PART 1 – INTRODUCTION

The Borough Council of Tamworth (“the Council”) is the licensing authority for the private hire and hackney carriage regime in the Borough of Tamworth.

In carrying out its Taxi and Private Hire licensing function the Council seeks to promote the following objectives:

- Protection of the Public
- Safety and health of drivers and the public;
- High standards of vehicle safety, comfort and access;
- Prevention of crime and disorder and the protection of the consumers;
- Ensure that the decision making processes are transparent, and the resulting decisions are fair, proportionate and consistent;
- Equality and accessibility in service provision.

The Council expects all applicants, drivers, proprietors and operators to demonstrate commitment to promoting these objectives.

In addition, this Policy attempts to encompass the Councils vision:-

‘Tamworth – celebrating our heritage, creating a better future’

The Policy seeks to ensure that transport for those with a disability will be provided.

The Policy adheres to statutory guidance issued in July 2020 by the Secretary of State for Transport under section 177(1) of the Policing and Crime Act 2017 to protect children and vulnerable adults from harm when using taxi and private hire services.

The main types of licence are:

- Dual Hackney Carriage and Private Hire Drivers’ Licence - All drivers of Hackney Carriages and Private Hire Vehicles (‘Drivers’) must hold a Dual Hackney Carriage and Private Hire Drivers’ Licence issued by the Borough Council of Tamworth;
- Private Hire Vehicle Licence - Private Hire Vehicles must be licensed by the Council, as must the Driver and the Private Hire Operator who is responsible for taking the bookings. All three licences must be issued by the same Council.
- Private Hire Operator Licence - Private Hire Operators must be licensed by the Council, as must the Drivers and Vehicles they operate.
- Hackney Carriage Vehicle Licence - Hackney Carriages (Taxis) must be licensed with the Council as must the driver. Both licences must be with the same Council.

The rules on Taxis and Private Hire Vehicles can be complex. This document is intended to make it clear how the Council operates its licensing service.

Please note that the following vehicles are not required to be licensed:

- vehicles owned by funeral directors wholly or mainly for the purpose of funerals

- ambulances and voluntary vehicles
- vehicles used solely for the purpose of weddings.

Scope

The Hackney Carriage and Private Hire Licensing Policy is applicable to the licensing of hackney carriage and private hire drivers and vehicles and to the licensing of private hire operators. This policy supersedes all previous Council policies relating to Hackney Carriages, Private Hire Vehicles, Operators and Drivers.

Purpose

The fundamental purpose of licencing is to protect the safety and welfare of the public who live, work and visit Tamworth. The importance of a thriving hackney carriage and private hire trade to the growth and prosperity of Tamworth local economy is recognised; however, the safety and welfare of the public is the over-riding principle that will be considered when matters are dealt with under this Policy.

Hackney Carriage and Private Hire vehicles have an important role to play in any integrated public transport system. They are able to provide services in situations where other forms of public transport are either restricted, not available, or outside normal hours of operation, and assist those with mobility problems.

The main concerns for the Council are to ensure:

- the safeguarding of children, young persons and adults at risk of abuse and neglect;
- that in order to promote the welfare of children and to protect them from harm, prospective and licensed drivers and operators who have dealings with children and families have a duty to report matters of concern that could relate to the safety and/or welfare of children and vulnerable persons to the relevant authorities (refer to Tamworth BC's Safeguarding Policy, and Appendix A for further information);
- that any person who applies to be a hackney carriage or private hire vehicle, driver or operator is a fit and proper person and does not pose a threat (in any form) to the public.

The Council also use the phrase 'safe and suitable' in place of 'fit and proper' as an aid to interpret what is meant by it. The tests that the Council will use to determine whether an individual is considered fit and proper/safe and suitable to hold a licence are below:

- For drivers: "Would you allow your child, spouse or partner, parent, grandchild or any other person for whom you care, to get into a vehicle with this person alone at any time of day or night?"
- For private hire operators: "Would I be comfortable providing sensitive information such as holiday plans, movements of my family or other information to this person, and feel safe in the knowledge that such information will not be used or passed on for criminal or unacceptable purposes?"
- For vehicle proprietors: "Would I be comfortable allowing this person to have control of a licensed vehicle that can travel anywhere, at any time of the day or night without

arousing suspicion and be satisfied that they would not allow it to be used for criminal or other unacceptable purposes, and be confident that they would maintain it to an acceptable standard throughout the period of the licence?”.

- that the public are safeguarded from dishonest persons; that vehicles used to convey
- passengers are safe and fit for the purpose for which they are licensed; and
- that the impact on the environment is reduced in line with European and national guidelines.

The Policy provides guidance to any person with an interest in hackney carriage and private hire licensing; in particular, but not restricted to:

- persons who wish to apply for hackney carriage and private hire vehicle, drivers or operator licences; persons who hold existing licences, including those that are the subject of review;
- the Council, in its capacity as the licensing authority, including licensing officers and members of the public protection committee;
- service users who have concerns relating to an operator, vehicle or driver; licensing consultants, solicitors and barristers advising and/or representing applicants/licence holders; and
- Magistrates' and judges hearing appeals against Council decisions.

The Policy is also designed to put the Council's licensing requirements into context.

Consultation and Communication

In determining this Policy, the views of relevant stakeholders have been taken into consideration.

In order to deliver a transparent, accountable and efficient licensing service the Council is committed to ongoing communication and consultation with all stakeholders. In particular, the Council welcomes the opportunity to communicate and consult with representatives of the hackney carriage and private hire trade to enable and encourage the exchange of views and information in relation to the Policy, conditions, changes in the law and reviews. The specific methods to achieve this communication and consultation will be determined as required.

The views of relevant stakeholders will be considered in any major changes to this Policy.

Review

The policy will be formally reviewed after 5 years. However, it will be the subject of continuous evaluation and, if necessary, formally reviewed at any time. At the time of each review relevant stakeholders will be consulted.

Minor changes would be made without consultation where:

- they are to correct an administrative error
- they are a change needed because something is no longer possible or legal
- there is no foreseeable detrimental effect to licensee's interests.

Legislative framework

The operation of the Council's licensing service is undertaken in accordance with relevant legislation, applicable licence conditions, the Regulators' Code (BRDO 14/705 April 2014) and the Secretary of State for Transport Statutory Taxi and Private Hire Vehicle Standards July 2020, and such other guidance that may be issued from time to time by the Department for Transport and other Government departments.

The primary legislation relating to hackney carriage and private hire licensing, at the time this policy comes into force, is contained in the Town Police Clauses Act 1847 and the Local Government (Miscellaneous Provisions) Act 1976 and may be subject to change with any new and/or amended legislation. This policy reflects the changes to hackney carriage and private hire licensing introduced by the Deregulation Act 2015 and Immigration Act 2016, and the provisions contained within the Equality Act 2010. It also encompasses provisions from other pieces of legislation such as (but not exclusively) the:

- Road Safety Act 2006
- Road Traffic Acts (Various)
- Criminal Justice & Public Order Act 1994
- Transport Act 1985

In addition, the service is provided in accordance with all relevant Council policies, but in particular the following which mirror the framework of policies which under section 177(4) of the Policing and Crime Act 2017 the authority must have regard to when exercising its licensing functions:

- Diversity & Equality Scheme
- Information Security policy
- Corporate Enforcement policy

The General Data Protection Regulations ("GDPR") and the Data Protection Act 2018 ("DPA18") covers the collection, storage, processing and distribution of personal data. It also gives certain rights to individuals about whom information is recorded. The Council aims to fulfil its obligation under the legislation to the fullest extent by only processing personal data for the purposes of legitimate interests pursued by the Council or legal requirements imposed on the Council. The DPA18 obliges local authorities to comply with the below data protection principles. The principles state that the information shall be:

- used fairly, lawfully and transparently
- used for specified, explicit purposes
- used in a way that is adequate, relevant and limited to only what is necessary
- accurate and, where necessary, kept up to date
- kept for no longer than is necessary
- handled in a way that ensures appropriate security, including protection against unlawful or
- unauthorised processing, access, loss, destruction or damage

Further information about GDPR and DPA18 can be obtained at the Information Commissioner's website (www.ico.gov.uk). Enquiries regarding the Council's use of personal data should be addressed to the Councils Data Protection Officer at data-protection@tamworth.gov.uk

The Policy and associated conditions do not address health and safety at work requirements.

Drivers and operators are required to ensure compliance with all relevant health and safety at work provisions. This is likely to impact on the health and safety requirements associated with transporting passengers with disabilities, e.g. those who need to carry oxygen for medical purposes or those with assistance dogs. This may have implications on the extent of the discretion that drivers have to refuse to carry passengers with certain disabilities.

Conditions

The Council will adopt any reasonable conditions that it deems necessary and appropriate to ensure that proprietors, operators, drivers and vehicles comply with relevant legislation and the fundamental purpose of the guidance, i.e. to protect the safety and welfare of the public and in particular children and vulnerable adults.

Any licensed driver, vehicle proprietor or operator may request a review of any condition or any element of this Policy at any time. Requests will be dealt with on their individual merits.

Initiatives that lead to the improvement of any element of the service in particular enhancing the safety of the public are actively sought.

Our approach

The Council aim to balance protection of the public against requirements which are too onerous. Requirements which are too onerous may ultimately reduce the availability and increase the cost of taxis/private hire vehicles. We aim to be pragmatic and work with the trade to improve the service provided to the public.

The Council are committed to being as open as possible in our dealings with the public and the trade. We will seek to put as much information as possible on the website in as user friendly form as possible

Public Register

The Council will hold and maintain a register for all the licences which it issues. The information held on the register will be restricted to the name of the licence holder; a unique licence number; the date of commencement; and the date of the expiry of the licence. The register will be available for inspection by prior arrangement with the Councils Licensing team and where possible will be published on the Councils website

PART 2 – LICENSING PRINCIPLES, PROCESS AND DELEGATION

Introduction

The Council has adopted Part II of the Local Government (Miscellaneous Provisions) Act 1976 and, together with the provisions contained in the Town Police Clauses Act 1847, the Council carries out the licensing of hackney carriage drivers and vehicles and private hire drivers, vehicles and operators.

This part of the policy focusses on the principles the Council will follow when administering licence applications, reviewing conditions, setting fees and setting the table of fares. It explains the roles and duties of the Licensing Committee and officers of the Council.

The Council aims to provide a clear, consistent and responsive service to prospective and current licence holders, members of the public and other stakeholders. This includes the provision of advice to prospective applicants, including advice on the effect that convictions, etc. may have on any application, and to existing licence holders. The Council will be mindful of the needs of the applicant but this will be balanced against the duty that the Council has to protect the safety and welfare of the public.

All licence applications will be considered and determined on their own individual merits, but with regard to the statutory guidance regarding the protection of children and vulnerable adults who use taxi and private hire services.

Licensing principles

The Council aims to provide a clear, consistent and responsive service to prospective and current licence holders, members of the public and other stakeholders. This includes the provision of advice to prospective applicants, including advice on the effect that convictions, etc. may have on any application, and to existing licence holders. The Council will be mindful of the needs of the applicant but this will be balanced against the over-riding duty that the Council has to protect the safety and welfare of the public.

All licence applications will be considered and determined on their own individual merits.

Licensing process and delegation of functions

The Council has delegated its licensing function to the Licensing Committee, who have further delegated officers of the Council to determine all applications and take action in accordance with this Policy.

Whilst officers and the relevant committees will, in the majority of cases, follow the Policy. Where the policy is silent, the reasons for departing from the guidance will be made clear.

Committees

Licensing Committee

This Committee is made up of 13 members of the Council. It deals with conditions of licence, the setting of fees and charges and hackney carriage fares.

Decisions

The Council has the power to refuse to grant or renew licences and also to suspend or revoke existing licences in accordance with relevant legislative provisions. In addition, the Council may choose to issue written warnings.

Any decision to refuse to grant or renew a licence or to suspend or revoke an existing licence, including the decision to suspend or revoke with immediate effect or to issue a written warning will be made in accordance with the Council's scheme of delegation and other relevant procedures.

Where applications are to be determined, the officer, and/or Licensing committee will take into consideration the facts of the application, any information and/or evidence provided by other interested parties including, but not restricted to, officers from the Council with responsibility for safeguarding and officers from Staffordshire Police together with the recommendation made by the licensing officer presenting the report. Applicants will be given the opportunity to submit written and/or verbal representations as appropriate.

Following the determination of an application by the Council the applicant will receive a copy of the decision in writing. This written decision will be delivered as soon as is practicable after the decision has been made. This will include information on the right of appeal where appropriate.

