The matters raised in this report are only those which came to our attention during our internal audit work. Whilst every care has been taken to ensure that the information provided in this report is as accurate as possible, Internal Audit have only been able to base findings on the information and documentation provided and consequently no complete guarantee can be given that this report is necessarily a comprehensive statement of all the weaknesses that exist, or of all the improvements that may be required. This report was produced solely for the use and benefit of Tamworth Borough Council. The Council accepts no responsibility and disclaims all liability to any third party who purports to use or rely for any reason whatsoever on the report, its contents, conclusions, any extract, reinterpretation, amendment and/or modification.

01 INTRODUCTION

BACKGROUND

This report summarises internal audit activity and performance for the period to 30 June 2022.

SCOPE AND PURPOSE OF INTERNAL AUDIT

The Accounts and Audit Regulations require councils to undertake an effective internal audit to evaluate the effectiveness of their risk management, control and governance processes, taking into account Public Sector Internal Auditing Standards or guidance.

This progress report and opinion forms part of the framework of assurances that is received by the Council and is used to help inform the annual governance statement. Internal audit also has an independent and objective consultancy role to help managers improve risk management, governance and control.

Internal Audit's professional responsibilities as auditors are set out within Public Sector Internal Audit Standards (PSIAS) produced by the Internal Audit Standards Advisory Board.

ACKNOWLEDGEMENTS

Internal audit is grateful to the directors, heads of service, service managers and other staff throughout the council for their help during the period.

02 INTERNAL AUDIT WORK UNDERTAKEN

The internal audit plan for 2022/23 was approved by the Audit & Governance Committee at its meeting in March 2022. The plan was for a total of 18 audits.

Much of quarter one work has been centred on completing annual reports, compliance statements (including the Annual Governance Statement) and supporting counter fraud checks on Coronavirus Business Grants and Energy Rebates.

The audit findings of each review, together with recommendations for action and the management response are set out in our detailed

reports. A summary of the reports we have issued and the progress made this year is included at **Appendix 01**.

03 OPINION

SCOPE OF THE OPINION

In giving an opinion, it should be noted that assurance can never be absolute. The most that the internal audit service can provide to the Council is a reasonable assurance that there are no major weaknesses in risk management, governance and control processes.

The matters raised in this report are only those which came to our attention during our internal audit work and are not necessarily a comprehensive statement of all the weaknesses that exist, or of all the improvements that may be required.

In arriving at an opinion, the following matters have been taken into account:

- The outcomes of all audit activity undertaken during the period.
- The effects of any material changes in the organisation's objectives or activities.
- Whether or not any limitations have been placed on the scope of internal audit.
- Whether there have been any resource constraints imposed upon us which may have impinged on our ability to meet the full internal audit needs of the organisation.
- What proportion of the organisation's internal audit needs have been covered to date.

INTERNAL AUDIT OPINION

On the basis of audit work completed, the Audit Manager's opinion on the council's framework of governance, risk management and internal control is reasonable in its overall design and effectiveness. Certain weaknesses and exceptions were highlighted by audit work. These matters have been discussed with management, to whom recommendations have been made. All of these have been, or are in the process of being addressed.

Specific Issues

No specific issues have been highlighted through the work undertaken by internal audit during the period.

Fraud & Irregularity

No matters of fraud or irregularity have been reported during the period. Also see the fraud update on this Committee's agenda.

Consultancy & Advice

The audit team may be requested by managers to undertake consultancy and advice on governance, risk management and internal control matters from time to time. During the period to 30 June 2022, the following was undertaken:

- Attending disabled facilities grant working group;
- Test and Trace assurance statement; and
- Protect and Vaccinate assurance statement.

04 Follow Up

As previously agreed by the Committee, all high priority actions and those arising from no and limited overall assurance reports are followed up by audit, managers confirmation applies to the rest.

The total outstanding actions at the end of Quarter 1 are 60 (14 high, 35 medium, 11 low). During 2021/22 the Audit Manager held meetings with all Assistant Directors to review all outstanding recommendations. This has shown a specific improvement in the implementation and the number of recommendations, over time, has been shown within **Appendix 3** of this report, as requested by this committee. This shows in tabular graph form the progress regarding the number of outstanding audit recommendations over time.

