

Annual Report of the Audit & Governance Committee 2022/23**1. Introduction from the Chair of the Audit Committee**

I am pleased to present the Annual Report of the Audit Committee for the 2022/23 Committee year.

2022/2023 has continued to be a challenging year for all in the recovery from the pandemic and the changes encountered as we progress into new more agile ways of working. The Committee plays an even more vital role in being able to gain assurance that the Council's governance, risk and internal control environment remain fit for purpose and concurrent with the challenges faced.

From the challenges faced by the Committee in 2021/22 we have been able to gain assurance in respect of 'business as usual' and also Covid-19 risks together with the cost pressure crisis due to increases in energy costs arising from the war in Ukraine and as the economy began to open up again. In addition we have obtained regular reports from management to ensure that the Council's overall governance framework remained robust and fit for purpose.

As a committee we continue to review the risks both faced generally by the council but also around the Future High Street Fund and other major projects, this work will continue during 2023/24.

Both the Future High Street Fund and further projects will be reviewed during 2023/24 and future risks will be kept on the risk horizon. Cyber Security risks were high on the agenda during the year with notable 'cyber attacks' being reported at other Councils, this oversight will continue into 2023/24.

As the work continues to move in to a post pandemic recovery, any new or emerging threats or opportunities will be identified, notably the Council's response to Climate Change.

As reported last year I would welcome all to attend a meeting of the Committee and see our work in operation for yourselves!

Finally, I would like to take this opportunity to thank all those members and officers who have contributed to the work of the Audit & Governance Committee over the last 12 months.

**Councillor P Turner,
Chair of the Audit & Governance Committee 2022/23
20 April 2023**

In reviewing the effectiveness of the Audit & Governance Committee, Members considered whether effectiveness could be further strengthened by appointing Independent Members to the Audit & Governance Committee. A 'skills audit' will be completed in June 2023 to assess training requirements for 2023/24.

5. Sources of Assurance during 2022/23

In fulfilling its terms of reference, the business conducted by the Audit Committee during 2021/22 is detailed at **Appendix A** per the following themes:

- Internal Audit
- External Audit / Inspection
- Financial Management
- Risk Management
- Corporate Governance.

The Committee gained assurance in 2022/23 from these themes as follows:

Internal Audit

In respect of the 2022/23 financial year, a positive Internal Audit Opinion was given from the Audit Manager as follows:

'On the basis of audit work completed, the Audit Manager's opinion on the council's framework of governance, risk management and internal control is reasonable in its overall design and effectiveness. Certain weaknesses and exceptions were highlighted by audit work. These matters have been discussed with management, to whom recommendations have been made. All of these have been, or are in the process of being addressed'.

'Specific issues: No specific issues have been highlighted through the work undertaken by Internal Audit during the year'.

Audit Committee received internal audit's performance reporting during the year indicating that the service was performing reasonably against its performance measures.

The Council can be assured that no issues have been identified in the 2022/23 work completed which impacts materially on the overall system of internal control.

External Audit / Inspection

The main responsibility of the External Auditor is to report on the council's accounts and whether the council has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. Grant Thornton reported on the 2021/22 accounts. In Grant Thornton's Annual Audit Report, they concluded that:

'In our opinion, the financial statements:

- give a true and fair view of the financial position of the Council and its income and expenditure for the year; and
- have been prepared properly in accordance with the CIPFA/LASAAC code of practice on local authority accounting and prepared in accordance with the requirements of the Local Audit and Accountability Act 2014’.

Financial Management

The Committee scrutinised the 2021/22 statement of accounts and also received reports on accounting policies. The Committee also had oversight of a review of the Council’s financial guidance and received assurance on the treasury management strategy / statement. The Committee received regular Internal Audit progress reports, including a number giving assurance on financial management and controls during the period.

Risk Management

The Committee received quarterly updates on the Council’s risk management arrangements via review of the corporate risk register. This included oversight and constructive challenge on risks such as financial sustainability & cost pressures; modernisation and commercialisation; governance; community focus; economic growth and sustainability; information safeguarding and risks arising from the UK’s exit from the European Union.

Corporate Governance

The annual governance statement (AGS) and review of effectiveness for the 2021/22 financial year, concluded that the effectiveness of the system of internal control was fit for purpose overall.

The Committee also:

- undertook a review of its own effectiveness in line with CIPFA good practice;
- received updates on the Council’s use of the Regulation of Investigatory Powers Act 2000;
- received assurance via the Local Government and Social Care Ombudsman Annual Review; and
- received assurance on the Council’s Modern Slavery and Human Trafficking Statement.

Regular updates on the adequacy of the council’s counter fraud arrangements were also received and all policies were updated in line with required timescales.

6. Conclusion

The Committee has been able to confirm that there were no areas of significant duplication or omission in the systems of governance in the authority that had come to the Committee’s attention during 2022/23 that were not being adequately resolved.

Through members receiving this report, the role and purpose of the Committee has been promoted and it has demonstrated that the Committee has continued to perform, meet its terms of reference and added value. This work will continue in 2023/24 with the Committee’s refreshed work programme.