Application/Renewal Decision

Where the Council is minded to not approve the licence/renewal in the form applied for, it will give the applicant/licence holder a chance to make representations in person, by telephone or face to face, or in writing by letter or email before the decision is taken.

Where an application is incomplete or does not meet the application criteria the Council will reject the application. This will be confirmed in writing.

Decision to suspend/revoke a licence

Suspension, Immediate Suspension, Revocation and Immediate Revocation of a dual drivers licence can be carried out by the Licensing Committee, or a duly authorised officer of the Council.

Where the Council is minded to suspend or revoke a licence it will give the applicant/licence holder a chance to make representations in person, by telephone or face to face, or in writing by letter or email before the decision is taken.

Suspension or Revocation of a vehicle licence can be carried out by the Licensing Committee or a duly authorised officer of the Council.

Appeals

If the applicant/licence holder is aggrieved by the decision of the Council they may appeal to the relevant court (in most cases the Magistrates Court). The appeal needs to be made within 21 days of being notified in writing of the Council's decision and must be lodged with the Court in accordance with the relevant statutory provisions. The Council strongly advises parties to promptly seek appropriate independent legal advice in such circumstance

Working in partnership

The Council aims to work in partnership with other relevant agencies/bodies when dealing with hackney carriage and private hire licensing issues. Such partnerships will include, but are not restricted to, relevant hackney carriage and private hire trade associations, neighbouring local authorities, Staffordshire Police, Driver and Vehicle Standards Agency (DVSA), Revenues and Benefits teams, Safeguarding Partnerships and consumer groups.

The Borough Council of Tamworth regularly meets and shares information with other enforcement authorities including Staffordshire Police and Staffordshire Trading Standards through the Tamworth Responsible Bodies Group (RBG) and Stoke on Trent and Staffordshire Responsible Bodies Group (SSRBG).

The Council, as primary regulator, will ensure that all relevant provisions relating to the effective administration of licensing functions are robustly enforced in order to ensure protection of the public

Where licensing staff do not consider that this policy is being correctly applied they are able to raise this for investigation, and remedial action if required, through the Council's internal whistleblowing procedure.

PART 3 – LICENSABLE ACTIVITIES

Introduction

This part of the Guidance focusses on the licensable activities and the necessary steps required to obtain and to hold such a licence. These steps will include the standards that applicants must attain and the conditions that apply. Where appropriate, any reference to 'applicant' is deemed to include existing licence holders.

The following are applicable to all licence types:

- Where an applicant has failed to declare relevant information or provided false information the application is likely to be refused; where this relates to an existing licence, the licence is likely to be suspended or revoked. Applicants are reminded that it is an offence to knowingly or recklessly make a false declaration or omit any material particularly when giving information required by the application for a licence;
- All licence fees are payable at the time of application in full. Where a licence is not granted, i.e. the applicant withdraws their application a portion of the fees may be returned to the applicant. The actual amount of the refund will depend upon the progress of the application at the time the applicant withdraws;
- In the event that an application for a licence is paid by cheque, the licence will not be valid until such time as the cheque has cleared. In the event that the cheque does not clear and the licence has been issued, the licence will be null and void with immediate effect;
- The application process must be completed within 6 months unless prevented from doing so by matters that are outside the applicant's control, e.g. external delays in the DBS process, otherwise the application process will cease to progress further until such time as the applicant provides all the required information. Applications not completed within 6 months without a justified reason for the delay will be considered abandoned. A refund may be made for abandoned applications depending on the level of work that has already been carried out.
- Where a licence has lapsed, been surrendered or revoked a new application must be submitted in accordance with the relevant new licence procedures before the Council will consider the application;
- When a licence expires, the Council will not permit any 'periods of grace' for the submission of a renewal application, unless there is satisfactory evidence of exceptional circumstances that are accepted by the Council.

Appointments

The Council operates an appointment system. Applicants will not be seen and applications will not be accepted without an appointment without prior agreement by a Council Officer. To assist drivers, vehicle owners and operators to make appointments in a timely manner, the Council will endeavour to notify all operators and proprietors of vehicles that their licence is due to expire at least three months before the actual expiry date of their licence. This is to

allow sufficient time for DBS checks to be undertaken and returned, and any necessary training or other requirements to be completed.

IMPORTANT: However, it is the licence holder's responsibility and the onus is on them to ensure that a renewal application is made in good time. Under no circumstances will a licence be issued without satisfactory completion of all required checks.

Disclosure & Barring Service (DBS) data and other relevant information

The Council follows the Disclosure and Barring Service (DBS) Code of Practice for Registered Persons and Other Recipients of Disclosure Information (November 2015) and will retain a copy of the certificate in line with the Council's data retention policy and data protection legislation.

DBS certificates must be in the correct workforce (i.e. 'Other Workforce') and for the correct job role (i.e. Taxi Driver or Taxi Licensing). Further information about the DBS can be found at:

<https://www.gov.uk/government/organisations/disclosure-and-barringservice/about>

The Council will accept an Enhanced DBS disclosure report issued as part of an application made through a separate organisation provided:-

- It is for 'other workforce';
- It includes both of the Barring checks
- It is for the same job role (Taxi Driver or Taxi Licensing)
- It is presented to the Council for verification within 3 months of issue date of the certificate
- the applicant has subscribed to the DBS Update Service; and
- the applicant has authorised the Council to access the relevant online record

Further information can be found at:

<https://www.gov.uk/dbs-update-service>

The Council will make regular use of the DBS update service provided by the DBS and, where this shows changes to a licence holders record, a new DBS disclosure will be required. The licence holder is required to pay the appropriate fee before the new DBS disclosure application is submitted.

Where an applicant has spent an extended period of time overseas and hence their DBS record is incomplete the authority will require an applicant for a licence to provide data on their criminal record or a Certificate of Good Character issued by the relevant Embassy or High Commission.

The certificate must be authenticated, translated and sealed by the Embassy or High Commission. Further information on this can be found at:

<https://www.gov.uk/government/publications/criminal-records-checks-for-overseas-applicants>

Drivers who undertake work for County Council transport contracts, e.g. school contracts, are advised to contact the Transport and Connected County Unit at Staffordshire County Council in order to ascertain the level of criminal record disclosure required and any other

requirements in this respect. Information will be shared between Staffordshire County Council and the Borough Council about individuals and businesses that apply and/or tender to deliver passenger transport contracts.

<https://www.staffordshire.gov.uk/Education/School-transport-provider-information/Home.aspx>

The Transport and Connected County Unit can be contacted by email at:

transportcontracts@staffordshire.gov.uk

In addition to information via the DBS service the authority maintains close links with the local police licensing unit ensuring that information held by either party, relevant to taxi and private hire driver licensing, is efficiently and effectively shared under existing protocols. Where the local authority obtains or holds relevant information not known to the DBS service or the local police they will refer this to either or both organisations in order that the information they hold is up to date and complete. This will include information regarding licences which the authority has refused, revoked or suspended them, on the basis that they believe the individual presents a risk of harm to a child or vulnerable adult.

The authority will also share information with other local licensing authorities regarding licences they refuse, suspend or revoke and with the national register maintained by the National Anti-Fraud Network known as the 'NR3' register.

Counter-Terrorism and Security Act 2015

The Council has a duty under the Counter-Terrorism and Security Act 2015 ("CTSA") to have due regard to the requirement to prevent people from being drawn into terrorism. The applicant/licence holder shall facilitate the Council's compliance with its duty pursuant to the CTSA and the applicant/licence holder shall have regard to the statutory guidance issued under section 29 of the CTSA and in particular to ensure that they:

- understand what radicalisation means and why people may be vulnerable to being drawn into terrorism;
- are aware of extremism and the relationship between extremism and terrorism;
- know what measures are available to prevent people from becoming drawn into terrorism and how to challenge the extreme ideology that can be associated with it; and
- obtain support for people who obtain support for people who may be exploited by radicalising influences.

Where the applicant/licence holder identifies or suspects that someone may be engaged in terrorist related activity, the applicant/licence holder must refer such person or activity to the police. For more information please see:

<https://www.gov.uk/government/publications/counter-terrorism-support-for-businesses-andcommunities>

<https://www.gov.uk/government/publications/prevent-duty-catalogue-of-training-courses>

Immigration Act 2016

As of 1st December 2016 the Council are obliged to ensure that all drivers and operators have the right to work within the UK prior to issuing them a licence. All applicants will be treated in line with the government guidance that can be found here:

<https://www.gov.uk/government/publications/licensing-authority-guide-to-right-to-work-checks>

As part of the new/renewal application process the individual will have to provide the Council with ones of the documents listed in Annex A of the Government Guidance.

Where an applicant cannot provide a current proof of their right to work in the UK then a licence will not be issued to them. Where an applicant has a time limited right to work in the UK then the Council will only issue a licence up until the expiry date of that document.

DRAFT

3a. HACKNEY CARRIAGE AND PRIVATE HIRE VEHICLE DRIVERS

Summary

Any person who drives a hackney carriage must hold the appropriate vehicle driver's licence. Hackney carriage vehicle driver's licences are issued in accordance with section 46 of the Town Police Clauses Act 1847.

Any person who drives a private hire vehicle licence must hold the appropriate vehicle driver's licence. Private hire vehicle driver's licences are issued in accordance with section 51 of the Local Government (Miscellaneous Provisions) Act 1976.

The Council issues a dual Hackney Carriage and Private Hire licence entitling the driver to drive both vehicles.

Fit and proper person

The Licensing Authority has a duty to ensure that any person who is granted a drivers licence is 'fit and proper' to hold a drivers licence. Once granted, they must remain a 'fit and proper' person for the duration of that licence.

The term "Fit and Proper Person" for the purposes of taxi and Private Hire licensing is not legally defined. However, in determining whether a person is fit and proper to hold a licence, those tasked with determining licences / applications are effectively asking the following question of themselves:

"Would you allow your son or daughter, spouse or partner, mother or father, grandson or granddaughter or any other person for whom you care, to get into a vehicle with this person alone?"

If the answer to the question is an unqualified 'yes', then the person can be considered to be fit and proper. If there are any doubts in the minds of those who make the decision, then further consideration should be given as to whether a licence should be granted to that person. If, on the balance of probabilities, the answer is 'no' the individual should not hold a licence. An applicant or licence holder should not be 'given the benefit of doubt'.

The fitness and propriety of a driver will be monitored / assessed, throughout the period that the licence is held, by the Licensing Authority with assistance from Partner Agencies.

All applicants/Licensees are expected to act with honesty and integrity throughout the application process, and must therefore fully and accurately disclose any information that is requested. This includes information regarding previous cautions, convictions, warnings and reprimands, current investigations and pending criminal proceedings.

The application and compliance procedures are designed to ensure high standards are maintained, monitored and non-compliance is appropriately enforced.

Licensing authorities have to make difficult decisions but the safeguarding of the public is paramount.

The Council will use the National Anti-Fraud Network (NAFN) register of drivers who have been refused or had revoked a taxi or PHV driver licence. It will record any cases within Tamworth Borough and check the database for all licence applications and renewals. The Licensing Authority will record the reasons for any refusal, suspension or revocation and

provide those to other authorities as appropriate.

In order to assess the suitability of an applicant the Licensing Authority will undertake any checks and apply whatever processes it considers necessary to determine whether an applicant is 'fit and proper' to hold a licence and ensure that licences are not issued to, or used by, unsuitable people.

In assessing the suitability of an applicant or licence holder, the Licensing Authority will consider the following factors:

- Criminality including cautions
- Period of holding a driver's licence
- Number of endorsed driving licence penalty points
- Right to work
- Medical fitness
- Standard of driving / driving ability
- General conduct / standards of behaviour (including online behaviour)
- The conduct of the applicant in making the application (e.g. whether they have acted with honesty and integrity during the application process).
- The previous licensing history of existing / former licence holders (including honesty and integrity).
- Theoretical knowledge of issues and matters related to the work of a licensed driver.

The Council may at any time request a DVLA check code from an applicant or licensed driver, in order to access DVLA records. The DVLA check code must be provided within 7 days of such a request.

Disclosure & Barring Service Check

As referred to above, hackney carriage and private hire vehicle drivers are required to undertake an enhanced criminal record disclosure (DBS check) and due to the nature of the occupation such drivers are deemed to be an exempt occupation under the provisions of the Rehabilitation of Offenders Act 1974 and the Rehabilitation of Offenders Act (Exceptions) Order 2003.

The effect of this, in relation to hackney carriage and private hire drivers, is to render the Rehabilitation of Offenders Act 1974 inapplicable and therefore convictions are deemed never to be spent. As a result, all convictions, including cautions, will be taken into account when considering a person's suitability to hold a driver's licence. Consequently, applicants are required to provide details of all convictions and cautions, including driving endorsements and disqualification periods relating to 'major' traffic offences.

