134 QUESTION TIME:

QUESTIONS FROM MEMBERS OF THE PUBLIC NO. 1 Under Schedule 4, 13, Mr H Loxton asked the Leader of the Council Councillor Jeremy Oates the following Question

Will the leader of the council commit to ensuring the public toilets in the Castle Pleasure Grounds are open every day throughout the year from Easter 2022 onwards, and that when the summer opening hours come to an end any winter hours do not include any days when the toilets are closed completely, and instead are open for a minimum of 6 hours daily?

The Leader Councillor J Oates gave the following answer

The Castle grounds toilets were closed in line with Government restrictions during the pandemic and then reopened with reduced hours to accommodate the cleaning regimes required by ongoing Government guidelines. The final restrictions were relaxed on the 1st April and officers are currently investigating the impact of the changes together with the Councils Health and Safety advisor who is recommending ongoing robust regular cleaning to the facilities.

Therefore, additional cleansing staff may be required to facilitate this which will be in place shortly. Unfortunately, whilst the Council remains committed to providing increased toilet facilities during the summer months, those toilets can on occasions be rendered inoperable through vandalism or misuse. I can confirm that every effort is being made to return the opening hours to those available pre pandemic and we look forward to welcoming visitors to the Castle Pleasure Grounds for what we hope, will be a summer packed full of activities for everyone

Mr Loxton asked the following Supplementary Question

When the Castle grounds toilets were re furnished in 2019 including the towns first changing places facility it was promised that the seasonal hours would be done away with. It would provide longer opening hours all year round accessed all day every day at all times of the year and rather than fixed opening hours the toilets would be available remotely controllable to ensure availability meets demand including opening into the evening hours. You spent a lot of money on the facility and it's not being used in that way. I would ask that you put it on your future work plan, commit to discussing at a Council meeting before the summer opening hours comes to an end. I would like you to clarify that you will discuss it a Council meeting and debate as a full council.

The Leader Councillor Jeremy Oates gave the following response

In answer to your question the way policy works is through the budget and the policy framework and all councillors are engaged in building this framework and comes to full Council in February each year. Outside that policy framework we do have some latitude to change things as and when we require. In terms of the specifics around the toilets we are committed to increasing the provision of toilet facilities, we have had some significant problems with the toilets in the Castle grounds due to vandalism and misuse and to deal with that we have had to change the way we operate. Our commitment to deliver and what was said at the time will have change based on circumstances, unfortunately we have had to close them during the pandemic and unfortunately we have had to close them due to vandalism and misuse and have to get them repaired. We are committed to increasing the provision of toilets, we are committed to doing the right thing where we can and we are committed to get over the issues we have to. In terms of all Councillors being involved in the policy framework that happens and that will feed back in February next year.

Report of the Vice-Chair of the Health & Wellbeing Scrutiny Committee To update Cabinet and to make recommendations to it following consideration of matters by the Health & Wellbeing Scrutiny Committee.

A recommendation to Cabinet was made following consideration of the Reset & Recovery item at this Committee's meeting on 25th January 2022, which was:

The Committee recommends to Cabinet to consider another location other than that of the Assembly Rooms for interim, front of house customer services as quickly as possible.

Cllr Claymore attended the 17th February 2022 Cabinet meeting to present this recommendation and Cabinet agreed that it would look at the options and Cabinet resolved to:

“ensure that this is discussed as an agenda item at the next Reset & Recovery Board meeting on 23rd February and feed back to Health & Wellbeing Chair.”

Following the response from the Reset & Recovery Board meeting the committee were still concerned

The Committee moved that the following recommendation was taken back to Cabinet and asked that the Chair and Vice Chair highlight the recommendation personally to the Leader.

Recommendation

The Committee recommends to Cabinet to consider another location other than that of the Assembly Rooms for interim, front of house customer services as quickly as possible.

(Moved by Councillor D Cook and seconded by Councillor Dr. S Peaple)

141 AUDIT & GOVERNANCE COMMITTEE RECOMMENDATIONS TO CABINET REPORT

Report of the Vice-Chair of the Audit & Governance Committee to update Cabinet and to make recommendations to it following consideration of matters by the Audit & Governance Committee.

Following consideration of the recommendations which the Sub-Committee had made to the Audit & Governance Committee, and the further update from members of the Sub-Committee following a visit to key sites associated with the project, the Committee:

RESOLVED: That it recommend to Cabinet that:

1. no decision to bridge the gap in college funding be taken without being considered at full Council
2. Cabinet to ensure adequate support for strategic management of the project at all stages was available; and
3. Over reliance on individual staff was a risk that needed to be managed going forward and recorded in the risk register.

Councillor J Oates gave the following responses to the recommendations

1. Under the framework any decision to gap fund would have to go through full council for a decision.
2. Capacity in the team has been looked at and a report agreed at Appointments & Staffing on 23rd March 2022 approved the post of a Regeneration Officer to free up officer time.
3. The FHSF is controlled by a Board who oversees the project team. The reliance spoken of in the recommendation relates to the fact that the project falls under the Assistant Director- Growth & Regeneration, should we lose that member of staff the role would be replaced.

The response was moved by Councillor J Oates and seconded by Councillor S Doyle to be taken back to the next Audit & Governance Committee