The Audit Manager is currently holding meetings with all Assistant Directors to review outstanding recommendations as at 30th June 2022.

Priority of Recs	Number of O/S recs – 31 March 2022	Number of recs closed during the period April – June 2022	Number of additional recs made during Q1	Number of current O/S recs as at 30 June 2022	Overall movement of rec numbers during the first quarter
High	24	10	0	14	-10
Medium	51	20	4	35	-16
Low	18	11	4	11	-7

As at 30 June 2022 there were 14 high priority recommendations outstanding however of these 10 were overdue and these are being followed up during July/August 2022 as part of the Quarter 1 review with Assistant Directors.

The current high priority recommendations which are overdue relate Property Compliance (2), Housing Repairs (1), PCI DSS (2), Data Protection (3), Pentana (1) and Business Continuity (1). In all cases progress is being made on these recommendations and implementation will be reported to this committee.

Compliance with professional standards

We employ a risk-based approach in planning and conducting our audit assignments. Internal audit work has been performed in accordance with PSIAS.

Conflicts of interest

There have been no instances during the year which have impacted on internal audit's independence that have led to any declarations of interest.

Performance of Internal Audit

Internal audit quality assurance

To ensure the quality of the work internal audit performs, there is a programme of quality measures which includes:

- Supervision of staff conducting audit work.
- Review of files of working papers and reports by managers.
- Regular meetings of our networking groups, which issue technical and sector updates.

Performance Measures

- Complete 90% of the audit plan - 6% relates to assurance work completed in the period.
- 100% Draft reports issued within 6 weeks of start date - 0% (No Audits completed)
- 100% Closure meetings conducted within 5 days of completion of audit work – 0% (No Audits completed)
- 100% draft reports to be issued within 10 working days of closure meeting – 100%
- 100% of all high priority actions are implemented at follow up – 100%
- All no and limited assurance reports have a revised assurance rating of substantial or reasonable on follow up – 100%
- Achieve an average customer satisfaction score of 4 or more – **None returned**

21/22 Planned Audits finalised	NNDR	Risk based review of NNDR including assurance over the adequacy of controls around the maintenance of systems recording taxable properties and liable persons, billing, discounts and reliefs, collection, refunds and write offs.		<p>Controls were in place to mitigate against key risks. The Academy System maintains a record for each account of the total amount of income due to be received based on the rateable value of the property and any discounts/exemption if applicable. In addition it maintains a record of all transactions relating to bills issued, refunds made and income received, including if any reminder letters have been sent or summons issued. Sample testing relating to discounts/exemptions, refunds and arrears was conducted. In all cases appropriate documentation had been maintained to support the transactions and, where appropriate, action relating to arrears had occurred.</p> <p>A reconciliation of daily NDR income received is conducted between the Academy System and the Aims System. A sample of 10 daily reconciliations were reviewed. In all cases any discrepancy had been investigated and the reason for the discrepancy noted. In addition a monthly reconciliation of NDR Income received is carried out</p>	 <p>H-0 M-0 L-2</p> <p>Substantial Assurance</p>

				<p>between the Academy system and the General Ledger. Four reconciliations were reviewed and in all cases no differences had been noted and all the reconciliations had been appropriately completed and authorised.</p> <p>In addition, reconciliations of the total Rateable Value are carried out between the Academy system and Valuation Office listings and reconciliation details are appropriately maintained. For a sample of 5 VO lists there were no discrepancies identified. A secondary check had also been conducted for all cases where there had been a change in the Rateable Value compared to the previous list.</p> <p>As per the previous audit report five recommendations had been made, out of which two were not agreed. For the three that had been agreed, it was confirmed that two had been actioned. However, one relating to periodic reviews of discounts applied had not been actioned and therefore the recommendation has been reiterated.</p> <p>It was also noted that no current year write offs had been processed and an appropriate recommendation has been made.</p>	
	Assets and Inventory	Risk based review covering the adequacy and effectiveness of controls regarding the Council's assets and inventory.		<p>The audit was completed on five service areas (Sheltered Housing, Marmion House/Town Hall, TEC, Castle and IT). Information was not provided to the auditor for the Assembly Rooms, Street Scene and Leisure.</p> <p>The asset and inventory system is designed well with controls in place to mitigate against the risks. Assurance can be given that the design of controls is adequate and the controls were found to be operating effectively.</p>	 <p>H-0 M-4 L-2</p> <p>Reasonable Assurance</p>