Although cautions are generally not as serious as convictions, they do require an admission of guilt before they can be issued and are therefore a valuable indication as to an applicant's character and whether they are a fit and proper person to hold or be granted a licence.

A criminal record does not automatically bar an applicant from holding a drivers licence; however, it will be a significant factor when determining whether a licence ought to be granted or not. Where an applicant has previous criminal convictions, these will be considered in line with the guidance set out in **Appendix H**. However, the over-riding consideration will always be to ensure the safety and welfare of the public.

Applicants must have a UK traceable DBS record of at least 5 years or if the applicant has

not been resident in the UK for an unbroken period of at least 5 years have obtained a Certificate of Good Character from the Consulate of the applicant's country of origin. The Council may contact the relevant Embassy, High Commission, solicitor or other appropriate body to verify any documents provided. Proof of a right to work in the United Kingdom will also be required. Contact details for Embassies and High Commissions can be found from the Foreign & Commonwealth Office (FCO) on the GOV.UK website at <https://www.gov.uk/government/world>. The FCO may be contacted for further assistance by telephone on 020 7008 1500, by email at fcocorrespondence@fco.gov.uk or by post at the FCO, King Charles Street, London, SW1A 2AH.

Period of licence

Licences will be issued at a standard length of 3 years. Any shorter duration licence will only be issued if a licensee has requested this and it is appropriate in the specific circumstances of the case, or where required (e.g. when the licence holders leave to remain in the UK is time-limited) or when the licence is only required to meet a short term demand. Licences will not be issued on a probationary basis, in accordance with the Statutory Taxi and Private Hire Vehicle Standards.

Application process

The application form(s) must be fully completed and include all relevant information, supporting documentation and payment of the appropriate fee. If any part of the application form is incomplete or relevant information or supporting documentation is not provided, the applicant will be requested to provide the missing information / documentation and will be informed that the application will not be accepted until such time as all required information/documentation is provided.

The full fee for the licence is payable at the time the application is submitted.

In addition to submitting the application form and fee an applicant must:

- Be over 21 years of age
- Provide a full UK driving licence (or the European equivalent) that has been held for at least 1 years.
- Provide an enhanced DBS certificate including checks against the barring lists, issued:
 - within the previous 3 months or
 - be Registered with the DBS update service with a relevant up to date certificate.
- Authorise the Council to access the relevant online record via the DBS update service;
- Provide one (1) passport sized photograph
- Provide evidence of their right to work in the UK in accordance with the Home Office requirements
- Complete a Statutory Declaration detailing the complete history of any criminal and motoring convictions, caution, reprimands, speed awareness courses and fixed penalty notices;
- Pass the Council's knowledge test;
- Pass CSE & Disability Equality Training approved by the Council
- Undergo Group 2 medical examination and provide the medical certificate issued by the Medical Practitioner;
- Pass the practical driving standards assessment test
- Provide a DVLA online check code

- Provide a Tax check code

Arranging DBS

Appointments are made by the applicant booking an appointment with the Council's Customer Services department with the applicant to complete a DBS application form.

Applicants must subscribe to the DBS Update Service, proof of subscription reference number and the last DBS certificate number must be provided. DBS certificate checks will be made every 6 months. Failure to subscribe to the update service will result in unnecessary additional fees.

Knowledge test

New applicants for a licence to drive a hackney carriage or private hire vehicle will be required to take and pass the Council's knowledge test. This test is aimed at assessing the driver's knowledge of the conditions licensed drivers must adhere to, streets, locations, attractions, entertainment venues and general geography of the Council's administrative area in order to satisfy the Council that they will be able to convey passengers who may be unfamiliar with the locality. This test will be conducted in English. Details of what is required in the knowledge test are provided within the application pack.

Normal examination conditions will apply during the knowledge test. Any person found to be using unfair means during the test will be excluded from the test and will be required to take a fresh test and pay the appropriate fee. This may also affect their fitness and propriety to be granted a licence.

The charge for the initial knowledge test is included in the licence fee. Where an applicant fails the knowledge test there is an additional fee for every subsequent test and every missed test. Once an appointment has been allocated for the test, the applicant must give 2 clear working days' notice to cancel an appointment otherwise they will be required to pay the test fee. In such circumstances the Council will deem that the applicant has failed the test.

An applicant is permitted to take the knowledge test up to a maximum of 3 times per application, subject to the additional re-test fees being paid. Where an applicant fails the knowledge test three times, the application will be refused. The applicant will not be permitted to re-apply for a drivers licence until the expiry of a 12 month period from the date of the last failed knowledge test.

The holder of a driver's licence may be required to satisfactorily undertake a further knowledge test or tests at the discretion/request of the Council.

Failure to submit to or pass any knowledge test will permit the Council to refuse to grant or renew a driver's licence or to revoke or suspend the licence as required.

Medical requirements

The Council is permitted to satisfy itself that an applicant for a licence is physically fit and remains so during the currency of any licence. Consequently, all applicants for a hackney carriage or private hire vehicle driver's licence are required to undertake a medical examination on initial application, at defined intervals thereafter and at any other such time as the Council requires to ensure their fitness to drive. The standards required are set out in the DVLA publication 'At a Glance Guide to the Current Medical Standards of Fitness to Drive' (May 2014). The standard required is the 'Group 2 Entitlement'. No grandfather rights are given by the Council in relation to medical matters.

Applicants must undertake the medical examination and provide a satisfactory medical certificate before a licence is issued. Every 5 years up to the age of 45, or sooner if stipulated by the examining doctor.

Applicants aged 45 to 65 will be required to undertake a medical examination every 3 years, or sooner if stipulated by the examining doctor. Applicants must provide satisfactory medical certificate.

Applicants over the age of 65 must undertake a medical examination and provide a satisfactory medical certificate annually, or sooner if stipulated by the examining doctor.

Age up to 45	Every 5 Years
Age 45 to 65	Every 3 Years
Age over 65	Every Year

In particular, applicants must consider the medical conditions listed in **Appendix I** as the Council may refuse to grant an application or revoke an existing licence where an applicant has any of the listed conditions. Where relevant, the applicant must comply with the additional requirements detailed in **Appendix I**.

If once licensed, the driver's medical circumstances change during the currency of the licence, the driver must inform the Council within 10 working days. The Council may require the driver to immediately undertake a further medical examination and provide an approved medical certificate confirming the outcome of this examination and the driver's fitness (or otherwise) to continue as a licenced driver. The cost of this additional test will be met by the driver.

Should an authorised officer of the Council have reason to believe that a licensed hackney carriage or private hire vehicle driver has a medical condition that renders them unfit to drive, a further medical examination will be requested.

All medical examinations must be carried out by the Council's appointed Medical examiner who is a - General Practitioner (GP) registered with the General Medical Council. The Council reserves the right to refer any medical matters to its own appointed Medical Officer whose decision on the fitness (or otherwise) of a driver to continue as a licensed driver will be final.

The Council will not grant or renew, as the case may be, any driver's licence unless the foregoing provisions are complied with and the driver can demonstrate that they are medically fit to hold a drivers licence.

With respect to current licence holders, if it is deemed necessary to do so, a licence may be revoked or suspended in the interests of protecting the public until further medical examination(s) has/have been carried out or if the licence holder is unable to demonstrate that they are medically fit to hold a drivers licence. The cost of any further medical examinations are to be met by the licence holder.

Medical exemptions involving the carriage of disabled persons and assistance dogs may apply to new applicants or licensed drivers who suffer from certain medical conditions. Where this is the case, the applicant/licensed driver must submit to a rigorous medical examination carried out by the Council's appointed Medical examiner who is a - General Practitioner (GP) registered with the General Medical Council and provide sufficient proof that they have a history of a specific health problem(s) that means they qualify for such a

medical exemption. However, the Council reserves the right to refuse to grant a licence if deemed appropriate to do so.

DVLA and other relevant driving licences

A person applying for a drivers licence must be at least 21 years old and have held a full DVLA/EC/EEA category B driving licence for at least 1 year at the time of application. This includes European Union (EU), European Economic Area (EEA) and Northern Irish licences.

Throughout the currency of the licence, the driver must possess a full driving licence in accordance with the above requirements.

Applicants are required to produce the original of their driving licence. Copies will not be accepted.

All applicants holding driving licences issued by agencies other than the DVLA must produce a certificate to show a driving record from the country of issue.

The Council will use the online Government Driving Licence Checker to check driving licences. www.gov.uk/view-driving-licence.

All applicants for and holders of a Hackney Carriage & Private Hire Combined Drivers Licence will be required to have an annual check of their DVLA driver licence record.

Practical Driving Standards Assessment Test.

The Council approved provider has been employed to carry out the practical driving Assessment Test. Applicants are required to pass an assessment before a licence is issued. Acceptable Photographic identification is required before the test can be commenced.

Applicants who fail the Practical Driving Assessment Test will be allowed to re-do the assessment. All re-tests will be charged in accordance with the fees set by the Council and are non-refundable in the event of failure.

No refund will be provided for any cancellations with less than 24 hours' notice in writing.

If applicants fail three successive Practical Driving Assessments they will be required to wait at least 12 months (from the date of the most recent failure) before being permitted to take further tests.

A third failure may lead to the application being refused on the grounds that the applicant does not have the required skills to deal with the public in the role of a Combined Hackney Carriage and Private Hire driver. At this point of the application only the grant fee will be refunded.

English speaking

The applicant is expected to complete the knowledge test without any translation being offered. And must be able to show they are capable of completing a receipt.

Renewal applications

Once a licence expires, is revoked (subject to a statutory appeal process) or surrendered, it ceases to exist.

Once a licence ceases to exist, a renewal application will not be accepted by the Council and the applicant must submit a new drivers licence application which will be processed in accordance with the Council's new application procedures. If a new application is received within 12 months of the expiry date, not all elements of a new application will be required.

Fitness test requirements

The Council requires all vehicles to be tested at least once a year, to ensure that they are suitable and 'fit' to be licensed.

Testing of all vehicles takes place at the Council's nominated Garage.

The frequency of testing is once per year for vehicles up to 4 years old and twice per year for vehicles over 4 years old. Vehicles can be presented for test up to 8 weeks prior to the Council issuing a renewed licence. An authorised officer of the Council may request that an additional test is carried out during the licence period.

All costs of the test are to be made by the vehicle proprietor. It is the proprietor's responsibility to organise the testing of the vehicle before the existing plate expires.

Where a vehicle licence is suspended as a result of an accident; a garage test will be required to confirm that it is roadworthy, once any repairs have been completed. The driver is responsible for the cost of any additional garage tests. A vehicle fitness/garage test pass certificate will be required before the suspension can be lifted. Where a vehicle fails the garage test the proprietor will be given 28 days to rectify the failure items and submit the vehicle for a re-inspection. If the garage deems the vehicle to be non repairable, it fails the re-inspection or is not resubmitted within 28 days then the vehicle will not be eligible for a retest and any licence in place will lapse or will not be granted.

- If a vehicle fails its fitness test the licence will be suspended. The licencing officer, in consultation with the proprietor of the vehicle will agree a time by which the vehicle must pass its fitness test. If it fails to pass by the agreed time the licence may be revoked.
- With respect to a licensed vehicle, in the event of a proprietor failing to present the vehicle for a fitness test (unless delayed or prevented by sufficient cause accepted and agreed in advance by the Council), the Council may suspend the licence and require the proprietor of that hackney carriage to return the plate to them within 72 hours. If the vehicle is not presented for its fitness test within 14 days of the suspension the licence may be revoked.

V5 registration certificate

The Council accepts that a full V5 registration form in the new owner's name is not always available upon first licence; however, the V5/2 green section of the V5 form must be produced, or a bill of sale. Where the green section has been produced on first licensing the vehicle, a full V5 form in the new owner's name must be produced to the Council within 7 days of the form being received by the owner of the vehicle. A V5 form or proof of purchase must be produced upon transfer of a vehicle licence.

Renewal of a licence

To allow the vehicle's licence to be renewed, a renewal application form must be received by the Council at least 10 working days prior to the expiry date of the original licence to allow the Council sufficient time to process the renewal application. Once a licence expires, is revoked (subject to a statutory appeal process) or surrendered, it ceases to exist. In such circumstances the vehicle must not be used after the expiry date until the renewal plate has been issued.

Once a licence ceases to exist a renewal application will not be accepted by the Council and the applicant must submit a new vehicle licence application which will be processed in accordance with the Council's new application procedures.

