and support services continue to be delivered to a consistent and efficient standard. In doing so, it demonstrates how “Delivering Quality Services” both connects and underpins the Thematic Priorities.

The Authority continues to work with others by using alternative delivery models for service provision. A Memorandum of Understanding has been adopted with Lichfield District Council to replace an existing informal arrangement for options of pursuing shared service arrangement with each other.

Every year, the Authority undertakes [consultation](#) with local people on a wide range of issues. During 2019/20, [consultation](#) was completed on the budget, Local Council Tax Reduction Scheme, ‘Tamworth – What Next?’, planning documents, local development documents and public space protection orders. [“Tamworth Listens”](#) is another consultation exercise of which the results feed into [the “State of Tamworth Debate”](#). The consultation exercise for the 2020/21 budget process was completed to gauge residents’, business and other core stakeholders’ views on the Council’s priorities to achieve the “Vision” considering areas of spending or where savings could be potentially be made.

There are dedicated [Business Advice](#) and [Visit Tamworth](#) websites.

In terms of the Councils own housing stock and in compliance with the regulatory framework members have approved a regulatory framework ensuring tenants are plugged into the democratic process and have the opportunity to inform, share and influence key strategic decisions

The landlord regulatory framework sets out how tenants inform, scrutinise and develop services. The tenant Consultative group are constituted and their views are incorporated in to the Council’s decision making through references in reports. The Councils presents an annual report for tenants to Cabinet detailing compliance with consumer standards and reference to benchmarked HRA activity. This is evidenced through the Tenant Involvement and Consultation Strategy which gives examples of where tenants’ have been consulted regarding the decisions which affect the management and maintenance of their homes, for example, Tenants were consulted as part of the development of the new Housing Allocations Policy. As part of the Tenant participation, there are formal groups for [Tenant Consultation](#) and Tenant Involvement and several informal groups in place. [Open House](#) is now communicated by way of an e-newsletter on a bi-monthly basis. It is still advertised on our website and will be available on request as a hard copy. A small number of hard copies will be made available in prominent places i.e. reception/TIC etc. and a small number delivered to the 11 Housing Sheltered schemes around the Borough.

The [Vision](#) is used as a basis for the Corporate Plan and service delivery plans which are reviewed on an annual basis.

The [Tamworth Strategic Partnership](#) (TSP) is an umbrella partnership that brings together key local agencies from the public, private, voluntary and community sectors. The TSP has terms of reference, vision and

priorities, work streams, a commissioning framework. Agenda and minutes are made available on the Authority's website.

The Authority produces an Annual Review and [Corporate Plan](#). Performance against the Corporate Plan is reported on a quarterly basis. The [Statement of Accounts](#) and the [Annual Audit Report](#) are made available on the website.

Council, on 25th February 2020, approved a 3 year Medium Term Financial Strategy for the General Fund with a Council Tax increase of £5 for the year – in order to continue to deliver those services essential to the Local Community.

With regard to the Housing Revenue Account, a 5 year MTFS was approved by Council including significant investment in Regeneration projects to meet future housing needs and sustain the HRA in the longer term. When the budget and MTFS were approved, future levels of funding for the Council were uncertain pending the most significant changes in Local Government funding for a generation. The reforms were planned to be in place by 2020/21 but were deferred until 2021/22. The Government has confirmed that the longer-term reforms for the local government finance system (including the move to 75% Business Rates Retention and Fairer Funding Review of Relative Needs and Resources) will be deferred again as a result of the current situation, although no timescales have been released. In addition, the next planned national Business Rates Revaluation, planned for 2021 will take effect from 2023.

In light of the projected impact of Covid-19 on the Councils Medium Term Financial Strategy, an immediate suspension of all non-essential spending was approved by Cabinet on 9th July and that Managers review their budgets and identify all non-essential spending for 2020/21 as part of the quarter 1 projections at 30 June 2020 - and approval sought for the budget to be revised to remove these.

