is being assessed?	The report incorporates the Corporate Vision &				
	Corporate Priorities of the Authority which are				
	reflected within the Budget 2023/24 & Medium Term				
	Financial Strategy (Revenue & Capital). The Corporate				
	Vision & Corporate Priorities are clear and accessible by				
	stating what we aim to achieve, how we will do it and				
	the resources we will use to support these aims.				
	The Vision for Tamworth is underpinned by high level, evidence based priorities that focus upon Tamworth (the place), the communities served (the people) as well as the Council (the organisation).				
	More than ever, we recognise that our financial				
	capacity will be less than in previous years which means				
	that we will need to maintain our approach to				
	innovation, collaboration and transformation. So, not				
	only will the Council seek investment from businesses				
	and developers, but the Council itself will explore viable				
	and sustainable investment opportunities using all				
	returns to support public services.				
	The Vision is focused on longer term, aspirational goals				
	of the Council. The Corporate Priorities identify, in the				
	short to medium term, the key areas for improvement				
	which will change in future years as the Council realigns				
	to local aspirations, central government policy and its				
	performance.

Part 2 – Summary of Assessment

Give a summary of your proposal and set out the aims/ objectives/ purposes/ and outcomes of the area you are impact assessing.

Sound procedures / strategy in place

Financial governance, accountability & steward ship

Compliance with legislation – Council tax, rent and revenue & capital programme set

Based on informed feedback from interested parties / focus groups (Annual Survey Consultation, Tenants Groups etc.)

The way the Council prepares and monitors its budgets (including professional standards and statutory timetables) is one of the external auditors key lines of enquiry in assessing the Council's performance under their annual VFM assessment.

Section 25 of the Local Government Act 2003 requires the Chief Finance Officer to report on the robustness of the estimates included in the budget and the adequacy of the reserves for which the budget provides. (In the Executive Director Finance's view, the budget proposals include estimates which take into account

circumstances and events which are reasonably foreseeable at the time of preparing the budget. In his view, the level of reserves remains adequate for the Borough Council based on this budget and the circumstances in place at the time of preparing it.)