Vehicle not fit for the conveyance of passengers

Where a proprietor has notified the Council that damage has occurred to a vehicle, otherwise than in accordance with relevant road traffic legislation, or an inspection of the vehicle by an officer of the Council has determined that a vehicle is not fit for the purpose of conveying passengers, an authorised officer of the Council will decide if the condition is such that the vehicle may continue in service or not. If not, the Council may at that time suspend the

licence and require the proprietor of the vehicle to return the vehicle's plate to them within 72 hours.

The suspension will be lifted and the plate returned at such time when the condition of the vehicle is demonstrated, to the satisfaction of the Council, to be fit for conveying passengers. The Council will require the proprietor to arrange for a further fitness test to be undertaken and certificate produced before the vehicle will be permitted to operate.

Advertising

Proprietors may advertise on hackney carriages in accordance with the conditions set out at **Appendix J**. This is subject to prior approval from the Council.

Closed circuit television (CCTV)

Proprietors of hackney carriage vehicles are permitted to install closed circuit television (CCTV) systems providing such systems are installed in accordance with the appropriate legal framework and the Council has been notified, in writing, of their intention to do so. The relevant legislation must be adhered to. If CCTV is fitted then the proprietor must prominently display signs indicating that CCTV is in use in the vehicle. For further information:

<https://ico.org.uk/about-the-ico/news-and-events/blog-continuous-cctv-in-taxis-where-docouncils-stand>

Trailers

Hackney carriages are permitted to tow trailers when undertaking the licensable activity, providing the conditions set out at **Appendix K** are complied with.

Ranks

The Highways section of Staffordshire County Council will work with the hackney carriage trade, Licensing and Staffordshire Police to determine where ranks/stands ought to be situated.

Where a driver is plying for hire and is illegally parked or if, in the opinion of an officer of the Council or police officer, the driver is plying for hire in a dangerous location, the driver's licence may be reviewed and such conduct may be deemed a reasonable cause to revoke or suspend the licence or to take any other appropriate action.

LPG converted vehicles

The Council must be satisfied that any vehicle that has been converted to LPG has been converted correctly prior to a licence being issued. To this end, the Council will undertake checks with the UK LPG Vehicle Register.

With respect to new applications, where it is established that a conversion has not been undertaken correctly and/or the vehicle is unsafe in any way, the Council will refuse the application.

In the event that an LPG conversion has been undertaken on a vehicle during a current licenced period and the proprietor of the vehicle fails to notify the Council within 7 days of the conversion and provide the LPG Association Conversion Certificate, the Council will suspend the vehicle licence until such time as the certificate is produced. If the certificate is

not produced within 28 days from the date the licence was suspended the Council will revoke the licence.

In the case of a conversion that has been undertaken on a vehicle during a current licenced period and it is subsequently established that the conversion has not been undertaken correctly and/or the vehicle is unsafe in any way, the Council will suspend the licence until such time as the conversion has been undertaken correctly and/or it is demonstrated to the satisfaction of the Council that the vehicle is safe. If this does not occur within a period of 28 days from the date the licence was suspended the Council will revoke the licence.

Electric and Zero Emission Capable Vehicles

The Council encourages and promotes the purchase of fully electric and zero emission capable vehicles to be licensed as Hackney Carriages. Where possible the Council will seek to implement a number of 'plug-in' points around the Borough which will be available for vehicle proprietors to use, and also to actively target funding opportunities. Hybrid vehicles will not be permitted as Hackney Carriages unless they also fulfil the Wheelchair Accessible Vehicle requirements. The Council support the use of electric vehicles that are fitted with a range extension device, providing that it is approved by the manufacturer and fitted by a suitably qualified professional.

Hackney carriage fares

The hackney carriage trade will be expected to apply for any change to the hackney carriage fares. Any proposed changes will be notified to all hackney carriage licence holders, considered by Licensing Committee and advertised in the local press before they are adopted. This does not preclude the Council from putting forward changes to the fares or taking a decision not to accept the application from the trade.

Licence conditions

The applicable conditions relevant to a hackney carriage licence are set out at **Appendix C**. These conditions are in addition to any matters set out within the main body of the Policy.

Main legal requirements

Change of proprietor.

The proprietor must give notice to the Council of any transfer in his interest in the hackney carriage vehicle to a person other than the proprietor whose name is specified in the licence. Such notice must be given, in writing, within 7 days specifying the name and address of the person to whom the vehicle has been transferred.

Change of address

The proprietor of a hackney carriage must notify the Council in writing, within 7 days, of any change of their address.

Retention of drivers licences

Where a Hackney Carriage is working for an Operator they must ensure that each driver's licence is lodged with the operator before the driver is employed to carry out work and must retain the licence in their possession for the period during which the driver remains in their employment. When a driver leaves their employment, the operator must return the driver's licence unless the licence holder has been guilty of misconduct in which case the operator may retain the licence and must issue a summons to have the cause of complaint

determined by the Courts. (Note: If the Courts find that the licence has been improperly retained they have the powers to order its return and to award compensation).

Inspection

The proprietor must present their hackney carriage for inspection/testing by the Council as required per year. The proprietor must provide, on request, the address where the hackney carriage is kept and allow the Council to inspect/test the vehicle at that address.

Accidents

The proprietor, notwithstanding their responsibilities under relevant road traffic legislation, must report to the Council any accident as soon as reasonably practicable. However, where the vehicle has suffered accident damage that materially affects the safety, performance or appearance of the vehicle, or the comfort or convenience of fare paying passengers, the driver must notify the Council within 72 hours. Failure to do so may result in penalty points being awarded.

Production of documents

The proprietor must, on request, produce for inspection the hackney carriage vehicle licence and insurance certificate within 7 days.

Return of identification plate

Where a licence is revoked, suspended or expires, the proprietor, when required by the Council to do so must return the identification plate within 7 days.

Testing of all vehicles takes place at the Council's nominated Garage.

The frequency of testing is once per year for vehicles up to 4 years old and twice per year for vehicles over 4 years old. Vehicles can be presented for test up to 8 weeks prior to the Council issuing a renewed licence. An authorised officer of the Council may request that an additional test is carried out during the licence period.

All costs of the test are to be made by the vehicle proprietor. It is the proprietor's responsibility to organise the testing of the vehicle before the existing plate expires.

Where a vehicle licence is suspended as a result of an accident; a garage test will be required to confirm that it is roadworthy, once any repairs have been completed. The driver is responsible for the cost of any additional garage tests. A vehicle fitness/garage test pass certificate will be required before the suspension can be lifted. Where a vehicle fails the garage test the proprietor will be given 28 days to rectify the failure items and submit the vehicle for a re-inspection. If the garage deems the vehicle to be non repairable, it fails the re-inspection or is not resubmitted within 28 days then the vehicle will not be eligible for a retest and any licence in place will lapse or will not be granted.

- If a vehicle fails its fitness test the licence will be suspended. The licencing officer, in consultation with the proprietor of the vehicle will agree a time by which the vehicle must pass its fitness test. If it fails to pass by the agreed time the licence may be revoked.
- With respect to a licensed vehicle, in the event of a proprietor failing to present the vehicle for a fitness test (unless delayed or prevented by sufficient cause accepted and agreed in advance by the Council), the Council may suspend the licence and
- require the proprietor of that hackney carriage to return the plate to them within 72 hours. If the vehicle is not presented for its fitness test within 14 days of the suspension the licence may be revoked.

V5 registration certificate

The Council accepts that a full V5 registration certificate in the new owner's name is not always available upon first licence; however, the V5/2 green section of the V5 form must be produced. Where the green section has been produced on first licensing the vehicle, a full V5 form in the new owner's name must be produced to the Council within 7 days of the form being received by the owner of the vehicle. A V5 form or proof of purchase must be produced upon transfer of a vehicle licence.

Renewal of a licence

To allow the vehicle's licence to be renewed, a renewal application form must be received by the Council at least 10 working days prior to the expiry date of the original licence to allow the Council sufficient time to process the renewal application. Once a licence expires, is revoked (subject to a statutory appeal process) or surrendered, it ceases to exist.

Once a licence ceases to exist a renewal application will not be accepted by the Council and the applicant must submit a new vehicle licence application which will be processed in accordance with the Council's new application procedures.

Vehicle not fit for the conveyance of passengers

Where a proprietor has notified the Council that damage has occurred to a vehicle, otherwise than in accordance with relevant road traffic legislation, or an inspection of the vehicle by an officer of the Council has determined that a vehicle is not fit for the purpose of conveying passengers, an authorised officer of the Council will decide if the condition is such that the vehicle may continue in service or not. If not, the Council may at that time suspend the licence and require the proprietor of the vehicle to return the vehicle's plate to them within 72 hours.

The suspension will be lifted and the plate returned at such time when the condition of the vehicle is demonstrated, to the satisfaction of the Council, to be fit for conveying passengers. The Council will require the proprietor to arrange for a further fitness test to be undertaken and certificate produced before the vehicle will be permitted to operate.

LPG converted vehicles

The Council must be satisfied that any vehicle that has been converted to LPG has been converted correctly prior to a licence being issued. To this end, the Council will undertake checks with the UK LPG Vehicle Register.

With respect to new applications, where it is established that a conversion has not been undertaken correctly and/or the vehicle is unsafe in any way, the Council will refuse the application

In the event that an LPG conversion has been undertaken on a vehicle during a current licenced period and the proprietor of the vehicle fails to notify the Council within 7 days of the conversion and provide the LPG Association Conversion Certificate, the Council will suspend the vehicle licence until such time as the certificate is produced. If the certificate is not produced within 28 days from the date the licence was suspended the Council will revoke the licence.

In the case of a conversion that has been undertaken on a vehicle during a current licenced period and it is subsequently established that the conversion has not been undertaken correctly and/or the vehicle is unsafe in any way, the Council will suspend the licence until such time as the conversion has been undertaken correctly and/or it is demonstrated to the satisfaction of the Council that the vehicle is safe. If this does not occur within a period of 3 months from the date the licence was suspended the Council will revoke the licence.

Private Hire Vehicle Exemption Certificates

The Local Government (Miscellaneous provisions) Act 1976 requires that a District must issue a private hire vehicle with an identity plate or disc and that the proprietor should not use, or permit the use of, that vehicle without displaying the plate or disc as directed by the Council.

The Local Government (Miscellaneous provisions) Act 1976 s75 (3) gives the District Council the discretion to grant a proprietor an exemption from displaying the licence plate on their private hire vehicle.

Executive hire vehicles are private hire vehicles with an additional application to be made for an exemption to display the licence plate and side identification stickers. They are high value, prestige vehicles that are used by companies for transporting special guests or senior

members of staff in luxury. Executive hire vehicles are styled more as chauffeur driven vehicles than standard private hire vehicles.

Each application for an executive hire vehicle will be considered on its own merits. The overriding consideration will be public safety. The clear identification of a licenced vehicle is considered such a safety aspect, particularly when visiting such places as airports, seaports and the centre of large towns.

Exemptions will not be granted as a matter of course. A clear case for the exemption will have to be made by the proprietor to the authority.

In determining an application it will normally be the executive nature of the work that will indicate whether or not the exemption should be granted, as well as the specification and high quality of the vehicle being used.

If the applicant for an executive Hire Vehicle has ever been cautioned or convicted by any authority of unlawfully plying for hire, the council may refuse to allow the applicant to have a vehicle licensed for executive hire.

Separate conditions apply to Executive Hire Vehicles with the exemption to display the vehicle plate. These are set out in Appendix D.

Executive Hire Vehicles should have the following features as a minimum in order to be considered for licensing, this list is not exhaustive:-

- High quality vehicle in terms of brand and condition, with no visible defects, dents or blemishes to the external bodywork or trim
- Luxury or prestige vehicle
- Engine size of 2000cc or greater
- Automatic transmission
- Minimum specification of air conditioning/climate control to front and rear seats, all electric windows, central locking and suitable front and rear headrests for all passengers.

Executive hire vehicles are to be used for purposes such as corporate bookings to transport employees and clients on business related journeys, and bookings where customers have asked to book a vehicle without obvious private hire plates or signage. The Council closely monitors the use of executive hire vehicle, such vehicles are not to be used as standard private hire vehicles.

On the grant of an executive hire licence the council will issue an executive hire window badge for display in the front and rear window.

The drivers of executive hire vehicles are exempted from the requirement to wear a drivers badge. However the Council would expect the badge to be carried in the vehicle and to be available for inspection by an authorised officer of the council or a police officer.

Limousines, Novelty Vehicles and Vintage Vehicles

For the purpose of licensing a limousine is described as a luxurious vehicle that has been stretched by the insertion of an additional section not exceeding 3048 millimetres to extend the length of the vehicle. The vehicle shall be capable of carrying up to, but not exceeding,

eight passengers. Applicants are directed towards the VOSA (now DVSA) 'Guidance for Operators of Stretch Limousines' (March 2011).

