

## Tamworth Corporate Plan 2025-2030

Stakeholder engagement feedback 2024

Organisation and strategy links	Comments
Tamworth Street Angels <a href="https://tamworthsa.co.uk">Home   Tamworthstreetangels (tamworthsa.co.uk)</a>	Need to ensure a <b>varied night-time economy</b> attracting a <b>wide range of users</b> into the town.
Support Staffordshire <a href="#">Home - Support Staffordshire</a>	Looking to find ways to support 3 <sup>rd</sup> sector in accessing <b>core funding</b> , not just project delivery.  <b>Sustainability</b> of groups without TBC support and funding is limited.
Staffordshire County Council <a href="#">Strategic Plan 2022 to 2026 - Staffordshire County Council</a>	All of the priorities align with <a href="#">SCC's Plan</a>  Key words missing for them are <b>children, resilience</b> and <b>independence</b> as well as <b>use of digital technology</b> .  Also like to see aspiration to improve the quality of jobs on offer in the borough.
SCC Business and Enterprise	Suggests: <i>Prosperity: Support and promote sustainable economic growth of our economy ensuring we have the right jobs in the right location for our communities</i>  Suggests: <i>Wellbeing: To meet their needs, residents have the right training and skills to enable them to secure well paid jobs and have access to good quality housing, including for the most vulnerable, to provide the foundation for long and healthy lives.</i>
SCC Children & Families Early Help Strategy <a href="#">Staffordshire- Early-Help-Strategy.pdf (staffsscb.org.uk)</a>	I would absolutely love it if we could get this plan to recognise children. FIB (Family Improvement Board) outcomes are: -Keeping children safe and ensuring that they feel like they belong as part of their community. -Keeping them healthy and happy and -Ensuring that they have every opportunity to thrive and achieve their best through a good education and their contribution back to the community.

	<p>For example: it would be great if Marmion House could become the first office to meet the defined criteria to be part of the Family Hub Network so that families know that they can access integrated access to services and support.</p> <p>If we mention children specifically in our plan, we would be the first district to so.</p>
<p>Sacred Heart and Heart of Tamworth (HoT)  <a href="#">Sacred Heart Community Centre - Heart of Tamworth</a></p>	<p>Lots of engagement already with the residents and provision of services to support. <b>Sustainability</b> of the charity is key and activities need to be self-funding wherever possible. Post covid recovery and cost of living crisis are key, as is support for homelessness and complex needs. Engagement from TBC is great.</p>
<p>South Staffordshire College  <a href="#">Vision-2030-Our-Dynamic-Plan-and-Accountability-Statement-2024-2025.pdf</a>  <a href="#">(southstaffs.ac.uk)</a></p>	<p>Need to ensure <b>skills</b> and <b>education</b> are included. 22% of residents have no formal qualifications (19% Staffs average). Town Centre regen will have a big impact, how do we harness and support reshaping of the town and encourage <b>investment in the workforce</b>, present and future.</p>
<p>Tamworth Police  <a href="#">Police-and-Crime-Plan-2021-24.pdf</a> (staffordshire-pfcc.gov.uk)</p>	<p>Want to see better reflection of <b>community resilience</b> and also co-ordination of <b>events and keeping people safe in the town centre</b>. <b>Anti-social behaviour</b> is a key priority area, as is prevention of <b>serious crime</b> through awareness of <b>cyber security and training on use of bleed kits</b>.</p>
<p>Liberty Jamboree <a href="#">Staffordshire Connects</a>   <a href="#">Liberty Jamboree - Day Opportunities - 'Liberty on Board'</a></p>	<p>LJ is a voice for young people and young adults with SEND and mental ill health, discussing and influencing issues that affect them and to develop and carry out social action projects.</p> <p>A PECS session was held with 14 young adults who access the service in Tamworth. Their feedback was very positive for the development of <b>independent life skills, resilience and homes that meet the needs of residents</b>. They commented on <b>accessibility of the Town centre</b> and need for a <b>face to face access point in the town</b>.</p>
<p>Citizens Advice Mid Mercia</p>	<p>Expecting to see more reflection on <b>post covid recovery, cost of living crisis and impact on local residents</b>, involvement of voluntary sector to support this. not sure what some of the acronyms/ abbreviations. More voluntary sector investment, More joined up work with statutory services and the VCSE's in Tamworth, More</p>

	<p>specific work to support those with <b>Neurodevelopmental disorders, mental health services and support to unpaid carers</b>. Long term sustainable investment in the VCSE's in Tamworth - short term funding does not allow for services to grow and be embedded in the community.</p> <p>More evaluation into how VCSE's have supported statutory sector to reflect the outcomes achieved.</p> <p>Comparisons of costs saved within the statutory sector due to the VCSE support. Ongoing investment in the services mentioned above.</p>
<p>Birmingham Chamber of Commerce <a href="#">About us   Greater Birmingham Chamber of Commerce   Greater Birmingham Chambers of Commerce</a></p>	<p>Excited to be involved, especially good relationship with Tom and Klaudia. Struck by, 1) local nature recovery strategy 2023 not actioned so far – where is it must have one by March 2025, 2) Branding scheme – not undertaken and valid reasons behind it – but needs communicating out and engaging with business to be accessible. 3) ICT Strategy implementation plan nothing came forward – need aspiration for borough on AI and digitalisation.</p> <p>The five terms are clear and cover the areas of impact and all equally important to the Chamber. In next 3 years, keeping comms open and clear progress on plans, not just at the end of the plan period. Need better PR on what is being achieved that is accessible to promote engagement. AI and Digital need to progress and have commissioned report and how it can support development and mitigate the risk Business Commission WM website link. Net Zero also key deliverable and opportunities for sites for energy funding and grant opportunities for SMEs. Place based marketing strategies and importance of history in Tamworth helps and is quite well developed. Also looking at Global trade activity opportunities, mentoring and support for start-up, innovation and taking opportunities. We do an economic snapshot – plan to do one for Lichfield and Tamworth soon if funding is available (mentioned as part of Local Plan discussion). Use of UKSPF funding to support.</p> <p>Relationship with Chamber is very strong already and want to develop further. One big thing is to help and support business by better co-ordination of public funded support and urgency of co-operation to achieve the ambition for the economy.</p>

**Questions used to frame stakeholder engagement:**

1. Thinking of the old Corporate Plan – are there any deliverables you expected to see which were not delivered?
2. Of the new emerging plan – Do the 5 areas cover all the aspects of the Council’s work you expect to see prioritised?
3. Are all the terms clear and accurate?
4. Which priority area is key to your organisations work?
5. Rank them?
6. Which 3 things do you want to see achieved at the end of 3 years?
7. Which 3 things do you want to see achieved at the end of 5 years?
8. Are there any projects you do not think the Council should focus on delivering?
9. If so, why?
10. Who else could/should we be working with to achieve those?
11. Are there any key priorities or projects not reflected in the plan?
12. Why are they critical to you/ your organisation?
13. How should the Council deliver them?
14. What is the one big thing the Council could do in the next 5 years that would make to most difference to you and the residents/people you support?
15. Who else should we talk to and a stakeholder in the current plan?
