Description of Risk				Assigned To	Stefan Garner; Lynne Pugh
Gross Risk Matrix		Risk Treatment Measures Implemented			
Gross Risk Score	12	Medium term financial strategy in place - approved annually	Current Risk Matrix		
Gross Severity	4	Quarterly healthcheck to CMT / Cabinet including MTFS update	Current Risk Score	9	
Gross Likelihood	3	Business Rates Collection Reserve - provision of reserve funding to mitigate impact of any changes in business rate income levels	Current Severity	3	
Gross Risk Review Date	30-Jun-2020	Monitoring of the situation / regular reporting	Current Likelihood	3	
		A robust & critical review of savings proposals is required / undertaken before inclusion within the forecast			
		Scrutiny Role by Executive Management Team (ELT/Cabinet) and CMT	Last Risk Review Date	17-May-2021	
		Robust management of DFG referrals / funding levels			
		Prudent approach to forecasting of Government Funding (NNDR/RSG/New Homes Bonus) from 2022/23 - including redistribution of growth in business rates since 2013			
		Contingencies and Contingency/Transformation Reserve in place			
		Managers reviewed their budgets and identify all non-essential spending for 2020/21 as part of the quarter 1 projections at 30 June 2020 - savings of £1.2m identified			
		Recovery and Reset programme approved by Cabinet October 2020			
Consequences	<p>Inability to plan long term due to uncertainty over future Local Government funding arising from the Fair Funding Review, the planned business rates reset and the revised business rates retention scheme.</p> <p>Following announcements as part of Spending Round 2019 that the Review of the distribution methodology, the 'Fair Funding Review' as well as the planned Business Rates Reset will be now be reviewed as part of the Comprehensive Spending Review now planned for 2020, the Government has confirmed, due to the</p>				

	<p>pandemic, that the longer-term reforms for the local government finance system (including the move to 75% Business Rates Retention and Fairer Funding Review of Relative Needs and Resources) will be deferred again as a result of the current situation, although no timescales have been released. The Government has said it will keep an open dialogue with the local authorities about the best approach to the next financial year, including how to treat accumulated business rates growth (pending the planned business rates baseline reset) and the approach to the 2021/22 local government finance settlement - now confirmed with no business rates reset. However, there is a high risk that this will have a significant effect on the Council's funding level from 2022/23.</p> <p>Increased risks associated with those Councils who are borrowing large sums to invest in commercial property activities.</p> <p>Shortfall in DFG grant funding / impact on General Fund revenue</p> <p>Impact of COVID-19 on future income levels uncertain - prudent approach to forecasting business rates, council tax and income from fees and charges will be needed</p>
Vulnerabilities/causes	<p>Austerity cuts/Major variances to the level of grant/subsidy</p> <p>Business rates retention – deferral of the 75% retention of business rates (rather than 100% as previously planned).</p> <p>Review of the distribution methodology, the 'Fair Funding Review' as well as the planned Business Rates Reset (when a proportion of the growth in business rates achieved since 2013/14 will be redistributed) together with the Spending Review.</p> <p>The Government has confirmed, due to the pandemic, that the longer-term reforms for the local government finance system (including the move to 75% Business Rates Retention and Fairer Funding Review of Relative Needs and Resources) will be deferred again as a result of the current situation, although no timescales have been released. The Government has said it will keep an open dialogue with the local authorities about the best approach to the next financial year, including how to treat accumulated business rates growth (pending the planned business rates baseline reset) and the approach to the 2021/22 local government finance settlement - now confirmed with no business rates reset.</p> <p>In addition, the next planned national Business Rates Revaluation has been deferred and will now take effect from 2023/24 – with latest indications that the Government will also aim to introduce a centralised system for business rate appeals at the same time to cover future changes arising from the 2023 valuation list</p> <p>Non achievement/delivery of substantial savings</p> <p>Review of the Treasury Management Investment Guidance / Minimum Revenue Provision Guidance has been carried out by DCLG - however, planned CIPFA review of Prudential code may lead to a potential restriction of investments by Councils given increased risk exposure.</p> <p>Disabled Facilities Grants - increased demand / costs not in line with grant levels impacting on other funding sources, uncertainty over funding.</p> <p>During the COVID-19 pandemic the Council will lose income and other resources. Whilst the full extent of this cannot be known at present it will be necessary for the Council to take an accelerated approach towards the development and implementation of an effective sustainability strategy. Accordingly, it was approved that there is an immediate suspension of all non-essential spending and that the budget be revised to remove these budgets following the preparation of the first quarterly monitoring report. Managers were required to review their budgets and identify all non-essential spending for 2020/21 as part of the quarter 1 projections at 30 June 2020.</p>