Assurance	Audit	Scope	Planned Quarter	Assurance Summary	Assurance Opinion
				<p>The requirements of managing assets and inventory is noted in the Council's Financial Guidance Section C 11.</p> <p>Service areas maintain records of equipment required to carry out their functions. The Council Asset Register is maintained in the Asset Manager system and access is restricted to Finance. The Asset Register is updated annually, service areas update their inventories at the time of any additions or disposals.</p> <p>The Council Asset Register is maintained by the Assistant Director – Finance and is updated once a year as part of the Final accounts process although other registers such as Insurance Register are updated as and when necessary throughout the year. Again, as part of final accounts process asset users are asked to verify that they still have and use the assets allocated to them. All responses from managers are collated by the Assistant Director Finance</p> <p>Property is secured when not in use as appropriate, locked rooms, CCTV, alarm systems, keys locked in secure cabinets. IT equipment is tagged with pre-printed numbered tags that cannot be easily removed.</p> <p>Some areas for improvement were identified. Inventory records are not fully completed and lack detail as required in the Financial Guidance. The IT Asset Register did not include detail of the employee allocated the equipment. The replacement of equipment is not reflected as a disposal / addition to the record. There was no</p>

				<p>evidence to confirm that an annual verification of inventory had been completed. Inventories are not consistently security marked.</p> <p>Implementation of the recommendations in the action plan will enhance arrangements and address these risks.</p>	
Follow Up of No and Limited Assurance Opinion Audits					

Appendix 02: Assurance and Recommendation Classifications

Overall Assurance Opinion	Definition
Substantial	There is a sound system of internal control designed to achieve the organisation's objectives. The control processes tested are being consistently applied.
Reasonable	While there is a basically sound system of internal control, there are some weaknesses which may put the organisation's objectives in this area at risk. There is a low level of non-compliance with some of the control processes applied.
Limited	Weaknesses in the system of internal controls are such as to put the organisation's objectives in this area at risk. There is a moderate level of non-compliance with some of the control processes applied.
No	Significant weakness in the design and application of controls mean that no assurance can be given that the organisation will meet its objectives in this area.

Recommendation Priority	Definition
High	High priority recommendation representing a fundamental control weakness which exposes the organisation to a high degree of unnecessary risk.
Medium	Medium priority recommendation representing a significant control weakness which exposes the organisation to a moderate degree of unnecessary risk.
Low (Housekeeping)	Low priority (housekeeping) recommendation highlighted opportunities to implement a good or better practice, to add value, improve efficiency of further reduce the organisation's exposure to risk.

Appendix 03: Outstanding Audit Recommendations

As requested by this committee at its last meeting on 8 June 2022, a table has been included showing the total number of outstanding audit recommendations, over time.

Overall, there has been an improvement in the total number of outstanding audit recommendations at the end of each quarter. This has reduced from a total of 375 outstanding actions to the current number of 60 as at 30 June 2022. It should be noted that the movement of audit recommendations does vary as when audits are completed this increases the number of actions. Over time however the number of outstanding actions will decrease as recommendations are completed and reported by management.

At the end of Quarter 4 2019/2020 a new approach was agreed with this committee in relation to the follow up of audit recommendations and the reporting of these figures to committee. During this time the number of outstanding recommendations was not reported to management as this approach was defined, agreed and approved by Audit & Governance Committee in June 2021.

Prior to June 2021 work was undertaken to reduce the number of outstanding actions and since June 2021 this has includes one to one meetings with management to discuss progress of each audit recommendation. Additionally at the conclusion of each audit, we discuss with management, their proposed action plan to ensure that implementation is both timely and realistic.