Limousines will be licensed by the Council however, the over-riding consideration will be the safety of the vehicle. Such types of vehicle will only be licensed as private hire vehicles. They will be subject to the production of specific documents, in original form or as copies certified by the vehicle builder (uncertified photocopies will not be accepted), and to conditions as set out in Appendix E. These are in addition to the documents required and the conditions applicable to standard private hire vehicle licensing. Proprietors may submit an application for a Private Hire Vehicle Exemption Certificate.

The following documentation must be produced prior to licensing:

- a. Evidence of compliance through the Individual Vehicle Approval Scheme (IVA) or a Qualified Vehicle Modifier (QVM) certificate; this is issued by the vehicle builder.
- b. Public Liability Insurance documentation for a minimum of £5,000,000 and, where drivers other than the proprietor are used, Employer Liability Insurance documentation for a minimum of £10,000,000.
- c. Documentation recording the overall weight of the vehicle (as displayed on the vehicle.)

In addition to stretched limousines, novelty vehicles, e.g. fire engines, and vintage vehicles will also be considered for licensing. Such vehicles do not have to comply with the European Emission Standards or the New Car Assessment Programme rating but will be dealt with by a case by case basis and referred to the Council's Licensing Committee for determination

PART 4 – COMPLIANCE, ENFORCEMENT AND COMPLAINTS

Summary

This part of the Policy sets out the manner in which the Council approaches compliance and enforcement, including the way in which complaints will be dealt with, as it relates to hackney carriage and private hire licensing.

Compliance and enforcement

The Council's licensing officers will work closely with the hackney carriage and private hire trades to achieve compliance with the relevant legislation and the Council's conditions of licence. The Council will do so in accordance with the Council's Corporate Enforcement Policy. In addition, hackney carriage and private hire vehicle drivers and operators must comply with all reasonable requests made by officers of Tamworth Borough Council, other local authorities and the police.

The Council will work closely with other enforcement authorities, particularly Staffordshire Police when dealing with licensed and unlicensed vehicles and drivers, especially concerning cross boundary related issues.

Licence holders are strongly encouraged to cooperate with officers of all other local authorities. Failure to cooperate may lead to the suspension or revocation of their drivers licence.

Breaches of the driver code of conduct and/or vehicle and operator licence conditions will be dealt with in accordance with the Councils enforcement policy and will be referred to the duly authorised officer. Repeated breaches of licence conditions will result in the matter being referred to the Licensing Committee.

The Council operates a points system for any breaches of conditions. If any driver/proprietor reaches 12 points within a 3 year period they will automatically be referred to the Licensing Committee. Further points within the same period will automatically result in a committee hearing. If any driver/proprietor breaches the exact same condition 3 times in a 3 year period it will automatically result in a committee hearing. If any operator reaches 12 points in a 12 month period it will automatically result in a committee hearing.

The points list is not exhaustive and the licencing officer may decide to have a committee hearing for any driver/proprietor should the officer feel the offence is serious enough to warrant it.

A driver can appeal any points awarded by writing to the Head of Environmental Health.

The Council has a Corporate Enforcement Policy which it will take into account before taking any enforcement action. The Licensing Team must be familiar with the requirements of the policy and appropriate training will be provided, where required.

Authorised Officers will be authorised to take enforcement actions relevant and appropriate to their level of competence. Competency will be assessed individually by reference to qualifications and experience.

Where there is a shared enforcement role with other agencies, e.g. the Police, we will liaise with and co-operate with them to ensure there is no conflict of interest or unnecessary duplication of enforcement.

The Council will investigate all valid complaints with regard to drivers, vehicles and operators/proprietors. It will also do spot checks and undercover checks. Investigations will be focused and targeted on businesses that do not comply and/or in those areas of the Borough where complaints have identified potential problems. Those individuals or businesses will face proportionate and meaningful sanctions. Complaints are frequently made against hackney carriage and private hire drivers. Such complaints will be considered first by the licensing officer as to the nature of the complaint being serious enough to be forwarded to an authorised officer of the Council or Licensing Committee.

An authorised officer of the Council /Licensing Committee will consider the history of all complaints made against the driver to assess any patterns. If a problem is inherent, then the Council will consider whether the driver is a fit and proper person to hold such a licence.

Complaints may be investigated by way of an interview under caution in compliance with the Police and Criminal Evidence Act 1984.

Private hire and hackney carriage drivers are professional drivers and must be aware of the safety of their passengers and the safety of their vehicles at all times. Any traffic offences show a lack of responsibility whilst driving, either due to the maintenance and safety of their vehicles, or in the manner of their driving. The Council expects all licence holders to adhere to the specifications set out in this Policy and in any relevant legislation. Any complaints that relate to misconduct will be fully investigated and appropriate action will be taken where deemed necessary.

Licence holders are expected to co-operate fully with all requests made of them by an authorised officer of the Council. Failure to do so and/or obstruct an officer in their duty will lead to appropriate action being taken where deemed necessary. This includes, but is not limited to, attending interviews and vehicle inspections, and producing documentation upon request.

Enforcement Options

Licence application and enforcement decisions will always be consistent, balanced, fair and relate to common standards which ensure that the public is adequately protected. In reaching any decision many criteria will be considered including the:-

- seriousness of any offences;
- driver or operator's past history;
- consequence of non-compliance;
- likely effectiveness of the various enforcement options;
- danger to the public.

Having considered all relevant information and evidence, the choices for action are:-
Licence Applications:

- grant licences subject to the Council's Standard Conditions;
- refuse to grant a licence.
- Grant for a limited time period

- take no action;
- take informal action;
- suspend a licence;
- revoke a licence;
- use simple cautions;
- prosecute;

Where an officer is unable to determine an application/licence, where an applicant has declared convictions, or when the Council have become aware of convictions the application/licence may be referred to the Licensing Committee.

This Council will have regard to the Convictions Guidelines at Appendix H.

Informal Action

Informal action to secure compliance with legislation includes offering advice, verbal and written warnings and written requests for action. Verbal warnings will be confirmed in writing.

Such informal enforcement actions may be appropriate in any of the following circumstances:-

- the act or omission is not serious enough to warrant more formal action;
- from the individual driver or operator's past history it can be reasonably expected that informal action will achieve compliance;
- confidence in the operator's management is generally high;
- the consequences of non-compliance will not pose a significant risk to the safety of the public.
- Failure to notify of a conviction that would not in itself breach the guidance on determining the suitability (Appendix H) outlined in this policy

Details of any informal action will be recorded on the councils' records. This will form part of the history which will be reviewed when considering the appropriate action to take if further enforcement action is prompted. When a licence holder has received three warnings in a 3 year rolling period their licence will be referred to the Licensing Committee to determine whether any further action is required.

Appearance before the Licensing Committee

An offending individual or company may be summoned before the Licensing Committee to answer allegations of breaches of relevant legislation, or conditions attached to licences.

The Licensing Committee have the option of deciding the application on its merits, and may:

- Take no action;
- Give a written warning;

- require the production of driving licences or other specified documentation at the Council's office or other suitable location as communicated by the Licensing Team;
- suspend the licence, upon setting conditions, or for a period of time;
- revoke the licence;
- recommend prosecution action.

Details of the appeals procedure will be set out in the written notification of action sent by the Council.

The Licensing Committee will have regard to the guidance on convictions shown at Appendix H of this policy.

Suspension Notices under section 68 of the Local Government (Miscellaneous Provisions) Act 1976

An authorised officer may serve notice in writing for a hackney carriage, private hire vehicle or taximeter attached to a licensed vehicle, requiring the vehicle or taximeter to be examined at the Council's garage at a time specified in the notice.

This notice will only be served having had due regard to the condition of the vehicle or with reasonable grounds to suspect the accuracy of the taximeter. An authorised officer may, in addition to requiring the vehicle to be tested, suspend the vehicle licence until such time as the officer is satisfied with the condition of the hackney carriage or private hire vehicle.

This action will only be taken when the officer has reasonable grounds to suspect that the condition of the vehicle is an immediate danger to passengers and/or other road users. Details of the appeals procedure will be set out in the written notification of action sent by the Council.

Prosecution

The decision to prosecute is a very significant one. Prosecution will, in general be restricted to those circumstances where the law is blatantly disregarded, legitimate instructions of the Council are not followed and / or the public is put at serious risk. Such circumstances are, however, in a minority. Decisions to prosecute will be made in a consistent manner, and be proportionate to the circumstances.

The circumstances which are likely to warrant prosecution may be characterised by one or more of the following:-

- where there is a blatant disregard for the law, particularly where the economic advantages of breaking the law are substantial and the law-abiding are placed at a
- disadvantage to those who disregard it;
- when there appears to have been reckless disregard for the safety of passengers or
- other road users;
- where there have been repeated breaches of legal requirements;
- where a particular type of offence is prevalent;

- where a particular contravention has caused serious public alarm.

Officers will take account of the Corporate Enforcement Policy when circumstances have been identified which may warrant a prosecution.

Simple Cautions

A simple caution may be used as an alternative to a prosecution in certain circumstances.

Complaints

Where appropriate, complainants will be encouraged to raise complaints with the relevant licence holder or business concerned. However, the Council will also respond to complaints in line with its Enforcement Policy and will use complaint information to assist in the determination of licensing decisions.

The authority will maintain a robust system for recording complaints, including analysing trends across all licensees as well as complaints against individual licensees. Data held within the system will be used to target compliance and enforcement activity as well as to provide a picture of the potential risks a licence holder may pose. It will also be used as part of the 'balance of probabilities' assessment required in any licence review undertaken as a result of multiple or serious complaints.

PART 5 - FARES & FEES

The Council's policy is that the fees charged by the authority should meet the cost to the authority to administer the service. The service provided in relation to hackney carriages and private hire vehicles should not make a profit or a loss. Any surplus produced would of course be put back into the service. This is in line with Council's charging policy.

Review and Setting of fees

The Council may review the licence fees annually. The Council is committed to working with the trade to identify ways in which savings/efficiencies can be made to avoid increasing the burden on the trade.

Private hire rates

The Council has no power to regulate the rate for private hire vehicles. However the conditions set out the requirement that the amount charged shall be no more than the agreed fare. In addition the Council expects all drivers to meet their legal obligation not to prolong a journey.

Hackney carriage tariffs

The Council sets the Table of Fares (or Tariffs) for hackney carriage journeys and they are the maximum charges that Hackney Carriages can charge for journeys wholly within the Borough's administrative area and the rate at which the taximeters must be calibrated to in order for them to calculate journey fares. These will be reviewed upon request by the trade, with a view to any changes coming into effect within 6 months of the review. The Council recognises the importance of these tariffs being fair (both to the public and to the trade). This is particularly the case as Hackney Carriages used for private hire can only charge at the Council set rates by virtue of section 67 of the Local Government (Miscellaneous Provisions) Act 1976.

The licensing conditions set out the requirement that the amount charged shall be no more than the agreed fare. In addition the Council expects all drivers to meet their legal obligation not to prolong a journey

The Table of Fares (or Tariffs) is published on the Council's website.

It is an offence to charge more than the maximum metered fare for any journey that starts and ends within the Borough. A fixed price can be agreed before the journey commences but it must not exceed the maximum metered fare.

CHILD SEXUAL EXPLOITATION AND TRAFFICKING OF CHILDREN AND YOUNG PEOPLE

Introduction

Set out below is information for hackney carriage and private hire vehicle drivers and operators to help them report, to the relevant authorities, matters of concern that could relate to the safety of children and vulnerable persons in relation to child sexual exploitation and trafficking.

General information

Tamworth Borough Council's Licensing Service is helping to tackle child sexual exploitation and trafficking by working together with key partners particularly Staffordshire Police, Children and Adult Services within the County Council and the Staffordshire Safeguarding Children Board.

Through agencies working together and sharing information, we aim to identify and prevent sexual exploitation, disrupt the activities of perpetrators, protect children and young people and prosecute perpetrators of sexual exploitation. Sharing information with Staffordshire Police and Staffordshire Children Social Care First Response Service helps to protect young people from harm. Safeguarding children and young people is everyone's business and everyone's responsibility.

Child sexual exploitation is a crime that can affect any child, anytime, anywhere regardless of their social or ethnic background. Sexual exploitation of children and young people involves exploitative situations, contexts and relationships where young people (or a third person or persons) receive something, e.g. food, accommodation, drugs, alcohol, cigarettes, affection, gifts, money, etc. as a result of them performing, and/or another or others performing on them, sexual activities. Violence, coercion and intimidation are commonly involved in such exploitative relationships.

