Foreword by Cllr Carol Dean, Leader of Tamworth Borough Council and Stephen Gabriel, Chief Executive and Returning Officer

We are proud to present our corporate plan for 2025 to 2030 - the strategy which sets out the strategic goals and key priorities to achieve our vision *Building a Better Tamworth*. With a new Chief Executive and recently formed Cabinet and cohort of councillors elected in May 2024, this is our first opportunity to share our long term aims and ambitions for the borough. Over the next 5 years we face some significant challenges but also some great opportunities to make Tamworth better. In that time, we aim to create and maintain a community that embraces change, welcomes diversity, and seek ways to bring communities together.

We have engaged as broadly as possible to develop our Corporate Plan, holding surveys and drop-in sessions to help us to identify and prioritise the outcomes, seeking feedback from specific groups and communities. In setting our budget to deliver this plan we also undertake an annual resident survey to ensure we involve you in determining where to invest our resources to achieve our priorities. The most recent one, carried out in October 2024, helped to set the budget for the coming year and our Medium-Term Financial Strategy, which helps us plan our finances over the life of the plan.

Residents have consistently told us that they want neighbourhoods to be cleaner and safer, for us to operate efficiently and actively respond to their needs. Greater prosperity for our communities and local businesses is a universal aspiration. Alongside our statutory obligations to collect council tax, manage development and administer key government regulations, other local priorities, like protecting the environment, community cohesion, developing skills and affordable housing are important to improving life in Tamworth. Whilst we may not be in control of many of these outcomes, our role in providing clear leadership and support to all those working in our borough is key to ensuring they are delivered for our residents and communities.

Due to reductions in central government funding and increasing inflationary pressures, difficult decisions must be taken around what services beyond our statutory minimum we continue to fund with the limited money we have available. While these decisions will be hard, we are committed to engaging with residents and partners on how we can mitigate their impact. We want to ensure long-term financial sustainability for the council, address the inequalities and disparities that exist across neighbourhoods and continue to create the opportunities for our communities and residents to thrive. This will mean working differently to how we have in the past.

This plan will drive the council to address the priorities identified within it as well as work closely with partner organisations who may be better placed to achieve them. We have worked hard to ensure this plan reflects the priorities of our community, so together we can build a better Tamworth.

Introduction

Set in the beautiful county of Staffordshire, Tamworth is a vibrant town with a rich heritage. Located in the centre of Britain, with a growing population of over 81,000 people, Tamworth is a borough with much to be proud of. Our transport links, developing town centre, leisure facilities, including our cultural and heritage offer, all help make it a great place to live, work, study, and visit.

In addition to all that Tamworth already has to offer, exciting times are ahead as we embark on a period of significant transformation. Multi-million-pound projects, such as the Future High Street Fund development will help to bring about lasting change and improvements in the future. This will assist with our mission to restore Tamworth town centre as the beating heart of the community, a place that people want to visit.

As a council we continue to face significant challenges to remain financially stable and resilient for the future. Demand for our services to support the most vulnerable continues to rise and cost pressures are increasing weekly, with UK inflation remaining at high levels. Like many councils across the country, we will be required to be brave and make difficult financial decisions, transform the services we must provide and lead the council through these challenging times. Councillors and officers will work closely together to find a better, more cost-effective way forward. We will also continue to listen to residents and businesses, as we work to do things differently as a more co-operative council and work alongside our stakeholders, including central Government, the local MP, neighbouring councils and local partnerships to address local need.

