Annual Report of the Audit & Governance Committee 2020/21

1. Introduction from the Chair of the Audit Committee

I am pleased to present the Annual Report of the Audit Committee for the 2020/21 Committee year.

There is no doubt that this has been a challenging year for everyone. During these extraordinary times, it is more important than ever that the Committee is able to gain assurance that the Council’s governance, risk and internal control environment remain fit for purpose.

While some of the Committee’s early work programme was impacted by restrictions arising from the pandemic, the Committee moved seamlessly to remote working, hosting its meetings remotely from July 2020. Business as usual resumed and the Committee was able to seek assurance against the Council’s response to Covid-19 and other significant risks, as well as continuing to ensure the Council’s overall governance framework remained robust.

These will be continuing themes into our work programme in 20/21, but in addition, there will be new areas on which the Committee will be seeking assurance, such as in the Council’s transformation of the town centre following the £21.65m allocation of Future High Street Funding and also in terms of the Reset and Recovery Programme. As we hopefully move into a post pandemic recovery, the Committee will continue to scan the risk horizon for new and emerging threats and opportunities, notably, the Council’s response to climate change and cyber security. I would welcome all to attend a meeting of the Committee and see our work in operation for yourselves!

Finally, I would like to take this opportunity to thank all those members and officers who have contributed to the work of the Audit & Governance Committee over the last 12 months.

**Councillor M Summers,
Chair of the Audit & Governance Committee 2020/21
11 March 2021**

A number of Audit Committee Members also sat on various other Committees. There were no reports received during the year that necessitated members absenting themselves.

In reviewing the effectiveness of the Audit & Governance Committee, Members considered whether effectiveness could be further strengthened by appointing Independent Members to the Audit & Governance Committee. The Committee Terms of Reference currently enables up to 2 independents to be appointed. The Committee assessed the pros and cons of this during the year and decided to commence a recruitment process to appoint 2 independent members. This will be progressed for the new Committee year 2021/22.

Senior officers from the Council also attend the Audit Committee as appropriate, including the Executive Director Finance (Chief Finance Officer), Assistant Directors and the Head of Audit & Governance. The External Auditor also attends.

4. Training & Effectiveness

Audit & Governance Committee receive appropriate and proportionate training. A general training session for all Councillors was held in November 2020 on the role of the Committee; the internal control environment, governance, risk management and counter fraud.

5. Sources of Assurance during 2020/21

In fulfilling its terms of reference, the business conducted by the Audit Committee during 2020/21 is detailed at **Appendix A** per the following themes:

- Internal Audit
- External Audit / Inspection
- Financial Management
- Risk Management
- Corporate Governance.

The Committee gained assurance in 2020/21 from these themes as follows:

Internal Audit

In respect of the 2020/21 financial year, a positive Internal Audit Opinion was given from the Head of Audit & Governance as follows:

‘On the basis of audit work completed, the Head of Audit & Governance’s opinion on the council’s framework of governance, risk management and internal control is reasonable in its overall design and effectiveness. Certain weaknesses and exceptions were highlighted by audit work. These matters have been discussed with management, to whom recommendations have been made. All of these have been, or are in the process of being addressed’.

'Specific issues:

No specific issues have been highlighted through the work undertaken by Internal Audit during the year'.

Audit Committee received internal audit's performance reporting during the year indicating that the service was performing reasonably against its performance measures, despite the disruption of the pandemic.

The Council can be assured that no issues have been identified in the 2020/21 work completed which impacts materially on the overall system of internal control.

External Audit / Inspection

The main responsibility of the External Auditor is to report on the council's accounts and whether the council has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. Grant Thornton reported on the 2019/20 accounts. In Grant Thornton's Annual Audit Report, they concluded that:

'In our opinion, the financial statements:

- give a true and fair view of the financial position of the Council and its income and expenditure for the year; and
- have been prepared properly in accordance with the CIPFA/LASAAC code of practice on local authority accounting and prepared in accordance with the requirements of the Local Audit and Accountability Act 2014'.

Financial Management

The Committee scrutinised the 2019/20 statement of accounts and also received reports on accounting policies. The Committee also had oversight of a review of the Council's financial guidance, undertook a review of the financial resilience index and received assurance on the treasury management strategy / statement. The Committee received regular Internal Audit progress reports, including a number giving assurance on financial management and controls during the period (e.g. budgetary control, treasury management and housing and council tax benefits).

Risk Management

The Committee received quarterly updates on the Council's risk management arrangements via review of the corporate risk register. This included oversight and constructive challenge on risks such as financial sustainability; modernisation and commercialisation; governance; community focus; economic growth and sustainability; information safeguarding and risks arising from the UK's exit from the European Union.

Corporate Governance

The annual governance statement (AGS) and review of effectiveness for the 2019/20 financial year, concluded that the effectiveness of the system of internal control was fit for purpose overall.

The Committee also:

- undertook a review of its own effectiveness in line with CIPFA good practice;
- received updates on the Council's use of the Regulation of Investigatory Powers Act 2000;

- received assurance via the Local Government and Social Care Ombudsman Annual Review; and
- received assurance on the Council's Modern Slavery and Human Trafficking Statement.

Regular updates on the adequacy of the council's counter fraud arrangements were also received, including the approval of a new prevention of the facilitation of tax evasion policy.

6. Conclusion

The Committee has been able to confirm that there were no areas of significant duplication or omission in the systems of governance in the authority that had come to the Committee's attention during 2020/21 that were not being adequately resolved.

Through members receiving this report, the role and purpose of the Committee has been promoted and it has demonstrated that the Committee has continued to perform, meet its terms of reference and added value. This work will continue in 2021/22 with the Committee's refreshed work programme.