No one can know what the effect of the Covid-19 crisis will have on the economy and ultimately the impact for the Councils finances. It will be many months before we have a clearer idea on how the economy has responded to the recovery process – including any lasting effects for individual businesses and their employees. Social distancing measures will remain in place for the foreseeable future – impacting mainly on the Councils ongoing income receipts.

Measures taken to control Covid-19 are leading to heavy economic losses and this has and will continue to affect collection rates, as some individuals and businesses experience financial effects of the pandemic. The uncertainties created by the pandemic have also significantly increased volatility and uncertainty in markets. This applies not only to non-current operational and non-operational property assets held by authorities, but also to investment properties, financial assets and many assets held by pension funds.

Financial resilience is and has been the key requirement for local authorities at any time, but in the current crisis it has assumed unprecedented importance. Perhaps the biggest difficulty with the pandemic is that there is no certainty about time scales; it is impossible to draw any conclusions about how long the effects will last.

	<p>During the crisis the Council has lost income which will significantly impact on the potential sustainability of the organisation, as will be the case across many Local Government organisations. Whilst the full extent of this cannot be known at present it will be necessary for the Council to take an accelerated approach towards the development and implementation of an effective sustainability strategy. This must be linked to an overall vision for the organisation.</p> <p>The Council remains committed to promoting and stimulating economic growth and regeneration; meeting our housing needs; creating a vibrant town centre economy and protecting those most vulnerable in our communities. The Council is responding to these challenges by considering the opportunities to make further savings and /or grow our income. We are ambitious with our commercial view and will continue to work hard to identify income streams that enable us to continue to meet the needs of our residents.</p> <p>More than ever, we recognise that our financial capacity will be less than in previous years which means that we will need to maintain our approach to innovation, collaboration and transformation. So, not only will the Council seek investment from businesses and developers, but the Council itself will explore viable and sustainable investment opportunities using all returns to support public services.</p> <p>We continue to invest in our teams, transform our processes and ensure our technology infrastructure is fit for purpose. We have identified a number of opportunities to improve customer access to information and services as well as our engagement with our citizens and the way in which we manage our data and information.</p> <p>Linked with this, the 'Delivering Quality Services' project continues to review processes and demand, with the aim of re-designing processes to meet changing customer expectations and making the best use of technology to deliver efficient and effective services to the customer, including self-service and digital functionality.</p> <p>This approach will change the organisation and how it works; will require Members to put evidence and insight at the heart of our decision making to ensure that we are transparent about the rationale for our decisions and plans; will involve managed risks and will sustain essential services critical in supporting the most vulnerable in our communities at a time when demand is increasing and resources reducing.</p> <p>Corporate Management Team (CMT) and Cabinet review the most up-to-date budget forecasts on a quarterly basis, and discuss the delivery of the planned savings to support our Medium Term Financial Strategy (MTFS).</p>

Supporting Principle	Considering feedback from citizens and service users when making decisions about service improvements or where services are no longer required in order to prioritise competing demands within limited resources available including people, skills, land and assets and bearing in mind future impacts.
What Assurance Do We Want	Financial strategy
What Assurance Do We Get	Budget consultation is completed on an annual basis with citizen input which informs the financial strategy. The consultation is carried out through three online surveys. A survey that is tailored for businesses, a full survey aimed at residents and a survey that is tailored for the voluntary and community sector. The online residents' survey is promoted using social networking/media sites and through email contact databases. This includes the 238-strong Citizens Panel. The business survey is promoted through business social networking sites and business email contact databases. The voluntary and community sector survey is promoted through email contact databases. All surveys are promoted in local media outlets and across social media. MTFS approved annually takes into account budget consultation feedback – reported annually to Cabinet. As part of the Tamworth Listens process, we have also historically held an annual Question Time event, which sees a panel of local leaders attend and members of the public can ask questions. In 2019/20, this was repurposed to focus on a major issue affecting Tamworth - the future of the town centre. Called Tamworth What's Next, this involved a wide-spread consultation campaign, supported by media, social media, videos and a series of workshops in the council chamber where members of the public, businesses and voluntary sector organisations were able to ask questions of the Leader. This applies not only to non-current operational and non-operational property assets held by authorities, but also to investment properties, financial assets and many assets held by pension funds.

