### **Executive Summary**

At its meeting in February each year, the Council approve the Treasury Management Strategy and Prudential Indicators including, as required by the Code, that the Audit & Governance Committee be given the opportunity to scrutinise the strategy and policies, as well as receiving regular monitoring reports.

With regard to the appointment of a Committee to be responsible for ensuring effective scrutiny of the Treasury Management Strategy and Policies, the code suggests:

- This involves reviewing the Treasury Management policy and procedures and making recommendations to the responsible body;
- Public Service Organisations have a responsibility to ensure that those charged with governance have access to the skills and knowledge they require to carry out this role effectively;
- Those charged with Governance also have a personal responsibility to ensure they have the appropriate skills and training in their role;
- The procedures for monitoring Treasury Management activities through audit, scrutiny and inspection should be sound and rigorously applied, with an openness of access to information and well-defined arrangements for the review and implementation of recommendations for change; and
- This includes the provision of monitoring information and regular review by Councillors in both executive and Scrutiny functions.

In compliance with the above, a copy of the Treasury Management Strategy and Prudential Indicators for 2022/23 is attached at **Appendix A**, together with a copy of the Mid-year Report on the Treasury Management Service 2021/22 at **Appendix B**.