Child sexual exploitation involves perpetrators grooming children and using their powers to sexually abuse them. Sexual exploitation of children and young people can take many forms, whether it occurs through a seemingly 'consensual' relationship with an older boyfriend, or a young person having sex in return for attention, gifts, alcohol or cigarettes. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.

How hackney carriage and private hire vehicle drivers and private hire operators can help tackle child sexual exploitation.

Drivers of hackney carriages and private hire vehicles as well as private hire operators are in a good position to help identify victims of sexual exploitation because, through the transport services they provide, drivers and operators regularly come into contact with children and young people. This means that licenced drivers and private hire operators are in an ideal position to help protect young people. In particular, drivers should ask themselves the following questions when picking up a fare:

- Does your customer appear to be under 18 years old?
- Are they with a much older person and appear to be in a relationship?
- Do you think that they are under the influence of alcohol or drugs?
- Are you taking them to a hotel, party or secluded location? If so, ask yourself why?
- Are children/young people being taken regularly to the same localities? If so, ask yourself why?

If the answers to any of the questions above gives you even the slightest cause for concern, these concerns should be reported

If you have reason to suspect that a child is being abused or at risk of abuse it is your responsibility to report your concerns and share information with Staffordshire Police (Tel: 101) and Staffordshire Children Social Care First Response Service (Tel: 08001313126).

If a child is in immediate danger phone 999

Further information about Safeguarding Children can be found at:

[Home - Staffordshire Safeguarding Children Board \(staffscb.org.uk\)](http://staffscb.org.uk)

All drivers and operators are expected to attend Child Sexual Exploitation (CSE) training and any updates provided throughout their licence period. Tamworth Borough Council provides training in (CSE). Attendance of this training is compulsory on initial application and compulsory refresher training every 3 years is required.

This includes being interviewed by the police about any such allegation. An arrest or interview under caution for any of these offences within this scope will result in a review by the licensing authority as to whether the

licence holder is fit to continue to hold a licence. This does not mean that a licence will be automatically withdrawn, the licensing authority will consider what, if any, action in term of the licence should be taken based on the balance of probabilities. A failure by a licence holder to disclose an arrest that the licensing authority is subsequently advised of might be seen as behaviour that questions honesty and therefore the suitability of the licence holder regardless of the outcome of the initial allegation.

The Driver must notify the Licensing Officer in writing, within 5 working days, of any change in his or her details that have occurred since the most recent application made to the Licensing Officer (i.e. home address, telephone number, etc), and pay the appropriate fee for his/her record to be amended accordingly.

The Driver of a vehicle equipped with a taximeter must ensure that the table of fares is displayed in a clearly visible position in the vehicle, provide an explanation of the table of fares if so requested by the passenger, and make available upon request to any Authorised Officer.

The Driver must when driving a Hackney Carriage vehicle equipped with a taxi-meter ensure that during any hiring the face of the taxi-meter is at all times plainly visible to the passengers.

The Driver must when driving a Hackney Carriage vehicle equipped with a taxi-meter set the meter into operation when the hirer starts her or his journey

The Driver must if the vehicle is involved in an accident, inform the vehicle proprietor as soon as practicably possible, in order that the vehicle proprietor and/or vehicle driver may contact the Licensing Officer within 72 hours of the incident occurring.

The Driver must if the vehicle is involved in an accident, complete an accident report form providing his or her name and address and any other reasonable details, the vehicle proprietors name and address, details of the vehicle insurance, and the licence number and registration number of any vehicle affected.

The Driver will complete Safeguarding, (including Child Sexual Exploitation and County Lines) and Disability Awareness training and a refresher every three years.

HACKNEY CARRIAGES & PRIVATE HIRE VEHICLES: CONDITIONS OF LICENCE

Hackney Carriage and Private Hire Vehicle licences are issued subject to the following conditions. You are advised to study these carefully and you are warned that for non-compliance with any one condition, the licence may be revoked or suspended.

All the offences listed in the Penalty Points Scheme are included as relevant conditions.

The vehicle licence will be valid for a period of up to 12 months and must be renewed on or before the anniversary of the original licence until the vehicle is either replaced or reaches the upper age limit.

The Proprietor of a licensed vehicle must not cause or allow the vehicle to be used unless:

- The Driver of the vehicle holds a Hackney Carriage & Private Hire (Combined) Driver Licence issued by Tamworth Borough Council, and is insured by the proprietor, to drive the vehicle.
- The number of the vehicle licence is fixed and displayed on the vehicle at all times during which the vehicle is licensed, by means of the Licence Plate and bracket issued by the Council to the Proprietor.
- The Licence Plate is fixed and displayed outside on the rear of the vehicle with the particulars thereon facing outwards, in such a position that the vehicle's registration mark is not obscured.
- The Licence Plate is clearly visible in daylight from the road at the rear of the vehicle.

The Licence Plate referred to in these Conditions will remain the property of the Council and must be returned within 7 days to the Licensing Team, at Marmion House, if the Proprietor no longer holds a vehicle licence issued by the Council which is in force in respect of the vehicle, or has been suspended or revoked.

The Proprietor of a licensed vehicle shall report the loss of any plate or licence to the Licensing Team as soon as such loss becomes known.

The Proprietor must ensure that vehicles are maintained in a good mechanical and structural condition at all times and be capable of satisfying the Council's mechanical and structural inspection at any time whilst the vehicles are licensed with this Authority.

The vehicle must be a single uniform colour.

The interior and exterior of the vehicle must be kept in a clean condition and maintained in a safe condition by the Proprietor.

The Proprietor of a licensed vehicle must not cause or permit the vehicle to be used unless it complies with the Council's vehicle specification and the conditions attached to the licence.

The Proprietor must permit an Authorised Officer or any Police Constable to inspect the

vehicle at all reasonable times.

The Proprietor must present the vehicle for inspection and testing, to an Authorised Officer, at any time and place within the Borough of Tamworth as specified in a notice, provided that the Council shall not under the provisions of this condition require the Proprietor to present the vehicle for inspection and testing on more than three separate occasions during any period of twelve months.

If, upon completion of the inspection, the Authorised Officer or Police Constable is not satisfied as to the condition of the vehicle for use as a hire vehicle, the Proprietor shall be asked to remove and surrender the Licence Plate from the vehicle. This will be kept by the Authorised Officer or Police Constable until such time as the condition of the vehicle is satisfactory, when it will then be returned to the Proprietor.

All accidents must be reported to the Licensing Team, in writing, within 72 hours of the accident occurring. Such a responsibility is that of the Vehicle Licence Holder and the Driver of the vehicle at the time of the accident.

The proprietor of a Hackney Carriage or Private Hire Vehicle, in the event that following an accident, he or she does not believe that the vehicle requires taking out of service / replacing, and who wishes to continue to use the vehicle as a licensed Hackney Carriage or Private Hire Vehicle shall make the vehicle available to the Authorised Officer, who will inspect the vehicle and decide whether the vehicle is fit to continue in service.

If the Authorised Officer considers the damage to be such that the vehicle may continue in service until such time as a permanent repair is undertaken, these must be undertaken within 28 days of the damage occurring and a letter authorising the use of the vehicle for a maximum period of 28 days will be issued by the Authorised Officer and shall be retained within the vehicle during the permitted period.

If any damage is considered by the Authorised Officer to be extensive enough to affect the safety or general appearance of the vehicle, the vehicle licence will be suspended.

The vehicle must be repaired before the plate is re-affixed and the suspension can be lifted and the vehicle can return to service. In the case of any dispute as to fitness for service the vehicle will be taken to the Council nominated testing station where a qualified mechanic will give a binding decision, which will be final. The owner will pay the fee for such examination.

PRIVATE HIRE OPERATOR LICENCE - CONDITIONS OF LICENCE

All of the offences listed in the Penalty Points Scheme are included as relevant conditions.

The Operator must keep a record and maintain such a record at his/her premises detailing the particulars of all vehicles operated by him or her, which shall include the following:

- the licence plate numbers;
- the registration numbers;
- the names and addresses of the proprietors;
- the names and addresses of drivers;
- the licence (badge) numbers of drivers;
- copies of licences for all licensed vehicles and drivers; and copies of insurance certificates for all licensed vehicles.

The Operator must, before a hiring starts, record in a suitable book the pages of which are numbered consecutively, or by use of a suitable computer programme the following particulars:

- the date and time of the booking;
- the name and contact telephone number / email address (if either are available) of the hirer and, where the booking is received from another operator, the name of that operator;
- the manner in which the booking was made (i.e. whether by telephone, in person, or by electronic means);
- the time and place at which it is intended that the passenger shall be collected;
- the destination (which may be recorded electronically at the conclusion of the journey using GPS tracking);
- the time at which the driver was allocated the booking;
- the registration number and licence plate number of the vehicle allocated to the booking;
- the name and driver licence number of the driver who will attend the booking;
- where the booking is passed onto another operator by way of "sub-contracting", the name and address of that operator, together with the Operator's licence number and issuing authority;
- the name of the individual responding to the booking request; the name of the individual that dispatched the vehicle.

The Operator must keep the records referred to in the above conditions and make available for inspection on request by an authorised Officer of the Council or a Police Officer for a period of not less than 12 months. If the records are maintained by the use of a computer,

the operator shall ensure that a print-out of any record kept can be provided at any time the business is in operation, on request by an authorised officer of the Council or a Police Officer for a period of not less than 12 months.

A register of all staff that will take bookings or dispatch vehicles will be retained for a period of not less than 12 months.

The Operator must within 5 working days of any request made by any Authorised Officer, make available any records or other information that would reasonably assist with an investigation. Any failure to comply with the reasonable request of an Authorised Officer will be considered relevant when assessing the suitability of the applicant to continue to hold a Private Hire Operator licence.

The Operator must have a complaints procedure in place which can be audited and checked by the licensing authority upon request.

The Operator must not invite or accept a booking for a Licensed Vehicle, or control or arrange a journey to be undertaken by such vehicle, without first making available in writing, or giving orally, or by means of electronic communication to the person making the booking information as to the basis of charge for the hire of the vehicle.

The Operator must not charge a higher price for any journey, for a person who requires "mobility assistance" than would otherwise be charged for a person without such a need for "mobility assistance" for the same journey.

The Operator must not accept a booking for a vehicle to carry more passengers than the vehicle is licensed to carry.

The Operator must not take any bookings requested directly by the driver of any licensed vehicle.

The Operator must, when accepting a booking for a vehicle to attend at an appointed time and place, ensure that unless delayed or prevented by some sufficient cause, a suitable vehicle attends at that appointed time and place. If an Operator sub-contracts a booking (under the Deregulation Act, 2015) the operator shall inform the customer prior to the vehicles arrival at the pick-up point, of the details of the sub- contractor that will be conducting the journey and give them the contact number and licensed name of that Operator.

The Operator must provide, and ensure that any vehicle that is fitted with a taxi-meter carries and displays a list of the tariffs charged by the Operator.

The Operator must take all necessary measures, including those requested by an Authorising Officer or Police Officer to prevent vehicles in its employment, from parking or congregating in such a manner as to cause a nuisance to any reasonable person.

The Operator must make all necessary measures to ensure drivers in their employment do not park in a prominent position that may encourage unlawful hire.

The Operator must maintain an adequate supply of livery, and provide such livery upon request to the driver of a Licensed Vehicle in his or her employ should such livery be found to be absent, deteriorated or perished.

The Operator must not, knowingly or without the prior written consent of the Council, engage in partnership with, or allow or tolerate any involvement in the management of the licensed Operator by:

- any person who has been convicted of an offence under the Local Government (Miscellaneous Provisions) Act 1976 or any other legislation relating to Private Hire and Hackney Carriage licensing; and
- any person who, for the purposes of Part II of the said Act, has been found by any Licensing Authority not to be a fit and proper person to hold a Hackney Carriage & Private Hire (Combined) Driver Licence or Private Hire Operator Licence.

Operator licence holders are required to notify the licensing Authority within 48 hours of an arrest and release, charge or conviction of any sexual offence, any offence involving dishonesty or violence and any monitoring offence. An arrest for any of these offences within this scope should result in a review as to whether the licence holder is fit to continue to do so.

This should not be seen as a direction that a licence should be withdrawn, it is for the licensing authority to consider what, if any, action in terms of the licence should be taken based on the balance of probabilities. A failure by a licence holder to disclose an arrest that the licensing authority is subsequently advised of might be seen as behaviour that questions honesty and therefore the suitability of the licence holder regardless of the outcome of the initial allegation,

The operator must notify the Council in writing of the acceptance of any fixed penalty endorsement within 5 working days. The driver must subsequently inform the Council immediately following its endorsement.