Financial resilience is and has been the key requirement for local authorities at any time, but in the current crisis it has assumed unprecedented importance. Perhaps the biggest difficulty with the pandemic is that there is no certainty about time scales; it is impossible to draw any conclusions about how long the effects will last.

During the crisis the Council has lost income which will significantly impact on the potential sustainability of the organisation, as will be the case across many Local Government organisations. Whilst the full extent of this cannot be known at present it will be necessary for the Council to take an accelerated approach towards the development and implementation of an effective sustainability strategy. This must be linked to an overall vision for the organisation.

The Council remains committed to promoting and stimulating economic growth and regeneration; meeting our housing needs; creating a vibrant town centre economy and protecting those most vulnerable in our communities. The Council is responding to these challenges by considering the opportunities to make further savings and /or grow our income. We are ambitious with our commercial view and will continue to work hard to identify income streams that enable us to continue to meet the needs of our residents.

More than ever, we recognise that our financial capacity will be less than in previous years which means that we will need to maintain our approach to innovation, collaboration and transformation. So, not only will the Council seek investment from businesses and developers, but the Council itself will explore viable and sustainable investment opportunities using all returns to support public services.

We continue to invest in our teams, transform our processes and ensure our technology infrastructure is fit

	<p>for purpose. We have identified a number of opportunities to improve customer access to information and services as well as our engagement with our citizens and the way in which we manage our data and information.</p> <p>Linked with this, the 'Delivering Quality Services' project continues to review processes and demand, with the aim of re-designing processes to meet changing customer expectations and making the best use of technology to deliver efficient and effective services to the customer, including self-service and digital functionality.</p> <p>This approach will change the organisation and how it works; will require Members to put evidence and insight at the heart of our decision making to ensure that we are transparent about the rationale for our decisions and plans; will involve managed risks and will sustain essential services critical in supporting the most vulnerable in our communities at a time when demand is increasing and resources reducing.</p> <p>Corporate Management Team (CMT) and Cabinet review the most up-to-date budget forecasts on a quarterly basis, and discuss the delivery of the planned savings to support our Medium Term Financial Strategy (MTFS).</p>

Supporting Principle	Ensuring the medium term financial strategy integrates and balance service priorities, affordability and other resource constraints.
What Assurance Do We Want	Feedback surveys and exit/decommissioning strategies Changes as a result
What Assurance Do We Get	<p>Budget consultation completed on an annual basis.</p> <p>Consultation is planned to gauge residents', business and other core stakeholders' views on the Council's priorities to achieve the 'Vision' considering areas of spending or where savings could potentially be made. The consultation is carried out through 3 online surveys. A survey that is tailored for businesses, a full survey aimed at residents and a survey that is tailored for the voluntary and community sector.</p> <p>The online residents survey is promoted using social networking/media sites and through email contact databases.</p> <p>The business survey is promoted through business social networking sites and business email contact databases. The voluntary and community sector survey is promoted through email contact databases.</p> <p>Joint Scrutiny Committee (Budget) held annually to feedback Member concerns from residents.</p>

Supporting Principle	Ensuring the budgeting process is all-inclusive, taking into account the full cost of operations over the medium and longer term.
What Assurance Do We Want	Budgeting guidance and protocols