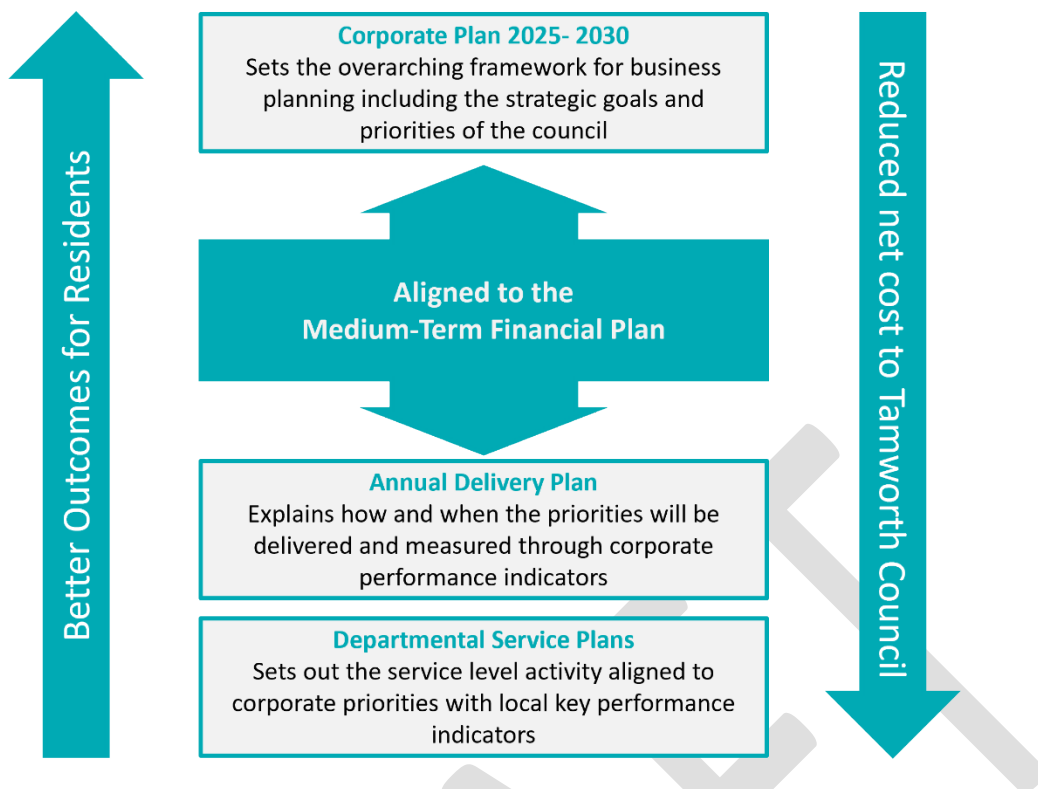

Tamworth has much going for it, but some areas of our borough face serious inequality and deprivation. Together, we need to give people in these areas skills and confidence and ensure we create good quality local jobs and opportunities. We will work with our partners to deliver a vision for the borough focused on aspiration, community cohesion and creating an environment for success.

We will also engage our partners to ensure the wellbeing for our residents and communities. In addition, we will maintain a clean and safe environment for our residents and visitors and play our part in ensuring the town remains an attractive area to live, visit and invest in.

Purpose of the corporate plan

Every well-run council needs a plan to enable staff, residents and partners to understand what the organisation is trying to achieve and how it plans to do that. It helps everyone prioritise and pull together around common priorities, so we deliver what we have promised.

This plan sets out our most important priorities and the aspirations for change that have been identified based on your feedback. These will be delivered alongside our day-to-day activities, ongoing projects and with support from our key partners.

Whilst set out as a 5-year plan, it will be reviewed every year and supported by an annual delivery plan. This will explain how and when the priorities will be delivered and measured through key performance indicators. Robust monitoring arrangements will be put in place including senior officers and members which will help us to be open and honest about our progress and how well we are performing.

It will also track our transformation to drive improvement in our services, digital opportunities and how we connect and engage with our residents, communities and partners to make Tamworth better.

How we will work

To build a better Tamworth, we all need to work together and do our part. By working as a team, we can make a real difference. As a Council, we aim to be more cooperative, collaborating with our residents and key partners, ensuring financial stability, and focusing on how to best serve our communities while working with others in the Better Together Partnership.

Our new equality, diversity, and inclusion strategy, launched in December 2024, ensures that council services meet the needs of individuals, with a strong focus on community unity and social inclusion. We want to create a welcoming environment where everyone feels respected and valued and put residents at the heart of all we do. This strategy ensures our services comply with equality laws and addresses important issues like intersectionality, fairness, and gender-based discrimination.

We have also updated our council's values and behaviours to help achieve our vision.

Shared Services – Collaborating with Other Local Councils

We work closely with nearby councils, including sharing an internal Audit Service with Lichfield District Council. Lichfield also hosts our shared Health and Safety team, Building Control Service, and Joint Waste Service, which covers both areas for waste and recycling collections.

Additionally, we work with South Staffordshire District Council, which provides the South Staffordshire Legal Service for Tamworth and Lichfield, giving us access to specialized lawyers we couldn't afford on our own. We also receive support from Nuneaton & Bedworth Council on conservation issues.

At a regional level, we are in discussions with other Staffordshire councils to explore government plans for local government devolution. Working together on shared services could help address longer -term budget challenges and staff retention issues faced by many councils.

Acknowledgements

We want to thank everyone who helps make this work possible, including our councillors, employees, partners, and stakeholders. We look forward to working together to build a better Tamworth.