The Operator must be responsible for the actions of any manager, supervisor or any other person appointed to run the Private Hire Operator business on his / her behalf.

If provision is made by the Operator on his or her premises for the reception of members of the public proposing to hire a vehicle, the Operator must ensure that the premises are in a clean and tidy condition at all times, and that adequate arrangements are made for the seating of customers within the premises.

The Operator must not permit any person who is behaving in a manner likely to give rise to concerns regarding the safety of other members of the public, to remain upon the premises in respect of which this licence is in force.

The Operator must understand that a Private Hire Operator licence is not transferable.

The Operator must notify the Council immediately (and in any case within 5 working days) of any change in the Operator's business address, in the vehicles operated by the Operator or in the drivers employed to drive them; and make payment of any associated fee for the re-issue of the licence following such amendments being made.

The Operator must ensure that every driver employed to drive the vehicles operated by the Operator holds a Hackney Carriage & Private Hire (Combined) Driver Licence and is acquainted with the conditions attached to such a driver licence.

The use of a driver who holds a PCV licence and the use of a public service vehicle such as a minibus to undertake a private hire vehicle booking should not be permitted as a condition of the private hire vehicle operator's licence without the informed consent of the hirer.

The Operator must ensure that the holder of any Hackney Carriage Vehicle Licence or Private Hire Vehicle Licence relating to a licensed vehicle operating under his / her Operator licence is acquainted with the conditions attached to such a vehicle licence.

The Operator must inform the licensing authority if he/she intends to be absent or unavailable for 7 days or more, giving details of a responsible person.

The Operator will complete Safeguarding, (including Child Sexual Exploitation and County Lines) and Disability Awareness training and a refresher every three years.

DRAFT

PLYING FOR HIRE

Only licensed hackney carriages are permitted to ply for hire and only in the administration area of the Borough Council with which they are licensed. It is **ILLEGAL** for a private hire vehicle to ply for hire. This means:

- a) Private hire vehicles **MUST NOT** carry passengers if the journey has not been pre-booked with a private hire operator by the passenger.
- b) All private hire vehicle journeys **MUST** be pre-booked through a licensed private hire operator.
- c) All bookings **MUST** be made by prospective passengers themselves directly with a private hire operator who will despatch the vehicle. Prospective passengers may instruct a third party, e.g. a restaurant manager, to make a booking on their behalf but this third party **MUST NOT** be the private hire vehicle driver.
- d) A driver of a private hire vehicle is **NOT** permitted to make the booking on behalf of a prospective passenger.
- e) Private hire operators **MUST NOT** accept any booking made by a driver on behalf of a passenger.
- f) Private hire vehicle drivers are **NOT** permitted to make their vehicles available for immediate hire. This means that private hire vehicle drivers **MUST NOT** physically position their vehicles in such a way as to be waiting in any area that is on view to the public to invite custom, e.g. allowing prospective customers to approach the vehicle and ask, 'Are you free?'
- g) In most cases, the vehicle will not be insured during a journey that has not been correctly pre-booked.
- h) Private hire vehicles **MUST NOT** wait at any taxi rank/stand.
- i) Private hire vehicle **MUST NOT** be hailed in the street.

Other circumstances may constitute unlawful 'plying for hire'; accordingly, each case of allegedly unlawful 'plying for hire' will be judged on its own facts. Nevertheless, attention is drawn to the Council's position as set out above.

Further information about the relevant legislation is available in the Town Police Clauses Act 1847, in particular Section 45, and in Part II of the Local Government (Miscellaneous Provisions) Act 1976, in particular Section 64.

RELEVANCE OF CRIMINAL CONVICTIONS AND CAUTIONS

Introduction

The purpose of this appendix is to provide additional guidance to assist determine whether or not an applicant or an existing licence holder is a fit and proper person to hold a hackney carriage and/or private hire vehicle drivers and/or an operator licence as it relates specifically to convictions and cautions.

The guidance has been produced to assist the Council in its decision-making and to maintain the consistency of the decisions made. It has also been formulated to provide clearer information to current and potential applicants, with a view to minimising the cost and time spent on the licensing process by both the Council and the applicant.

The aim of the guidance is not to punish the applicant twice for a conviction or caution but to ensure that public safety is not compromised. The Council cannot review the merits of any conviction.

Each case is to be decided on its own individual merits and, where the circumstances demand, the decision making body may depart from the guidance in which case the reasons for this will be made clear.

Legislation

Sections 51, 55 and 59 of the Local Government (Miscellaneous Provisions) Act 1976 sets out that the Council must not grant a driver's licence or an operator's licence unless they are satisfied that the person is a **fit and proper person** to hold such a licence.

Sections 61 of the Local Government (Miscellaneous Provisions) Act 1976 allows the Council to suspend, revoke or refuse to renew a driver's licence if they have, since the grant of the licence, been convicted of an offence involving dishonesty, indecency or violence; or been convicted of an offence under or failed to comply with the provisions of the Town Police Clauses Act 1847 or Part II of the Local Government (Miscellaneous Provisions) Act 1976; or any other reasonable cause.

Sections 62 of the Local Government (Miscellaneous Provisions) Act 1976 allows the Council to suspend, revoke or refuse to renew an operator's licence if they have committed any offence under, or failed to comply with, the provisions of Part II of the Act; where any conduct appears to render the operator unfit to hold a licence; any material change since the licence was granted in any of the circumstances of the operator on the basis of which the licence was granted; or any other reasonable cause.

Therefore, the wording of the legislation makes it clear that the Council may grant a licence **ONLY** if it is satisfied that the person is fit and proper; the onus is on the applicant to prove this, **NOT** the Council to demonstrate that they are not.

Defining a 'fit and proper person'

There is no legal definition as to what definitively constitutes a 'fit and proper person'.

However, because of the potentially vulnerability of the passengers that drivers and operators may come into contact with, e.g. elderly people, unaccompanied children, the disabled, those who may have consumed excessive quantities of alcohol, lone females and foreign visitors, it is incumbent on the Council to take a very robust stance when deciding whether or not a person is fit and proper to hold a licence granted by the Council.

In essence, a fit and proper person will be:

- Honesty and trustworthy - drivers and operators have, for example, access to a large amount of personal information that could be misused and significant opportunities to defraud drunken, vulnerable or foreign people or to steal property left in cars.
- Not abusive, violent or threatening – abusive, violent or threatening behaviour is not acceptable conduct on the part of a driver/operator even when they are subjected to unpleasant or dishonest passenger behaviour.
- A competent and safe driver - they are expected to be professional drivers and must be fully aware of all road traffic legislation, conditions attached to their driving licence, the safety of their passengers and the safety of their vehicles at all times; passengers rely on their driver to get them to their destination safely and using the most direct route, therefore, a good knowledge of the area that they are working in is also appropriate.
- Able to communicate effectively with passengers – in the main this means able to read, speak, write and understand English.
- In good physical and mental health – to ensure they do not put passengers at risk through, for example, suffering a heart attack whilst conveying passengers.

The Council's approach when considering convictions

The disclosure of any convictions or cautions will not necessarily mean an applicant is not a fit and proper person and, therefore, automatically prevented from being issued a licence. However, the Council will have regard to all convictions, spent or live, and they will be assessed accordingly. Consideration will be given, but not restricted to, the following:

- How relevant the offence(s) are to the licence being applied for.
- How serious the offence (s) were.
- When the offence(s) were committed.
- The date of conviction.
- Circumstances of the individual concerned.
- The extent of any mitigating factors.

- Sentence imposed by the court.
- Whether the offence(s) form part of a pattern of offending or indicate a pattern of unacceptable behaviour.
- Behaviour towards Council Officers.
- Any other character check considered reasonable, e.g. personal references.
- Any other factor that may be relevant.

AND to guide the Council's consideration, the implications of the answer to the following question will also be applied:

- Would I allow my daughter or son, granddaughter or grandson, spouse, mother or father, or any other person I care for or any vulnerable person I know, to get into a vehicle with this person alone?

If the Council has any doubts as to the fitness of an applicant/existing licenced driver, then an application must be refused or licence suspended/revoked until those doubts can be effectively allayed through the provision of further adequate evidence.

If the applicant or holder of a licence has notified the Council of a conviction but is appealing against it to a higher court the matter will be referred to the Licensing Committee for a decision as to whether the licence ought to be suspended until such an appeal is heard.

Patterns of behaviour

A series of offences or a pattern of behaviour/conduct over a period of time is more likely to give cause for concern than an isolated conviction/incident. However, that is not to say that an isolated conviction/incident cannot give cause for concern in its own right, particularly where it relates to a serious matter. In such circumstances, the Council will give significant consideration to refusing to grant a licence or to suspending and/or revoking an existing licence.

A serious view will always be taken where an applicant shows any tendency towards criminal and/or unacceptable/inappropriate behaviour patterns. In such instances, the Council is unlikely to consider such an applicant/existing licence holder to be a fit and proper person to hold a licence and will give significant consideration to refusing to grant a licence or to suspending/revoking an existing licence.

Rehabilitation periods

Detailed guidance (effective March 2014) on the Rehabilitation of Offenders Act 1974 is available on the GOV.UK website at <https://www.gov.uk/government/publications/new-guidance-on-the-rehabilitation-of-offenders-act-1974>

A person with a conviction for an offence need not be automatically barred from obtaining a licence. However, they would be expected to remain free of conviction for an appropriate period of time (as set out in Tables A and B below) and demonstrate adequate evidence that they are a fit and proper person to hold a licence. The onus is on the person to produce such evidence.

NB Simply remaining free of conviction will not generally be regarded as adequate evidence that a person is a fit and proper person.

Table A

Sentence	Rehabilitation Period (applies from the end date of the sentence, including any licence period)
<ul style="list-style-type: none"> • Sentence of imprisonment for life • Sentence of imprisonment, youth custody, detention in a young offender institution or corrective training of over four years • Sentence of preventive detention • Sentence of detention at Her Majesty's Pleasure • Sentence of custody for life • Public protection sentences* (imprisonment for public protection, detention for public protection, extended sentences of imprisonment or detention for public protection and extended determinate sentences for dangerous offenders) <p>*A public protection sentence (the provisions for which are set out in Part 12 of the Criminal Justice Act 2003 and Part 8 of the Armed Forces Act 2006) means a sentence of imprisonment or detention, as detailed above, imposed for specified sexual and violent offences</p>	Never spent

Relevant orders**(orders that impose a disqualification, disability, prohibition or other penalty)	The end date given by the order or, if no date given, 2 years from the date of conviction – unless the order states ‘unlimited’, ‘indefinitely’ or ‘until further order’ as in these cases it will remain unspent

*Suspended custodial sentences are treated the same as custodial sentences for this purpose. It will be the length of the sentence imposed by the court, not the period it is suspended for that dictates when it will become spent

**Relevant orders include conditional discharge orders, restraining orders, hospital orders, bind overs, referral orders, care orders and any order imposing a disqualification, disability, prohibition or other penalty not mentioned in the table.

Where a person does not satisfy the rehabilitation periods referred to in the tables above, then the Council will refuse to grant a new licence or revoke or suspend an existing licence until the applicant is in a position to satisfy them.

The specific periods of rehabilitation are not intended to be taken as definitive time periods by which an applicant/licence holder is automatically granted a licence simply on the basis that the rehabilitation period has elapsed. Rather they are intended to give parameters for consideration when taken with the overall history of an applicant/licence holder in order to assist the Council to determine whether an applicant/existing licence holder is a fit and proper person or not. The rehabilitation periods will not be considered in isolation.

In addition to the consideration of rehabilitation periods, the following time periods should elapse following completion of the sentence (or the date of conviction if a fine was imposed) before a licence will be granted.

Crimes resulting in death

Where an applicant or licensee has been convicted of a crime which resulted in the death of another person or was intended to cause the death or serious injury of another person they will not be licensed.

Exploitation

Where an applicant or licensee has been convicted of a crime involving, related to, or has any Connection with abuse, exploitation, use or treatment of another individual irrespective of whether the victim or victims were adults or children, they will not be licensed. This includes slavery, child sexual exploitation, grooming, psychological, emotional or financial abuse, but this is not an exhaustive list.

Offences involving violence

Where an applicant has a conviction for an offence of violence, or connected with any offence of violence, a licence will not be granted until at least 10 years have elapsed since the completion of any sentence imposed.

Possession of a weapon

Where an applicant has a conviction for possession of a weapon or any other weapon related offence, a licence will not be granted until at least 7 years have elapsed since the completion of any sentence imposed.