What Assurance Do We Get	<p>Medium Term Financial Strategy Budget setting process approved by Cabinet in July each year – including a robust process for capital investment and policy changes which requires business cases to be prepared for consideration by Executive Management Team.</p> <p>As part of the Tamworth Listens process, we hold a Tamworth Question Time event – an annual event which a panel of local leaders attend and members of the public can ask questions. These are then fed into the State of Tamworth Debate.</p> <p>In 2019/20, this was repurposed to focus on a major issue affecting Tamworth - the future of the town centre. Called Tamworth What's Next, this involved a wide-spread consultation campaign, supported by media, social media, videos and a series of workshops in the council chamber where members of the public, businesses and voluntary sector organisations were able to ask questions of the Leader.</p> <p>Unfortunately, the coronavirus pandemic has made it impossible to hold such an event in 2020/21 at this time.</p> <p>In addition to the activity planned for the Tamworth Listens process / State of Tamworth debate, consultation is planned to gauge residents', business and other core stakeholders' views on the Council's priorities to achieve the 'Vision' considering areas of spending or where savings could potentially be made.</p> <p>The consultation is carried out through 3 online surveys. A survey that is tailored for businesses, a full survey aimed at residents and a survey that is tailored for the voluntary and community sector.</p> <p>The online residents survey is promoted using social networking/media sites and through email contact databases.</p> <p>The business survey is promoted through business social networking sites and business email contact databases. Supporting Principle	Ensuring the medium term financial strategy sets the context for ongoing decisions on significantly delivery issues or responses to changes in the external environment that may arise during the budgetary period in order for outcomes to be achieved whilst optimising resource usage
What Assurance Do We Want	Financial Strategy
What Assurance Do We Get	<p>Medium Term Financial Strategy and associated forecasts are considered by CMT, EMT and Cabinet prior to review/scrutiny by Members at the Joint Scrutiny Committee (Budget). It is then approved by Full Council.</p> <p>These consider the need for any ongoing decisions on significant issues and appropriate budget changes made through the policy changes process or capital programming process.</p> <p>In year changes can be made using virements procedures (for both Officers and Cabinet) outlined within financial guidance (as well as use of contingencies).</p>

Supporting Principle	Ensuring the achievement of “social value” through service planning and commissioning. The Public Services (Social Value) Act 2012 states that this is “the additional benefit to the community...over and above the direct purchasing of goods, services and outcomes”
What Assurance Do We Want	<p>Service plans demonstrate consideration of “social value”</p> <p>Achievement of “social value” is monitored and reported upon</p> <p>New contracts for the delivery of repairs and investment of the Council’s property portfolio have been procured. Both contracts include a suite Social Value measures which have defined and measurable outcomes with financial penalties for non-compliance. Social Value measures range from formal training and apprenticeship schemes through to more local skills training for residents including DIY and IT with a view to reducing demand. Other local environmental improvement measures are also included. Social Value aspects have to be considered before the procurement process starts. Also, although we do not have to include social value aspects in our procurement, we do have to demonstrate that we have considered them, which means documenting this and evidencing that due consideration has been given.</p> <p>It is important that sufficient time is allowed to undertake procurements where social value is going to be included to allow for the required consideration and consultation before the process starts. The Corporate Procurement Officer must be involved at the earliest stages of the process, to ensure that proper consideration is given to what is required, and that this is adequately reflected in tender and evaluation documents and processes.</p>
What Assurance Do We Get	<p>The Procurement Strategy, approved by Cabinet, includes the requirements of the Social Value Act. The requirements of the Social Value Act have been covered in staff training sessions, and the provisions of the Act have been utilised in voluntary sector commissioning projects.</p> <p>It requires Officers to consider social value issues in the procurement of major works or services i.e. impact on local labour, local economy/businesses, apprenticeships etc.</p>