Sex and indecency offences

Where an applicant has a conviction for any offence involving or connected with illegal sexual activity or any form of indecency, a licence will not be granted.

In addition to the above, the licensing authority will not grant a licence to any applicant who is currently on the Sex Offenders Register or on any 'barred' list.

Dishonesty

Where an applicant has a conviction for any offence of dishonesty, or any offence where dishonesty is an element of the offence, a licence will not be granted until at least 7 years have elapsed since the completion of any sentence imposed.

Drugs

Where an applicant has any conviction for, or related to, the supply of drugs, or possession with intent to supply or connected with possession with intent to supply, a licence will not be granted until at least 10 years have elapsed since the completion of any sentence imposed.

Where an applicant has a conviction for possession of drugs, or related to the possession of drugs, a licence will not be granted until at least 5 years have elapsed since the completion of any sentence imposed. In these circumstances, any applicant will also have to undergo drugs testing at their own expense to demonstrate that they are not using controlled drugs.

Discrimination

Where an applicant has a conviction involving or connected with discrimination in any form, a licence will not be granted until at least 7 years have elapsed since the completion of any sentence imposed.

Motoring convictions

Hackney carriage and private hire drivers are professional drivers charged with the responsibility of carrying the public. Any motoring conviction demonstrates a lack of professionalism and will be considered seriously. It is accepted that offences can be committed unintentionally, and a single occurrence of a minor traffic offence would not prohibit the grant of a licence or may not result in action against an existing licence. Subsequent convictions reinforce the fact that the licensee does not take their professional responsibilities seriously and is therefore not a safe and suitable person to be granted or retain a licence.

Drink driving/driving under the influence of drugs/using a handheld telephone handheld device whilst driving

Where an applicant has a conviction for drink driving or driving under the influence of drugs, a licence will not be granted until at least 7 years have elapsed since the completion of any sentence or driving ban imposed. In these circumstances, any applicant will also have to undergo drugs testing at their own expense to demonstrate that they are not using controlled drugs

Where an applicant has a conviction for using a held-hand mobile telephone or a handheld device whilst driving, a licence will not be granted until at least 5 years have elapsed since the conviction or completion of any sentence or driving ban imposed, whichever is the later.

Other motoring offences

A minor traffic or vehicle related offence is one which does not involve loss of life, driving under the influence of drink or drugs, driving whilst using a mobile phone, and has not resulted in injury to any person or damage to any property (including vehicles). Where an applicant has 7 or more points on their DVLA licence for minor traffic or similar offences, a licence will not be granted until at least 5 years have elapsed since the completion of any sentence imposed.

A major traffic or vehicle related offence is one which is not covered above and also any offence which resulted in injury to any person or damage to any property (including vehicles). It also includes driving without insurance or any offence connected with motor insurance. Where an applicant has a conviction for a major traffic offence or similar offence, a licence will not be granted until at least 7 years have elapsed since the completion of any sentence imposed.

Hackney carriage and private hire offences

Where an applicant has a conviction for an offence concerned with or connected to hackney carriage or private hire activity (excluding vehicle use), a licence will not be

granted until at least 7 years have elapsed since the completion of any sentence imposed.

Vehicle use offences

Where an applicant has a conviction for any offence which involved the use of a vehicle (including hackney carriages and private hire vehicles), a licence will not be granted until at least 7 years have elapsed since the completion of any sentence imposed.

Licensing offences

In addition to the consideration of rehabilitation periods, where an existing licence holder is found guilty of hackney carriage or private hire related offences such as, but not restricted to, plying for hire, over-charging, refusing to carry disabled persons or multiple breaches of licence conditions, licence holders will be referred to the Licensing Committee with a view to determining whether the licence ought to be suspended and/or revoked.

The Council operates a points system for any breaches of conditions. If any driver/proprietor reaches 12 points within a 3 year period they will automatically face a Committee hearing. Further points within the same period will automatically result in a committee hearing. If any driver/proprietor breaches the exact same condition 3 times in a 3 year period it will automatically result in a committee hearing. If any operator reaches 12 points in a 12 month period it will automatically result in a committee hearing.

The points list is not exhaustive and the licencing officer may decide to have a committee hearing for any driver/proprietor should the officer feel the offence is serious enough to warrant it.

A driver can appeal any points awarded by writing to the Head of Environmental Health.

Right of appeal

Any applicant refused a driver's or operator's licence on the grounds that they are not a fit and proper person to hold such a licence, or who has had their licence suspended or revoked or had a condition attached with which they disagree has a right of appeal by way of written complaint, to the magistrates' court within 21 days of the notice of decision.

Conclusion

Any applicant having a previous or current conviction should not, in principle, debar them from obtaining a hackney carriage or private hire driver's licence. However, previous convictions are a significant factor in the decision making process and it will inevitably be more difficult for such applicants to obtain a licence. It is this Council's policy to consider the protection of the public above all else by ensuring all licensed drivers are honest, will not be a threat to the public, in good health, are safe and competent drivers and are able to maintain their vehicles to a safe standard. In doing so, the Council will focus on the background of an applicant as a whole and will not consider individual offences and their rehabilitation periods identified above in isolation from other factors, in particular patterns of unacceptable or inappropriate behaviour and conduct that may not necessarily be linked to proven convictions.

ADDITIONAL MEDICAL FITNESS GUIDANCE

The following conditions are a bar to the grant of a licence:

A. Epileptic Attack

In addition applicants must have a visual acuity of at least 6/9 in the better eye; and visual acuity of a least 6/12 in the worst eye; and if these are achieved by correction the uncorrected visual acuity in each eye must be no less than 3/60.

II. A licence will also be refused or revoked if an applicant has uncontrolled diplopia, (double vision), or does not have a normal binocular field of vision.

I

PENALTY POINTS SCHEME

The aim of the Driver Penalty Points Scheme is to help maintain and improve service standards. The Scheme seeks to provide a consistent approach to dealing with unacceptable conduct such as failures to abide by the Council's Code of Conduct, the licence conditions or minor offences where revocation, suspension, prosecution may be disproportionate.

Authorised officers of Tamworth Borough Council may record penalty points against a driver's record if they become aware of conduct that breaches this policy and the licence conditions and/or statutory provisions for the operation of Hackney Carriage and Private Hire driver/ vehicle licensing.

The authorisation to issue a warning and place points on a driver's licence record is given to Licensing Enforcement Officers, Licensing Officers, their managers and any other officers designated in the Scheme of Authorisation.

The points placed on record will be based on the published tariff. This tariff may be amended from time to time in order to maintain and improve service standards in changed circumstances.

A driver, who is discovered to have contravened any of the items listed in the tariff and licence conditions will be notified by an authorised officer of the contravention and the points that have/will be placed on record. A driver who disputes that they have contravened requirements will be invited to submit a written submission/representation. The driver will be asked to do this within 14 days of the warning being received. Any representation, whenever received, will be placed on file.

An officer authorised by the Head of Environmental Health will review the officer's report and any written submissions and may decide that the penalty points should be removed or a different number recorded. The driver will be informed of the outcome of this review. The officer reviewing the points allocation will not be the same officer who allocated the points. There is no further review or appeal against the warning and the placing of penalty points on record.

If, in any period of 3 years, twelve points or more have accumulated on a driver's record then an officer authorised by the Head of Environmental Health will review the driver's conduct record. They will refer the driver to the Licensing Committee for his/her fitness to hold a licence with Tamworth Borough Council to be considered unless this would be significantly disproportionate given the nature and incidence of the contraventions and the driver has provided evidence of meeting TBC requirements. The Licensing Committee will be provided with a report setting out the driver's record of conduct, the warnings issued and points awarded, any substantiating or corroborating evidence and any written submissions received.

Where there is CCTV footage of the incident/s being brought before the Licensing Committee, then the driver will have the opportunity to view the footage at the Council's offices before the hearing subject to such conditions as may be required to protect third parties rights under the Data Protection Act 2018. The driver will have the opportunity to make written and verbal submissions to the Licensing Committee. The Licensing Committee will review the driver's record and consider whether he/she is a fit and proper person to hold a licence and decide whether any action should be taken, for example suspension or revocation of the licence, imposition of additional conditions such as further training.

The driver has a right of appeal to the Magistrates Court against any decision of the Committee.

The Driver Penalty Points Scheme runs alongside the Council's system of enforcement for contraventions of statutes, rules, regulations and conditions. Enforcement measures include written notices, written warnings, suspension notices, and/or prosecution.

All the offences listed below form part of the driver, operator and vehicle licensing conditions. There will be no negative effect for driver's renewal applications in relation to the grant of a licence until the accumulation of 12 points on the driver's record, where this will be reviewed by an officer authorised by the Head of Environmental Health to determine.

The Penalty Points Policy & Procedure is published on the Tamworth Borough Council website and updated as and when required.

The Trade will be consulted on any significant changes.

Certain infringements may result in driver, proprietors or operators receiving penalty points. Page 465

Points may be awarded to one or several persons depending upon the nature of the infringement, however each case must be determined on its own merits.

Certain matters are specific to hackney carriages, private hire drivers or private hire operators.

Where enforcement action is taken and penalty points given, the driver/operator will be advised in writing of the reason for the enforcement action, and provided with details of the relevant conditions / standards / regulations that the licence holder has failed to comply with.

Licence holders may appeal the issue of any of the above, by way of writing to the Head Environmental Health, and providing evidence that supports any such appeal.

Hearings

Where a hearing is required to determine the suitability of an applicant or current licence holder either for the accumulation of warnings, or owing to a single matter that breaches the licence conditions, or in contradiction to Appendix H Relevance of Criminal Convictions and Cautions a report will be provided ahead of the Hearing to the applicant / licence holder detailing the reasons why the matter requires such a hearing.

Where an application is to be heard by the Licensing Committee, the applicant will be given an opportunity to make representations, either in writing or orally at a meeting. All representations will be given full consideration prior to a decision being made in respect of the application.

The options available to the Committee include (but are not limited to):

- Suspension of the licence
- Revocation of the licence
- Head of Service Warning
- The imposition of additional conditions and / or requirements placed on the applicant / licence holder
- The grant / refusal of an application
- To take no further action

The Licensing Authority has the power to suspend/revoke the licence² with immediate effect if it is necessary in the interests of public safety.

If a licensee or applicant is dissatisfied with a decision of the Licensing Authority, an appeal may be lodged with the local Magistrates Court but this must be within 21 days being notified.

Revocation / Suspension of a Hackney Carriage & Private Hire (Combined) Driver Licence including immediate

The Licensing Authority can suspend and/or revoke a licence in accordance with:

1. Section 60(1) Local Government (Miscellaneous Provisions) Act 1976 for vehicle licences;
2. Section 61(1) Local Government (Miscellaneous Provisions) Act 1976 for driver licences;
3. Section 62(1) Local Government (Miscellaneous Provisions) Act 1976 for operator licences.

If the Licensing Authority makes a decision to revoke or suspend a Hackney Carriage & Private Hire (Combined) Driver licence, it will be required to consider whether that

revocation/suspension should take immediate effect under Section 61(2B) of the Local Government (Miscellaneous Provisions) Act 1976.

The Licensing Authority can only suspend/revoke with immediate effect if it is in the interests of public safety to do so.

Before making determination, where it is practicable to do so, the Licensing Authority should provide the licence holder an opportunity to make representations. It may not be practicable to do so in circumstances where public safety is at risk.

The overriding consideration is the safety and protection of passengers and the general public. Matters such as employment status and personal circumstances should not be taken into account when determining whether an applicant is fit and proper to hold a licence and would not in any event outweigh the public safety factor.

Where the Licensing Authority has decided that a licence holder is no longer “fit and proper” to hold a licence, for public safety reasons, the presumption will be that the revocation of the licence shall have immediate effect.

If it appears that the interests of public safety require the suspension or revocation of the licence to have immediate effect, the Council will give notice to the driver, which includes a statement to that effect and an explanation why, the suspension or revocation takes effect when the notice is given to the driver.

In situations where there are concerns of public safety, the Licensing Authority will consider whether an immediate suspension and/or revocation is necessary in the circumstances. Where a decision is made to suspend and/or revoke with immediate effect, the driver cannot work during any appeal process.

A decision to refuse or revoke a licence on public safety grounds will also be referred to the Police.

Refusal to renew a licence

If a decision is taken to refuse to renew a licence and the applicant is not satisfied with the decision then an appeal can be made to the Magistrates Court with 21 days of receiving notification.

Prosecution of licence holders

1

The Licensing Authority reserves the right to prosecute licence holders for relevant offences.

Appeals

Where a right to appeal exists, the appeal can be made to the local Magistrates Court but must be within 21 days of notification.