Supporting Principle	Ensuring financial management supports both long term achievement of outcomes and short-term financial and operational performance
What Assurance Do We Want	Financial management supports the delivery of services and transformational change as well as securing good stewardship
What Assurance Do We Get	<p>Council, on 25th February 2020, approved a 3 year Medium Term Financial Strategy for the General Fund with a Council Tax increase of £5 for the year – in order to continue to deliver those services essential to the Local Community.</p> <p>With regard to the Housing Revenue Account, a 5 year MTFS was approved by Council including significant</p>

investment in Regeneration projects to meet future housing needs and sustain the HRA in the longer term. When the budget and MTFs were approved, future levels of funding for the Council were uncertain pending the most significant changes in Local Government funding for a generation. The reforms were planned to be in place by 2020/21 but were deferred until 2021/22. The Government has confirmed that the longer-term reforms for the local government finance system (including the move to 75% Business Rates Retention and Fairer Funding Review of Relative Needs and Resources) will be deferred again as a result of the current situation, although no timescales have been released. In addition, the next planned national Business Rates Revaluation, planned for 2021 will take effect from 2023.

In light of the projected impact of Covid-19 on the Councils Medium Term Financial Strategy, an immediate suspension of all non-essential spending was approved by Cabinet on 9th July and that Managers review their budgets and identify all non-essential spending for 2020/21 as part of the quarter 1 projections at 30 June 2020 - and approval sought for the budget to be revised to remove these.

No one can know what the effect of the Covid-19 crisis will have on the economy and ultimately the impact for the Councils finances. It will be many months before we have a clearer idea on how the economy has responded to the recovery process – including any lasting effects for individual businesses and their employees. Social distancing measures will remain in place for the foreseeable future – impacting mainly on the Councils ongoing income receipts.

Measures taken to control Covid-19 are leading to heavy economic losses and this has and will continue to affect collection rates, as some individuals and businesses experience financial effects of the pandemic. The uncertainties created by the pandemic have also significantly increased volatility and uncertainty in markets. This applies not only to non-current operational and non-operational property assets held by authorities, but also to investment properties, financial assets and many assets held by pension funds.

Financial resilience is and has been the key requirement for local authorities at any time, but in the current crisis it has assumed unprecedented importance. Perhaps the biggest difficulty with the pandemic is that there is no certainty about time scales; it is impossible to draw any conclusions about how long the effects will last.

During the crisis the Council has lost income which will significantly impact on the potential sustainability of the organisation, as will be the case across many Local Government organisations. Whilst the full extent of this cannot be known at present it will be necessary for the Council to take an accelerated approach towards the development and implementation of an effective sustainability strategy. This must be linked to an overall vision for the organisation.

The Council remains committed to promoting and stimulating economic growth and regeneration; meeting our housing needs; creating a vibrant town centre economy and protecting those most vulnerable in our communities. The Council is responding to these challenges by considering the opportunities to make further savings and /or grow our income. We are ambitious with our commercial view and will continue to work hard

	<p>to identify income streams that enable us to continue to meet the needs of our residents.</p> <p>More than ever, we recognise that our financial capacity will be less than in previous years which means that we will need to maintain our approach to innovation, collaboration and transformation. So, not only will the Council seek investment from businesses and developers, but the Council itself will explore viable and sustainable investment opportunities using all returns to support public services.</p> <p>We continue to invest in our teams, transform our processes and ensure our technology infrastructure is fit for purpose. We have identified a number of opportunities to improve customer access to information and services as well as our engagement with our citizens and the way in which we manage our data and information.</p> <p>Linked with this, the 'Delivering Quality Services' project continues to review processes and demand, with the aim of re-designing processes to meet changing customer expectations and making the best use of technology to deliver efficient and effective services to the customer, including self-service and digital functionality.</p> <p>This approach will change the organisation and how it works; will require Members to put evidence and insight at the heart of our decision making to ensure that we are transparent about the rationale for our decisions and plans; will involve managed risks and will sustain essential services critical in supporting the most vulnerable in our communities at a time when demand is increasing and resources reducing.</p> <p>Corporate Management Team (CMT) and Cabinet review the most up-to-date budget forecasts on a quarterly basis, and discuss the delivery of the planned savings to support our Medium Term Financial Strategy (MTFS).</p>
